ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 9, 1955 after due notice by publication in the Bulletin; laid over to April 24, 1956, at the request of applicant to file revised plans; hearing previously closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Karitan avenue are in residence and business use, D and E area, class 1 height districts; Hylan boulevard is in a business use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated March 25, 1955 acting on N.B. Applic. 424-53, reads:

"1. Proposed use of premises as a gas service station, lubritorium, car washing, selling of accessories and minor motor vehicle repairs (hand tools) on a plot located partially in a residence and partly in a business district is contrary to Sec. 3, 4(a), 7(c), 7(i) of the B.Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 107.67 ft. in depth, presently vacant; that it is proposed to erect an accessory building, 45 ft. front by 28 ft. in depth, one story, 14 ft. 4 in. in height, of class 3 construction, to be used for lubrication, auto washing, motor vehicle repairs, storage and sale of accessories and office in conjunction with proposed gasoline service station; that present business use, 1 height, D area was changed from undetermined use, 1 height, D area January 15, 1937; present residence use, 1 height, E area was changed from business to residence on January 21, 1942; proposed change before the City Planning commission, C. P. 11919, to change the existing business use district, which extends 100 ft. from Hylan boulevard to 150 ft. of retail, was changed on October 20, 1955; and

WHEREAS, the applicant contends that the proposed building for a gas station, lubritorium, car wash, sale of accessories and minor motor vehicle repairs, with hand tools, will be both an asset and an improvement to this location; that while the general area is in a business use district, Hylan boulevard is one of the major thoroughfares of Staten island and carries on it a great volume of automobile traffic; that the general area has a number of existing uses that involve automotive service; that west of the site in question are both old and new houses and these require additional facilities for the service of motor vehicles; that the proposed building is intended to provide the necessary functions and yet by means of a granite stone exterior, to provide a transitional character between the commercial aspect of Hylan boulevard and the residential aspect of the areas west of the station; that it is proposed that the building will be erected by Anthony Pietracatella and leased by the Sun Oil company which company has developed a reputation as a careful and conscientious operator of service stations and have several well conducted stations on Staten island; that a variance is requested for a term of not less than 15 years; that the total cost of the proposed building and property will represent an expenditure of approximately \$45,000; that the amortization and depreciation of this amount over a period of less than 15 years would present a difficult financial burden and with a 15 year term, the owner could make an equitable arrangement with a lending institution; and

WHEREAS, the applicant states that the present owner has held title to the property since February 6, 1953 and that the assessed valuation of land is \$2,600; and

MINUTES

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Sections 7c and 7f for a term of fifteen years to permit the premises to be occupied as a gasoline service station and accessory uses substantially as proposed and as indicated on revised plans marked "Received March 8, 1956" (3 sheets) and "April 20, 1956" (2 sheets) *on condition* that all buildings and uses on the premises shall be removed and the premises shall be levelled substantially to the grade of the abutting streets and shall be constructed and arranged as indicated on such revised plans; that the accessory building shall be located where shown on such revised plans marked "Received April 20, 1956" and shall be designed and arranged as indicated; that the accessory building shall have three of the exterior walls of stone as proposed with the rear wall of a gray brick to agree with the stone; that the roof shall be covered with asphalt shingles; that there shall be no cellar under the building; that in all other respects the premises shall comply with all laws, rules and regulations applicable thereto; that the pumps shall be of a low approved type erected not nearer than 20 ft. to the street building line of Hylan boulevard, located where shown; that the number of gasoline storage tanks shall not exceed ten 550 gallon approved tanks; that along the rear, 10 ft. east of the property line, and from the accessory building to the street building line of Raritan Avenue there shall be erected a stone masonry wall, where shown, not less than 5 ft. in height; that a similar wall shall be erected from the accessory building southerly to a side lot line, along the side lot line there shall be to the building line of Hylan Boulevard a chain link fence not less than 5 ft. 6 in. in height, including a masonry base and substantial terminating post; that in the space at the rear between such walls and the westerly property line there shall be maintained suitable landscaping for the full width of 10 ft. and the full width of the lot with a curbing on the lot line not less than one foot in height; that the balance of the premises where not occupied by accessory building and pumps shall be paved with concrete or asphaltic pavement; that curb cuts shall be limited to two to Hyland Boulevard each 30 ft. in width and one to Raritan Avenue not over 25 ft. in width hereby granted under Section 7A, and not nearer than 5 ft. to the street building line as prolonged; that the sidewalks and curbing abutting the premises shall be constructed or repaired to the satisfaction of the Borough President; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7i for a similar term there may be minor repairing with hand tools only for adjustments maintained solely within the accessory building; that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

406-55-BZ

APPLICANT—Gabriel Nathan, for Edwin and Edna Hernly, owners.

SUBJECT—Application May 13, 1955—re (decision of the Commissioner Marine and Aviation) under sections 7e and 7h of the zoning resolution, to permit in a residence use district the construction of a timber bulkhead wall along the property, and the use of the property for boat landing and parking of patrons cars.

PREMISES AFFECTED—225-229 Beach 3rd street, west side, 240 ft. north of Seagirt avenue and 224-230 Beach 4th street, Block 103, Lot 14, Far Rockaway, Borough of Queens.

APPEARANCES—

For Applicant: Gabriel Nathan.

For Opposition: Maurice A. Pompan.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioner Keating and Deputy Chief Connolly 3

Not voting: Commissioner Kleinert..... 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 24, 1956 after due notice by publication in the Bulletin; laid over to February 21, 1956, for inspection and decision; hearing closed; applicant to file plan showing pierhead and bulkhead lines and small scale plan showing distance to boats and where they are moored; then to March 20, 1956, for inspection and decision; then to April 24, 1956, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Beach 3rd street and Beach 4th street are in a residence use, E area, class 1 height district; and

WHEREAS, the decision of the department of marine and aviation dated April 18, 1955 acting on request for permit No. 550653, reads:

"On April 5, 1955 you applied for a permit to construct a timber bulkhead wall along your property and use the property at Beach 3rd Street, north of Seagirt Avenue, Bridge Creek, Far Rockaway, Queens, for boat landing and parking of patrons cars.

You are advised that the area is zoned as a residence use district and to permit the requested use will be contrary to the Zoning Resolution.

Your application for permit is therefore denied."

and

WHEREAS, the applicant states that the premises consist of a plot, 70 ft. frontage by 180 ft. in depth, fronting on a creek and improved with a one story frame shed, 12 ft. by 19.5 ft., used for storage and locker; that it is proposed to use the property for the docking and storing of small boats and the parking of patrons' cars; and

WHEREAS, the applicant contends that the owners had this property under lease from the City of New York from 1948 until June 8, 1953 at which time they purchased the fee; that it was leased for the purpose of docking and storing small boats and parking patrons' cars; that this use was continued during the term of the lease and the frame shed was constructed and used without a permit; that the creek on which this property faces connects New York City to the East Rockaway inlet, where large ocean going fishing boats are anchored; that the owners of these large boats must have a mooring dock for the small boats they use as transportation to the large craft; that the subject property, ideally located for this use, is the only site within the city available to New York city residents in the Rockaway area for mooring small boats for this purpose; that there is a property nearby on the same creek, in block 102 and within Nassau county, which is used for the same purpose; that the parking of automobiles will be for boat patrons only and no charge will be made; that as of July 25, 1916 the property was zoned as a D area district and the present E designation became effective on January 11, 1954; and

WHEREAS, the applicant states that the present owner has held title to the property since June 8, 1953 and that the assessed valuation of land is \$5,400; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and study has been given to the residential conditions; the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions e and h of the zoning resolution; and

Resolved, that exercising the Board's powers of original jurisdiction, that the application be and it hereby is *denied*.

418-55-BZ

APPLICANT—Lama, Proskauer and Prober, for Vincenzo Delia, owner.

SUBJECT—Application May 23, 1955—(decision of the borough superintendent) under sections 7c, 7A and 7i of

MINUTES

the zoning resolution, to permit in a business use district, the proposed reconstruction and rearrangement of an existing gasoline service station, lubritorium, minor auto repairs, car washing, with proposed business entrance, sign and show window closer to the residence use district than is permitted.

PREMISES AFFECTED—1318-1324 Avenue X and 2402-2412 East 14th street, southwest corner, Block 7415, Lot 6, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dept. of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 20, 1956 after due notice by publication in the Bulletin; laid over to April 24, 1956, for inspection and decision; hearing closed; applicant to file more detailed plan; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Avenue X are in a business use, D area, class 1 height district; East 14th street is in business and residence use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated April 25, 1955 on N.B. Applic. 857-55, reads:

"1. The proposed reconstruction and rearrangement of an existing gasoline filling station to include gasoline service station, lubritorium, minor auto repairs, car washing, in a business use district is contrary to Art. II, PP. 4(a), Sub.Secs. 29, 46 of the Zoning Resolution.

"2. Proposed business entrance and exit, show windows and signs facing on East 14th St. are contrary to Article II, PP. 7-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 100 ft. in depth, on which is located a gasoline service station, stores and dwellings; that it is proposed to permit the demolished gasoline service station to be reconstructed; that the proposed accessory building will be one story in height of class 3 construction, having a frontage of 44 ft. and a depth of 36 ft., the building to contain the conjunctive uses of lubritorium, minor auto repairs, car wash, office and sales; and

WHEREAS, the applicant states that the premises are at present partially developed with four 1-story in height buildings of class 3 construction, each having a frontage of 20 ft. and a depth of 50 ft., with a legal use of dwelling and store; that the open space at the corner was previously occupied as a gasoline service station; that the gas station building was demolished in 1945; that the four 550 gallon gas tanks are still in place; that in 1925 under N.B. Applic. 2809 of 1925 application was made to erect the 4 present stores and dwellings and a gas station on a plot having a frontage of 100 ft. on Avenue X, 100 ft. on East 14th street, 100 ft. on the southerly lot line and 100 ft. on the westerly lot line; that certificate of occupancy No. 33702 was issued on June 12, 1925 for use as a gasoline service station; and

WHEREAS, the applicant contends that the site occurs in a business zone and the 4 stores are not being used for store purposes, so that the erection of additional stores on the site would not be warranted; that the premises adjoining on lots 12 and 4 cannot be affected as the present stores on the site act as a buffer; that inasmuch as this was a former gas station and the curb cuts still exist on East 14th street and as there are present store fronts closer to the residence zone on said streets, the mere maintenance of the cuts and the proposed show window of the office 18 ft. back of East 14th street building line cannot adversely affect East 14th street; and

WHEREAS, the applicant states that the present owner has held title to the property since September 14, 1945; that the assessed valuation of land is \$8,000 and of the building

\$9,000 making a total of \$17,000; that the building was erected in 1925; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the Committee has taken note of the fact that there is evidence, as stated by the applicant, of a previous gasoline service station on the premises and some of the equipment, namely bases for the pumps exist; the Committee recommended that the application should be granted to permit the gasoline station to be reconstructed, and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulation of the zoning resolution and that the application be and it hereby is *granted* under Section 7c to permit the reconstruction of the former gasoline service station and accessory uses substantially as proposed and as indicated on plans filed with this application marked "Received May 23, 1955" (3 sheets), "March 16, 1956" (one sheet) and "March 29, 1956 (one sheet) on condition that all buildings and uses on the premises shall be removed; that the premises shall be reconstructed substantially as indicated on the plans above cited; that the accessory building shall be located and shall be of the design as indicated; that there shall be no windows in the rear and side walls of the proposed building; that from the building there shall be constructed a brick wall not less than 4 ft. in height from the building to the building line of East 14th street and from the building to the building line of Avenue X; that pumps shall be of a low approved type and located where shown; that the number of gasoline storage tanks shall not exceed six 550 gallon approved tanks, including the existing four tanks which shall be tested by the Fire Department to determine whether they are suitable for reuse; that curb cuts shall be restricted to two curb cuts, as shown, to Avenue X and two curb cuts to East 14th street, with no portion of any curb cut nearer than five feet to a lot line as prolonged; that at the intersection there shall be a block of concrete extending for a distance of not less than 5 ft. from the intersection along both building lines and not less than 12 ins. in height; that where not occupied by accessory building and pumps the premises shall be paved with concrete or asphaltic pavement; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that signs shall be restricted to permanent signs attached to the facade of the accessory building and the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting the erection within the building line at the intersection of one post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale, and permitting such sign to extend, as shown, for a distance of not more than four feet beyond the building line; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7A the entrance and signs and show windows as hereinabove stated may be permitted; that under Section 7i there may be repairing with hand tools only maintained within the accessory building only for adjustments; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

448-55-BZ

APPLICANT—Patrick D. Concagh, for Beretta Realty Corp., owner.

SUBJECT—Application June 7, 1955—re (decision of the borough superintendent) under sections 7e and 21 of the zoning resolution, to permit in a residence use, F area district the proposed structure to be occupied as stores, with setback less than 15 ft. from the street line, with coverage in excess of that permitted.

PREMISES AFFECTED—5600-5610B Riverdale avenue, northeast corner of West 256th street, Block 3423, Lots 91 and 95, Borough of The Bronx.

MINUTES

APPEARANCES—

For Applicant: P. D. Concagh.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings and John J. Saunders, Board of Education.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly.. 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 15, 1956 after due notice by publication in the Bulletin; laid over to March 20, 1956, for inspection and decision; hearing closed; then to April 24, 1956, at request of the applicant, who stated the owner is considering offers to purchase the property; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, 256th street and Riverdale avenue are in a residence use, F area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated May 20, 1955 acting on N.B. Applic. 931-55, reads:

"1. In a Residence use district the proposed structure to be occupied as stores is contrary to Art. II Sect. 3 of the Zon. Res.

2. In an F district no portion of any building may be erected nearer than 15' to the street line as per Sect. 16 of the Zon. Res.

3. The ground coverage must not exceed limits specified in Sect. 16 of the Zon. Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 134.88 ft. frontage by 100 ft. in depth, presently vacant; that it is proposed to erect a one story brick building containing 11 retail stores; that the building will cover the entire frontage on Riverdale avenue and extend to a depth of 54 ft. 8 in.; that a rear yard, 45 ft. 4 in. in depth, will be provided extending across the full length of the plot at the rear; that the coverage will therefore be roughly 54% of the area of the lot; that it would be impractical to provide stores of lesser depth and at the same time accommodate the general public, provide toilet facilities and a trap door to the cellars; that the subject site, as well as the surrounding area, is in a residence use district and this designation goes back without change to 1916; that the premises were originally in an E area and a 1¼ times height district and on January 14, 1954 both of these designations were changed to a class 1 height and an F area; and

WHEREAS, the applicant states that in the immediate vicinity of the site, there are several large residential developments, recently constructed, with some one family residences scattered through a wooded area; that across the street from the site there are Riverdale terrace and Netherland gardens and to the south of these and diagonally across from the site is Riverdale gardens; that these three projects have a combined population of approximately 700 families; that across the street from the site, on the southeast corner, is public school No. 81; that there is a reasonable probability that this area will develop, in the immediate future, into large apartment house projects; that this property, owing to the size of the plot and its location within an F area district cannot be improved for any practical conforming use; that the presence of small retail stores, built along lines of modern design and construction, will give an attractive appearance to the general neighborhood and at the same time these stores will serve the needs of the community, particularly families living in nearby apartment buildings who now have to travel a long distance to reach the nearest shopping center which is located at Riverdale avenue and 259th street; that these stores will also serve the needs of school children and the teaching staff of the public school across the way from the site; and

WHEREAS, the applicant contends that Riverdale avenue, although located in a residence use district, is a main auto-

mobile route, a continuation northward of the Henry Hudson parkway which turns eastward at 253rd and 254th streets; that a bus line travels along its route; that the area surrounding the site is ideal for the future development of the large modern high class apartment house type of residence and the presence of these stores of modern design on Riverdale avenue will enhance rather than diminish real estate values in the neighborhood; that they will serve a public need in a residential neighborhood and will thus harmonize with the general purpose and intent of the zoning regulations; and

WHEREAS, the applicant states that the present owner has held title to the property since April 4, 1952 and that the assessed valuation of land is \$15,800; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board which noted that adequate store facilities were available at a short distance away and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the zoning resolution; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the borough superintendent, acting on N.B. App. 931/55, Objections No. 1, 2 and 3 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

499-55-BZ

APPLICANT—Robert Gottlieb, for Jacob and Gussie Furman, owners.

SUBJECT—Application June 17, 1955—(decision of the borough superintendent) under sections 19A and 21 of the zoning resolution, to permit in a business and residence use district, the proposed conversion of the existing building from garage to factory use, without the required loading berth, using more than the area permitted.

PREMISES AFFECTED—2927 White Plains road, west side, 125 ft. north of Arnow avenue, Block 4542, Lot 20, Borough of The Bronx.

APPEARANCES—

For Applicant: Gerald Levy.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 13, 1956 after due notice by publication in the Bulletin; laid over to April 24, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Arnow avenue are in business and residence use, C area, class 1¼ height districts; White Plains road is in a business use, C area, class 1¼ height district; and

WHEREAS, the decision of the borough superintendent, dated January 24, 1956 acting on Alt. Applic. 470-55, reads:

"1. The proposed conversion of the existing bldg. to factory use must comply with Section 19-A(h) (1) & (2) of the Zoning Resolution.

Additional objections as requested by the Bd. of S & A as follows:

2. The proposed factory use of an existing bldg. in a business district on a lot which extends partly into a residence district is contrary to Sect. 3 of Art. II, Zoning Resolution.

3. Existing bldg. occupies 100% of the area of the

MINUTES

business portion of a lot extending into a residence use district. Same is contrary to Art. IV Sec. 13(b), Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 146 ft. frontage by 108 ft. and 91 ft. in depth, on which is presently located a 2-story public garage of class 1 construction, 146 ft. front, 100 ft. and 91 ft. in depth, 24 ft. in height; that as there is no call for inside parking and storage in this section any more, the owner intends to give up the garage use and lease the premises for manufacturing, of the type permitted in a business zone, using 50% of each floor for factory space and balance for stock and finished materials, office space, etc.; that 2 labor law staircases will be installed, both leading to roof; that the present garage doors, which will be used for required loading, are 10 ft. wide and 10 ft. high; that the clear height of the 1st floor is only 10 ft. 6 in. maximum, due to the deep girders carrying second floor; that this application is based on section 19A(j) to accept the two present 10 ft. by 10 ft. doors as access to loading spaces; and

WHEREAS, the applicant states that the premises consist of a two story fireproof building, class 1, 147 ft. 5 in. front and 100 ft. in depth (approximately), erected in 1928 as a public garage, for which certificate of occupancy No. 2005 was issued in 1928; that the location was then unrestricted and remained so until July 20, 1942 when it was changed to business; that the small, unbuilt upon portion is in a residence district; and

WHEREAS, the applicant contends that the type of manufacturing, being in a business district, will be of the type known as "light manufacturing", probably sewing of dresses or coats; that this type does not necessitate the use of big trailer trucks and the present doorways would be sufficient in size; that to provide any additional height would require a very costly structural change to the second floor; and

WHEREAS, the applicant states that the present owner has held title to the property since February 16, 1946; that the assessed valuation of land is \$28,000 and of the building \$43,000 making a total of \$71,000; that the building was erected in 1927; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 19A, Subdivisions h and j and 7c of the Zoning Resolution as to required loading berth, and to warrant exercise of discretion to grant as to use.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use and area district regulation of the zoning resolution and that the application be and it hereby is granted under Sections 19J and 7c to permit the change of use from garage to factory, as proposed and as indicated on plans filed with this application marked "Received June 17, 1955", 6 sheets, and "February 21, 1956", 1 sheet, on condition that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; and as to Section 19A, subdivision h, 1 and 2, that all loading and unloading shall take place within the building; that trucks shall enter and leave through one or more of the existing driveway openings; that the use of such doors for loading and unloading is hereby permitted under Section 19A, subdivision j; that such fire-fighting equipment shall be maintained as the fire commissioner shall direct; and that all permits, including a new certificate of occupancy shall be obtained and all work completed within six (6) months from the date of this resolution.

and Deputy Chief Connolly 3

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 15, 1956 after due notice by publication in the Bulletin; laid over to March 13, 1956, for inspection and decision; hearing closed; then to April 24, 1956, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 145th street are in business and residence use, D and E area, class 1/2 and class 1 height districts; Rockaway boulevard is in a business use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated June 22, 1955 acting on N.B. Applic. 26-1-55, reads:

"1. Proposed use for gasoline service station, auto washing, lubrication, office and accessory sales and minor repairs with hand tools only on the business portion of a lot partly in a business use district and partly in a residence use district is contrary to Art. II Sec. 4a(29) (46) of the Zoning Resolution.

2. Proposed show window less than 75'-0" from an abutting residence use district is contrary to Art. II Sec. 7A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 111.20 ft. frontage by 133.48 ft. in depth, irregular, which is presently vacant, except for two billboards which will be removed; that it is proposed to develop the site with a parkway type gasoline service station; that the proposed building will have face brick facades and a gabled roof; that the pumps will be installed only along Rockaway boulevard frontage; that only one curb cut is proposed on 145th street and this cut will be located near the corner of Rockaway boulevard and will comply with section 7-A of the zoning resolution; that the site is entirely within a business use district with the exception of a small triangle at the rear of the plot, less than 500 sq. ft. in area; that this residential use portion of the property will be devoted entirely to planting and shrubbery and will not be occupied for gas station purposes; that an ornamental iron fence on a brick base will be provided along the rear lot line and along a portion of the 145th street building line; that a woven wire fence on a concrete base is proposed along the west lot line which adjoins the blank side wall of an adjoining two story upholstery shop and dwelling; that a 15 ft. deep strip of planted area will be provided for the entire width of the plot along the rear lot line to act as a buffer between the site and the residential area to the north; and

WHEREAS, the applicant further states that there are a number of non-conforming uses within the affected area including a gas station in block 12048, lot 77 and another gas station on the same block with the site (block 12047, lots 39 and 40); that between this existing gas station and the site there are two buildings with a combined frontage of 44 ft., occupied on the 1st floor as an upholstery shop; that there are also a number of plots containing large advertising billboards within the affected area; that the variance herein requested under section 7-A applies only to a show window in the proposed building facing 145th street; that this show

MINUTES

window will be set back approximately 27 ft. from the street and there will be a fence and landscaped area along the building line opposite this show window; that the repairing herein requested under section 7i will consist of minor repairs using hand tools only and will be confined to the interior of the accessory building; that at present there is no sidewalk or curb along 145th street adjacent to the site and if this application is granted sidewalks and curbs will be provided which will improve pedestrian conditions on 145th street; and

WHEREAS, the applicant contends that in view of the existing non-conforming use previously mentioned and the nature of the present development of Rockaway boulevard, it is felt that the granting of this application will not adversely affect surrounding property; that the owner has held title to this property for many years, during which time he has made constant efforts to sell the property for a conforming use, without success; and

WHEREAS, the applicant states that as of July 25, 1916 the entire property was zoned as a one times height district and a D area district; that on June 30, 1947 the portion of the property more than 100 ft. from Rockaway boulevard was changed from 1/2 height district and an E area district; that the use designation has remained unchanged since July 25, 1916; and

WHEREAS, the applicant states that the present owner has held title to lot 32 since July 21, 1948 and to lot 34 since July 13, 1948; that the assessed valuation of land is \$13,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions e, f, i and A of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N. B. 2641/55, Objections No. 1 and 2 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

624-55-BZ

APPLICANT—Herman Kron, for Oscar and Ethel Gordon, owners.

SUBJECT—Application July 26, 1955—re (decision of the borough superintendent) under sections 7f, 7i and 7A of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline station, lubritorium, office, auto laundry, minor repairs, parking of cars waiting to be serviced, with ground signs, curb cuts and show windows closer to the residence use district than is permitted.

PREMISES AFFECTED—202-15 Northern boulevard and 43-22 to 43-30 203rd street, northwest corner, Block 6263, Lot 17, Bayside, Borough of Queens.

APPEARANCES—

For Applicant: Herman Kron and Paul Gordon.

For Opposition: Rae Sunshine.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly.. 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 13, 1956 after due notice by publication in the Bulletin; laid over to April 24, 1956, for inspection and decision; hearing closed; applicant to file revised plan showing pumps 15 ft. from building line, etc; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Northern boulevard are in a business use, D area, class 1 height district; 202nd street and 203rd street are in business and residence use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated January 18, 1956 acting on N.B. Applic. 3097-55, reads.

"1. Proposed gas station, lubritorium, laundry, motor vehicle repair shop and parking of cars waiting to be served in a Business Use District is contrary to Art. II Sec. 4 of the Zoning Resolution.

2. Proposed ground signs in a Business Use District is contrary to Art. II Sec. 4 of the Zoning Resolution.

3. Proposed business entrances and show windows within 75 ft. of an abutting Residence Use District is contrary to Art. II Sec. 7A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 114.42 ft. frontage by 94.01 ft. in depth, irregular, now vacant; that it is proposed to construct a gasoline service station consisting of a one story accessory store building with 3 bays to be used as a lubritorium and car washing, with a store and toilets, to be of modern design with alumilite canopy and show windows; that the accessory building will be faced with face brick on three sides and the rear wall will be of common brick; that there will be no cellar under accessory building; that it is also proposed to install ten 550 gallon gasoline tanks, one 550 gallon fuel tank and one 550 gallon waste oil tank; that there will be three pump islands, three 25 ft. curb cuts facing Northern boulevard and two 30 ft. cuts facing 203rd street; that permission is requested to have minor repairs with hand tools only, done within the accessory building, and also to permit parking of cars waiting to be serviced; and

WHEREAS, the applicant contends that the land is vacant and unproductive except for an overabundance of weeds, rubbish, etc.; that attempts to seek productive return for this highly assessed land in a non-conforming area (Northern boulevard, east side of Francis Lewis boulevard) have proven unsuccessful, prior ownerships having been unable to find any suitable use for subject property so that until present ownership in 1953, the City of New York was unable to realize payment to it of real estate taxes from as far back as November 1941; that the subject premises lies on a main highway route (25-A) which is one of the keys to the evergrowing borough of Queens; that the westerly side of Francis Lewis boulevard is being used for automobile showrooms and repair shops, used car dealers and other non-conforming uses; and

WHEREAS, the applicant states that the present owner has held title to the property since June 7, 1955 and that the assessed valuation of land is \$11,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board which noted the existing conditions and the adjacent gasoline stations toward the west, and recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions f, i and A of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 3097/55, Objections No. 1, 2 and 3, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

706-55-BZ

APPLICANT—Charles M. Spindler, for Michael Bove, owner.

SUBJECT—Application September 9, 1955—re (decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a business use district, the proposed use of gasoline service station, auto safety inspection station, minor repairs (hand tools only), lubrication, auto washing, storage, office and sales, and storage of more than 5 motor vehicles.

PREMISES AFFECTED—8825-8911 5th avenue, east side, 108 ft. 7 in. north of 90th street, Block 6067, Lots 7 and 10, Borough of Brooklyn.

APPEARANCES—

For Applicant: Joseph C. Haus.

For Opposition: None.

MINUTES

For Administration: Samuel L. Becker, Dep't of Buildings
and John J. Saunders, Board of Education

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0
Negative: Chairman Murdock, Commissioner Klein-
ert, Commissioner Keating and Deputy Chief Connolly 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 28, 1956 after due notice by publication in the Bulletin; laid over to April 10, 1956, for inspection and decision; hearing closed; then to April 24, 1956, at request of the applicant, because of new owner; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 5th avenue are in a business use, C area, class 1½ height district; 90th street is in business, residence and unrestricted use, C area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated August 25, 1955 acting on N.B. Applic. 2008-55, reads:

"1. Proposed building and premises, in a Business use zone, to be used for gasoline service station, auto safety inspection station, minor repairs with hand tools only, lubrication, washing, storage, office and sale of auto accessories and parking and storage of more than 5 motor vehicles is contrary to Art. II, P. 4(a), subsection 29 and 46 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 141 ft. 7½ in. frontage by 116 ft. 3 in. in depth; that it is now proposed to eliminate the used car lot to develop the site as a modern gasoline service station; that the existing masonry building will be used for lubrication, washing and minor repairs, and a small extension, 17 ft. by 27 ft., will be constructed to house toilets, storage room and office; that the present frame office and the fencing and ground signs along the building line will be removed; that the site will be paved and fences will be provided along all interior lot lines except where the unpierced masonry wall of an adjoining building occurs along the south lot line; that planting and shrubbery protected by a concrete curb will be provided along a portion of the side lot lines as shown on drawings; that heavy shrubbery and planting now exists on the adjoining lots along his rear lot line, screening off the site from the property to the rear; that the repairing herein proposed under section 7i will consist of minor repairs and adjustments required by the New York State auto safety inspection law, in conjunction with the safety inspection use proposed in this building; and

WHEREAS, the applicant states that the site consists of an interior plot made up of two tax lots (7 and 10) with a combined frontage of 141 ft. 7½ in. and a depth of 116 ft. 3 in.; that this plot is now occupied as a used car lot and parking lot pursuant to certificate of occupancy No. 130507, a copy of which is filed with this application; that in addition to a small frame office, there is also located on the site a one story masonry building constructed under N.B. Applic. No. 1538-51; that this building was approved for the storage and sale of auto accessories and is now also being used for lubrication and minor repairs; and

WHEREAS, the applicant contends that adjoining the site to the north on lot 15 is a frame dwelling occupied on the 1st floor by a cabinet maker's shop and on the same block with the site (block 6067, lot 1), there is a motor vehicle repair shop and garage fronting on 90th street; that opposite the site on the northwest corner of 89th street and 5th avenue (block 6065, lot 28) is a parking lot in conjunction with an adjoining store building; that just west of this parking lot in block 6065, lot 39 there is a large garage building; that also within the affected area on 89th street in block 6066, lots 19, 21, 22, 23, and 24 there is under construction a new building to be used as a garage, motor vehicle repair shop and beverage and ice storage and also within the affected area in block 6082, lot 27 there is a lumber yard; that just outside the affected area but within the area shown on the block diagram there are two large public garages and

repair shops and a wet wash laundry; that there are also a number of stores within the affected area which are used for factory purposes; that there are no gas stations on either side of 5th avenue for more than a mile to the north of the site; that the present proposal will not adversely affect surrounding property and that the proposed gas station will be an improvement over the present used car lot; and

WHEREAS, the applicant states that the present owner has held title to the property since June 3, 1954; that the assessed valuation of land is \$22,400 and of the building \$5,100 making a total of \$27,500; that the building was erected in 1951; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision f and i of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N.B. App. 2008/55, Objection No. One, be and it hereby is affirmed and that the application be and it hereby is denied.

737-55-BZ

APPLICANT—Lama, Proskauer and Prober, for Rose Weinstein and Abraham Saperstein, owners.

SUBJECT—Application September 20, 1955—(decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a unrestricted and business use district, the proposed change of use from storage of used tires to auto wrecking, buying, selling, processing, sorting and storage of scrap ferrous and non-ferrous metals, metal products, used auto parts, torch, truck scale, storage of motor vehicles in open area and one gasoline pump and tank (for accessory use).

PREMISES AFFECTED—289-309 Dewitt avenue, 814-834 Van Sinderen avenue, northwest corner and 709-747 Bank street, Block 3872, Lots 1, 46 and 47, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-
ert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 13, 1956 after due notice by publication in the Bulletin; laid over to April 24, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Bank street are in unrestricted and business use, B and D area, class 1 height districts; Dewitt avenue is in a business use, B area, class 1 height district; Van Sinderen avenue is in business, residence and unrestricted use, B and D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated February 1, 1956 acting on N.B. Applic. 2003-55, reads:

"1. Proposed change of use from storage of used tires to auto wrecking, buying, selling, processing, sorting and storage of scrap ferrous and non-ferrous metals, metal products, used auto parts, torch, truck scale, and storage of motor vehicles in open area, one gasoline pump and tank (for accessory use), on a lot located partly in a business use district and partly in an unrestricted use district is contrary to Art. II Sec. 4(a), Par. 20 & 50 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 180 ft. frontage by 320 ft. in depth, irregular, presently used for the storage of used tires; that it is proposed to erect a new building, one story in height, of class

MINUTES

3 construction, having a frontage of 50 ft. and a depth of 100 ft., to be used as an office and for the manufacturing, processing, buying, selling, sorting and storage of scrap ferrous and non-ferrous metals, used auto parts and metal products; that it is also proposed to use the open area of the site for a truck scale and also the sorting and storage of scrap ferrous and non-ferrous metals, used auto parts, a torch, auto wrecking and the storage of cars and trucks; and

WHEREAS, the applicant states that the use district maps indicate that the premises are in class 1 height district; that part of the site within 100 ft. of Dewitt avenue is in a business use district and class B area district and the balance of the site is in an unrestricted use district and class D area district; that as of July 25, 1916 the entire site was in an unrestricted use district, class 1 height and class A area district; that on April 26, 1951 the present use, area and height designations became effective; that the premises are presently being used for the storage of used tires installed under Alt. Applic. 353-47 and certificate of occupancy No. 125796; and

WHEREAS, the applicant contends that the building will be modern in design; that an 8 ft. high corrugated metal fence will be erected on all lot lines and on all building lines, except where the proposed building occurs, and openings in said building line fence will be protected with two 6 ft. by 8 ft. gates at each opening; that most of the site occurs in an unrestricted zone and all of the above uses are legally permitted in an unrestricted zone and it is only proposed to extend these uses to the entire site; that although part of the site is in a business zone, said part is faced directly to the east in block 3873 by a steel yard, directly to the south in block 3880 by a factory, directly to the west in block 3871 by an auto junk yard and directly to the north by the unrestricted zone; that in addition, Van Sinderen avenue is developed with an elevated railroad, rendering the site unsuitable for business use and therefore, with the above quoted conditions on all four sides of the site, it would be a hardship to develop the site with anything but a non-conforming use as proposed; and

WHEREAS, the applicant states that the present owners have held title to lots 1 and 46 since December 1, 1954 and to lot 47 since June 30, 1955 and that the assessed valuation of land is \$12,140; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which noted that a portion of the premises is in the unrestricted use district and the balance in the business district, on which it is proposed to erect a one-story office building and enclose the balance of the plot with an 8 ft. fence, and recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c, to permit the extension of the use as proposed from the unrestricted into the business use district and for the use proposed, substantially as shown on plans filed with this application, marked "Received September 20, 1955", 3 sheets, and "February 27, 1956", 1 sheet, *on condition* that the premises shall be leveled substantially to the grade of the abutting streets, surfaced and treated with a binder and properly rolled; that there shall be erected on the interior lot lines, where proposed, a corrugated metal fence to a total height of 8 feet; that the proposed office building shall have no cellar and in all other respects shall comply with the requirements of the Building Code; that there may be one gasoline pump and one 550 gallon approved gasoline storage tank, solely for use by the trucks engaged in the business and not for sale to others; that such fire-fighting appliances shall be installed as the fire commissioner shall direct; that curb cuts shall be restricted to those shown to Bank street, DeWitt avenue and Van Sinderen avenue; that the openings opposite same shall be fitted

with gates which shall normally be kept closed; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

747-55-BZ

APPLICANT—August and Concetta LoBue, owners.

SUBJECT—Application September 22, 1955—re (decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a residence use, G-1 area district, the use of the premises as a 2 family dwelling, with side yards less than the required 5 feet.

PREMISES AFFECTED—29-20 Bell boulevard, west side, 186 ft. south of 29th avenue, Block 6053, Lot 31, Bayside, Borough of Queens.

APPEARANCES—

For Applicant: August LoBue.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 10, 1956 after due notice by publication in the Bulletin; laid over to April 17, 1956, for inspection and decision; hearing closed; then to April 24, 1956 in view of the non-appearance of the applicant; hearing previously closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Bell boulevard are in a residence use, G-1 area, class ½ height district; and

WHEREAS, the decision of the borough superintendent, dated December 1, 1954 acting on Alt. Applic. 2494-54, reads:

"1. The use of the premises as a two family dwelling in a G-1 area district is contrary to Art. IV, Sec. 16c Z.R.

2. New construction must be kept a minimum of 5 ft. from side lot lines. Art. IV, Sec. 16C(c) Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 ft. frontage by 100 ft. in depth, on which is a frame building 36 ft. 4 in. front by 39 ft. 4 in. deep, present use 1 family; that it is proposed to change the use to 2 families; and

WHEREAS, the applicant states that the subject property was purchased on September 22, 1954; that it was a large one family frame dwelling, 49 years old; that plans were filed to remove the attic and enclose the entire house with brick veneer, replace the wooden porch with a brick and concrete terrace, completely modernize the exterior and convert to 2-family use; that this plan was filed on October 13, 1954 when the area was zoned for 2-family, were approved November 16, 1954 and permit to build was later issued; that the work was completed and certificate of occupancy was applied for about May 22, 1955; that on June 16th zoning violation No. 117-1955 was issued and on June 20th a letter was received from the borough superintendent of Queens, which is included with this application, revoking approval and permit mentioned above for the reason that an error was made in approving the application as in a G-1 area district no dwelling shall be erected or altered than for occupancy for a single family; and

WHEREAS, the applicant contends that the application was made in good faith and that the error was not made by him or the architect; that the finished building is of excellent appearance and conforms fully with other buildings on the street; that on right and left are two-family houses and across the street are 2-story garden apartments; that the building loan which has been secured must be repaid soon and it will be impossible to do so because the permanent mortgage will not be given until the certificate of occupancy is issued; that a temporary certificate of occupancy, for 90 days only, has been issued by the borough superintendent in order to apply to the Board for a variance; and

MINUTES

WHEREAS, the applicant states that the present owner has held title to the property since September 22, 1954; that the assessed valuation of land is \$2,250 and of the building \$3,750 making a total of \$6,000; that the building was erected in 1905; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee noted that there are other two family houses in the area, presumably erected before the change in zoning and the committee recommended that the application should be granted under certain conditions; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standard and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 21 to permit the existing dwelling, designed and arranged for two-family occupancy, to be occupied as such substantially as proposed and as indicated on plans filed with this application marked "Received September 22, 1955" (4 sheets) and "April 2, 1956" (one sheet) *on condition* that in all other respects the dwelling and the existing yards shall be maintained; that the structure shall be occupied for no other use than that proposed, as a two-family dwelling; that the building shall not be increased in height or area; and that all permits, including a Certificate of Occupancy, shall be obtained and all work completed within six months from the date of this resolution.

753-55-BZ

APPLICANT—Fred C. Dahlem, for All Estates, Inc., owner.

SUBJECT—Application September 22, 1955—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district the use of premises for the parking and storage of more than 5 motor vehicles.

PREMISES AFFECTED—112-114 Bennett avenue, west side, 108.64 ft. north of West 186th street, Block 2180, Lot 196, Borough of Manhattan.

APPEARANCES—

For Applicant: Fred C. Dahlem and A. A. Platt.

For Opposition: None.

For Administration: Samuel L. Becker, Dept of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 3
Negative: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 20, 1956 after due notice by publication in the Bulletin; laid over to April 24, 1956, for inspection and decision; hearing closed; applicant to submit to the Board a statement as to the tenants in the immediate area who desire parking accommodations on the subject lot; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Bennett avenue, West 186th street and West 187th street are in a residence use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated September 22, 1955 acting on Alt. Applic. 1121-55, reads:

"1. Parking & storage of motor vehicles on vacant land in a Residence use District is not permitted. Article II, Para. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 ft. frontage by 100 ft. in depth, presently vacant; that it is proposed to use premises for parking and storage of more than 5 motor vehicles; and

WHEREAS, the applicant contends that the lot is too small to erect an apartment house, considering the present costs, but that a parking lot would be of great help to the tenants on Bennett avenue; that while a 50 ft. by 100 ft. lot will accommodate only a small number of cars, it will help to relieve the congestion on Bennett avenue; that the owner will conform to any conditions the Board may require to make this parking lot a presentable place and in keeping with the neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since June 1, 1955 and that the assessed valuation of land is \$6,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f for a term of five years to permit the premises to be occupied as proposed for the parking and storage of motor vehicles *on condition* that the plot shall be levelled substantially to the grade of Bennett Avenue and shall be surfaced with clean gravel or steam cinders and treated with a binder and properly rolled, that where walls of adjoining buildings do not occur there shall be erected a chain link fence not less than five feet six inches in height; that a similar fence shall be erected along the street building line of Bennett avenue with an opening as indicated which shall be fitted with a gate and with curb cut opposite not over 14 ft. in width; that wood bumpers shall be maintained along all lot lines for the protection of the fences; that signs shall be restricted to a permanent sign near the entrance, attached to the fence, advertising the use of the premises for the tenants of the adjoining apartment houses and such other information as the Commissioner of Licenses shall require; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that sidewalks and curbing in front of the premises shall be repaired to the satisfaction of the Borough President; and that all permits, including a Certificate of Occupancy, shall be obtained and all work completed within six months from the date of this resolution.

Adjourned: 4:10 P.M.

JOSEPH J. DOYLE, *Chief Clerk*.

Negative 0

MINUTES

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated February 17, 1955 on Alt. App. 1124/53, reads:

"1. The extension of business use in frame building is contrary to Sec. 4.2.1 of Code."

WHEREAS, the applicant states the building is one and three stories, 30 ft. in height, 25 ft. by 50 ft. in area at street level, 25 ft. by 36 ft. in area at typical floor level, of class 4 construction, erected prior to 1909, located on a lot 25 ft. front by 100 ft. in depth, in a business use, C area; class 1½ height district and used and occupied since 1938—Cellar—storage; 1st floor—2 stores, 18 persons; 2nd floor—one family; 3rd floor one family. The building is provided with one 2 ft. 6 in. wide interior wood stairs enclosed in partitions of wood studs, wood lath and plaster, equipped with doors which are not self-closing; stair hall is provided with a ladder and scuttle roof; there is one multiple dwelling type fire escape on the front extending to street by ladder; and

WHEREAS, violation was issued by the Tenement House Department April 4, 1936 in that on the first story a frame extension had been erected at the rear west, enclosing water closet and all partitions removed from rear west apartment at first story, and including several other violations of the Multiple Dwelling Law enumerated thereon; and

WHEREAS, the applicant has filed a communication dated June 4, 1953 addressed to the owner by the Chief Inspector of the Division of Housing stating that the building was classified as on Old Law Tenement having a legal occupancy of two stores and six apartments on June 21, 1909 and that if it was proposed to maintain the building as a two-family dwelling it would be necessary to file an alteration plan and obtain a new Certificate of Occupancy; and

WHEREAS, the applicant states the building was erected prior to 1909 and occupied as an Old Law Tenement with a legal occupancy of two stores and six apartments and is now occupied by two stores on the first floor and one family on each of the upper two floors; the building is provided with one 2 ft. 6 in. wide interior wood stairs enclosed in partitions of wood studs, wood lath and plaster; that hall doors are of wood which are not self-closing; stair hall leads direct to street and is provided with a scuttle to roof; there is a multiple dwelling type fire escape on the street front; that the Hyde Atlas of the Borough of Brooklyn indicated a one story frame extension across the rear of the building; that the frame walls of the westerly half of this extension have at some time been replaced with 8 in. brick on the original foundation and new bathrooms installed on the second and third floors without a permit; and

WHEREAS, the applicant states that although the building has been occupied by only two families, the Housing Division will not change the classification of the building from Old Law Tenement until plans and required work is approved by the Department and a new Certificate of Occupancy issued; that the owner was fined in Municipal Term, Magistrates' Court for violation of the Multiple Dwelling Law on May 1, 1953 and the Housing Division is now holding the matter in abeyance pending approval for the use of the building as a two-family dwelling; and

WHEREAS, the applicant states it is proposed to enclose the existing cellar stairs with fireproof blocks and equip same with fireproof self-closing doors, to enclose the toilet compartment on the first floor and provide ventilation, to make the scuttle to roof conform to the Building Code requirements and to legalize plumbing fixtures previously installed; all Housing Division violations will be removed; and

WHEREAS, the applicant requests that the Board exercise discretion so as to modify the requirements of the Borough Superintendent's decision for the reason that the rear of the first floor has not been used for dwelling purposes at least since 1938 when the present owner acquired title; that the floor loads for the entire first floor are adequate for 100 lb. liveload; that the area of the building has not been increased over that which is indicated in the 1929 map; that the area in question cannot be adequately established and is not suitable for living quarters, and the Board is therefore

requested to permit the use of the first floor for business purposes as shown on plans filed with this appeal; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated February 17, 1955, acting on Alt. App. 1124/53, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the continuation of use of the extension to the building, formerly of frame and now enclosed in brick walls, as proposed and as indicated on plans filed with this appeal, marked "Received March 17, 1955", (6 sheets), only so long as the store for which this extension is used is occupied by a plumber concern as at present and for no other use; that the building as proposed shall be removed from the multiple dwelling class and used only for two families; that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto.

28-55-A

APPLICANT—Continental Baking Co., owner.

SUBJECT—Application January 11, 1955—Appeal from an order and a decision of the fire commissioner—re direct method of refrigeration.

PREMISES AFFECTED—87-105 Heyward street, north side, 100 ft. east of Bedford avenue and 128 Rutledge street, Block 2225, Lot 10, Borough of Brooklyn.

APPEARANCES—

For Applicant: Joseph C. Haus.

For Administration: Lieut. John P. Manfredi, Fire Dep't.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, Order #1341-4 issued by the Fire Commissioner February 10, 1954, reads in part as follows:

"4. Discontinue and remove the direct method of refrigeration from that part of the building prohibited by C19-98.0-b, Administrative Code. (A9)."

and

WHEREAS, the said order was referred to in a decision of the Fire Commissioner dated January 4, 1955; and

WHEREAS, the applicant states the building is 3 stories, 40 feet in height, 189 ft. front by 200 ft. in depth, of Class 3 construction, erected in 1890, located in a business use, B area, Class 1½ height District, used and occupied since erection: Basement—bake shop and boiler room, 14 persons; 1st floor—packing and wrapping, 15 persons; 2nd floor—mixing room, sales and office, 25 persons; 3rd floor—storage of flour, 1 person. No change in use or occupancy is now proposed. The building is equipped with a standpipe system without siamese, as installed under F.D. Plan #991/26 and a one-source sprinkler system throughout. There are three 44 in. wide wood stairs, enclosed in partitions of cement plaster on wood, equipped with metal clad wood doors, which are self-closing; stairhall leads from roof bulkhead direct to street. Certificate of Occupancy #60198 issued April 23, 1930, permits the use of the building throughout for bakery and storage; and

WHEREAS, the applicant states there are two 7½ horsepower Freon refrigeration compressors on the 1st floor as well as an Atmospheric condenser and liquid receiver; that this equipment is located on the floor below the Dough Mixers, the jackets of which require this refrigeration; and

WHEREAS, the applicant contends there is no possible room on the floor upon which the dough mixers are located to install this equipment and it was necessary to run the 7/8 in. liquid and 1½ in. suction line from the mixer jacket to the Freon receiver and compressor below and it is therefore requested that the Board modify the order of the Fire Commissioner to permit the continued maintenance of these liquid and suction lines as now existing running horizontally through an existing partition on the same floor with

MINUTES

the compressor equipment and then vertically through the floor above, connecting to the jackets of the dough mixing machines; and

WHEREAS, under Cal. 537-50-A the Board modified Order #24680-LC issued by the fire commissioner May 8, 1950, so as to permit the continuation of the then existing ammonia refrigerating system for a term of three months pending the proposed rearrangement of the system and change of the refrigerant to Freon; and

WHEREAS, Combustible Inspector's report filed with F.D. Folder 657842 indicates under date of June 6, 1952, that the occupant had discontinued the York refrigerating system and substituted F-12 units; and

WHEREAS, the premises was inspected by a committee of the Board; and

WHEREAS, the applicant stated that all the matters brought to his attention at the previous hearing have been corrected and the work involved has been done.

Resolved, that the decision of the Fire Commissioner, as expressed in Order #1341-4, Objection 4, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the continuation of the direct method of refrigeration, as proposed and indicated on plans filed with this appeal, marked "Received January 11, 1955", (3 sheets), *on condition* that the installation shall be maintained to the satisfaction of the Fire Commissioner; that the manufacturer of the hose used for the connection shall file application with the Board for approval of same and in the event the hose is not approved by this Board, it shall be removed and replaced by an approved hose which shall also be satisfactory to the Fire Commissioner; that the hose herein permitted may be continued until it is approved by the Board or such change takes place.

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION (345-51-BZ)

WHEREAS, Goldwater and Flynn, for Certified Carent, Inc., owner, filed March 21, 1951 an application under sections 7c, 7e, 7h and 7i of the zoning resolution, to permit in a residence use district, the reconstruction of an accessory building on an existing gasoline service station to be used for auto washing, lubritorium, repairing, accessory sales, and

office and ten existing individual metal garages and parking and storage of motor vehicles, affecting premises 83 to 91 Macombs place, northwest corner of West 153rd street (Block 2039, Lot 15), Borough of Manhattan; and

WHEREAS, a public hearing was held on this application on July 17, 1951, after due notice by publication in the Bulletin; laid over to July 24, 1951 and July 27, 1951 for inspection and decision without further argument; and

WHEREAS, the district maps accompanying the zoning resolution show that Macombs place is in residence and business use, A and B area, class 1½ height district; West 153rd street is in residence and business use, B area, class 1½ height district; the site is in residence use, B area and class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated May 3, 1951, acting on N.B. Applic. 31-51, reads:

"1. Proposed new bldg. to be used for washing, repairing, lubritorium, sales and office in connection with an existing gasoline service station, existing parking and storage of motor vehicles, and existing 10 individual metal garages for storage of motor vehicles in a Residence Use District is contrary to Sec. 3, Article II, Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 114 feet, ¾ inches frontage by 85 feet in depth (irregular) on which is located a one-story building, 19 feet by 37 feet metal service building, 10 metal individual garages, six 550-gallon gasoline tanks and three dispensing pumps; that certificate of occupancy 10001-25 (N.B. 282-25) was issued for office and store for a gasoline station, and that certificate of occupancy 11969-26 was issued for 16 metal garages; that it is proposed to substitute for the present metal building a new office and lubritorium, washing and repair building, to be constructed of brick and neatly designed; that there are no new uses proposed but merely the replacement of an old building which has become outmoded; that there is to be no change in the present facilities and existing gasoline tanks and pumps are to remain; and

WHEREAS, the applicant contends that the plot covers a frontage of 114 feet, ¾ inches on Macombs place to the centre line of the block between West 153rd and West 154th streets; that the northerly lot line is 140 feet deep and the frontage on West 153rd street is 85 feet; that this plot was formerly part of lot 45, which was the entire lot between West 153rd and West 154th streets; that the northerly section has since been designated as lot 45 and a modern one-story post office building has been erected on same, and that the southerly half has received designation as lot 15; that the existing gasoline station dates back to 1922 and at that time the district was zoned for business purposes and a gasoline station was permissible; that the district was changed from business to residence use on November 4, 1940; that on the other side of Macombs place, there is an entrance to what is known as the Col. Chas. A. Young Triangle; that this gasoline station and the curb cuts were in existence 18 years prior to the adoption of Sec. 21A which, insofar as it has reference to public parks, was adopted in 1940; that section 21A also provides for the continuance of the existing use where a certificate of occupancy has previously been issued; that such a certificate of occupancy has been filed; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board deemed that this was an appropriate case in which to exercise discretion to grant under section 7, subdivisions c, i and h, of the zoning resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under section 7c, to permit the premises to be reconstructed and rearranged substantially as proposed and as indicated on plans filed with this application marked "Received March 21, 1951," 4 sheets, on condition that all existing buildings and uses, including the rear metal garages shall be removed and the new accessory building

MINUTES

shall be erected of the design and arrangement as indicated on such plans *on condition* that the balance of the premises shall be leveled substantially to the grade of Macombs place and shall be surfaced with concrete or bituminous paving; that the existing pumps if not nearer to the street building lines than 10 ft. may remain, and the existing six (6) 550 gallon gasoline storage tanks may remain; that the curb cuts shall be restricted to the existing curb cut to West 153rd street, as shown, and along Macombs place, existing curb cuts shall be restored except that there may be two curb cuts each not over 25 ft. in width, not nearer than 5 ft. to the street building line of 153rd street as prolonged and one (1) not nearer than 5 ft. to the northerly side lot line as prolonged; that the sidewalks and curbs adjoining premises shall be restored to the satisfaction of the Borough President; that there shall be no buildings other than the accessory building erected or maintained on the premises; that all greasing, washing and repairing of cars shall be within the accessory building; that under Section 7i motor vehicle repairing may be permitted within the accessory building; that the parking *and storage* of cars may be permitted under section 7h for a term of five (5) years; that signs shall be restricted to a permanent sign attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and all temporary signs but permitting the erection within the building line near the northerly corner of a post standard for supporting a sign which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not over 4 ft.; that such portable fire fighting appliances shall be maintained as the fire commissioner shall direct; that any heater room installed shall be at grade and there shall be no cellar under the building; that such heater room shall be separated from the balance of the building by fireproof construction, except that the ceiling may be fire retarded; that all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution and a new superseding certificate of occupancy shall be obtained.

* Correction—Reference in the resolution to the parking of cars, corrected to include “*and storage*” as indicated in italics.

APPLICANT—Lama, Proskauer and Prober, for 51-37 Codwise Place, Inc., owner (B & O Silk Dyeing Co., Inc., lessee).

SUBJECT—Application, July 16, 1952 reopened September 9, 1952 as Vol. III re (decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district, the extension of existing structure to be used for storage in conjunction with existing silk dyeing works for a term of fifteen years.

PREMISES AFFECTED—51-37 Codwise place, east side, 149.49 ft. south of Van Kleeck street (Block 2473, Lot 82), Elmhurst, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleinert and Keating and Deputy Chief Guinee 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on September 9, 1952 subject to regular procedure, to consider extension in area and use; and

WHEREAS, a public hearing was held on this application on February 3, 1953 after due notice by publication in the Bulletin; laid over to March 10, 1953, for inspection and decision without further argument; then to April 21, 1953, for further inspection and consideration; then to May 19, 1953, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, C area, class 1½ height district; Codwise place and Van Kleeck street are in residence and business use, C area and class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated July 1, 1952 acting on Alt. Applic. 2338-51, reads:

“1. Proposed extension of a business use in a residence use district is contrary to Art. 2, Sec. 3 of the Z.R. and the resolution of the Board 238-27-BZ Vol. 2.”
and

WHEREAS, the applicant states that the premises consist of a plot, 136 ft. and 131 ft. 6 in. frontage by 100 ft. in depth, irregular, on which is located a class 1 and partly class 3, one story building, having a frontage of 101 ft. 6 in. and a depth of 94 ft. 4 in., being used as a silk dyeing works and boiler room; that the building was originally erected under N.B. 103/21 and certificate of occupancy No. 2650 was issued for a factory; that the building was extended to be occupied as a laundry under Alt. No. 5279/27; that variance was granted by the Board under Cal. No. 238-27-BZ to extend the building and change the use to a silk dyeing establishment; that the last certificate of occupancy issued, No. 79029, permits the use as a silk dyeing establishment for a period ending June 30, 1956; that it is proposed to maintain the present building as a silk dyeing work and boiler room and erect a new extension to the south approximately 39 ft. 2 in. in depth by 47 ft. 4 in. in width, to be of class 3 construction and to be used for storage in conjunction with the silk dyeing works; and

WHEREAS, the applicant further states that the subject premises are located in block 2473, lot 38, having a frontage of 136 ft. on Codwise place, 97 ft. on the northerly lot line, 100 ft. on the southerly lot line and 131 ft. 6 in. on the easterly lot line; that as of July 25, 1916 the premises were in a business use district and received its present use designation on February 5, 1926; and

WHEREAS, the applicant contends that the building originally had a non-conforming use, which was further extended by permission of the Board, and at this time it is requested that the present building be extended due to the increase in business, and also to replace a former frame storage building damaged by fire and since removed; that it would be a hardship to force the company to relocate its expensive plant and equipment to a new location because of the extended business and fire; that the proposed extension situated at the rear of the site will not have any effect on the street; and

WHEREAS, the premises and surrounding area were re-inspected by a committee of the board and the committee noted an attempt is being made to clean up the building, which is a non-conforming use.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted by the Board on November 30, 1937, as amended through June 19, 1951, by adding thereto:

“* * * that in the event the owner desires to construct an extension to the premises to the south along the rear lot line, as indicated on plans filed with this application marked “Received July 16, 1952,” 4 sheets, such extension may be permitted, *for a term of 15 years, on condition* that the existing loading platform shall be removed and the loading condition shall be as shown on such plans indicating the proposed arrangement, on condition that there shall be no windows opening on the lot line to the west or south; that a proper substantial fence shall be main-

MINUTES

tained from the proposed extension to the street line of Codwise place; that in all other respects the resolutions above cited shall be complied with as to the requirements where not inconsistent with this amended resolution; that no further extension of area or use shall be permitted; that the requirements of the resolution adopted this day under Calendar number 653-52-A shall be complied with and all permits shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution."

* Correction—The term of variance, which was inadvertently omitted, corrected to read "*for a term of 15 years*", as indicated in *italics* in the resolution.

*CORRECTION

The Minutes of the meeting of the Board of Standards and Appeals held on July 7, 1954, as they appeared in Bulletin No. 28, Vol. 39, are hereby corrected to read as follows:

889-52-BZ

APPLICANT—A. L. Andujar, for Texas Company, owner.
SUBJECT—Application December 19, 1952 (decision of the borough superintendent) under sections 7c, 7i and 7h of the zoning resolution, to permit in a retail use district the extension in use and area of existing gasoline service station, grease pits, tire and battery service and auto laundry to gasoline service station, lubritorium, auto laundry (non-automatic), motor vehicle repairs and office; and to permit the parking and storage of motor vehicles on un-built upon portion of plot.

PREMISES AFFECTED—35-26 to 35-40 Union street and 137-89 Northern boulevard, northwest corner, Block 4961, Lots 1 and 26, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Jos. B. Lynch.
For Opposition: None.
For Administration: Samuel L. Becker, Dep't of Housing and Buildings and John J. Saunders, B'd of Education.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on July 7, 1954 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a retail use, B area, Class 1½ height district; Union street and Northern boulevard are in residence and retail use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated November 19, 1952 acting on Alt. Applic. 71-52, reads:

"1. The extension in area along Union St. of an existing gasoline service station; the additional use of parking and storing motor vehicles as an accessory use to the gasoline station; and the additional use of minor auto repair shop with hand tools only, in a Retail use district is contrary to Sect. 4A of Zoning Resolution.

2. Show compliance with Sect. 21A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot 191.71 ft. frontage by 109.71 ft. in depth, irregular, on which is located a gasoline service station for which certificate of occupancy No. 52590-36 has been filed; that it is proposed to extend the existing legal gasoline station for a distance of 50 ft. northerly along Union street and to include the additional uses of minor auto repair shop, with hand tools only, and the parking and storing of motor vehicles, both of which uses will be accessory to the present gas station; and

WHEREAS, the applicant further states that on July 25, 1916 the premises were zoned for business use and a rezoning on July 20, 1950 changed the entire plot to retail use; that the Texas company purchased the plot known as lot No. 1 on August 26, 1919 and at that time it was being used legally as a gas station in a business use district; that lot No. 26 which has a frontage of 50 ft. on Union street and which is now located in a retail use district, was acquired on July 14, 1950; that this lot No. 26, which is adjacent to the present gas station, is to be considered the proposed extension in area; that present conditions consist of the aforementioned legal non-conforming use and certificate of occupancy No. Q-52590 was issued on December 27, 1936 for a complete reconstruction of the plot on B.N. permit No. 3140-36; that the certificate permits an office, tire and battery service, grease pits, auto laundry and gasoline station; that the reconstruction during 1936 included the demolition of the existing facilities which were erected in 1921 and 1922 under N.B. Applic. 2653-21; that curb cut permit No. Q-8885 which was issued August 28, 1936 permitted the enlargement of the three existing driveways and curb cuts; that one cut, located on the north side of Northern boulevard, permitted the increase from 26 ft. to 40 ft., one on the west side of Union street was increased from 30 ft. to 42 ft., and the other, on the west side of Union street, was enlarged from 25 ft. to 44 ft.; and

WHEREAS, the applicant contends that the present legal gas station was established prior to the restriction in business use districts and prior to the amendment to the old section 21, schools, etc., which was added to and became effective for gas stations on May 22, 1925; that while additional property for parking is included in this application, there will be no additional curb cuts or entrances and plan marked proposed conditions clearly shows that the two curb cuts now legally permitted under permit No. 8885 on Union street are being reduced in size; that the permit allows one 42 ft. cut, one 44 ft. cut and there exists a 12 ft. cut on the property on which the extension is requested along Union street, and it is proposed to reduce the two legal curb cuts of 42 and 44 ft. respectively to two cuts of 35 ft. each, with no cuts being within the corner or interior lot line as extended; that N.B. Applic. 2653-21 was approved June 24, 1921 for an office for an oil selling station in a business use district with metes and bounds being 48 ft. 6⅞ in. on Northern boulevard and 141 ft. 8⅞ in. on Union street; that alt. application No. 2161-14 was approved September 20, 1914 for an alteration of present stable and garage; that fire department records, folder No. 21018.05 (old folder #16413.01) known as #137-89 Northern boulevard and 35-34 Union street, show that Alt. Applic. 1151-19 was approved January 7, 1952 with metes and bounds, being 140 ft. on Union street (Whitestone avenue) thence west 95 ft., and east 45 ft.; that these dimensions are substantially the thence south 30 ft., thence east 30 ft., thence south 105 ft. same as now shown on plan filed for lot No. 1; that fire department plan No. 431-21 was approved May 12, 1921 for gasoline pump and tank installation in a business use district consisting of six 550-gallon tanks with metes and bounds being 48.57 ft. on Northern boulevard and 141.71 ft. on Union street, with interior dimensions as well as street dimensions being the same as shown on present plan for lot No. 1; that the proposed 50 ft. extension is known as lot No. 26 and will be used solely for licensed parking; that the station has been in continuous operation since prior to August 26, 1919 and annual fire department permits have been obtained; that the neighborhood in this part of Flushing is heavily congested and there is a definite need for parking space; that it is felt that the reducing in size of the present curb cuts on Union street will be an improvement over existing conditions, and while section 21A now applies, the entrances and exits to the station existed prior to requirements of former section 21; that the 50 ft. lot on which the extension is requested will be partly fenced along Union street and entrance to or exit from will be through the gas station on which legal curb cut permits exist; that revised plans clearly show this condition; that no new

MINUTES

entrance ramps or curb cuts are being sought in this application; and

WHEREAS, the applicant states that the present owner has held title to the property since August 26, 1919 for lot No. 1 and since July 14, 1950 for lot No. 26; that the assessed valuation of land is \$50,500 and of the buildings \$32,000, making a total of \$82,500; that the buildings were erected in 1919 and 1921 and reconstructed in 1936; and

WHEREAS, the Board deemed that section 21A of the Zoning Resolution does not apply as entrances to gasoline station are not to be increased and have existed for years, and are proposed to be reduced in width; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision i and e of the zoning resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7i, to permit minor repairs with hand tools only for minor adjustments performed solely within the existing accessory building, and to permit the reduction in size of the curb cuts as shown on plans showing proposed conditions marked "Received December 19, 1952" (4 sheets) and "May 28, 1954" (2 sheets); and *granted* under section 7e for a term of five (5) years, to permit the parking of motor vehicles on lot 26, as proposed, which may be operated in conjunction with the existing gasoline service station, substantially as indicated on such plans, *on condition* that this portion of the premises shall be surfaced with clean gravel or steam cinders, treated with a binder and properly rolled; that entrance to such parking lot shall be by curb cuts to gasoline station on Union street; that on the interior lot lines as shown there shall be erected a woven wire fence of the chain link type with masonry base to a total height of not less than 5 ft. 6 in.; that the fence shall be returned along the building line of Union street for a distance of approximately 40 feet with substantial terminating post; that signs advertising the parking use, the rates charged and such other information as the commissioner of licences may require may be attached to such fence, provided the sign does not extend beyond the building line, is not illuminated and does not exceed 25 sq. ft. in area; that the parking lot shall at all times be under the operation of the attendant of the existing gasoline station adjoining; that such portable fire-fighting appliances shall be maintained as the fire commissioner shall require; and that all permits required shall be obtained and all work completed within six (6) months from the date of this resolution.

*Correction—One of the sections of the zoning resolution under which this application was acted upon, corrected to read "7e" in place of "7f".

*CORRECTION

The Minutes of the meeting of the Board of Standards and Appeals held on March 13, 1956, as they appeared in Bulletin No. 12, Vol. 41, are hereby corrected to read as follows:

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 866-53-SM

Subject: Sanymetal Ceiling Suspension Systems Nailock Channel, Screwlock Channel and Accessories.

Suspended Ceiling Division of Sanymetal Products Company, Inc., filed November 29, 1953 an application with the Board of Standards and Appeals for approval of Sanymetal Ceiling Suspension Systems Nailock Channel, Screwlock Channel and Accessories under the provisions of C26-178.0.b and C26-461.0 Administrative Building Code.

Purpose

A system of suspended metal supports for hanging acoustical ceilings.

Description

Sanymetal Suspended Ceiling Systems are comprised of basic steel furring channels with necessary accessories for attachment of 1½" channels, bar joints, "I" beams, purlins and other structural members from which ceilings are commonly suspended. The basic channels are marketed under the trade names, "Nailock Nailing Channel" and "Screwlock Metal Furring Channel."

Nailock Channels are cold rolled channels provided with an arch at the center. Through the back of the arch rectangular sections are punched inward at 6" intervals, forming a series of stirrups 3/16" wide along the inside center line of the channel. Quarter inch steel rod is inserted through the stirrups. Facing material is attached to the channel by driving a flat nail in the usual manner into the channel opening. The arch acts as an anvil, curving the nail around the ¼" rod in a tight loop.

Nailock channels are most commonly used for suspended acoustical ceilings where the acoustical material are screwed or cemented to a solid backing. The nailock channels are attached to the structural supporting members either by specially designed spring steel clips or by a standard wire tie. The backing, gypsum board, plywood or other materials are nailed to the Nailock channel as described. The acoustical material is then attached to the backing with screws or adhesive.

Nailock channel is 1½" wide across the back, 1" high from back to face, ¾" wide across the nailing face. The weight is then ¾ lbs. per lineal foot. Screwlock metal furring channels is used in suspended ceilings construction where materials are to be attached with screws. Screwlock channel serves the same purpose as wood furring where incombustibility is required. The channel is attached to supporting structural members or specially provided supports such as 1½" channel, by special clips or the usual wire ties. The face of Screwlock channel is perforated with a series of diamond shape indented holes. Screws are driven into the holes in the usual manner forming a thread at the back of the indentation.

Screwlock channel is formed from .022" thick strip steel electro-galvanized before fabrication. The channel is 2¾" wide and 1" high. The field or perforations in the face of the channel provided a surface 2⅛" wide through which screws may enter.

Ceiling construction with Screwlock channel may be of the "backed" type, backing for finish tile attached directly to the channel or acoustical tile is screwed directly to the channel with or without a non-breathing or vapor barrier membrane back of the tile.

Both Nailock and Screwlock channels are spaced on centers as recommended by the manufacturers of the materials to be supported by the channels.

Inspection and Test

Inspection and test of this suspended ceiling was made at 1079 East Grand Avenue, Eliabeth, New Jersey at the plant of Jacobson and Co., Warehouse. Present at the test were Chief Engr: L. V. Huber and representatives of the

Periodical Division
University of Illinois Library
Urbana, Ill.

MINUTES

applicant and it was found that the ceiling suspension system operated as described.

Recommendation

On the basis of the inspection and test and the data submitted by the applicant, the Committee on Test recommends the approval of the Sanymetal Ceiling Suspension Systems Nailock Channel, Screwlock Channel and Accessories for vountary use in New York City on condition that the systems comply with this report and the requirements of C26-461.0 Administrative Building Code and also that the material shall bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 866-53-SM," and further that this system shall be used only for the erection of suspended acoustical ceilings.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
LESLIE V. HUBER,
Chief Engineer,
JOHN A. DARTS,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this material in accordance with the above report.

*Correction—In the report of the Committee on Test under the heading of *Description*, in paragraph 5 thereof, in relation to the screwlock channel, the thickness of the strip steel corrected from .002" to .022".

*CORRECTION

The Minutes of the meeting of the Board of Standards and Appeals held on April 3, 1956, as they appeared in Bulletin No. 15, Vol. 41, are hereby corrected to read as follows:

678-55-BZ

APPLICANT—Lama, Proskauer and Prober, for The Dime Savings Bank of Brooklyn, Sidney Silverman, Max Zeisk and Howard I. Goldberg, owners.

SUBJECT—Application for consideration—reopening as to amendment of resolution—re Application (decision of the

borough superintendent); previously granted on condition, under section 7c of the zoning resolution, permitting in a business and residence use district, the extension of present banking facilities in a business use district, into the residence use district and the parking of patron's and executive's cars (no fee to be charged) in conjunction with new Drive-In Banking Booth.

PREMISES AFFECTED—8501-8523 19th avenue and 1901-1911 86th street, northeast corner and 1902-1910 85th street, Block 6345, Lots 1, 6, 9, and 11, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION:

WHEREAS, this application was granted by the Board on November 15, 1955, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on November 15, 1955, by adding thereto:

"that in the event the owner desires to rearrange the parking layout and locate the 20 ft. curb cut on 19th avenue to within 5 feet of the 85th street building line and to change the size of the teller's booth from 8 x 10 to 8 x 11, as shown on revised plans marked "Received March 13, 1956", (2 sheets), such changes may be permitted provided that in all other respects the above cited resolution shall be complied with; *that the 30 foot curb cut to 19th Avenue may be constructed as previously permitted, in addition to the 20 foot curb cut previously permitted, but to be relocated as shown on latest revised plan marked "Received April 24, 1956 (1 sheet)." (Alt. 2865/55)*

* Correction—Reference to the two curb cuts on 19th Avenue corrected, as indicated in *italics* at the end of the resolution.

neers, pertaining to the work of the board, will be seen only
between the hours of ten in the morning and one in the
afternoon—Saturdays excepted.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellants and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

WHEREAS, the decision of the borough superintendent, dated April 19, 1955 acting on Alt. Applic. 590-55 reads:

"1. Proposed change of use from Public Garage to Motor Vehicle Repair shop and servicing, lubrication,

truck washing, garage, wheel alignment, brake testing, welding, machine shop, parts storage and sales, showroom and offices in a Business Zone is contrary to Art. II, Para. 4a, subsection 15, 29, 52 & 4 of the zoning resolution.

2. Proposed arrangement is contrary to approval of Board of Standards and Appeals under Cal. No. 59-21-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 198 ft. 2½ in. frontage by 199 ft. 4¾ in. in depth, presently developed with a one story in height building of class 3 construction having a frontage of 198 ft. 2½ in. on Empire boulevard, 199 ft. 4¾ in. on McKeever place, 200 ft. on the easterly lot line and 40 ft. on Sullivan place; that the building was erected under N.B. 9454/20 and a variance granted by the Board under Cal. No. 59-21-BZ for use as a public garage; that certificate of occupancy No. 13464 was issued on June 17, 1922 for said use; that the building is now being used as a public garage, motor vehicle repair shop and servicing, lubrication, truck washing, wheel alignment, brake testing, machine shop, parts storage and sales, showroom and office; that it is proposed to maintain the present uses; and

WHEREAS, the applicant states that there are many non-conforming uses within the affected areas; block 1306, lots 35, 37, 41, 42 and 49—garage and motor vehicle repair shop; block 1313, lots 1, 14, 19 and 26—garage and motor vehicle repair shop; block 1196, lot 1—gas station; and

WHEREAS, the applicant contends that in view of the fact that the many non-conforming uses within the affected area are similar to the proposal as far as uses are concerned, the legalizing of the present uses of the building in question would not adversely affect any of the adjoining properties; that inasmuch as the building now has a legal public garage use, the additional conjunctive uses will not affect the community; that the building is now being used as a truck sales and service business and the proposed additional uses are required for efficient operation of the business; and

WHEREAS, the applicant states that the present owner has held title to the property since January 25, 1952; that the assessed valuation of land is \$62,000 and of the building \$63,000 making a total of \$125,000; that the building was erected in 1921.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on March 29, 1921, under Vol. I, by adding thereto:

"and, granted under Sections 7c and 7i, to permit the additional uses of motor vehicle repairing, lubricating, truck washing, wheel alignment, brake testing, welding, machine shop, parts storage and sales, showroom and offices, all as indicated on plans filed with this application for amendment, marked "Received May 31, 1955", 3 sheets, and "April 24, 1956", 1 sheet, in addition to the existing use of the premises by the International trucks primarily as a garage and showroom, on condition that the building shall not be increased in height or area and in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto other than as modified by the Board this day by resolution adopted under Cal. 533-55-A; that where not inconsistent with the terms of this resolution, the resolution adopted under Cal. 59-21-BZ—Vol. I shall be complied with in all respects; that such fire-fighting appliances shall be maintained as the fire commissioner shall direct; and that all permits required, including a new certificate of occupancy shall be obtained and all work completed within six months from the date of this amended resolution".

533-55-A

APPLICANT—Lama, Proskauer and Prober, for 73 Realty Corp., owner.

SUBJECT—Application May 31, 1955—Appeal from a decision of the borough superintendent, re egress.

MINUTES

PREMISES AFFECTED—73-97 Empire boulevard, 81-103 McKeever place, northeast corner and 56-58 Sullivan place, Block 1306, Lot 28, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent, dated May 23, 1955, on Alt. App. 590/55 reads:

"3. Provide two means of egress from cellar as per section 270 of the Labor Law."

WHEREAS, the applicant states the building is 1 story, 14 ft. in height, 198 ft. 2½ in. front by 199 ft. 4¾ in. irregular in depth, of Class 3 construction, erected in 1921 in a business use, D area, Class 1 height district; used and occupied since 1952: cellar—boilerroom and ordinary use; 1st floor—non-storage garage, motor vehicle repair shop, servicing, lubrication, truck washing, wheel alignment, brake testing, welding, machine shop, storage and sales, showroom and offices, 20 persons. The building is provided with an approved standpipe system, one interior 3 ft. wide concrete stairs, unenclosed, leading direct to street. Certificate of Occupancy #13464 issued June 17, 1922, against Permit #6763/21 describes the building as a public garage; Zoning Violation #317/54 was issued by the borough superintendent December 2, 1954, for violation of Section 4 (29) of the Zoning Resolution in that building was unlawfully used as a motor vehicle repair shop; and

WHEREAS, the applicant contends the building is completely fire-proofed and provided with one 3 ft. wide concrete stair leading directly to the street, which stair is provided with an iron trap door over, that is easily openable from the underside; that the cellar has no permanent occupancy and is only used on occasion to check the boiler and the exit now existing is more than ample.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the requirements of the Labor Law, as cited in a decision of the borough superintendent, acting on Alt. App. 590/55, Objection No. 3, and that the appeal be and it hereby is granted, on condition that the existing cellar shown on plans filed with companion application, 59-21-BZ—Vol. II, shall not be increased in height and shall be used only for heating equipment; that the exit thereto as shown may be continued.

846-26-BZ—Vol. II

APPLICANT—Joseph Schafran, for Grace Battaglini and Angela Mondello, owners.

SUBJECT—Application reopened May 24, 1955 as Vol. II—re (decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a business use district, the extension of existing gasoline service station and the relocation of gasoline pumps, and to include lubritorium and motor vehicle repairs.

PREMISES AFFECTED—3156 Boston road, southwest corner of Burke avenue, Block 4579, Lot 35, Borough of The Bronx.

APPEARANCES—

For Applicant: Joseph Schafran.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Con-
nolly 4

Negative: 0

THE RESOLUTION:

WHEREAS, this application was reopened as Vol. II on May 24, 1955 subject to regular procedure, to consider extension of area; and

WHEREAS, a public hearing was held on this application on March 20, 1956 after due notice by publication in the Bulletin; laid over to May 1, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Boston road are in a business use, C area, class 1 height district; Burke avenue is in local retail and business use, C area, class 1 height districts; Lurting avenue is in business, local retail and residence use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated January 23, 1956 acting on Alt. Applic. 251.55, reads:

"1. Extension of brick building for gasoline service station and minor repairs with hand tools only in a business use district is contrary to Art. II Sect. 4 of the Z.R. & Bd. of S. & A. Cal. #846-26-BZ.

2. Relocation of gas pumps is contrary to Bd. of S. & A. Cal. #846-26-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 77.95 ft. frontage by 50.78 ft. in depth, irregular, on which is presently located a one story brick structure 17 ft. 4 in. by 16 ft. 8 in. in area, used as an office and stock room in conjunction with a gasoline and oil selling station, with lubrication and repair work done in the open; that it is proposed to extend the existing building to the property lines of Burke and Lurting avenues in order to provide cover for the lubrication and repair work and to remove same from public view; that it is also proposed to remove the peaked roof from the present structure and by suppressing the height of the building make said structure and the new extension conform to modern practices of design in architecture; and

WHEREAS, the applicant states that the premises consist of a triangle of land fronting 77.95 ft. on the west side of Boston road, 50.78 ft. on the south side of Burke avenue and located in a business use district, C area and 1 times height district; and

WHEREAS, the applicant contends that the enclosure of the working areas of the station will enable the owners to provide proper service to their customers and the public in all sorts of weather and in all seasons of the year; and

WHEREAS, the applicant states that the present owner has held title to the property since September 30, 1952; that the assessed valuation of land is \$10,000 and of the building \$4,500 making a total of \$14,500; that the building was erected June 28, 1927; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on January 18, 1927, as thereafter amended by resolution approving plans, adopted March 15, 1927, by adding thereto:

"that in the event the owner desires to construct an extension to the existing accessory building, substantially as proposed, and as indicated on plans filed with this application marked, "Received April 29, 1955" (3 sheets) such extension may be permitted on condition that the building in all other respects shall comply with all laws, rules and regulations applicable thereto; that there may be a new curb cut to Burke Avenue not over 25 ft. in width, where shown; that the building extension now proposed shall be used for the purposes proposed as a lubritorium in connection with the gasoline service station; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

408-44-BZ—Vol. III

APPLICANT—John F. Fitzsimons, for Estate of George H. Storm (A. Gordon Smith, trustee) and Florence F. Storm, owners.

SUBJECT—Application reopened November 15, 1955 as Vol. III—re (decision of the borough superintendent)

MINUTES

under sections 7c and 21 of the zoning resolution, to permit in a residence use district, the change of occupancy from a garage for more than 5 motor vehicles, office, accessory room, loading and storage to garage for more than 5 motor vehicles, offices; access rooms, loading and storage.

PREMISES AFFECTED—525-533 East 71st street, north side, 113 ft. 8¾ in. west of Franklin D. Roosevelt drive and 524-528 East 72nd street, south side, 131 ft. 11⅞ in. west of Franklin D. Roosevelt drive, Block 1483, Lot 33, Borough of Manhattan.

APPEARANCES—

For Applicant: John F. Fitzsimons and Andrew Douglass Walker.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution Amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly.. 4
Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on November 15, 1955 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on May 1, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the borough superintendent, dated September 20, 1955 acting on Alt. Applic. 1153-55, reads:

"1. Proposed change in use from Garage for more than five motor vehicles, offices, manufacturing, storage and shipping to garage for more than five motor vehicles, offices, access rooms, loading and storage in a residence use district is contrary to Art. II, Sec. 3, of Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 125 ft. frontage by 204½ ft. in depth, on which is located a class 1 construction fireproof building, 5 stories in height on East 71st street and 4 stories high on East 72nd street, occupied as a storage and shipping garage, office and manufacturing; that it is proposed to enlarge the door opening on the street floor of the 72nd street entrance; and

WHEREAS, the applicant states that this building was erected prior to zoning; that subsequently the 71st street frontage was placed in an unrestricted use district and the 72nd street frontage in a residence use district; that the present zoning is entirely residence use; and

WHEREAS, the applicant states that this is an application for a variation of the zoning resolution so as to permit a building erected as a garage in 1914 and now in a residence use district to be used as a storage warehouse and to permit certain structural changes in connection with the proposed use; and

WHEREAS, the applicant contends that the premises has been the subject of previous applications before the Board under Cal. No. 408-44-BZ Vols. 1 and 2, permitting temporary uses other than the garage use; that the Lincoln Storage warehouse proposes to occupy the entire building for its purposes; that as a result of negotiations with the FBI the premises presently occupied by the Lincoln warehouse corporation at 1195 Third avenue is being taken over by the FBI for its own uses; that the structural alterations involved concern only the enlargement of the door opening on the street floor of the 72nd street entrance; that it is felt that neither the proposed use nor the structural alterations involved will adversely affect the character of the neighborhood in which there are many other non-conforming uses; that on the basis of the foregoing, it is requested that this application be granted for a period of 21 years; and

WHEREAS, the applicant states that the present owner has held title to the property since June 2, 1955; that the assessed valuation of land is \$160,000 and of the building \$225,000 making a total of \$385,000; that the building was erected in October, 1914.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on July 25, 1944, under

Vol. I, as thereafter amended by resolutions adopted through October 25, 1949, and the resolution adopted by the Board under Vol. II on October 24, 1950, by adding thereto:

"that in the event the owner desires to discontinue the garage use and all other uses previously permitted for the building by the Board for the term of the lease with the Lincoln Warehouse Corporation, which will expire June 30, 1976, and to occupy the building as a storage warehouse and for use in part for the storage of trucks used in connection with such warehouse, such change of use may be permitted, substantially as proposed and indicated on plans filed with this application, marked "Received October 18, 1955", 19 sheets, on condition that the building shall not be increased in height or area; that such minor changes to doorways as proposed may be permitted; that such portable fire-fighting equipment shall be maintained as the fire commissioner shall direct; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable to the building at the time it was erected prior to the area being zoned for residence use; and that all permits required, including a new certificate of occupancy shall be obtained and all work completed within six months from the date of this amended resolution."

231-48-BZ—Vol. II

APPLICANT—William B. Lichtner, for Elias and Stella Horowitz, new owners.

SUBJECT—Application reopened November 9, 1955 as Vol. II—re (decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a residence use, G-1 area district the erection of a building encroaching on the required front yard.

PREMISES AFFECTED—745 Cornaga avenue and 747 Annapolis street, southeast corner, Block 65, Lot 3, Far Rockaway, Borough of Queens.

APPEARANCES—

For Applicant: William B. Lichtner and Stella Horowitz.
For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the district maps accompanying the zoning resolution show that the site, Cornaga avenue and Annapolis street are in a residence use, G-1 area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated October 11, 1955 acting on N.B. Applic. 2998-47, reads:

"1. Since the size & location of this amended building differs from that approved by the B. S. & A. under Cal. 231/48 BZ on June 1, 1949, & as submitted, this building encroaches on the required front yard (Art. 4 Sec. 16C(b)). This amendment must be submitted to the B.S. & A. for its consideration."

and

WHEREAS, the applicant states that the premises consists of a plot, 155.30 ft. frontage by 49.67 ft. in depth, at present vacant; that it is proposed to erect a class 4, one story and cellar frame structure, 65 ft. front by 25.83 ft. in depth, to be occupied as a one family residence, with a one car garage at rear; and

WHEREAS, the Board on June 1, 1949 granted a variance of the E area district regulations so as to permit a proposed dwelling to be erected 1 ft. 6 in. back of the Cornaga avenue widening line for a width of 70 ft. and within 3 ft. of the proposed widening line of Annapolis street in lieu of the 10 ft. setback thus required; that the premises are now in a G-1 area district which requires a 15 ft. setback

MINUTES

from the lines of the mapped street widening; that the applicant, representing a new owner, now requests that the Board permit the change in size and location of the proposed dwelling as indicated on revised plans filed with the above request; that revised plans show the dwelling now proposed to be set back 4.07 ft. from Cornaga avenue widening line for a total distance of 39 ft. 3 in. and set back an additional 2 ft. for a total distance of 26 ft. (except for entrance steps) and provides for a yard along the southeasterly lot line of 5 ft., except for projecting chimney breast of approximately 2 ft., and for a 22 ft. unoccupied yard along the southwesterly lot line in lieu of the 4 ft. and 3 ft. respectively previously provided; and

WHEREAS, the applicant contends that during the week of August 15, 1955 the owners purchased premises known as 745 Cornaga avenue; that at the time of purchase it was known that permission to build a building on that site was granted under Cal. No. 231-48-BZ and further extended in time to the current date; that request was made to alter the plans to a building smaller in size and more conforming to the zoning resolution than what was originally approved; that the construction of this house on this site can only improve an eyesore in an otherwise newly developed area; and

WHEREAS, the applicant states that the present owner has held title to the property since August 15, 1955 and that the assessed valuation of land is \$1,300; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 1, 1949, under Vol. I as thereafter amended by resolutions adopted through October 13, 1954, by adding thereto:

"that in the event the new owner desires to construct a smaller house of the design and area as shown on revised plans, marked "Received September 22, 1955", 5 sheets, "December 21, 1955", 1 sheet and "April 17, 1956", 1 sheet, the variance previously permitted may be affirmed as applying to the house and garage and the unbuilt upon space, as now proposed and shown on such plans *on condition* that the front of the proposed building shall be substantially in line with the adjoining building on lot 1; that the requirements of the resolution above cited shall be complied with where not inconsistent with this amended resolution and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution."

463-50-BZ—Vol. II

APPLICANT—Patrick D. Concagh, for Patrick Filomio, owner.

SUBJECT—Application reopened June 1, 1955 as Vol. II—re (decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a business use district, the proposed erection and maintenance of an auto laundry.

PREMISES AFFECTED—3221-3225 Boston road and 3250-3254 Laconia avenue, northeast corner, Block 4614, Lot 22, Borough of The Bronx.

APPEARANCES—

For Applicant: P. D. Concagh.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Conolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on June 1, 1955 subject to regular procedure, to consider new proposal; and

WHEREAS, a public hearing was held on this application

on March 13, 1956 after due notice by publication in the Bulletin; laid over to April 24, 1956, for inspection and decision; hearing closed; applicant to file more complete plan showing exact location of auto laundry, more adequate reservoir space for incoming and outgoing cars, etc., then to May 1, 1956, for applicant to file revised plan showing a more workable operation for the car washing; premises inspected and hearing previously closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Laconia avenue and Boston road are in a business use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated April 18, 1955 acting on N.B. Applic. 654-55, reads:

"1. Proposed erection of an auto laundry on a lot located in a business use district is contrary to Art. 2, Sec. 4a, 52 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 133.67 ft. frontage by 49.37 ft. and 48.12 ft. in depth, irregular, presently used for parking and a used car lot; that it is proposed to erect and maintain an auto laundry 70 ft. front, 26.8 ft. in depth, 14 ft. in height; and

WHEREAS, the applicant states that violation No. 1247-1953 was issued for occupying premises as a used car and parking lot and that the owner was fined \$10 on March 8, 1955 in Municipal term, Magistrate's court; that an application for an approval of this plot for a gasoline service station and conjunctive uses was filed with the Board under Cal. No. 463-50-BZ and was denied on February 6, 1951; that the use, area and height designations have not been changed since 1916; that it is proposed to construct a one story structure on the site which will be devoted exclusively to the washing of cars; that sufficient open space will be provided so as to permit maximum freedom of exit and entrance of cars using the facilities; that there will be no interference with the normal flow of traffic along Boston road; that the present use of used car lot and parking will be discontinued; and

WHEREAS, the applicant contends that due to heavy automobile traffic on Boston road, there are a number of gas stations concentrated in this area; that this is especially true at and near the Gun Hill road intersection, a short distance from the subject site; that most of these stations maintain car washing service as incidental to the principal business of selling gasoline and often there are long waits at these stations by owners desirous of having their cars washed while other cars are being serviced at the gasoline pumps; that the owner of the subject plot has realized for some time the need in this neighborhood for an auto laundry devoted exclusively to washing purposes; that the peculiar shape of this plot and the general character of the neighborhood prevent its use for a conforming purpose; that the neighborhood is such that there can be no valid objection to the proposed use; that directly opposite the site on Laconia avenue, the property is used for the storage of contracting equipment, and on the same block as the site, on lots 30, 50, 53 and 56, the Bronx Gas and Electric company maintains its power station and transformers, while adjoining that location, on lots 38 and 45, there is a lumber yard and sheds; that the rest of the block is vacant, except for lot 65; and

WHEREAS, the applicant states that the present owner has held title to the property since March 8, 1938; that the assessed valuation of land is \$11,000 and of the building \$300 (shed) making a total of \$11,300; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the applicant has filed revised plans reducing the length of the building and its location in order to facilitate the entrance and exit of cars; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c for a term of

MINUTES

fifteen years, to permit the premises to be occupied substantially as proposed as a mechanical car washing laundry, as shown on plans filed with this application, marked "Received May 4, 1955", 3 sheets and "January 26, 1956", 2 sheets and revised plans marked "Received April 27, 1956", 1 sheet, on condition that all buildings, structures and uses shall be removed and the premises shall be leveled substantially to the grade of the abutting streets and constructed and arranged as indicated on such plans, except that the size and location of the building shall be as indicated on revised plans marked "Received April 27, 1956", and except that the most northerly curb cut shown on Laconia avenue shall not be constructed; that on the lot line to the north from the laundry building to the rear lot line on Laconia avenue there shall be erected a woven wire fence of the chain link type, not less than 5 ft. 6 in. in height with no openings therein; that along the street building line of Boston road there shall be erected a similar woven wire fence with suitable terminating posts, erected where shown, for a distance of approximately 80 feet; that curb cuts shall be restricted to two 20 ft. cuts on Boston road, located where shown, and one of similar width to Laconia avenue on the north side within the first 25 feet from the intersection; that no portion of any curb cut shall be nearer than 5 feet to a side lot line as prolonged; that there shall be no cellar in the proposed laundry building; that such portable fire fighting appliances shall be installed as the fire commissioner shall direct; that where not occupied by laundry building, the plot shall be surfaced with concrete or asphalt; that signs shall be restricted to a permanent sign attached to the facade of the laundry building facing Boston road; that there shall be no roof signs or temporary signs; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

21-52-BZ—Vol. II

APPLICANT—Paul Friedman, for Minnie Berkowitz, owner.

SUBJECT—Application reopened November 9, 1955 as Vol. II—re (decision of the borough superintendent) under sections 7f, 7e and 7i of the zoning resolution, to permit in a business and residence use district, the erection and maintenance of a gasoline service station, lubritorium, minor repairs (hand tools only), auto laundry (non-automatic), office, storage and sales of auto accessories, parking for more than 5 cars waiting to be serviced, for a term of 15 years.

PREMISES AFFECTED—379-389 Kings highway and 1753-1763 West 3rd street, northeast corner, Block 6654, Lots 27, 39 and 40, Borough of Brooklyn.

APPEARANCES—

For Applicant: Paul Friedman and Minnie Berkowitz.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 3

Negative: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on November 9, 1955, subject to regular procedure; and

WHEREAS, a public hearing was held on this application on February 7, 1956; laid over to March 6, 1956, for inspection and decision; hearing closed; then laid over, date to be set, pending decision by the Court in matter of Cal. No. 561-40-BZ; then set for May 1, 1956; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and West 3rd street are in business and residence use, C area and Class 1 height districts; Kings Highway is in a business use, C area, Class 1 height district; and

WHEREAS, the decision of the borough superintendent,

dated September 12, 1955, acting on N.B. App. 2004/55 reads:

"1. Proposed building and premises on a lot partly in a Business zone and partly in a residence zone, to be used for gasoline service station, lubritorium, minor repairs (hand tools only) auto laundry (non-automatic) office, storage and sales of auto accessories, Parking for more than five cars waiting to be serviced, is contrary to Article II, Par. 3 and Article II, Para. 4-A, subsections 29 & 46 of the Zoning Resolution."

and

WHEREAS, the applicant states the premises consist of a plot 104 ft. 6 in. front by 101.10 ft. in depth, which is presently vacant; that it is proposed to erect and maintain for a term of 15 years, entirely within the business portion of plot, a modern parkway type gasoline service station, lubritorium, minor repairs (hand tools only), auto laundry (non-automatic), office, storage and sales of auto accessories, and parking of more than five cars waiting to be serviced, all in accordance with plans of proposed conditions filed herewith; and

WHEREAS, the applicant contends that the subject site is presently zoned as Class 1 height, C area district; the portion within 100 feet of Kings Highway is zoned as business and the remainder as residence; these designations have not been changed since July 25, 1916 and no zoning amendment relating thereto is pending; that the site is a corner plot with a frontage of 104 ft. 6 in. on Kings Highway and a frontage of 101 ft. 10 in. on West 3rd street, which is vacant except for a billboard sign erected prior to the date of acquisition of title by the owner; that the records of the Department of Buildings fail to disclose any permit for said sign which it is proposed to remove; and

WHEREAS, the applicant further contends that the differences between the present and prior applications are:

(1) The size of presently proposed building is substantially smaller; the previous application proposed a 4-bay service station building, 76 ft. front by 35 ft. in depth, or 2660 sq. ft. in area; present application proposes a 3-bay building 60 by 30 by 31 feet in depth or 1820 sq. ft. in area, a reduction of 840 sq. ft. or approximately 31.5% in the area of the building; that the architecture of presently proposed building is more attractive; the previous application proposed a standard type flat roofed building; present application proposes a peaked roof, parkway type station of attractive architectural design; that the area of the proposed gasoline station is substantially reduced; the previous application proposed use of entire site for service station area; the instant application proposes to confine the use to the business use portion of plot and to fence off and landscape a 25 ft. wide strip between the rear of proposed building and adjoining premises, creating in effect a separate lot which is to remain unbuilt upon; that the fencing and landscaping of present application are more attractive and are better buffers; the previous application proposed a 5' 6" high woven wire fence along the northerly and easterly lot lines and made no provisions for landscaping and planted areas; the instant application proposes the erection of a 5' 6" high solid brick wall extending from the unpierced rear wall of proposed building to the West 3rd street frontage and the easterly lot line. It also proposes a 5' 6" high woven wire fence enclosing the area to the rear of proposed building to the north lot line and to seed and landscape this entire enclosed portion, thus providing a buffer of 200 sq. ft. of landscaped area between proposed building and adjoining premises, with no entrances thereto, except for a 3 ft. wide gate to permit access for maintenance of this landscaped area; that it is also proposed to erect a 5 ft. 6 in. high solid brick fence wall along the West 3rd street frontage extending from the brick wall at the rear line of the proposed building to within 30 ft. of the Kings highway intersection; that a similar 5 ft. 6 in. brick fence wall will be erected along the easterly lot line between walls of the existing adjoining buildings; that the proposed curb cut on West 3rd street is reduced in size and no violation under section 7A is now required with respect

MINUTES

thereto; that the pervious application proposed a 30 ft. curb cut along the West 3rd street frontage in violation of section 7A, but the instant application proposes a 25 ft. curb cut on West 3rd street, which conforms with section 7A; that the proposed use no longer includes storage of motor vehicles whereas the previous application proposed parking and storage of motor vehicles; that the instant application proposes only the parking of more than 5 cars awaiting service; that subsequent to the previous denial, new and diligent efforts have been made to sell or lease the property for a conforming use, but that such efforts have been in vain; and

WHEREAS, the applicant further contends that there is no economic demand for the use of the subject premises for development with a use permissible in a business use district, such as stores, factories or residences but there is an economic demand for the use of the premises as a gas station; that the property is located at the intersection of Kings highway and West 3rd street; that Kings highway is a heavily travelled thoroughfare which sustains a substantial volume of transient traffic, so that an attractive gasoline station could be constructed at a substantial capital investment and would yield a reasonable return; that the proposed gas station will not adversely affect the surrounding area but will be in harmony with nearby non-conforming automotive uses as follows: block 6653, lot 27—gas station granted on June 7, 1955 under Cal. No. 561-40-BZ—Vol. II; block 6653, lot 33—gas station established prior to 1925, reconstruction and extension of use granted by the Board under Cal. No. 264-32-BZ—Vol. II on September 29, 1942; block 6678, lot 65—automobile repair shop; that Kings highway within the immediate area is zoned as business use and is developed with stores and residences; which stores amply satisfy the shopping needs of nearby residents; that the nearby residences are sufficiently remote from the subject premises so as not to be adversely affected; that the adjoining premises on West 3rd street is a two story residence with no window openings on its southerly lot line and the proposed fencing and landscaping arrangement will adequately safeguard nearby properties on West 3rd street; that it is proposed to erect an accessory building, with an unpierced rear wall, set back 25 ft. from the adjoining property and to erect a brick fence wall 5 ft. 6 in. in height extending from the rear wall of the proposed building to the lot lines, and to enclose the intervening area with a 5 ft. 6 in. high woven wire fence, creating in effect a 25 ft. by 100 ft. tax lot which will be seeded and landscaped and which will remain unbuilt upon; that it is also proposed to erect a 5 ft. 6 in. high brick fence wall along the West 3rd street frontage extending from the rear wall of the proposed building to within 30 ft. of the intersection of Kings highway; that the proposed gas station, limited to one story, 13 ft. in height and occupying an area of only 1,820 sq. ft., would provide more light and ventilation to nearby property owners than if a conforming use structure were erected; that the proposed service station building set back approximately 60 ft. from the Kings highway building line and 20 ft. from the West 3rd street building line will enhance traffic safety by providing clear visibility at the corner, whereas a conforming use structure built flush to the Kings highway and West 3rd street building lines would endanger public safety by creating a blind intersection; and

WHEREAS, the applicant states that the present owner has held title to the property since November 9, 1951 and that the assessed valuation of land is \$21,700; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and decision was postponed pending the determination by the court on a similar application involving property across the street, granted by the Board under Cal. 561-40-BZ, which decision has now been upheld by the court; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f, e and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use dis-

trict regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f and 7e for a term of fifteen years, to permit the premises to be occupied as a gasoline service station and accessory uses, substantially as proposed and as indicated on plans filed with this application, marked "Received September 27, 1955", 3 sheets and "January 24, 1956", 1 sheet, *on condition* that all buildings and uses on the premises shall be removed and the premises graded substantially to the grades of Kings Highway and West 3rd street; that the premises shall be arranged and constructed substantially as indicated on such plans; that the accessory building shall be face brick on all sides, have no cellar and be designed, arranged and located as shown on such plans; that across the rear of the lot for a space of 25 feet there shall be a planted area as proposed with a woven wire fence not less than 5 ft. 6 in. in height along the rear lot line and side lot line of West 3rd street and the interior lot lines to the east; that the rear wall of the accessory building shall be extended by brick walls not less than 5 ft. 6 in. high to the side lot line to the east and the building line of West 3rd street to the west with a 3 ft. access gate at West 3rd street; that a similar wall shall be continued along the street line of West 3rd street from such wall for a distance of approximately 45 feet; that such wall may be reduced to a height of 4 feet within 10 feet of its termination; that at the termination of the wall there shall be erected a suitable masonry post; that along the easterly lot line where walls of adjoining buildings do not occur, there shall be a similar brick wall of similar height; that planting areas shall be maintained where indicated, with suitable planting material, protected by a concrete curb not less than 8 in. in height and 6 in. in width; that pumps shall be of a low, approved type and located facing Kings Highway, where shown, and erected not nearer than 15 feet to the Kings Highway building line; that gasoline storage tanks shall not exceed ten approved 550 gallon tanks; that the balance of the premises where not occupied by accessory building, landscaping and pumps, shall be surfaced with asphalt or concrete; that curb cuts shall be restricted to two on Kings Highway, each 30 ft. in width, located where shown, and one permitted under section 7A to West 3rd street, not over 25 ft. in width; that no curb cut shall be nearer than 5 ft. to any lot line as prolonged; that such portable fire-fighting appliances shall be maintained as the fire commissioner shall direct; that sidewalks and curbing abutting the premises shall be repaired or reconstructed to the satisfaction of the Borough President; that signs shall be restricted to permanent signs attached to the accessory building and the illuminated globes of the pumps, excluding all roof signs and temporary signs, but permitting the erection within the intersection of a post standard for supporting a sign which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend at right angles to the Kings Highway building line for a distance of not over 4 feet; that at such intersection there shall be erected a block of concrete not less than 12 in. in height, extending for 5 feet in either direction from the intersection; that under section 7i for a similar term there may be minor repairs with hand tools only, for adjustments, maintained within the accessory building; that the portion of the premises located in the residence district and not proposed to be used in connection with the gasoline station, as shown on such plans, may be permitted as a portion of the total plot for a similar term under section 7e; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

260-55-BZ

APPLICANT—Abraham Grossman, for Leonard J. Swanson, owner.

SUBJECT—Application March 30, 1955—re (decision of the borough superintendent) under sections 7e and 21 of the zoning resolution, to permit in a residence use district, the change in occupancy from 4 car private garage on

MINUTES

first floor to plumbing shop, office and private garage for 2 cars.

PREMISES AFFECTED—37-39 Perry street, north side, 215 ft. 4 in. west of Waverly place, Block 613, Lot 38, Borough of Manhattan.

APPEARANCES—

For Applicant: None.

For Opposition: Elsa Steinert and J. G. Molloy.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 3

Negative: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on January 31, 1956 after due notice by publication in the Bulletin; laid over to March 6, 1956, for inspection and decision; hearing closed; then to April 17, 1956, for inspection and decision; then to May 1, 1956, for further consideration and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, C area, class 1¼ height district; Perry street and Waverly place are in residence and retail use, C area, class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated March 10, 1955 acting on Alt. Applic. 202-55, reads:

"A1. Proposed business (Plumbing Shop) at the 1st Sty. is contrary to Art. II Sec. 3 of the Zoning Resolution. Note: Residence District."

and

WHEREAS, the applicant states that the premises consist of a plot, 34 ft. frontage by 74 ft. in depth, on which is located a four story and cellar structure, 34 ft. in width, 59 ft. in depth on 1st floor and 44 ft. in depth on the upper floors; that Alt. Applic. No. 2253 of 1924 and Certificate of Occupancy No. 8829 of 1924 specify the use as follows: cellar, storage; 1st floor, private garage, 4 autos; 2-3rd floors, one family on each floor; 4th floor, studio apartment; that this alteration application was approved under Cal. No. 802-23-A; that the conditions of approval were the fireproofing of the 1st floor construction, erection of a fire escape on the rear of building leading to the yard, a fireproof passage to street and the fire retarding of the 1st floor ceiling; that all conditions were complied with at the time certificate of occupancy was issued; that it is proposed to permit existing uses to remain including plumbing shop on first floor in lieu of four-car garage; and

WHEREAS, the applicant states that on July 12, 1945 the City planning commission amended the area and height requirements by changing the area district from a B to a C district and from a 1½ to 1¼ height district; and

WHEREAS, the applicant contends that the present owner purchased the property on January 2, 1952 for the purpose of creating a small office on the front of the 1st floor and to utilize the rear portion of this floor for storage in connection with his plumbing business; that the capacity of the existing garage was reduced to two cars; that unfortunately the present owner was not aware of the zoning restrictions and upon purchase of this building made improvements and changes to the extent of \$13,500; that the entire 1st floor has been used since 1914 as a private garage for the storage of 4 commercial cars and trucks; that an inspection of the street discloses businesses as follows: at No. 31, a storage warehouse and moving concern; No. 43, private garage; No. 41, two stores; store at No. 17; stores on the corner of West 4th street and a gas station on the corner of Waverly place; that the present owner, in altering the garage, improved conditions by eliminating the storage of commercial trucks and substituting therefor pleasure cars; that the number of cars to be stored were reduced from 4 to 2; that a financial hardship would result were the business to be discontinued and it is therefore requested that the Board grant a variance for a term of 15 years to

permit the office and storage to be continued as now conducted; and

WHEREAS, the applicant further contends that the apartment on the 3rd floor is contrary to the approval of Cal. No. 802-23-A approved on February 19, 1924; that the Tenement House department, after 1929, reclassified the structure as a heretofore converted multiple dwelling, permitting three families under section 170 of the multiple dwelling law; that the department of buildings will not agree to give an objection, as under section 170 of the multiple dwelling law, this condition became legal; and

WHEREAS, the applicant states that the present owner has held title to the property since January 1, 1952; that the assessed valuation of land is \$20,500 and of the building \$13,500 making a total of \$34,000; that the building was erected approximately 1880; and

WHEREAS, the record is as follows: under Cal. No. 802-23-A, discontinue use of 4th story for dwelling purposes as per Sect. 154, Chap. 10, Code of Ordinances; Dept of Buildings record: Viol. 44-54 dated June 4, 1954—occupying 1st floor for business purposes (plumbing shop) & displaying sign reading "Leonard J. Swanson—Plumbing".

and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7 e for a term of two years to permit the continuance of the occupancy of the first floor as a plumbing shop, as now existing, *on condition* that the conditions now existing shall not be changed; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that no signs shall be erected other than those now existing on the premises, as indicated on plans filed with this application marked "Received March 30, 1955" (7 sheets) and "January 24, 1956" (one sheet); and that all permits shall be obtained and all work completed and a Certificate of Occupancy obtained within six months from the date of this resolution.

291-55-BZ

APPLICANT—Herman Kron, for L. B. Oil Co. Inc., owner.

SUBJECT—Application April 13, 1955—re (decision of the borough superintendent) under section 7c of the zoning resolution, to permit partly in an unrestricted and partly in a business use district, the erection and maintenance of a storage garage for more than 5 motor vehicles, auto repairs, and gasoline service station.

PREMISES AFFECTED—335-343 Bowery and 2-4 East 3rd street, southeast corner, Block 458, Lot 6, Borough of Manhattan.

APPEARANCES—

For Applicant: Herman Kron.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 6, 1956 after due notice by publication in the Bulletin; laid over to April 24, 1956, for inspection and decision; hearing closed; then to May 1, 1956, for applicant to file revised plans rearranging the gasoline pumps 15 feet from the street building line; and

MINUTES

WHEREAS, the district maps accompanying the zoning resolution show that the site and East 3rd street are in business and unrestricted use, B area, class 2 height districts; Bowery is in an unrestricted use, B area, class 2 height district; and

WHEREAS, the decision of the borough superintendent, dated April 12, 1955 acting on amendment to N.B. Applic. 42-55, reads:

"1. A storage garage for more than 5 motor vehicles, motor vehicle repair shop & gasoline service station, located partly in an unrestricted use district and partially within a Business Use District, is contrary to Sect. 4 subd. (15) (29) & (46), Art II, Zoning Resolution.

2. D.C. of 35'-0" is excessive as per Rules & Regulations of Dept. of Buildings.

3. Gas pumps must be at least 10'-0" back of building line as per rules & regulations of Dept. of Buildings."

and

WHEREAS, the applicant states that the premises consist of a plot, 102 ft. 8½ in. frontage by 139 ft. 7¾ in. in depth, on which is located a building previously occupied by the Drydock Savings Bank; that it is proposed to demolish present building to the ground and erect a fireproof, class 1 garage building consisting of cellar, 1st floor and roof deck, such floors to be connected with ramps; that it also proposed to use partly the front of Bowery as a gas station, auto repairs and storage of trucks and pleasure cars; that it is further proposed to install ten 550 gallon gas tanks, one 550 gallon fuel oil tank and one 550 gallon waste oil tank; that the facade of the building on both streets will be finished in face brick and parapet on roof will be 5 ft. in height; and

WHEREAS, the applicant states that the owner is willing to surround the premises with such safeguards as the Board may deem fit; and

WHEREAS, the applicant states that the present owner has held title to the property since November 3, 1954 and that the assessed valuation of land is \$175,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which noted that the greater part of the premises is in the unrestricted district and only a relatively small portion is in the business district and recommended the application be granted to extend the use into the business district; and

WHEREAS, the board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c, to permit the extension of the proposed use as a garage into the more restricted district, substantially as proposed and as indicated on plans filed with this application, marked "Received April 13, 1955", 1 sheet, "June 7, 1955", 4 sheets, "February 27, 1956", 1 sheet, "April 27, 1956", 1 revised plan, *on condition* that there shall be no cellar in the building; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that pumps shall be relocated as indicated on revised plan marked "Received April 27, 1956", that such fire-fighting equipment shall be installed as the fire commissioner shall direct; and that all permits required, including a certificate of occupancy shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

395-55-BZ

APPLICANT—Vincent J. Tortorelli, for Edward Veldorano, owner.

SUBJECT—Application May 18, 1955—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the parking of more than 5 motor vehicles.

PREMISES AFFECTED—329-331 East 150th street, north

side, 200 ft. west of Courtlandt avenue, Block 2410, Lot 56, Borough of The Bronx.

APPEARANCES—

For Applicant: Vincent J. Tortorelli.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Con-
nolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 3, 1956 after due notice by publication in the Bulletin; laid over to May 1, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, B area, class 1½ height district; East 150th street is in residence and retail use, B area, class 1½ height districts; Courtlandt avenue is in business and retail use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated May 2, 1955 acting on Alt. Applic. 359-55, reads:

"1. In a Residence use district the proposed Parking Lot for more than 5 motor vehicles is contrary to Art. II Sect. 3 of the Zon. Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 50 ft. frontage by 118 ft. 5 in. in depth, now vacant; that it is proposed to occupy the premises as a parking lot for more than 5 motor vehicles; and

WHEREAS, the applicant further states that the existing residence and six 1-car metal garages have been demolished and the land is now vacant; that the demolished house and a one car garage were originally built years ago (date unknown) and on February 2, 1922 approval was granted for the erection of 5 additional one car garages to be constructed, entirely of metal; that the 6 garages have been in continuous use until the building and garages were demolished recently (1953) in order that the owner would eventually use the plot for the parking of motor vehicles; and

WHEREAS, the applicant contends that there is a critical parking problem in this area at present and in view of the fact that the opposite side of the street is now zoned for parking (business district—there is a huge parking lot across the street), and the fact that the street is so run down that the return on a financial investment for a multiple dwelling is questionable, plus the fact that 6 cars have been parked there continuously since 1922, it is submitted that the only use to which this land can be put at this time is as a parking lot for more than 5 motor vehicles; that the site was changed from business to residence July 31, 1947; and

WHEREAS, the applicant states that the present owner has held title to the property since 1922 and that the assessed valuation of land is \$9,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years to permit the premises to be occupied as proposed for parking and storage of motor vehicles *on condition* that such motor vehicles shall be of the pleasure car type only; that the plot shall be levelled substantially to the grade of 150th Street; that the premises shall be sur-

MINUTES

faced with clean gravel or steam cinders and treated with a binder and properly rolled, as indicated on plans filed with this application marked "Received May 18, 1955" (3 sheets) and "March 7, 1956" (1 sheet); that there shall be erected on all lot lines a woven wire fence of the chain link type not less than five feet six inches in height with no openings therein except along the street building line where there may be an opening not over ten feet in width; that such opening shall be fitted with gates and shall be normally kept closed when the parking lot is not being used; that opposite such gate there may be a curb cut of similar width; that during the term of this variance the premises shall be occupied for no other use and no building shall be erected thereon; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that signs shall be restricted to one sign attached to the fence near the entrance not extending beyond the building line and not illuminated and not exceeding ten square feet in area advertising the parking and storage use and the rates charged and such other information as may be required by the Commissioner of Licences; and that all permits, including a Certificate of Occupancy, shall be obtained and all work completed within six months from the date of this resolution.

417-55-BZ

APPLICANT—Lama, Proskauer and Prober, for Lucky Star Realty Corp., owner.

SUBJECT—Application May 23, 1955—(decision of the borough superintendent) under sections 7e and 7h of the zoning resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubritorium, auto laundry, office, auto repair shop, restaurant and kitchen, and parking for more than 5 cars.

PREMISES AFFECTED—183-02 to 183-20 (183-10 Official) South Conduit avenue, 144-01 to 144-13 183rd street, southeast corner and 144-02 to 144-18 184th street, southwest corner of South Conduit avenue, Block 13326, Lot 16, Springfield Gardens, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: Mary Courtemanche, Edward J. Six, Sol Porletto, Herbert G. Arnold and Edward Hoffman, Dept. of Parks.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioner Kleinert.

Commissioner Keating and Deputy Chief Connolly.. 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 3, 1956 after due notice by publication in the Bulletin; laid over to May 1, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, South Conduit avenue, 183rd street and 184th street are in a residence use, E-1 area, class ½ height district; and

WHEREAS, the decision of the borough superintendent, dated April 28, 1955 acting on N.B. Applic. 1406-54, reads:

"1. Proposed erection of business & ground signs, and the erection of a building within a Residential Use District for a Gasoline Service Station, Lubritorium, Auto Laundry, Office, Auto Repair Shop, Restaurant & kitchen purposes, and parking of more than 5 motor vehicles is contrary to Art. II Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 202.51 ft. frontage by 154.45 ft. and 186.80 ft. in depth, vacant at present; that it is proposed to erect a service center which will consist of a restaurant with outdoor restaurant service, a gasoline service station and a motor vehicle service consisting of office, lubritorium, repair shop

for minor auto repairs and car washing; that the accessory building to contain these uses will be highly modern in design, one story in height, of class 3 construction, having an irregular frontage of 148 ft. and a depth of 42 ft.; that the gas station proper will consist of ten 550 gallon gasoline storage tanks and 9 dispensing pumps; and

WHEREAS, the applicant states that the use district maps show that the premises in question are located in a residence use district, class E-1 area district and class ½ height district; that as of July 25, 1916 the site was in an unrestricted use district, class D area district and class 1 height district; that the present use district became effective June 25, 1937; that the present height district became effective November 28, 1938; that the site was placed in an F area district on November 28, 1938 and changed to its present area classification on June 30, 1952; and

WHEREAS, the applicant contends that inasmuch as the site occurs on the main auto lane leading from Brooklyn to Queens, Long Island and all of the main beaches on Long Island, the restaurant and gas station are proper at this point and a necessity to motor vehicle travel; that the highly modern design of the building will do much towards enhancing the appearance of the entire area and be in keeping with the parkway system; that the maintenance of the parking area on the site itself will take care of any traffic problem that could develop due to the nature of the business; that part of the site has been in the same ownership since 1942 with no possible chance of developing along residential lines, as a residence along this busy parkway with its attendant noise, fumes and traffic is not conducive to residence use; that the proposed landscaping of the site along 183rd street and 184th street building lines will maintain the residential aspect of these streets; and

WHEREAS, the applicant states that the present owner has held title to parcel A since April 29, 1942; parcel B, August 26, 1952 and to parcel C since December 3, 1953; that the assessed valuation of land is \$4,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e and h of the zoning resolution; and

Resolved, that the decision of the borough superintendent, acting on N.B. App. 1406, Objection No. One be and it hereby is affirmed and that the application be and it hereby is denied.

441-55-BZ

APPLICANT—Hurley, Kearney, Lane and Mattison, for St. Joseph's Hospital, owner.

SUBJECT—Application June 2, 1955—re (decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the use of premises as a parking lot.

PREMISES AFFECTED—330 Beach 19th street, east side, 49.27 ft. south of Brookhaven avenue, Block 131, Lot 34, Far Rockaway, Borough of Queens.

APPEARANCES—

For Applicant: R. S. Hardy.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 3, 1956 after due notice by publication in the Bulletin; laid over to May 1, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Beach 19th street, and Brook-

MINUTES

haven avenue are in a residence use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated May 3, 1955 acting on Alt. Applic. 982-55, reads:

"1. The use of the premises as a parking space for St. Joseph's Hospital, said parking space being on a different lot than the hospital, in a Residence Use District is contrary to Art. II, Sec. 3 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 200 ft. frontage by 256.30 ft. in depth, irregular, and presently vacant; that it is proposed to use premises as a parking lot; and

WHEREAS, the applicant states that the premises in question are located in a residence district; that if it were a part of the same lot in which the hospital is located, it might be used for the parking of motor vehicles as proposed without seeking permission of the Board, but because the property is located in another block, such use may not be deemed an accessory use to the hospital; that St. Joseph's Hospital is a voluntary non-profit making organization operated by the Sisters of St. Joseph under the general supervision of the Roman Catholic Diocese of Brooklyn; that it will accommodate slightly more than 200 patients; that at the present time the hospital does not have adequate space to permit the parking of cars belonging to the attendant physicians and to visitors of patients in the hospital, and in order to remedy this condition it seeks permission to use the premises under appeal for that purpose; and

WHEREAS, the applicant contends that the use of the property will be restricted solely to the parking of motor vehicles belonging to physicians, patients and visitors of the hospital and that no fee will be charged; that the property will be entirely enclosed with a fence and entrance thereto will be had by means of two gates leading to Beach 19th street; and

WHEREAS, the applicant states that the present owner has held title to the property since July 22, 1953 and that the assessed valuation of land is \$19,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years to permit the portion of the premises as proposed and as indicated on plans filed with this application marked "Received June 2, 1955" (3 sheets) and "April 2, 1956" (one sheet) on condition that the premises shall be levelled substantially to the grade of Beach 19th Street and shall be surfaced with clean gravel and treated with a binder and properly rolled; that along all lot lines of the portion of the total plot herein requested and permitted for parking there shall be erected a woven wire fence of the chain link type not less than 5 ft. 6 in. in height that suitable bumpers shall be maintained along the fences for protection thereto; that, in addition, the existing hedge shall be continued along the southerly lot line; that curb cuts shall be restricted to two curb cuts to Beach 19th Street not exceeding 20 ft. in width; that openings in the fence, opposite the curb cuts, shall be fitted with gates which normally shall be kept closed except when the parking lot is in operation; that, as proposed by the applicant, such parking lot may be used by physicians, nurses, employees, patrons of St. Joseph's Hospital and visitors only and after hours, they shall be provided with keys so that the gates can be locked after the cars are parked; that no unauthorized person shall be permitted to occupy such parking lot; that during the term of this variance the premises shall be occupied for no other use; that signs shall be restricted to a permanent sign attached to the fence along

Beach 19th Street at the entrance, advertising the private use of the premises and such other information as may be required by the Commissioner of Licenses; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained, including a certificate of occupancy, and all work completed within six months from the date of this resolution.

APPLICANT—Rudolph C. P. Boehler, for Webb and Knapp Inc., owner.

SUBJECT—Application June 17, 1955—re (decision of the borough superintendent) under sections 7e and 7h of the zoning resolution, to permit in a residence and local retail use district, a drive-in restaurant, kitchen service area, storage room and parking of more than 5 motor vehicles. PREMISES AFFECTED—80-11 Parsons boulevard, southeast corner of Union turnpike, Block 6853, Lot 20, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: William C. Boehler.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 28, 1956 after due notice by publication in the Bulletin; laid over to April 10, 1956, for inspection and decision; hearing closed; then to April 24, 1956, for applicant to file revised plans, showing portion of plot in residence district planted and arranged for protection of adjoining residential owners, with an alternate plan showing partial use and balance planted, with no curb cuts opposite the church; then to May 1, 1956, for applicant to file revised plans; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, 157th street and Parsons boulevard are in residence and local retail use, D area, class 1 height districts; Union turnpike is in a local retail use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated May 18, 1955 acting on N.B. Applic. 1706-55, reads:

"1. Proposed use of premises located partly in a residence and partly in a local retail district as a drive-in Restaurant, kitchen service area, storage room and parking of more than 5 motor vehicles is contrary to Article II, Section 3 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 169 ft. 6 in. frontage by 221 ft. 10¾ in. in depth, on which is located a nursery and landscape gardener's establishment; that it is proposed to erect and maintain a drive-in restaurant, kitchen service area, storage room and parking of more than 5 motor vehicles; building to be of class 3 construction, 44 ft. 11 in. front, 47 ft. 6 in. in depth, 13 ft. in height; and

WHEREAS, the applicant states that the building in question is a proposed one story drive-in restaurant to be erected on the plot on the southeast corner of Union turnpike and Parsons boulevard, facing 176.19 ft. on Parsons boulevard, 221.89 ft. on Union turnpike and 220.77 ft. on 159th street; that this plot is situated partly in a residence district and partly in a local retail district; that the part of the plot situated in the residence district is only ¼ of the total plot area; that up to May 5, 1947 the area now designated as a local retail district was classified as a business district; that no changes were made in the height and area district; and

WHEREAS, the applicant contends that the proposed drive-in restaurant is a one story brick and glass building enclosed on all four sides containing service area, coffee shop, kitchen, mens' and womens' toilets, helps' locker rooms and storage room, having a front of 47 ft. 6 in. and a depth of 44 ft. 11

MINUTES

in., and will be located about 30 ft. north of the rear lot line and approximately 80 ft. from Parsons boulevard and 159th street; that hedges and trees will be planted in flower beds along all three street fronts, along the rear lot line and around the building to create an attractive appearance; that the ground all around the building will receive a black asphalt pavement and driveways with proper curb cuts provided; that proper drainage will also be provided; that the cars coming to this drive-in restaurant will be parked during the time their occupants are dining or partaking in refreshments; that parking of cars is permissible in a local retail district exclusively for tenants, their employees, customers, patrons or visitors of the building to which they are pertinent; and

WHEREAS, the applicant states that the present owner has held title to the property since November 16, 1949; that the assessed valuation of land is \$50,000 and of the building \$35,000 making a total of \$85,000; and that the shack was erected in 1932 and the dwelling in 1938; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e, for a term of fifteen years, to permit the proposed use in the local retail district to be extended into the residence use district, substantially as proposed and indicated on plans filed with this application, marked "Received June 17, 1955", 4 sheets, "December 9, 1955", 1 sheet, "December 21, 1955", 1 sheet, and "April 25, 1956", 1 sheet, *on condition* that the premises shall be arranged and the building located as shown on such revised plan marked "Received April 25, 1956"; that planting areas shall be maintained with suitable planting of the width shown on plans; that proper curbing shall be maintained along such planting areas for protection thereof; that a plan showing the type and height of the planting material shall be submitted to the Board for further consideration within two weeks from the date of this resolution; that curb cuts shall be restricted to two on Union Turnpike, where shown, each 20 feet in width and one to 159th street within the first 100 feet from Union Turnpike; that the premises where not occupied by building and planting shall be paved with concrete or asphalt; that parking shall be exclusively for employees and patrons of the premises; that a door for removal of refuse from the restaurant shall be located not nearer than 50 feet to the adjoining residential lots 18 and 41; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

524-55-BZ

APPLICANT—Hal I. Mirowitz, for Michael Spinelli, owner.

SUBJECT—Application June 27, 1955—(decision of the borough superintendent) under section 7i of the zoning resolution, to permit in a business use district, the extension of an existing motor vehicle repair shop.

PREMISES AFFECTED—2894 Atlantic avenue, south side, 50 ft. 4 in. east of Jerome street, Block 3966, Lot 14, Borough of Brooklyn.

APPEARANCES—

For Applicant: Hal I. Mirowitz.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-

ert, Commissioner Keating 3

Negative 0

Absent: Deputy Chief Connolly 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 1, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a business use, C area, class 1 height district; Atlantic avenue is in business and unrestricted use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated June 7, 1955 acting on Alt. Applic. 3436-53, reads:

"1. In a business use district the proposed extension of the existing motor vehicle repair shop is contrary to Art. II Sec. 4(a) subdivision 29 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 25 ft. 2 in. frontage by 88 ft. 7 in. in depth, on which is located a two story brick building of class 3 construction, 25 ft. 2 in. front, 78 ft. 6½ in. in depth, 25 ft. 2 in. in height; that it is proposed to increase the width of the overhead door at the front and add additional storage space; and

WHEREAS, the applicant states that the property referred to is presently zoned as a business district, a class 1 height district and a C area district; that as of July 25, 1916 the property referred to was in an unrestricted district and the present use designation became effective on May 15, 1941; that the area and height designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant contends that the premises was originally developed with a two story brick, class 3 type of building, erected under N.B. 12287-28 for which certificate of occupancy No. 55469 was issued for the following occupancy: 1st floor, garage for 4 cars; 2nd floor, 2 families; that the present and existing occupancy was changed under O.H. 120-1951 and certificate of occupancy No. 100581 was issued for occupancy of the 1st floor for the repairing of automobile springs and office and the 2nd floor for 2 families; that the additional storage space and the increase in the width of the overhead door at front is necessary for the business to be carried on; that this request is made since the present opening width and the floor space is inadequate for the width and length of the automobiles and trucks of the present day; that to permit this request to do the proposed alterations will be an added safety measure both to the building and the public and add a cleaner aspect to the community; and

WHEREAS, the applicant states that the present owner has held title to the property since December 1940; that the assessed valuation of land is \$2,750 and of the building \$7,300 making a total of \$10,000; that the building was erected in 1928; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7i to permit the extension of the motor vehicle use consisting of spring service substantially as proposed and as indicated on plans filed with this application marked "Received June 27, 1955" (6 sheets) and "April 26, 1956" (one sheet) and to permit the extension for such use at the rear and the reconstruction of the front entrance to the building as shown on such plans *on condition* that the building shall not be further increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable to the building and use; that the opening between the present building and the proposed rear extension may be reduced so as not to exceed 3 ft. in width and shall be equipped with a fireproof opening assembly; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 3, 1956 after due notice by publication in the Bulletin; laid over to May 1, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Church avenue are in a business use, C and D area, class 1 height district; East 58th street and East 59th street are in business and residence use, C and D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated August 1, 1955 acting on N.B. Applic. 1675-55, reads:

"1. Proposed building and premises, in a Business use zone, to be used for automatic auto laundry, gasoline service station, office, lubritorium, motor vehicle repair shop with hand tools only and parking of cars waiting service is contrary to Article II, PP. 4a, subsections 29, 46 & 52 of the zoning resolution.

2. Proposed show window within 75' of a Residence zone is contrary to Article II, PP. 7-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 200 ft. frontage by 100 ft. in depth, on which is located a one story quonset hut 105 ft. irregular frontage by 52 ft. in depth, occupied as auto laundry display and sale of used cars; that it is proposed to occupy the premises as automatic auto laundry, gasoline service station, motor vehicle repair shop with hand tools only and parking of cars awaiting service; and

WHEREAS, the applicant states that the easterly half of premises, 100 ft. by 100 ft., is now occupied by an automatic auto laundry under certificate of occupancy No. 120645-1948 and certificate of occupancy No. 129876-1951; that the westerly half, 100 ft. by 100 ft., is used for the sale and display of used cars under certificate of occupancy No. 118895-1947 and certificate of occupancy No. 131486-1952; that this property has been under one ownership since October 15, 1947; that the auto laundry is housed in a quonset hut, 20 ft. by 100 ft., built 3 ft. above grade, and has drive-ways on Church avenue and on East 59th street; that it is proposed to remove the present legally existing laundry building and the used car lot and replace them with a modern type class 3 building which will house an auto laundry and a gasoline service station; and

WHEREAS, the applicant states that the property referred to is presently zoned as a business district and a class 1 height district; that the portion of the property within 100 ft. of Kings highway is presently zoned as a C area district and the remainder is zoned as a D area district; that as of July 25, 1916 the entire property was zoned as a D area district and the change to C of the portion within 100 ft. of Kings highway became effective on May 19, 1927; that the use and height designations have not been changed since

July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant contends that Church avenue is a heavily trafficked street and has trolley tracks; that Church avenue on the south side east of East 59th street is occupied by used car lots and a motor vehicle repair shop, to Remsen avenue; that on the north side of Church avenue, opposite the site, for the entire block between East 59th street and Kings highway, is a used car sales lot, and further west, Church avenue is occupied by used car lots to East 57th street; that south of the site, on East 59th street and East 58th street, there is vacant land and one family dwellings; that on the south side of Church avenue, west of the site, there are small office buildings and used car lots; that it is proposed to erect a face brick wall, 5 ft. high along the rear lot line, where unoccupied by the building; that along the east and west lot lines on East 58th street and East 59th street, it is proposed to erect a face brick wall 5 ft. high and 3 ft. high; that it is also proposed to install 4 curb cuts on Church avenue and restore the existing curb cuts on Church avenue and on East 59th street; that it is also proposed to erect a sign post on each corner of the lot at East 59th street and East 58th street, projecting not more than 4 ft. beyond the lot line; that all improvements are to be built on grade; that it is further proposed to install twelve 550 gallon gasoline tanks and parkway pumps; that the unbuilt upon portion of the lot will be used for the parking of cars awaiting service; that the proposed development of the property will improve the appearance of the plot and the neighborhood, and will make for a safer and less hazardous condition than now exists; and

WHEREAS, the applicant states that the present owner has held title to the property since August 15, 1947; that the assessed valuation of land is \$31,000 and of the building \$9,000 making a total of \$40,000; that the building was erected in 1948; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and it is noted that the premises are now given over to motor vehicle uses, primarily the laundry which was erected on the premises prior to the time of the amendment of the Zoning Resolution making such use a prohibited use in a business use district; the committee noted the changes proposed and the protection proposed for the residential streets and recommended that the application should be granted under certain conditions; and

WHEREAS, the premises and adjoining area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision C of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c to permit the reconstruction of the premises and the additional uses substantially as proposed and as indicated on plans filed with this application marked "Received August 23, 1955" (5 sheets) and "March 12, 1956" (one sheet) *on condition* that all buildings and uses on the premises shall be removed and the premises shall be reconstructed and rearranged as indicated on such plans; that the automatic laundry and accessory building shall be located substantially where shown and shall be of the design and arrangement as indicated; that such building shall be constructed of masonry with face brick exteriors; that there shall be no cellar under such building; that there shall be no windows or other openings in the lot line walls; that in all other respects the building shall comply with the requirements of the Building Code; that toilets shall be rearranged so that the doors thereto shall not be adjacent; that gasoline pumps shall be not nearer than 15 ft. to the street building line of Church Avenue, located substantially where shown; that pumps shall be of a low approved type; that along the street building line of East 59th Street from the accessory building to the building line of Church Avenue there shall be erected a

MINUTES

masonry wall of face brick not less than 5 ft. 6 in. in height except that such wall may be reduced within 10 ft. of the Street building line of Church Avenue to 4 ft. 6 in. in height; that a similar wall shall be erected along the rear lot lines from the accessory building to the building line of East 58th Street and along the building line of East 58th Street to the building line of Church Avenue except that such wall may be reduced in height to not less than 4 ft. 6 in. within 10 ft. of the Church Avenue Building line; that the number of gasoline storage tanks shall be limited to twelve 550 gallon approved gasoline storage tanks; that the balance of the premises where not occupied by accessory buildings and pumps shall be paved with concrete or asphaltic pavement; that curb cuts shall be restricted to four curb cuts to Church Avenue only, where shown, two 25 ft. in width and two 30 ft. in width; that the sidewalk and curbing around the premises shall be reconstructed or restored to the satisfaction of the Borough President; that signs shall be restricted to permanent signs attached to the front facade of the accessory building, excluding all roof signs and temporary signs but permitting the erection within the intersections of East 58th Street and East 59th Street at Church Avenue of a post standard at each location for supporting a sign which may be illuminated advertising the brand of gasoline on sale and permitting such sign to extend at right angles to the building line of Church Avenue for a distance of not over four feet; that there may be under Section 7i minor repairing with hand tools only for adjustments maintained within the accessory building; and under Section 7h for a term of five years there may be parking and storage of motor vehicles; that under Section 7A the show windows proposed within 75 ft. of the residential zone may be permitted; and that all permits shall be obtained, including a Certificate of Occupancy, and all work completed within the requirements of Section 22A of the Zoning Resolution.

746-55-BZ

APPLICANT—Paul Friedman, for Queens Beer Sales, Inc., owner.

SUBJECT—Application September 22, 1955—re (decision of the borough superintendent) under section 7f, 7h and 7i of the zoning resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, lubritorium, auto laundry (non-automatic), office, storage and sale of auto accessories, parking of cars waiting to be serviced, for a term of 15 years.

PREMISES AFFECTED—259-02 to 259-16 Hillside avenue and 84-01 to 84-09 259th street, southeast corner, Block 8789, Lot 31, Floral Park, Borough of Queens.

APPEARANCES—

For Applicant: Paul Friedman and R. J. Kruger.

For Opposition: Theodore Ain.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioner Kleinert,

Commissioner Keating and Deputy Chief Connolly... 4

THE RESOLUTION:

WHEREAS, a public hearing was held on this application on February 28, 1956 after due notice by publication in the Bulletin; laid over to April 10, 1956, for inspection and decision; hearing closed; the applicant stated that he wished to amend his application to include section 7i and 7h of the zoning resolution as a basis for the application; then to April 17, 1956 at request of the applicant, to submit revision plans; then to May 1, 1956, applicant to file amended plan eliminating curb cut on 259th Street and for Board to obtain additional information as to proposed adjacent occupancy of a bank; hearing previously closed; and

WHEREAS, the applicant stated he wished to amend his application to include sections 7i and 7h of the zoning resolution as a basis for his application; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Hillside avenue are in a

retail use, D area, class ½ height district; 259th street and 260th street are in retail and residence use, D area, class ½ height districts; and

WHEREAS, the decision of the borough superintendent, dated September 8, 1955 acting on N.B. Applic. 3642-55, reads:

"1. Proposed use of premises within a Retail Use District for a gas service station, lubritorium, auto laundry (non-automatic), office, storage and sales of auto accessories and parking of cars waiting to be serviced is contrary to Art. II Sec. 4-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot 160 ft. frontage by 100 ft. in depth, presently vacant except for billboard sign; that it is proposed to erect and maintain for a stated term of 15 years, a parkway type gasoline service station, lubritorium, auto laundry (non-automatic), office, storage and sales of auto accessories and parking of cars waiting to be serviced; and

WHEREAS, the applicant states that the subject premises is presently zoned as a retail use, class ½ height and D area district; that as of July 25, 1916 the property was zoned as a business use, D area, class 1 height district; that on December 10, 1945 the present retail use district designations became effective; that on June 30, 1952 the present class ½ height designation became effective; that the area designation has not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant contends that there is no economic demand for the development of the subject premises for retail store use because existing store facilities in the area adequately serve the neighborhood; that there is economic demand for residential use as it is located on a busy thoroughfare, the 40 ft. balance of the blockfront is developed with stores and is opposite stores on its northerly frontage; that there is an economic demand for the use of the premises as proposed because it is located on Hillside avenue which sustains a substantial volume of vehicular traffic, because no similar facilities exist for the convenience of the public in the immediate area and because a substantial investment in the proposed use of the premises would yield a reasonable return; that a grant of this application would not adversely affect the neighborhood because the adjoining property to the west of the subject premises, in block 8789, lot 39, is developed with stores; that the properties opposite the subject premises to the north, block 8771, are either vacant (lots 8, 9 and 10) or developed with stores (lots 1, 3, 6 and 7), and the properties diagonally opposite in block 8770, lots 1 and 6, are used for greenhouse and nursery; that the erection of a parkway type service station of attractive colonial design, one story in height and embracing the proposed features, would enhance the appearance of the neighborhood; that the proposed variance affords better zoning protection to the neighborhood through the proposed limitations of use, area and height than would be provided through development and use in conformity with the zoning resolution; that the proposed non-conforming use would be more desirable than many conforming uses which could be erected without a variance, such as a diner, bar and grill or a drive-in refreshment stand, any or all of which could establish accessory off street parking facilities thereto adjacent to the nearby residence district; that furthermore, these conforming uses could be established without complying with the numerous regulatory conditions and safeguards which the Board invariably imposes; that a conforming use structure could be built to cover an area of 9,550 sq.ft. or approximately 60% of the area of the plot whereas the structure for which a use variance is sought is proposed to cover an area of only 1,850 sq.ft., or less than 12% of the area of the plot; that a conforming use structure could be built to a height of 50 ft. along the Hillside avenue frontage and to additional height by setting back from the building line whereas the structure for which a use variance is sought is proposed to be only 18 ft.

MINUTES

in height; that a conforming use structure could be built flush to the adjoining residential lots to a height of 23 ft. before providing a rear yard, whereas the structure for which a variance is sought provides a rear yard of 10 ft. for the 65 ft. wide building and is unbuilt upon (except for a protective fence wall) for 95 ft. of its width; that nearby properties would be protected by the proposed conditions and safeguards, which include a solid brick fence wall, 5 ft. 6 in. in height, along the entire easterly and southerly lot lines, and extending 80 ft. along the 259th street frontage to the 20 ft. curb cut, located within 25 ft. of the intersection of Hillside avenue and 259th street; that 1,975 sq.ft. of seeded and landscaped area of the proposed building and along the proposed fence walls will cover approximately 12.3% of the area of the plot; that the proposed building will have an unpierced rear wall; that the granting of this application would promote public safety as the proposed structure would provide clear visibility to traffic by being set back approximately 78 ft. from the intersection of Hillside avenue and 259th street; that a conforming use structure, constructed to the building lines at the corner, would create a blind intersection and thereby endanger public safety; and

WHEREAS, the applicant states that the present owner has held title to the property since November 30, 1950 and that the assessed valuation of land is \$13,200; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; the Board is informed by the bank that it is now constructing its building on the other side of Hillside Avenue, opposite the premises but one block further down and the committee recommended that the application should not be granted as not a suitable use for this area; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision f of the zoning resolution; and

Resolved, that the decision of the borough superintendent, acting on N.B. App. 3642-55, Objection No. One be and it hereby is affirmed and that the application be and it hereby is denied.

Adjourned: 1:20 P.M.

JOSEPH J. DOYLE, *Chief Clerk.*

REGULAR MEETING

TUESDAY AFTERNOON, MAY 1, 1956, 2 P.M.

Present: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly.

121-35-SA

APPLICANT—Timken Silent Automatic Division of Timken Detroit Axel Co., owner.

SUBJECT—Application for consideration—reopened February 1, 1955 as to amendment to resolution as to additional models—re Timken Silent Automatic Water Heater, Model 40-A and 50-B; previously approved.

APPEARANCES—

For Applicant: John J. Morro.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating 3

Negative: 0

Absent: Deputy Chief Connolly 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 121-35-SA

Subject: Amendment to resolution as to additional models.

Timken Silent Automatic Division, Timken Detroit Axel Company now known as Scarfe Company Timken Silent Automatic Division requested by letter dated March 21,

1955 that the resolution adopted June 18, 1935 and amended through February 1, 1955 under Cal No. 121-35-SA be amended so as to include additional models of boiler burner units. The application was reopened by a vote of the Board April 26, 1955.

Description

The model OBL-100 is identical in all respects to the model OBR-100, approved by the Board February 1, 1955 except for cabinet styling.

The model OBO-105 is similar to OBG-110 approved by the Board February 1, 1955 except that the unit is smaller and has a BTU input of 105,000.

The Model OBL-145 is similar to the OBL-100 is identical to model OBL-100 except that the BTU input is 145,000.

Recommendation

The committee on Test recommends that the resolution adopted June 18, 1935 and amended through February 1, 1955 be amended so as to include the models OBL-100, OBL-145 and OBO-105 on condition that the requirements of the resolution adopted June 18, 1935 under Cal. No. 121-35-SA be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,

Resolved, that the Board of Standards and Appeals does hereby amend the resolutions of June 18, 1935 through February 1, 1955 in accordance with the above report.

746-38-SA—Vol. II

APPLICANT—John Wood Company, Bennett Pump Division, owner.

SUBJECT—Application reopened October 25, 1955 as Vol. II for report as to additional models of dispensing pumps—re Bennett Pumps for Motor Fuels, Models 748 and 749—re Bennett Pumps for Motor Fuels; previously approved.

APPEARANCES—

For Applicant: John Medel.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

RE: 746-38-SA—Vol. II

SUBJECT: Amendment to resolution as to additional model dispensing pumps.

John Wood Company, Bennett Pump Division, requested by filing an application that the resolution adopted July 18, 1939 and amended at various times through November 23, 1954 under Cal. No. 746-38-SA—Vol. I to be included additional models of Bennett gasoline pumps. The application was reopened by a vote of the Board October 25, 1955.

Description

The requested models 748 and 749 are basically the same as the models 548 and 549 approved by the Board December 9, 1941 differing only as appearance of the housing. There is no change in the pumping unit, air eliminator, meter or computer.

The models 748 and 749 have been approved by the Underwriters Laboratory under MH 1964.

Recommendation

The Committee on Test recommends that the resolution adopted July 18, 1939 and amended at various times through November 23, 1954 under Cal. No. 746-38-SA—Vol. I be

amended so as to include the models 748 and 749 gasoline dispensing pumps on condition that the requirements of the resolution adopted July 18, 1939 are complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolutions of July 18, 1939 through November 23, 1954 in accordance with the above report.

1429-39-SM—Vol. IV

APPLICANT—Rock-Crete Products, Inc., owner.
SUBJECT—Application for consideration—withdrawal December 13, 1955 as Vol. IV as to use of Lelite—reopened December 13, 1955 as Vol. IV for change of corporations name—re Concrete and Cinder Blocks for the Rock-Crete Corp; previously approved.

APPEARANCES—

For Applicant: Nicholas Castronova.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert and Commissioner Keating 3
Negative: 0
Absent: Deputy Chief Connolly 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 1429-39-SM—Vol. IV

Subject: Amendment to resolution as to change of corporations name.

Rock-Crete Products, Inc., requested by letter dated October 28, 1955 that the resolution adopted November 9, 1948 and amendment at various times through March 6, 1951 be amended as change of corporations name and also withdrawal of the request of approval of block manufactured from the aggregate Lelite. The application was reopened by a vote of the Board on December 13, 1955.

Recommendation

The Committee on Test recommends that the resolution adopted November 9, 1948 and amended at various times through March 6, 1951 under Cal. No. 1429-39-SM—Vol. I, II and III be amended as to change in corporate name from Rock-Crete Corp. to Rock-Crete Products, Inc., on condition that the requirements of the resolution adopted November 9, 1948 under Cal. No. 1429-39-SM—Vol. I be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer.
GEORGE F. SKLENARIK
Asst. Engr.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolutions of November 9, 1948 through March 6, 1951 in accordance with the above report.

1144-40-SM

APPLICANT—United States Gypsum Company, owner-manufacturing.

SUBJECT—Application for consideration—reopened October 28, 1952 as to amendment of resolution as to spacing of Zee splines and the addition of a new clip—re Acoustone (Acoustical Tile); previously approved.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Resolution amended in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: 1144-40-SM

Subject: Amendment of resolution as to spacing of Zee splines and the addition of a new clip.

United States Gypsum Company, New York requested by letter dated October 15, 1952 that the resolution adopted November 5, 1941 and amended June 17, 1952 to include the approval of the Zee spline under Cal. No. 1144-40-SM to be amended to include the spacing of Zee splines up to 24 inches on centers. The application was reopened by a vote of the Board October 28, 1952.

Purpose

The Zee Spline mechanical suspension system provides a suspension for hung ceilings.

Description

The system is the same as approved June 17, 1952, under Cal. No. 1144-40-SM except that the incombustible base for the application is $\frac{3}{8}$ " and $\frac{1}{2}$ " sheetrock and $\frac{1}{2}$ " gypsum sheathing and the Zee splines are spaced 24" on centers. The system is also installed with Random Perforated Audiotone which is the same as the previously approved, except that the perforations are now spaced in a random pattern.

Recommendation

The Committee on Test recommends that the resolution adopted November 17, 1952 be amended so as to permit the use of "Z" splines to be spaced on 2'-0" centers, the use of Random Perforated Audiotone and the use of $\frac{3}{8}$ inch and $\frac{1}{2}$ inch sheetrock and/or $\frac{1}{2}$ inch gypsum as the base for the spline system on condition that the requirements of the resolution adopted November 5, 1941 be complied with.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,

393-52-SA

APPLICANT—Carrier Corporation, owner-manufacturer (Fayette S. Dunn, agent).

SUBJECT—Application March 25, 1952—Evaporative Condenser, Model 9E, approval of.

APPEARANCES—

For Applicant: W. J. Linderman.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert,
Commissioner Keating 3
Negative: 0
Absent: Deputy Chief Connolly 1

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: 393-52-SA

SUBJECT: Carrier Evaporative Condenser, Model 9E.

The Carrier Corporation, filed March 25, 1952 an application with the Board of Standards and Appeals for approval of the Carrier Evaporative Condenser, Model 9E under the provisions of C26-191.0 and C19-96 to 107 Administrative Code.

Purpose

Evaporative condensers for use in field erected refrigerating systems employing F-12, F-22 and Carrene 7 or Ammonia refrigerants.

Description

Basic unit consists of fan section, spray and eliminator section, coil section and base pan and pump section, with drives, motor mounting, inlet air trough, float make-up valve. Selectable accessories are subcooling coil, water treatment device, fan motor cover, pump motor cover and air outlet hoods.

Sections are of rigid die formed and integrally welded construction of heavy gage steel and each is completely hot dip

galvanized after fabrication. Sections are bolted together with $\frac{5}{8}$ inch bolts. Joints are water sealed with suitable asphaltic filler.

The base pan is a deep pan of 12 gage all hot dip galvanized construction. Extension at one end serves as a pump sump for the vertical centrifugal pump that feeds the spray heads. Sump contains removable mesh screen to protect pump from foreign matter. Overflow and drain connection are provided. Air inlet trough and screen are fitted to side of this base section with inside joints flashed against splash. Water treatment chemical container is also attached if needed.

The condenser coil section is heavy gage (12) steel. Die formed ends are welded to side casing members forming an integral water tight structure, hot dip galvanized.

Coils are $\frac{3}{4}$ inch pipe, serpentine form, welded into cross headers at top and bottom ends, the whole comprising one integral structure, hot dip galvanized. Coil may be had in single or two circuit arrangement. Coils pitch continuously down to lower header. Terminal connections are made to receive standard pipe coupling externally or copper tube internally. Coils are cleaned, tested at 400 pounds gage, dehydrated and sealed. Air spaces between tubes are wide to prevent accumulation of foreign matter. Refrigerant connections are at one end leaving opposite end of unit clear for water and electrical services. Coil may be withdrawn through a removable end panel.

The fan section may be used for horizontal or vertical discharge. Casing is of steel (13 gage ends, 16 gage sides) integrally welded and hot dip galvanized after fabrication. The fans used are of the forward curved blade type. Bearings for the fan shaft are ball type, sealed and grease packed and self-aligning. Large streamlined fan inlets minimize noise and horsepower requirement.

Protective galvanized steel covers are provided for fan and pump motors and belt drive. Screened hoods are provided for air discharge outlets.

Inspection and Test

The data submitted was examined at the offices of this Board by Asst. Engr. G. F. Sklenarik, of the Committee on Test.

Recommendation

On the basis of the data filed by the applicant, the Committee on Test recommends the approval of the Carrier Evaporative Condenser, Model 9E for use in the City of New York provided it is installed in accordance with the requirements of Article 18, Chapter 19 Administrative Code and the Electrical Code of the City of New York, and provided further that each unit will bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 393-52-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

609-55-SA

APPLICANT—The Stove Works, Inc., owner (Gas Range Distributing Corp., Agent).

SUBJECT—Application June 30, 1955—Wincroft Model 201, Gas Range, approval of.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: 609-55-SA

SUBJECT—Wincroft Domestic Gas Range, Model 201

Gas Range Distributors Corp., for The Stove Works Inc., Middletown, Pa., filed June 30, 1955 an application with the Board of Standards and Appeals for approval of the Wincroft Domestic Gas Range, Model 201 under the provisions of C26-695.0 Administrative Building Code and for use under section 64 of the Multiple Dwelling Law.

Purpose

The Appliance is a domestic gas range used for cooking purposes.

Description

The Model 201 is a domestic gas range having four top burners and a combined oven and broiler.

The model is constructed without a thermostat and without automatic top pilot or oven pilot.

The outside; top and sides are porcelain enameled. The gauge of the metal throughout meets the requirements of the American Gas Association.

Inspection and Test

Details of construction were examined by Asst. Engr. J. A. Darts Committee on Test and the clearance from floor to burner level was checked and found to be 1'-0".

The appliance is built according to the AGA specifications but is not approved by the AGA.

Recommendation

On the basis of the inspection and the data filed by the applicant, the Committee on Test recommends the approval of the Wincroft Domestic Gas Range, Model 201 (without thermostat or automatic top lighting) for use in New York City.

The Committee further recommends inasmuch as the models herein listed were not approved by any approved laboratory including the AGA that the installation of these ranges shall comply with the requirements of C26-695.0.2.b Administrative Building Code and further that these appliances may be used under the provisions of Section 64 of the Multiple Dwelling Law.

It is further recommended that the appliance shall bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 609-55-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,

Resolved that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

53-56-SA

APPLICANT—Acme National Refrigeration Co., Inc., owner.

For Applicant: Joseph Rosenhaft.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating 3
Negative: 0
Absent: Deputy Chief Connolly 1

THE RESOLUTION—

WHEREAS, the report of Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: 53-56-SA

Subject: Acme Refrigerator—Range (electric), Models SD51F, SD51F, RE5F, RS4AF and RES4AF.

The Acme National Refrigeration Company, Inc., of New York, owner-manufacturer, filed January 5, 1956 on application with the Board of Standards and Appeals for approval of the Acme Refrigerator—Range (electric), Models SD51F, SD61F, RE5F, RS4AF and RES4AF under the provisions of C19-96.0 and C26-695.0 Administrative Code.

Purpose

The appliances are domestic type refrigerators and combination refrigerators and electric ranges.

Description

These cooking and cold storage cabinet type appliances are constructed of reinforced steel panels, rust proofed and finished in baked enamel. They are double walled and insulated with fibre glass. The thickness of insulation is 2 inches for sides and bottom, 3 inches for top and door.

The same type refrigerating system is used in all five models. It consists of a hermetically sealed compressor, air cooled condenser, capillary tube refrigerant control and an evaporator unit. Connections between component parts are made with copper tubing with silver soldered joints. Refrigerant charge is held to ½ lb. of F-12.

Excessive pressure within the system, as may be caused by fire is provided relief through a neoprene compression ring used to seal the compressor motor terminals.

Models SD51F and SD61F are small refrigerators of 5 and 6 cubic foot capacities respectively.

Model RE5F is a combination refrigerator and electric range with two Tuttle and Kift hot plates installed in the top surface. Hot plates are rated at 1100 watts, 110 or 220 V ac.

Model RS4AF is a combination stainless steel sink with refrigerator installed beneath.

Model RES4AF is a combination stainless steel sink, electric range with two hot plates and a refrigerator. The range installation is the same as in the RE5F.

Inspection and Test

The above model refrigerators and refrigerator-range combinations were inspected at the premises of the applicant, 29-24 40th avenue, New York City by Asst. Engr. G. F. Sklenarik, Committee on Test. Also present was Mr. Joseph Rosenhaft of the Acme National Refrigeration Company, Inc.

WHEREAS, it was noted that the method of pressure relief provided for the refrigerating system does not literally comply with section C19-104.C of the Administrative Code, it meets the intent of that section and has been found acceptable by the Underwriters Laboratories as evidence by their report SA #1666 dated May 22, 1952.

These ranges are approved by the Underwriters Laboratories.

Recommendation

On the basis of the inspection and the data submitted by the applicant, the Committee on Test recommends approval of the Acme Refrigerator Electric Range, Models SD51F, SD61F, RE5F, RS4AF and RES4AF for use in New York City under the provisions of C19-96.0 and C26-695.0.2.a of the Administrative Code provided that they are installed in accordance with the Electrical Code of the City of New York and provided further that each model bears a label permanently affixed reading as follows: "Approved by the

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated December 21, 1954, acting on F.P. Applic. 2146/54, reads:

"3. Tank not to exceed 20,000 gal. 6-13."

and

WHEREAS, the applicant states that the building is two stories and attic 60 feet in height, 194 ft. 6 in. front by 51 ft. 6 in. in depth, of Class 2 construction, erected in 1907, in a residence use, B area, Class 1½ height district; used and occupied since 1907 as a school building, as follows: Cellar—boiler room, 5 persons; Basement—Generator room, 5 persons; 1st and 2nd floors—classrooms, 100 persons each floor; and

WHEREAS, the applicant states that in order to endure continuity of service under emergency conditions, it is proposed to provide 100,000 gallons storage capacity or approximately two weeks' supply of No. 6 fuel oil; that the proposed tanks will be located in an existing coal vault of masonry construction located outside and completely sealed off from the building, with the exception of the required fire-proof access door; that the vault is located entirely on college property at a minimum distance of 150 feet from the nearest streets; that due to the physical layout of the existing vault, the applicant is limited to four tanks each of which will be installed in a separate enclosure with capacities as follows:

Tank #1—	27,500 gallons
" #2—	29,000 gallons
" #3—	27,500 gallons
" #4—	16,000 gallons

and

WHEREAS, the applicant contends that if the space were available, it would have been preferred to install five 20,000 gallon tanks in strict compliance with the rules; that, however, this is impracticable and it is therefore requested that the appeal be granted to permit the installation of the tanks as indicated on plans filed with this appeal.

Resolved, that the decision of the Borough Superintendent, dated December 21, 1954, acting on F.P. App. 2146/54, Objection 3, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the oil storage tanks including oversized tanks as proposed, *on condition* that the tank installation shall in all other respects comply with the requirements of the Oil Burner Rules and all other laws, rules and regulations applicable thereto; that the location of the tanks shall be as indicated on plans filed with this appeal, marked "Received January 20, 1955", (6 sheets), and "April 2, 1956", (4 sheets); that in all other respects the premises shall comply with all other rules and regulations applicable thereto other than as modified by the Board under this Cal. No. Vols. I and II.

and

WHEREAS, the applicant states the building is 2 stories and attic, 27 ft. in height, 51 ft. by 38.6 ft. in area at first floor, 40 ft. by 30 ft. in area at 2nd floor, Class 4 construction, erected in 1908 on a lot 127.39 ft. front by 89.39 ft. in depth now located in a local retail use, C area, Class 1 height district; used and occupied since 1942: Cellar—ordinary use; 1st floor—restaurant, 70 persons; 2nd floor and attic—dwelling, 1 family. There also exists a 2-car garage on the lot. It is now proposed to change the use of the cellar to restaurant with an occupancy of 100 persons and to continue the use of restaurant on 1st floor with 70 persons and the 2nd and attic floors as dwelling, 1 family and retain existing 2-car garage; that the building is provided with one 3 ft. wide interior stairs enclosed in partitions of wood stud, lath and plaster, equipped with wood doors which are not self-closing; stairhall leads direct to street; and

WHEREAS, Certificate of Occupancy #Q24542 was issued January 24, 1942, against Alt. App. 2658/41, permitting the following use and occupancy: Cellar—storage; 1st floor—restaurant, 75 persons; 2nd floor—dwelling, 1 family; attic—storage. Such certificate was issued pursuant to variance granted by the Board under Cal. No. 862-41-A, Vol. I; and

WHEREAS, the applicant states the premises was changed from residence use to retail use zoning effective March 10, 1955; and

WHEREAS, under Cal. No. 862-41-A, Vol. I the Board permitted a change from frame residence dwelling to restaurant use on November 5, 1941, at which time premises was in a business use district and Certificate of Occupancy #Q24542 was subsequently issued; that on February 1, 1949 under Vol. II of Cal. No. 862-41-A, an appeal was denied to permit extension of first floor restaurant use to the cellar; and on July 13, 1954, Cal. No. 862-44-A, Vol. II an application was made for extension of the restaurant use and was withdrawn on July 13, 1954, principally on the basis the premises was in a residence use district; that the premises are now located entirely within the local retail use district, pursuant to a change acted on by the Planning Commissioner under CP 11399 effective March 10, 1955, and it is proposed that the existing restaurant use be extended to the cellar; and

WHEREAS, the applicant contends that the existing cellar has a concrete floor and fire-retarded ceiling and the walls being part of the foundation are of masonry construction; and

WHEREAS, the applicant contends as to Objections 1 and 2, that it is not proposed to construct any new structure within the fire limits of frame or other combustible construction; that the new extensions are in the cellar only and will have masonry walls and fire resistive ceilings and will serve as service spaces only; that the present wood frame structure above grade will remain with the same uses previously permitted by the Board; and

WHEREAS, the applicant contends as to Objection 3, that the new cellar use for restaurant will be served by two open stairs directly to the street, each 4 ft. wide, remote, and in addition an open interior 3 ft. wide stairs leading to the first floor hall and a new 3 ft. wide service stair from new cellar kitchen to the street; that since the cellar floor level is about 5 ft. below the legal street grade and the number of persons will be limited to 100 for this area, the exit conditions are good; and

WHEREAS, the applicant states an approved system of mechanical ventilation in accordance with the Administrative Code will be installed for the cellar areas; that the operator of the restaurant on the first floor and cellar will maintain

MINUTES

living quarters for herself and family on the upper portion of building; that a new multiple dwelling law type sprinkler system will be installed over principal interior stairway from upper floors to 1st floor level; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on November 5, 1941 by adding thereto:

"that in the event a new decision has been made as to the extension of the use in the frame building and into the cellar, that the requirements of the resolution above cited are hereby *affirmed* provided the exterior stairway from grade to cellar is constructed as shown on plans marked "Received May 10, 1955" (2 sheets) and the interior stair from cellar to first floor shall be enclosed in fireproof partitions with self-closing door; that this variance shall continue only so long as the building is occupied as proposed and the exits and conditions maintained in accordance with the requirements of this resolution; that a sprinkler system fed from the domestic water supply, of a type permitted for converted multiple dwellings, shall be installed and maintained in the principal interior stairway from the first floor to the other floors; and that such sprinkler system shall be extended to the stair to the cellar, hereinbefore required to be enclosed, to the extent of at least one head."

960-47-A—Vol. II

APPLICANT—The Austin Company, for Long Island Press Publishing Co., Inc., owner.

SUBJECT—Application reopened November 22, 1955 as Vol. II—re Appeal from an order of the fire commissioner—approved Interior Fire Alarm System.

PREMISES AFFECTED—92-20 to 92-24 168th street, west side, 204.65 ft. south of Jamaica avenue, Block 10156, Lot 22 (formerly lots 22, 24, 26 and 142), Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Edwin W. Renz.

For Administration: Lieut. John P. Manfredi, Fire Dep't.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, Order #10660-5 issued by the Fire Commissioner October 7, 1955, reads:

"1. Install an adequate electric closed circuit Interior Fire Alarm System of an approved type in accordance with the Interior Fire Alarm Rules of the Board of Standards and Appeals and Section 279 of the Labor Law.

and

WHEREAS, Order #10659-5 issued by the Fire Commissioner October 7, 1955, reads:

"An inspection of the premises 92-20/24—168th street, Jamaica, Borough of Queens shows that a fire drill should be established and maintained therein according to the requirements of Section 279 of the Labor Law. The Labor Law specifically charges the Fire Commissioner with the duty of enforcing the provisions of the law, as to fire drills."

and

WHEREAS, the applicant states the building is 3 stories and basement, 54 ft. in height, 170-11 ft. front by 150 ft. deep at street level, 93.46 ft. front by 150 ft. deep at typical floor level, part Class I and part Class III construction, erected in 1931 and 1947 in an unrestricted use, B area, Class 1½ height district; used and occupied since 1931 and 1947 as follows: Basement—paper storage, 5 persons; 1st floor—office and pressroom, 35 persons; 2nd floor—editorial and

composing room, 85 persons; 3d floor—photo engraving and library, 6 persons. Now proposed to be used and occupied: Basement—same; 1st floor—offices and pressroom, 63 persons; 2nd floor—Editorial and Composing, 106 persons; 3d floor—photo engraving and offices, 23 persons. The building is equipped with an approval standpipe system and a voluntary sprinkler system. There are two 3 ft. 10 in. wide steel stairs with cement pans, enclosed in 12 in. brick equipped with hollow metal self-closing doors leading from roof bulkhead direct to street; and

WHEREAS, Certificate of Occupancy #50490 issued by the Borough Superintendent October 25, 1948, against Alt. App. 1817/45, permits the use of the building as a newspaper plant as follows: Basement—6 persons; 1st floor—80 persons; 2nd floor—90 persons; 3d floor—12 persons; and

WHEREAS, on December 9, 1947, the Board modified Order #20776LF issued by the Fire Commissioner October 2, 1947, requiring the installation of an interior electric fire alarm system and the conduct of drills in accordance with Section 279 of the Labor Law, on condition that the one-source sprinkler system shall be maintained in the portion of the building proposed; that the openings into the 1-story section on lot 26 shall be equipped with 3-hour opening protective assemblies except at the vault; that the doors of the freight elevator shall be equipped with approved doors; that the sprinkler system shall be connected to fire headquarters through a central station; that the number of persons in the building shall not exceed the number permitted based on 50% capacity of the lawful exits; that in all other respects, the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and

WHEREAS, the applicant states that since the action by the Board in 1947, plans were submitted to the Borough Superintendent under Alt. App. 291/54, to provide an addition over the rear of the building to accommodate an additional paper press and paper storage in the basement and the extension of offices and linotype rooms on the 2nd and 3rd floors; that the fire door separations between buildings and the stair enclosures and exits previously described under Vol. I of this appeal shall remain undisturbed except that the enclosed stair on the south side was carried up with the 12 in. wall enclosure to serve the 3d floor and roof additions; and the provision of the stair run to the roof in place of the ladder and scuttle from top landing of enclosed stairway at the northeast corner of the building; that there are several service stairs between floors and direct exit to street is also provided from the 1st floor to a large business lobby; that the new addition at the rear is irregular in shape 123 ft. by 30.17 ft. and 60.64 ft. in area; that this same area is covered on the 1st floor but the 2nd and 3rd floors have a 10 ft. setback; that the construction of the addition to the building is all Class I construction; that the voluntary sprinkler system installed in 1947 was extended to provide complete coverage for the addition; that the sprinkler is equipped with a water motor alarm and is an ADT system connection to central office for supervision and immediate notification of the Fire Department; that the standpipe system has been extended to cover the addition. It is therefore requested that the Board grant a modification of the order of the Fire Commissioner dated October 7, 1955 so as to relieve the owner of the requirement for installation of an alarm and the conduct of fire drills; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Fire Commissioner, acting on Order No. 10660-5 and Order No. 10659-5 and that the appeal be and it hereby is *granted*, to permit the omission of a fire alarm system and fire drills as proposed and shown on plans marked "Received March 15, 1956" (9 sheets), *on condition* that the previous resolution where similar permission was given under Cal. No. 960-47-A, Vol. I shall be maintained; that the one-source sprinkler system which may be an extension of the existing system shall be maintained throughout, except for the boiler room; and that

MINUTES

such sprinkler system as extended shall be connected to fire headquarters through an approved central station; that the sprinkler system shall meet all other requirements for a one-source system and shall be maintained to the satisfaction of the Fire Commissioner.

497-53-A

APPLICANT—Joseph M. Lonergan, for 324 Lafayette Street Corp., owner.

SUBJECT—Application June 18, 1953—re Appeal from a decision of the borough superintendent—egress.

PREMISES AFFECTED—324-328 Lafayette street, west side, 116 ft. 13/4 in. south of Bleeker street and 159 Crosby street, Block 522, Lot 28, Borough of Manhattan.

APPEARANCES—

For Applicant: Joseph M. Lonergan, Monas Seidman and Saul Wexler.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated May 21, 1953, acting on amendment to Alt. App. 373/53, reads:

"1. Means of egress do not comply with Section 271 of the Labor Law."

and

WHEREAS, the applicant states the building is 8 stories, 106 ft. in height, 70 ft. 2 in. front by 77 ft. 6 7/8 in. depth, of Class 3 construction, erected about 1896, now in a business use, B area, Class 1 1/2 height district; used and occupied since 1941 as follows: Basement—storage, 0 persons; 1st floor—store, 4 persons; 2nd to 8th floors—factory, 14 persons on the 2nd; 32 on the 3rd, 18 on the 4th, 8 on the 5th, 67 on the 6th, 70 on the 7th and 15 on the 8th. No change in use of occupancy is proposed. The building is provided with approved standpipe and two-source sprinkler systems and approved interior fire alarm system and one interior 4 ft. 1 in. wide fireproof stairs leading from roof bulkhead direct to street and two fire escapes, extending to roof and to street; window and door openings on course of fire escapes are fireproof, self-closing; and

WHEREAS, Violation #8064 was issued January 12, 1953, for failure to provide two legal means of egress for each floor; for blocking access to fire escape exits on the 5th to 7th floors and failure to provide exit signs and lights; and

WHEREAS, the applicant states the building is fireproof, and has one of the two elevators, the one at southwest is to be replaced by a new and larger elevator for which a separate application will be filed with the Borough Superintendent; that there is a stairs from street floor to a bulkhead on roof; that the street floor has exits directly to Lafayette street on the east side and to Crosby street on the west side; that the cellar has an engineer's ladder from the boiler room and an exit through the stairs to Crosby street on the west and to Lafayette street on the east; that all other floors open directly to the stairhall leading directly to Lafayette street and the two elevators and each floor communicates with a fire escape on the Lafayette street side and on the Crosby street side; that the fire escapes are 60° with counterbalanced ladders at 2nd floor balcony to the street; that the Crosby street fire escape has a platform at each floor, reached by an iron stairs within the building, leading to platform level; that these steps vary from two to four steps; that on the Lafayette street fire escape all balconies have a 3 ft. high railing; that the Crosby street fire escape balconies on 5th, 6th, 7th and 8th floors have a 5 ft. high railing; that the building is sprinklered except the soffits of stairs in halls, although the halls are sprinklered; that if the Board deems it necessary, a sprinkler

head will be placed under each soffit; that the sprinkler system is provided with a waterflow alarm connected to fire headquarters through a central station; and

WHEREAS, the applicant requests that the Board accept the two fire escapes in lieu of an additional stair, as to install such stair would reduce the rentable area of the building and would be unnecessary in view of the existing exits.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on amendment to Alt. App. 373/53, Objection No. 1 and that the appeal be and it hereby is granted, to permit the continuance of the front and rear fire escapes as second means of exit, as proposed and as indicated on plans filed with this appeal, marked "Received March 12, 1956", (10 sheets), on condition that the fire escapes shall be maintained in safe condition and kept painted; that the building in all other respects shall comply with all laws, rules and regulations applicable thereto; that the standpipe, fire alarm systems and two-source sprinkler system, with connection to fire headquarters through central station, shall be maintained; that stairs shall be maintained at the sills of all windows leading to fire escapes, and fire escapes shall have counterbalanced ladders from street floor balcony to the streets; that the sprinkler system shall be continued to the extent of having sprinkler heads in the stairhalls, although they may be omitted on the stair soffits of such halls.

231-54-A

APPLICANT—Tobias Goldstone, for Covert Realty Corp., owner (Radio-Picture Frame Corp., lessee).

SUBJECT—Application April 5, 1954—re Appeal from a decision of the Fire Commissioner, relating to barred windows.

PREMISES AFFECTED—1056 Wyckoff avenue and 1541-1545 Schaeffer street, northwest corner, Block 3540, Lot 42, Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: Tobias Goldstone.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION:

WHEREAS, Order #1541, issued by the Fire Commissioner February 16, 1954, and referred to in his decision of March 12, 1954, reads:

"YOU ARE HEREBY ORDERED AND REQUIRED, within thirty days from the date of the service of this order to:

1. Arrange bars and gratings on windows on 1st story so as to be readily movable or removable from both sides in such a manner as to afford the free and unobstructed use of such windows for the purpose of egress as per Section 272 of the Labor Law."

and

WHEREAS, the applicant states the building is one story, 21 ft. 6 in. in height, 100 ft. front by 310 ft. 3/4 in. deep, of Class I construction, erected in 1948 in an unrestricted use, C area, and Class 1 height district; used and occupied since erection: Cellar—boiler room; 1st floor—manufacturing picture frames and lens bending, 200 persons, for which certificate of occupancy #Q52098 was issued December 29, 1948, against N.B. 8451/46, permitting the following use and occupancy: Cellar—boiler room; 1st floor—factory and parking and loading, 200 persons; and

WHEREAS, the applicant states the building is one-story brick with concrete plank roof, used and occupied since erection as a factory for the manufacturing of picture frames and lens bending; that the windows in question were installed when building was originally erected and are of

MINUTES

steel construction, glazed with wire glass and face the streets; and

WHEREAS, the applicant contends that there are three legal means of exit in the corner portion of building and two legal means of exit in the remaining portion, all consisting of 3 ft. 8 in. wide exit doors swinging out, provided with exits signs and lights; that the windows facing Wyckoff avenue and on portion of Schaeffer street are the security type and the remaining windows are pivoted steel sash; that those facing Schaeffer street are provided with wire screens and are located at least 6 feet above the street line and would be inaccessible except by a ladder; that the windows having pivoted sash are approximately 8 feet above street; and

WHEREAS, the applicant requests the appeal be granted to relieve owner of complying with the order, as the building is only one story high and proper exit facilities are provided and that the protection of the windows is necessary because of vandalism due to the location of the building on a dead-end street; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in the decision of the Fire Commissioner expressed in acting on Order No. 1541, Objection 1, and that the appeal be and it hereby is *granted, on condition* that the means of exit as shown on plans filed with this appeal marked "Received April 6, 1955" (2 sheets) shall be maintained in both sections of the building available at all times for exit in case of emergency; that this variance shall continue only so long as the conditions are maintained as proposed and as shown on the plans above cited; that no additional floors shall be installed; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

863-55-A

APPLICANT—Irving Kudroff, for Eaglet Realty Corp., owner.

SUBJECT—Application October 25, 1955—Appeal from a decision of the borough superintendent—re egress.

PREMISES AFFECTED—382 Lafayette street, west side, 74 ft. south of East 4th street, Block 531, Lot 11, Borough of Manhattan.

APPEARANCES—

For Applicant: Herman E. Horwood.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated October 10, 1955, on amendment to Alt. App. 271/55 reads:

"1. Egress from all floors, including cellar, fail to comply with #271, Labor Law."

and

WHEREAS, the applicant states that the building is nine stories, 117 ft. 2 in. in height, by 98 ft. in depth at street floor, 27 ft. front by 87 ft. in depth at typical floor, of fireproof construction, erected 1895, located on a lot 27 ft. by 90 ft. in area now in an unrestricted use, B area, class 2 height district, and used and occupied since 1951—Cellar—storage of machines and parts and boiler room, no persons; 1st floor—office and machinery manufacturing, 10 persons; 2nd floor—machinery manufacture, 12 persons; 3rd floor—machine shop and storage, 3 persons; 4th floor—electronic manufacturing laboratory, 2 persons; 5th floor—manufacturing leather goods, 5 persons; 6th floor—envelope printing, 7

persons; 7th floor—dye cutting, 7 persons; 8th floor—printing, 3 persons; 9th floor—printer, 4 persons; no change in use or occupancy is now proposed; the building is provided with an approved standpipe system, an approved interior fire alarm system, and regular monthly fire drills are maintained; there is one 33 inch wide interior steel stairs with slate treads enclosed in partitions of fireproof blocks equipped with fireproof self-closing doors, and leading from roof bulkhead direct to street, and two fire escapes, one at front and one at rear, the rear fire escape extends to roof by stair and the front fire escape extends to street by counterbalanced stair, egress from the rear fire escape at its lower termination is through a fire proof mezzanine passage direct to street; and

WHEREAS, Violation No. 6745 was issued November 22, 1954, by the Borough Superintendent for failure to provide two legal means of egress from each floor, including the cellar, and failure to post floor loads capacity signs; and

WHEREAS, the applicant states that the building has been in use as a factory building since its erection and no certificate of occupancy has been obtained; and

WHEREAS, the applicant states that resolution adopted by the Board under Cal. No. 175-43-S is now in the process of being complied with; and

WHEREAS, the applicant contends as to Objection 1 issued by the Borough Superintendent, that the exits from 2nd to 9th floor inclusive, consist of an interior fireproof stairs and an exterior stairway with 10 inch treads and 7¾ in. risers screened to a height of 6 ft. on outside railings, with fireproof mezzanine passage at first floor leading to the intermediate landing of the main stairway which meets the labor Law requirements for an exterior screened stairway excepting for its termination at mezzanine level and except that the doors to balconies are 27 in. above floor level at the second floor, 22 in. above the floor level on the 3rd to 7th floor, inclusive and 20 in. above the floor level on the 8th and 9th floors, with wood steps leading to door sills; that this exterior stairway was installed in 1916 in accordance with plans filed with and approved by the Building Department and has been acceptable to all departments having jurisdiction until the issuance of the present violation; that the interior stairway meets the requirements of the Labor Law; that there is also a fire escape at the front with fireproof openings on its course and counterbalanced stairs to grade so that there are three means of egress from each of the second to ninth floors; that from the first floor there is a large pair of doors at the street front and it is proposed to provide an additional exit from this floor by means of a new doorway to the main hall as indicated on plans filed with this appeal; that exits from the cellar consist of an enclosed stairway to the first floor with fireproof self-closing door at the bottom thereof and an engineer's ladder at the front leading to iron trap doors to be equipped with an easy opening device of a type approved by the Board; that the front of the cellar is used for boiler room and the balance for tenant's storage, used by the tenant on the first floor, and it is proposed to provide a doorway in the existing partition separating the two sections of the cellar to be located at the rear end of the passageway to the boiler room so that both exits from the cellar will be accessible from both sections; that there are no persons regularly employed in the cellar; that the cellar is protected with a perforated pipe sprinkler having sidewalk siamese; and

WHEREAS, the applicant requests that since the exterior iron stairway at the rear was acceptable since its erection in 1916 and provides a third means of egress from the upper stories and in view of the proposed additional exits from the first floor and cellar, it is requested that the Board vary the application of Section 271 of the Labor Law and grant this appeal; and

WHEREAS, under Cal. No. 175-43-S, Vol. I, the Board on April 27, 1943 modified a decision of the Borough Superintendent dated March 22, 1943, on NB App. 460/43 Objection 1, requiring the removal of wood partitions on the 5th floor so as to permit the partitions to remain for a period of two years providing no factory work is carried on on the fifth floor; and

MINUTES

WHEREAS, the term of such a variance was extended by the Board May 29, 1945 for a term of two years, and again extended the term of the variance under date of February 6, 1951, under Cal. No. 175-43-S Vol. II, on condition that the partitions be removed replaced with lawful partitions at the termination of such variance; and

WHEREAS, the applicant now states that the resolutions adopted by the Board under Cal. No. 175-43-S are now in the process of being complied with; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on amendment to Alt. App. 271/55, Objection No. One and that the appeal be and it hereby is *granted*, to permit the continuance of the existing exits as proposed and as indicated on plans filed with this appeal marked "Received October 25, 1955" (2 sheets), "February 29, 1956" (2 sheets) and "March 9, 1956" (one sheet) *on condition* that the rear exit, as thereon shown, shall be maintained with an exit passage on the mezzanine floor as shown from the rear fire escape through the main hallway to the street; that the building in all other respects shall comply with all laws, rules and regulations applicable thereto; that the occupancy per floor shall be no larger than is permitted by the primary means of exit; that the standpipe system, interior fire alarm system and monthly fire drills shall be maintained in accordance with the requirements therefor and to the satisfaction of the Fire Commissioner.

952-55-A

APPLICANT—Leonard F. Rothkrug, for 16001 Kings Highway Realty Corp., owner (Healy's Bar and Grill, lessee).

SUBJECT—Application December 2, 1955—re Appeal from a decision of the borough superintendent—exits.

PREMISES AFFECTED—1601-1623 Kings highway and 1637-1645 East 16th street, northeast corner, Block 6779, Lot 22, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE:

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated December 1, 1955, on Alt. App. 3913/55 reads:

"Use of portion of premises on 1st floor by more than 75 persons & occupied as a bar, grill and cabaret with dancing space and having only one exit to street violates Sect. 6-1-2-4 (d) of the Bldg. Code."

and

WHEREAS, the applicant states the building is two stories, 25 ft. in height, 178 ft. 6½ in. and 108 ft. front by 102 ft., irregular, in depth, of class 3 construction, erected in 1920, located in a business use, B area, class one height district, and used and occupied since 1944 as follows: cellar—storage; 1st floor—bar, grill and stores, 250 persons; cabaret and restaurant, 300 persons; 2nd floor—offices and beauty parlor, dancing school, business school for 50 persons, and memorial hall with a total occupancy of the second floor of 185 persons; and

WHEREAS, violation #2601 of 1955 was issued August 1, 1955, in that the bar and grill located at 1619 Kings Highway is being used as a place of assembly without the required permit for such use; and

WHEREAS, Certificate of Occupancy No. 110750 issued July 10, 1944 against Alt. App. 651/43 and PA App. 466/53 permits the following use and occupancy: cellar—storage; 1st floor—bar, grill and stores, 250 persons; cabaret and restaurant, 300 persons; 2nd floor—offices and beauty parlor, dancing school, business school for 50 persons, memorial hall, total occupancy, 185 persons; and

WHEREAS, the Board is in receipt of a certificate issued by the Borough Superintendent dated December 13, 1955, pursuant to Section 668 subd. c of the Charter that a stay in this appeal would in his opinion cause imminent peril to life as a portion of the first floor is used for dancing, cabaret and bar and grill for 120 persons with only one means of egress, and that an inspection report dated December 12, 1955 states that the condition is hazardous; and

WHEREAS, the applicant states that this appeal affects only one of the nine stores on the first floor, which is the cabaret identified as 1619 Kings Highway, that this portion of the premises is 12 ft. front on Kings Highway by 102 ft. 9¾ in. in depth, irregular, and 37 ft. more or less at the rear, and has a gross area of approximately 1920 sq. ft.; that the existing exit facilities are in accordance with Section 6-1.2.2.2, when the occupancy is less than 75 persons; that the actual occupancy is always below 75 persons except on two or three evenings in the year when the occupancy might conceivably reach 120 persons; that the maximum distance from the remotest point of the cabaret to the street door is about 100 ft., that this street door is 4 ft. in width and has proven adequate for all practical purposes over a period of years; that it is proposed to maintain such fire-fighting equipment as the Fire Department may direct; that in addition it is proposed to maintain an opening equipped with a 3 ft. by 7 ft. fireproof self-closing door at the rear of the cabaret, which door opening will lead out to Avenue P through a side yard on the adjoining lot which would ordinarily satisfy the requirements of the Building Code as a secondary means of egress, but however, if this were offered as a secondary means of egress a zoning violation would arise since Avenue P is in a residence use district; that on February 11, 1955, the owner and the tenant entered into a license agreement with the adjoining owner of lot 4 in block 6779 to permit emergency secondary egress by a door from the bar and grill to an open side yard direct to Avenue P; that this mere license is of record and does not permit any use of the premises except in the event of fire or other emergency; that in view of the limitations placed by the licensor, the agreement is not an easement and does not permit a use of the adjoining premises, therefor no application for a variance in the zoning regulation can be made; and

WHEREAS, the applicant therefore requests that a variance be made in the Administrative Code on the basis of the fact that one exit would adequately serve the premises particularly in view of the rear door opening; and

WHEREAS, the premises was inspected by a committee of the Board and the committee noted that the applicant has filed a consent for permission to exit, in the event of emergency, through the rear yard and courts of the apartment house on Lot 4.

Resolved, that the decision of the Borough Superintendent, dated December 1, 1955, acting on Alt. App. 3913/55, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit as a second means of exit substantially as proposed and as indicated on plans filed with this appeal marked "Received March 21, 1956" (4 sheets) *on condition* that the door in the rear wall shall be constructed and maintained as shown on such plans with steps of access to the level of the yard of the adjoining premises on Lot 4; that such means of exit shall not be used at any time except when there is an emergency; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that such variance shall continue only so long as the conditions of this resolution are maintained.

22-56-A

APPLICANT—Morris Hannes, for J. L. Spigel and Herman Zeligman, owners.

SUBJECT—Application January 18, 1956—Appeal from a decision of the borough superintendent—re egress under section 271 of the Labor Law.

PREMISES AFFECTED—15 Spruce street, north side, 100 ft. west of William street, Block 102, Lot 18, Borough of Manhattan.

APPEARANCES—

For Applicant: Morris Hannes.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated December 29, 1955, acting on Alt. App. 1195/55, reads:

"1. Means of egress including 1st fl., cellar & sub-cellar should comply with Section 271 of the Labor Law."

and

WHEREAS, the applicant states the building is 8 stories, cellar and sub-cellar, 100 ft. in height, 25 ft. by 79 ft. 5 in. in area at 1st floor, 25 ft. by 72 ft. 6 in. in area at typical floor, part fireproof and part non-fireproof construction, erected in 1892 on a lot 25 ft. by 81 ft. and 86 ft. 5 in. in depth in a retail use, B area, Class 2 height district; used and occupied since prior to 1950 as follows: subcellar—ordinary storage, 0 persons; cellar—storage of printing material, 1 person; 1st floor—office and factory, printing, 5 persons; 2nd floor—manufacturing leather goods and office, 5 persons; 3d floor—Color testing laboratory and offices, 5 persons; 4th floor—manufacturing statues and offices, 6 persons; 5th, 6th and 7th floors—printing and office, 7 persons per floor; 8th floor—manufacturing leather goods, 7 persons. The use of the 1st, 5th, 6th and 7th floors has existed since 1892. No change in use or occupancy is now proposed. The building is provided with approved standpipe and interior fire alarm systems and regular monthly fire drills are maintained. There is one 3 ft. 5 in. wide steel stairs, fireproof enclosed, equipped with kalamein, self-closing doors leading from roof bulkhead direct to street, and one fire escape on the front extended to roof by ladder and to street by counterbalanced ladder. Window and door openings on the course of the fire escape are fireproof, self-closing; and

WHEREAS, Violation #3745 was issued June 20, 1955, for violating Section 271 of the Labor Law in that the exterior fire escape and the cellar and subcellar exits do not comply with section 271 as a means of egress; and

WHEREAS, the applicant contends that the exits consist of a steel stairway with a minimum of 3 ft. 5 in. extending from 1st floor to roof through a bulkhead, enclosed in fireproof material with passageway extending to the street; all door openings to stairhalls are provided with approved self-closing kalamein doors; that there is also a fire escape on the front with a balcony on each floor with 4 ft. 6 in. railings on outside and connecting iron stairway 22 in. wide at a 45 degree angle between the 2nd to 8th floors with counterbalanced stairway from 2nd floor to street and gooseneck ladder from 8th floor balcony to roof with windows along the course of fire escape fireproof and complying with the Factory Exit Rules in all other respects; and

WHEREAS, the applicant contends that the total area of each of the upper floors is approximately 1813 square feet, which is reduced by the exterior walls, stair and elevator enclosures, leaving a net floor area of only 1430 square feet per floor; that the building is equipped with standpipe and fire alarm system; that the present occupancy of any floor

does not exceed 7; that in view of the small area and occupancy, it is requested that the exits as shown on filed plans be accepted for the upper floors; and

WHEREAS, the applicant contends that the exits from the 1st floor store consists of a pair of doors each 2 ft. 6 in. wide leading to a 5 ft. wide fireproof enclosed hallway extended to street and another door 26 in. wide located about the center of the building, leading to a stair balcony connecting to main hallway; that the doors from store to the passageway and hallway are self-closing, kalamein; and that in view of the small occupancy of the store and it is proposed to install a sprinkler system in the hallway, it is requested this condition be accepted as exits from the 1st floor; and

WHEREAS, the applicant contends that the cellar and sub-cellar are used mainly for storage with no permanent occupants in the sub-cellar and an occasional occupant in the cellar; that there is a stairway at front extending from sub-cellar to street, which is 2 ft. 8 in. wide at sub-cellar and 3 ft. 8 in. wide from cellar to street; that the stairs in the sub-cellar are steel frame with wood treads and the stair from cellar to street is of wood frame and treads with wood enclosure; that the cellar and subcellar contain a non-automatic sprinkler system. It is proposed to enclose the sub-cellar stairs with fireproof material and to plaster the existing stair underneath with wire lath and plaster; extending from cellar to street, and to protect the wood enclosure of this stair with rock lath and plaster or wire lath and plaster both sides of enclosing partitions; that beyond this partition is a proposed fireproof partition with fireproof doors so as to form a continuous enclosure from subcellar to street; there is also an iron frame stair 30 in. wide with wood treads extending from cellar, and connecting to public hall at 1st floor, which it is proposed to enclose with fireproof partitions and with fireproof self-closing door at opening; and

WHEREAS, the applicant contends that because the cellar and subcellar are used for storage with only one occupant therein and these subfloors are provided with a non-automatic sprinkler and the area of subfloors is small, it is requested that the exits from cellar and subcellar be accepted as proposed; and

WHEREAS, the applicant states that the use district was changed to retail on June 30, 1952 and that the existing uses existed prior to such change; and

WHEREAS, on July 18, 1922, the Board under Cal. No. 827-22-S modified the requirements of the Labor Law in acting on Order #27049 LD issued by the Fire Commissioner, relating to the area of wire glass in doors leading to the stairway enclosure, only sofar as it related to wire glass in doors on the 1st floor; and

WHEREAS, the applicant now states that the glass doors permitted by the Board under Cal. No. 827-22-S on the 1st floor do not exist, as the only doors from the public hall to the 1st floor store contain fireproof wire glass with lights 18 by 20 in. in area; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions; and

WHEREAS, the owner of the adjoining plot, who is also the owner of the plot under appeal, has filed consent, permitting the balcony proposed for exit to extend over such lot.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the borough superintendent, acting on Alt. App. 1195/55, Objection No. One and that the appeal be and it hereby is *granted*, to permit the continuance of the exits as proposed and as indicated on plans filed with this appeal marked, "Received January 18, 1956" (4 sheets), "March 9, 1956" (7 sheets) and "April 26, 1956" (one sheet) *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that the sprinkler system

MINUTES

proposed in the hall shall be constructed and maintained; that on the fifth floor, to provide two means of exit for the two tenants, there shall be a steel balcony as shown on plans marked "Received April 26, 1956" extending over the adjoining property under the same ownership and connecting with the front fire escape to a window changed to a door for access to balcony as thereon shown on plan marked "Received April 26, 1956," that the windows along the course of this balcony shall be fireproof self-closing; that an iron railing shall be installed on such balcony to a height of 4 feet; that in the event the fifth floor is leased to one tenant only the balcony may be removed; that such balcony shall continue only so long as the same owner owns the building under appeal and the adjoining building to the east; that the standpipe system, interior fire alarm system and regular monthly fire drills shall be maintained in accordance with the requirements therefor; that the non-automatic sprinkler system shall be maintained in the cellar and subcellar; that the sprinkler system proposed to be installed in the hallway shall be fed from the street water main with pipe of the required size.

834-53-A—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Finkel Umbrella Frame Company, owner.

SUBJECT—Application reopened April 26, 1955 as Vol. II—re Appeal from a decision re an order of the fire commissioner—re dip tank covers, etc.

PREMISES AFFECTED—890-914 Brush avenue, east side, 551.16 ft. south of Bruckner boulevard 2nd floor, Block 5541, Lot 130, Borough of The Bronx.

APPEARANCES—

For Applicant: James E. Vassalotti.

For Administration: Lieut. John P. Manfredi, Fire Dep't.

ACTION OF BOARD—Appeal withdrawn, to comply.

1284-23-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Culver Garage Corp., owner.

SUBJECT—Application for consideration—reopening as to extension of time to complete—re Application (decision of the borough superintendent); previously granted on condition, under section 7i and 19A of the zoning resolution, permitting in a residence and business use district, the maintenance of a legal use of public garage, store and one family dwelling and permitting the continuance of present use of motor vehicles repairing and permitting the proposed opening in rear wall between buildings and permitting the loading and unloading space without the required height and width of door openings.

PREMISES AFFECTED—8222-8226 18th avenue, west side, 70 ft. north of 84th street, Block 6314, Lot 72, Borough of Brooklyn.

APPEARANCES—

For Applicant: James E. Vassalotti.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, this application was amended by the Board as Vol II, on October 19, 1954, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended from time to time and last extended on April 26, 1955; and

WHEREAS, the resolution was amended on January 4, 1955 and November 9, 1955; and

WHEREAS, the applicant requested an extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on October 19, 1954, as thereafter amended by resolutions adopted through November 9, 1955 only as to the time within which to obtain permits and complete the work, so that as amended this portion of the resolution shall read:

"that in view of the statement by the applicant that plans have been approved by the Department of Buildings and work is about 90% complete, that all permits required shall be obtained and all work completed within six months from the date of this amended resolution."
(Alt. App. 3668/53)

95-55-BZ

APPLICANT—Leonard F. Rothkrug, for Joseph Krzyzanowski, owner.

SUBJECT—Application for consideration—reopening as to extension of time to complete which expired April 25, 1956—re Application (decision of the borough superintendent): previously granted on condition, under sections 7a and 7h of the zoning resolution, permitting in a residence use district, the change in occupancy from public garage for five cars to public garage for ten cars and permitting the parking of ten cars at rear of plot.

PREMISES AFFECTED—450-456 East 34th street, west side, 72 ft. north of Beverly road, Block 4918, Lot 27, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and time extended.

Co.; Peter J. Reidy, W. W. Warner and J. P. Jones, Safway Steel Scaffold Co.; William Karas, Dept. Public Works; Joseph Lorenz; James A. Dawson, N.Y.C. Housing Authority and B. W. Carbeau, Universal Manuf. Corp.

For Administration: Samuel L. Becker and Thomas V. Burke Dep't of Buildings.

ACTION OF BOARD—Laid over to June 1, 1956, at 2 P.M., for further consideration by the Board of amendment to rules as to metal shores, as recommended by a committee; for publication to include such amendment; and for decision.

Adjourned: 11:40 A.M.

JOSEPH J. DOYLE, *Chief Clerk.*

PUBLIC HEARING

PROPOSED AMENDMENTS TO THE RULES FOR ERECTION, ALTERATION, REPAIR, EXCAVATION FOR AND DEMOLITION OF BUILDINGS

Adopted by The Board of Standards and Appeals,
October 26, 1943, Effective December 13, 1943.

Amended Oct. 14, 1955, Effective Nov. 10, 1955.

(Cal. No. 784-41-SR)

NOTICE IS HEREBY GIVEN that a Public Hearing will be held by the Board of Standards and Appeals on Friday, June 1, 1956, at 2 P.M. in Room 1013 Municipal Building, Manhattan, on the following Proposed Amendments to the Rules for Erection, Alteration, Repair, Excavation for and Demolition of Buildings.

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, (3) and (4) of The New York City Charter; Sections C26-189.0, C26-191.0, C26-504.0(a), and C26-689.0 of the Administrative Code.

Proposed Amendments:

It is proposed to amend the Rules above cited by substituting a new Rule 7.8.1 for the present Rule 7.8.1. The present Rule 7.8.1 was based on the wording of a proposed Local Law, Introductory 439, introduced July 12, 1955 and still pending. The wording of Rule 7.8.1 herein submitted for public hearing follows the wording of pro-

posed Local Law Introductory 498, print 604, now pending in the Council.

Note: New matter in *italics*; old matter in brackets [] to be omitted.

[7.8.1. Design of Forms:

7.8.1.1. Forms shall conform to the shape, lines and dimensions as called for on the plans.

7.8.1.2 All form work supported by shores and used for the construction of walls, floors, beams and girders shall be designed by a Registered Architect or a Licensed Professional Engineer, who shall furnish the Borough Superintendent with a complete set of design drawings and, before concrete is poured, file an affidavit with the Borough Superintendent that the form work was built in accordance with such plans.

7.8.1.3 It shall be unlawful for anyone to pour concrete in any portion of such form work before such portion has been duly inspected and certified to the Borough Superintendent by the designing Architect or Engineer who designed the form work as required in Rule 7.8.1.2.

7.8.1.4 Forms shall be substantial and sufficiently tight to prevent leakage of mortar; and shall be properly

PUBLIC HEARING

braced or tied together so as to maintain position and shape and insure safety to workmen and passerby.

7.8.1.5 Temporary openings shall be provided where necessary, to facilitate cleaning and inspection immediately before depositing concrete.

7.8.1.6 Whenever in the opinion of the Borough Superintendent the scope of the work is of a minor nature and does not require strict compliance with these rules, he may waive the requirements hereof in an individual case under such conditions as he may prescribe or may require an alternate method.]

7.8.1 **Design and Construction of Forms.** *The design and construction of forms shall conform to the following requirements:*

7.8.1.1 *Forms shall conform to the shape, lines, and dimensions of the member as called for on the plans. Forms shall be substantial and sufficiently tight to prevent leakage of mortar; and shall be properly braced or tied together so as to maintain position and shape and insure safety to workmen and passerby. Temporary openings shall be provided where necessary to facilitate cleaning and inspection immediately before depositing concrete.*

7.8.1.2 *Where the height of the shores exceeds ten feet, adequate diagonal bracing shall be provided in both longitudinal and transverse directions. In addition, adequate diagonal braces shall be provided at the ends of the framework. Diagonal bracing shall extend from the top to bottom of shores.*

7.8.1.3. *The unbraced length of wood shores supporting forms shall not exceed fifty times the least dimension. Metal shores or frames shall be approved by the Board of Standards and Appeals and shall be installed in accordance with the approval of the board. Shores shall be adequately secured at the top and shall be properly wedged at top or bottom, if required.*

7.8.1.4 *Where shores rest upon the ground, adequate mud sills, or other bases, shall be provided to support the shores adequately.*

7.8.1.5 *Qualified workmen shall be detailed constantly during the placing of concrete to insure that there is no movement of shores, braces or other supports. The name of the foreman in charge of the formwork shall be posted in the field office of the contractor.*

7.8.1.6 *The individual, firm or corporation who does the concrete work shall be responsible for the adequate design and construction of all forms used in the construction of the building. Wherever the shore height exceeds fourteen feet, or the load on the forms exceeds one hundred fifty pounds per square foot, or power buggies are used, or two stage shores are used, the individual, firm or corporation who does the concrete work shall certify to the department that the form design has been checked and approved as adequate by a licensed professional engineer who has had at least five years of experience as a structural engineer, and that the forms have been constructed in conformance with the design which was checked and approved by the said engineer. The contractor shall certify that the formwork was constructed in accordance with the design within ten days after the structural concrete work has been completed on a building.*

PUBLIC HEARING

PROPOSED AMENDMENTS TO THE RULES RELATIVE TO SUBMERGED INLETS AND PROTECTIVE METHODS TO BE APPLIED TO PREVENT CONTAMINATION OF WATER SUPPLY

Adopted by the Board of Standards and Appeals February 3, 1939, effective in accordance with Section 666, Paragraph 2, of the New York City Charter, February 27, 1939, as amended December 4, 1942, effective December 28, 1942, as amended September 10, 1946, effective October 7, 1946 and as amended on February 10, 1948, effective March 8, 1948.

(Cal. No. 835-38-SR)

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, paragraph 2 of the New York City Charter pertaining to Sections C-26-1268.0,c,4 and C26-1277.0h. of the Administrative Building Code.

NOTICE IS HEREBY GIVEN that a Public Hearing will be held by the Board of Standards and Appeals on Friday, June 1, 1956 at 2 P.M. in Room 1013 Municipal Building, Manhattan, on the following Proposed Amendments to the Rules Relative to Submerged Inlets and Protective Methods to be Applied to Prevent Contamination of Water Supply, as recommended by the Commissioners of the Department of Health and the Department of Water Supply, Gas and Electricity.

Note: It is proposed to amend Rule 1 as indicated. New matter appears in *Italics*; old matter to be deleted appears in brackets [].

Rule 1. Vacuum Breakers.

All vacuum breakers prescribed under these rules shall be set at least four inches above the flood level rim of fixtures or as otherwise specifically provided for in these rules. Each fixture with submerged inlets shall be independently controlled by an approved vacuum breaker or breakers the full size of supply pipe, as set forth in these rules. All hose coupling outlets and serrated tip outlets for hose connections [within buildings] are deemed to be submerged inlets, and shall be independently protected with an approved vacuum breaker. [Outside hose coupling outlets for garden or sidewalk use, drain] *Drain* cocks for hot water and steam boilers and hose connections on fire fighting equipment are excepted. *Every underground lawn and/or garden watering system shall be protected by an approved vacuum breaker placed at least 12 inches above the highest elevation of the sprinkling and/or spraying discharge point. All out-*

PUBLIC HEARING

side hose coupling outlets, installed after January 1, 1957 shall be independently protected with an approved vacuum breaker.

Rule 2. Submerged Inlets.

Water supply inlets to fixtures shall be located at least one inch above the flood level rim of the fixture, except when submerged inlets are absolutely essential for the proper functioning of a fixture, or as otherwise provided for in these rules.

Water supply lines to water preheating apparatus utilizing waste water shall be equipped with an approved vacuum breaker located at least four feet above the highest elevation of the preheating apparatus or coil with a check valve between the vacuum breaker and the preheating apparatus. Any hot water boiler supplied through such preheating device and having an independent cold water supply line shall have the cold water supply line equipped with a vacuum breaker and check valve located at least four inches above the highest elevation of the boiler.

Rule 3. Flush-Valve Fixtures.

Flush-valve controlled fixtures, with submerged inlets supplied directly or indirectly from the City Water Supply System, shall be equipped with an approved vacuum breaker in the supply line not less than four inches above the flood level rim of the fixture.

Rule 4. Ballcocks.

All flush tanks operated by ballcocks shall have an approved vacuum breaker located not less than three-quarter inch above the overflow outlet of the flush tank.

Ballcocks controlling water supply to suction, roof or other intermediate tanks shall be located at least one inch above the flood level rim of the tank excepting that in roof tanks equipped with an overflow of a size at least one commercial diameter larger than the water supply pipe, the ballcock may be located two inches above the highest elevation of the overflow pipe. The overflow and emptying pipes of roof, suction and intermediate tanks shall not be directly connected to a drainage system, notwithstanding the permissive provisions of Section C26-1273.0,d of the Administrative Building Code for connection to a leader.

Rule 5. Sterilizers.

Direct water supply connections to all sterilizers are prohibited, except such equipment as is approved by the Board. When approved sterilizers are used, the waste piping from sterilizers shall not connect directly with any drainage system.

Rule 6. Aspirators—Water Siphons.

Direct water supply connections to aspirators, water siphons or similar apparatus is prohibited except when approved by the Board. The waste pipe for this type of apparatus shall not connect directly with any drainage system.

Rule 7. Bidets—Bed Pan Washers.

Direct water supply connections to a bidet is prohibited. Water supply connection to bed pan washers or similar apparatus shall be equipped with an approved vacuum breaker and check valve, the latter located between the fixture and the vacuum breaker. Water supply to bed pan washers equipped with an approved flush valve shall be governed by Rule 3.

Bed pan washers may be equipped with steam connections only when such equipment has been approved by the Board.

Rule 8. Sump or Well Pumps.

Direct water supply connections for priming purposes to sump, well or similar type pumps when permitted by the Department of Water Supply, Gas and Electricity shall be connected to the inlet side of the pump and be equipped with an approved vacuum breaker and check valve, the check valve to be located between the pump and the vacuum breaker.

Rule 9. Condensers.

Direct water connections to refrigeration unit for cooling purposes shall be equipped with an approved check valve to prevent possible back flow of ammonia or other refrigerant from defective condenser coils or jackets, except in such installations where the water supply piping is entirely outside of the piping or tank containing the refrigerant and two independent wall thicknesses of metal separate the refrigerant from the city water supply. Refrigeration units containing more than twenty pounds of refrigerant shall be provided with an additional safeguard in the form of an approved relief valve installed at the outlet side of the check valve, such relief valve being set at five pounds above the maximum water pressure at the point of installation. Direct water connection is prohibited under Section C26-1223.0 Administrative Building Code.

Rule 10. Mortuary, Dissection, Operating and Embalming Tables or Equipment.

Mortuary, dissection, operating and embalming tables or equipment shall have no direct water supply connection. Hose used with such equipment shall terminate at least 12 inches at any point from the table or attachments.

Rule 11. Dishwashing and Laundry Machines.

Direct water supply to dishwashing and laundry machines shall be equipped with an approved vacuum breaker and a check valve located between the vacuum breaker, and the fixture. The vacuum breaker shall be located at least 4" above the highest elevation of the machine.

Rule 12. Chemical Solution Tanks or Apparatus

Direct water supply connections, when permitted by the Department of Water Supply, Gas and Electricity, to any tank or apparatus containing any chemical shall be equipped with an approved vacuum breaker and a check valve located between the vacuum breaker and the tank or apparatus. *All hose, piping or portable equipment used for the application of chemicals or other solutions shall be equipped with an approved vacuum breaker.*

Rule 13. Steam Tables.

Steam tables used exclusively for the warming of food stuffs and provided with a water supply inlet elevation at least one inch above the overflow outlet, the area of which is at least four times that of the water supply piping, shall be equipped with an approved horizontal swing check valve in the water supply piping.

Where elevation of the water supply piping inlet is less than one inch above the overflow outlet, or when the area of the overflow outlet is less than four times that of water supply piping, the water supply piping shall be equipped with an approved vacuum breaker located at least four inches above the maximum overflow level of the fixture.

NOTICE

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication in this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board and of the further publication of the calendars in the daily press.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure

to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the building zone resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying proper owners, they may obtain such copies at the office of the Board of Standards and Appeals, Room 1014, Municipal Building, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

Notice of Public Hearings on Proposed Amendments to
the Rules Relative to Submerged Inlets and Protective
Methods to be Applied to Prevent Contamination of
Water Supply.

PUBLIC HEARINGS

Tuesdays at 10 a.m. to 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the chairman or the engi-
neers, pertaining to the work of the board, will be seen only
between the hours of ten in the morning and one in the
afternoon—Saturdays excepted.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellants and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman.*

CALENDAR

DOCKET

New Cases filed up to May 8, 1956

Cal. No. Dept. Premises Affected

286-56-SM—Vinyglas (blackout—draperies), manufactured by M. H. Lazarus and Co., Inc., Material.

287-56-SA—OPW Tank Whistle, Models 7A, 7C and 7U (signalling device in vent of tank to signal when tank is full), manufactured by OPW Corp., Material.

288-56-BZ—B.Q.—86-09 188th street, east side, 367.93 ft. south of McLaughlin avenue, Block 10503, Lot 74, Hollis, Borough of Queens, Alt. 2968-55—re conversion of one family dwelling to two families—residence use, G-1 area district.

289-56-BZ—B.Q.—45-42 162nd street, west side, 400 ft. south of 45th avenue, Block 5440, Lot 61, Flushing, Borough of Queens, N.B. 1088-56—re manufacturing use; area coverage excessive—retail use district, D area district.

290-56-A—B.M.—246 West 65th street, south side, 225 ft. east of West End avenue, Block 1156, Lot 55, Borough of Manhattan, Amendment to Alt. 515-51—re garage use—Class III construction.

291-56-BZ—B.Q.—130-50 Horace Harding Expressway, southwest corner of Lawrence street, Block 6451, Lot 25, Flushing, Borough of Queens, Alt. 2825-55—re sale and display of stone monuments and office—residence use district.

292-56-A—B.Q.—130-50 Horace Harding Expressway, southwest corner of Lawrence street, Block 6451, Lot 25, Flushing, Borough of Queens, Alt. 2825-55—re frame building for business use.

293-56-SA—Ritter Dental Unit, Model H, Types 1-6, manufactured by Ritter Co., Inc., Appliance.

294-56-SM—Amerivent Type B, Gas Vent, Style O and Style R, Type BW Gas Vent Style O and Amerivent Fittings and Vent Caps, (flue pipe) for gas appliances, manufactured by American Metal Products Co., Inc., Material.

295-56-BZ—B.B.—8225 3rd avenue and 301 83rd street, northeast corner, Block 6007, Lot 5, Borough of Brooklyn, Alt. 1113-56—re area excessive for C area district, retail use district.

296-56-SA—Garland Insulated Gas Range (for Hotel and Restaurant use), Model 186, manufactured by The Welbilt Corp., Appliance.

297-56-BZ—B.Q.—241-03 83rd avenue, northeast corner of 241st street, Block 7904, Lot 9, Bellerose, Borough of Queens, N.B. 384-56—re erection of 2 family dwelling and detached 2 car garage; building erected nearer than 15 ft. to any street lot—residence use district, F area district.

298-56-BZ—B.B.—197-199 Highland place, east side, 224 ft. 3 $\frac{3}{8}$ in. south of Fulton street, Block 3959, Lots 11 and 12, Borough of Brooklyn, Alt. 4689-55—re increase in height of portion of building and extension in rear—of the non-

conforming use—residence use district (office carpet cleaning).

299-56-BZ—B.B.—229 Kingston avenue, east side, 20 ft. north of Sterling place, Block 1244, Lot 2, Borough of Brooklyn, Alt. 381-56—re extension of non-conforming use (store and dwelling)—residence use district.

300-56-BZ—B.B.—405-417 McDonald avenue, east side, 300 ft. south of Albermarle road and 298-306 East 2nd street, Block 5334, Lots 26 and 84, Borough of Brooklyn, Alt. 356-56—re parking and storage of motor vehicles—residence use district.

301-56-BZ—B.Bx.—3825-3845 Boston Post road, north side, from Palmer avenue to Dereimer avenue, 3501-3511 Palmer avenue and 3500-3510 Dereimer avenue, Block 4896, Lots 1 and 5, Borough of The Bronx, N.B. 617-56—re gasoline service station, lubritorium, minor repairs, car washing, etc., parking and storage, sign and show windows—business and residence use district.

302-56-A—B.M.—59 Bank street, north side, 76 ft. 11 in. west of West 4th street, Block 624, Lot 57, Borough of Manhattan, Alt. 152-56—re egress.

303-56-SM—Gilco Wall Covering (for commercial and residence use), manufactured by The Gilman Brothers Company, Material.

304-56-SM—Sylvania Sylvania-Aire Corrugated Plastic Light Diffuser, manufactured by Sylvania Electric Products Inc., Material.

305-56-BZ—B.Q.—62-15 64th street, east side, 100 ft. south of 62nd avenue, Block 2772, Lot 25, Middle Village, Borough of Queens, N.B. 261-56—re area occupancy of proposed structure in a D area district.

Restored to Docket

565-54-A—Vol. II—B.B.—1020 Ocean parkway, west side, 130 ft. south of Avenue J, Block 5495, Lot 904, Borough of Brooklyn, Amendment to Alt. 2668-53—re construction and live load.

661-49-A—Vol. III—B.B.—1361 61st street, north side, 180 ft. west of 14th avenue, Block 5719, Lot 52, 1st and 2nd floors, Borough of Brooklyn, Alt. 5019-54—re exit stairs.

708-52-SM—Bethlehem Steel Co. High Strength Bolting for Structural Joints (reopened and restored to docket in view of adoption of legislature to amend Administrative Code), manufactured by Bethlehem Steel Co., Inc., Material.

297-54-BZ—B.Q.—65-61 to 65-65 Grand avenue and 56-64 to 56-72 Hamilton place, northwest corner, Block 2719, Lots 21, 22 and 23, Maspeth, Borough of Queens, Alt. 120-54—reopened for consideration as to extension of time to complete—re erection of a new one story extension using more than area permitted, etc.

788-47-BZ—Vol II—B.B.—137-149 Kings highway and 1640-1652 West 13th street, northwest corner, Block 6618, Lots 22, 24 and 26, Borough of Brooklyn, N.B. 204-56—re

CALENDAR

Hi-Speed auto laundry, simonizing, office, storage, etc.; entrances and show windows.

Commissioner Keating and Deputy Chief Connolly.. 4

Negative: 0

THE RESOLUTION—

WHEREAS, on November 14, 1950 this application (Vol. III) was granted by the Board on certain conditions, under section 7h of the zoning resolution, to permit in a local retail use district, the parking and storage of more than five motor vehicles, for a term of 3 years; and

WHEREAS, the resolution was amended on May 1, 1951; and WHEREAS, the term of variance and time to complete was extended on December 2, 1952; and

WHEREAS, the resolution was amended on January 4, 1955; and

WHEREAS, the term of variance was extended for a term of 2 years, to expire on January 4, 1957; and

WHEREAS, the applicant requested reopening of this application and amendment of the resolution to include 20 ft. curb cut on Washington place; and

WHEREAS, this application was reopened on March 13, 1956 and set for hearing on April 24, 1956 at 10 A.M., subject to regular procedure, waiving all requirements except a new decision of the borough superintendent and two publications in the Bulletin, and notice by regular mail to all owners on Washington place and Waverly place between Avenue of the Americas and MacDougal street; and

WHEREAS, a public hearing was held on this application on April 24, 1956 after due notice by publication in the Bulletin; laid over to May 8, 1956, for applicant to file more adequate plans, for correction of digest and for further consideration and decision by the Board; hearing closed; and

WHEREAS, the decision of the borough superintendent, dated February 2, 1956 acting on Alt. Applic. 1347-50, reads:

"1. Proposed curb cuts are contrary to Boards approval under case 530-42-BZ and, therefore, are not acceptable." and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on December 9, 1952, by adding thereto:

"that there may be an additional opening not over 18 ft. in width to Washington place with curb cut opposite not more than 20 feet in width; that in all other respects the resolution above cited shall be complied with; and that all permits required shall be obtained and all work completed within three months from the date of this amended resolution."

532-46-BZ—Vol. III

APPLICANT—Siegel and Green, for Milton C. Rose, trustee/owner (Bertbli Realty Corp., lessee).

SUBJECT—Application reopened April 17, 1956 as Vol. III—re (decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a retail and restricted retail use district, the extension in area of an existing parking lot, from the retail into the restricted retail use district.

PREMISES AFFECTED—1300-1306 Avenue of the Americas and 55-67 West 52nd street, northeast corner and 56-

MINUTES

64 West 53rd street, Block 1268, Lots 1, 7, 8 and 9, Borough of Manhattan.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert,

Commissioner Keating and Deputy Chief Connolly.. 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on April 17, 1956 to consider under section 7c the extension previously granted by the Board, and to permit two publications in the Bulletin; and

WHEREAS, this case was set by the Board for hearing on May 8, 1956; and

WHEREAS, a public hearing was held on this application on May 8, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, West 53rd street and West 52nd street are in retail and restricted retail use, B area, class 2 height districts; Avenue of the Americas is in a retail use, B area, class 2 height district; and

WHEREAS, the decision of the borough superintendent, dated May 3, 1955 acting on Alt. Applic. 555-55, reads:

"1. The creation of a lot for the parking and storage of more than 5 motor vehicles, located partly in a Retail Use District and partly in a Restricted Retail Use District is contrary to Art. II, Sec. 4-B(i) Zoning Resolution. and

WHEREAS, the applicant states that the premises consist of a plot, 200.42 ft. frontage by 215 ft. in depth, irregular, on which is located a parking and storage lot for more than 5 cars, and office; that it is proposed to permit the continuance of a parking and storage lot for more than five motor vehicles on a premises located partly within a restricted retail use district; and

WHEREAS, the applicant states that the subject premises is located at the northeast corner of the Avenue of the Americas and West 52nd street, extending through to West 53rd street; that it has a frontage of 100.42 ft. on Avenue of the Americas with a depth of 215 ft. on West 52nd street, with a frontage of 103.67 ft. on West 53rd street, comprised of lots 1, 7, 8 and 9 in block 1268, all under one ownership; that the existing premises is now being used as a parking and storage lot for more than five motor vehicles pursuant to certificate of occupancy No. 43209, dated October 28, 1954 for lot No. 1 and certificate of occupancy No. 44760 dated October 20, 1955 for lots 7, 8 and 9; that the zoning for these premises has been changed from time to time as follows: 1916—business use on 6th avenue—residence use on West 52nd and 53rd streets; December 2, 1926—residence use on West 52nd street was changed to business use; June 12, 1931—business use district on Avenue of the Americas was changed to retail use district; June 3, 1946—residence use district on West 53rd street was changed to restricted retail use; and

WHEREAS, the applicant contends that when the original zoning variance under Cal. No. 532-46-BZ was granted by the Board, the zoning resolution prohibited motor vehicle parking on a premises within retail and restricted retail use districts; that on May 13, 1948 the zoning resolution was amended to permit such parking as a matter of right in a retail use district and continued the prohibition against such parking in a restricted retail use; that consequently the greater area of lot No. 1 (18,140 sq.ft.) facing Avenue of the Americas and West 52nd street can be used as a matter of right without a variance; that the lesser area (7,831 sq.ft.) of lot No. 1 facing West 53rd street is the only part of the original premises that is now subject to the variance granted by the Board in effect until September 21, 1956; that subsequent to the original variance, the owner acquired lots 7, 8 and 9 contiguous to the original lot No. 1, located

entirely within a retail use district, wherein the parking use was permitted as a matter of right; that these combined lots, under the same ownership, now comprise a legal parking lot having an area of 24,164 sq.ft. within a retail use district and only 7,831 sq.ft. within a restricted retail use district; and

WHEREAS, the applicant further contends that under present day zoning regulations, this application qualified under section 7c as these premises are now sub-divided into two use districts, and that in effect, the application is to permit the extension of an existing lawful use within the retail use area of these premises into the more restricted district of these same premises zoned for restricted retail use, which uses already legally exist on these premises; that it is well recognized that this particular area requires all possible off-street parking facilities and that a grant will not adversely affect anyone; and

WHEREAS, the applicant states that the present owner has held title to lot 1 since February 10, 1950 and to lots 7, 8 and 9 since September 1, 1953; that the assessed valuation of land is \$1,223,000 and of the building \$1000 making a total of \$1,224,000; that the building was erected in 1946.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on September 17, 1946, as thereafter amended by resolutions adopted September 21, 1954, by adding thereto:

"and granted under section 7c, to permit the extension in area of the existing parking lot on lot 1, by the addition of the portion on W. 53rd street in the restricted retail area as indicated on plans filed with this application, marked "Received April 5, 1955", 2 sheets, and "May 13, 1955", 1 sheet, on condition that the requirements of the above cited resolutions shall be complied with as to paving and fencing and general conditions; that the entire premises including area as permitted for parking by the Department of Buildings including lots 7, 8 and 9, and as herein permitted may be operated as one plot and no subdividing fences need be constructed; that there shall be no additional curb cuts other than those shown on plan of proposed conditions, marked "Received April 5, 1955"; and that all permits required, including a new certificate of occupancy, shall be obtained and all work completed within six months from the date of this amended resolution."

263-51-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Thomas Amari, owner.

SUBJECT—Application reopened November 29, 1955 as Vol. II—re (decision of the borough superintendent) under sections 7e and 7h of the zoning resolution, to permit in a residence use district the erection and maintenance of a refreshment building, and parking of patrons cars, no fee to be charged.

decision; hearing closed; then to May 1, 1956, for inspection and decision; then to May 8, 1956, for decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, F-1 area, class ½ height district; Sea View avenue and Rockaway parkway are in residence and restricted retail use, F-1 area, class ½ height districts; and

WHEREAS, the decision of the borough superintendent, dated October 24, 1955 acting on N.B. Applic. 2442-55, reads:

"1. Proposed refreshment building, parking of patrons cars (no fees to be charged), in a residence use district, is contrary to Art. II Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 80 ft. in depth, vacant at present; that it is proposed to secure a variance for a period of 10 years in order to erect and maintain a refreshment building with parking of patrons' cars in the open area for which no fees are to be charged; that the refreshment building will be one story in height, of class 3 construction, with a frontage of 30 ft. and a depth of 36 ft.; that the building will be highly modern in design; that Rockaway parkway is a main auto lane leading north and south across Brooklyn and connecting up with the Belt parkway and as such the proposal is entirely in keeping at this point; and

WHEREAS, the applicant states that the use district maps indicate that the premises are located in a residence use district, class ½ height district and class F-1 area district; that as of July 25, 1916 the premises were in a business use district, class 1½ height district and class D area district; that the present use and height designations became effective on November 28, 1938 and the site was placed in an F area district on the same date; that the present F-1 area designation became effective on July 22, 1954; and

WHEREAS, the applicant contends that the premises directly opposite in block 8329, lot 1 with a frontage of 400 ft. on Rockaway parkway, is in a restricted retail district; that the premises diagonally opposite in block 8328, lots 2 and 25 with a frontage of 117 ft. on Sea View avenue and 560 ft. on Rockaway parkway is in a similar zone; that these properties will eventually be developed with business uses and therefore as shown the site in question, with the adjoining zoning as it exists and its proximity to heavily trafficked Rockaway parkway, could not be developed with residence use; that inasmuch as the site cannot be developed with residence use, the owner should be afforded the right to be able to continue to pay city real estate taxes, receive an equitable return on his investment and thereby be able to retain ownership of the land; and

WHEREAS, the applicant states that the present owner has held title to the property since January 16, 1951 and that the assessed valuation of land is \$6,300; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7e for a term of ten years, to permit the premises to be occupied as a refreshment stand and parking of patrons' cars, substantially as proposed and indicated on plans filed with this application, marked "Received November 9, 1955", 3 sheets, "February 28, 1956", 1 sheet, and "April 12, 1956", 1 sheet, on condition that all buildings and uses shall be removed from the premises; that the premises shall be leveled substantially to the grade of the abutting streets, and the proposed building constructed and arranged as indicated on such plans; that there shall be erected on the rear lot lines to the north and side line to the west, a masonry wall 5 ft. 6 in. in height which shall be returned along Rockaway parkway for a distance of approximately 35 feet; that curb cuts shall be

restricted to one to Seaview avenue, where shown, not over 15 ft. in width and one curb cut to Rockaway parkway, except that such curb cut shall be moved easterly for approximately 15 feet; that the premises where not occupied by proposed building and walls shall be paved with clean gravel or steam cinders, treated with a binder and properly rolled; that there may be parking of patrons' and employees' cars, as proposed; that signs shall be restricted to a sign attached to the building as would be permitted in a local retail district, and a sign as to parking of cars and for use only by customers, patrons and employees and such other information as may be required by the commissioner of licenses; that the sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the borough president; and that all permits required shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

888-54-BZ

APPLICANT—Abraham Grossman, for 87-25 108th Street Corp., owner.

SUBJECT—Application November 24, 1954—re (decision of the borough superintendent) under sections 7e and 21 of the zoning resolution, to permit in a residence use district, the change in occupancy from stable, garage and apartment to existing use of refrigerator storage, servicing and testing.

PREMISES AFFECTED—87-25 108th street, east side, 229.17 ft. south of Jamaica avenue, Block 9298, Lot 62, Richmond Hill, Borough of Queens.

APPEARANCES—

For Applicant: Abraham Grossman and D. L. Dineen.

For Opposition: Joseph Leo.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—
Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 6, 1956 after due notice by publication in the Bulletin; laid over to April 17, 1956, for inspection and decision; hearing closed; then to May 8, 1956, applicant to submit revised plans of unloading and information as to continued operation of premises and statement as to trucks; objector to file photograph of trailer truck unloading; hearing previously closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, C area, class 1 height district; 108th street is in residence and business use, C area, class 1 height districts; Jamaica avenue is in a business use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated October 26, 1954 acting on Alt. Applic. 2291-54, reads:

"1. Use of premises located in a residence use district as storage and servicing of refrigerators is contrary to Art. II Sec. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 40 ft. frontage by 100 ft. in depth, on which is located a building 35 ft. front by 94 ft. in depth, 2 stories, 27 ft. 2 in. in height, of class 3 construction, presently used as boiler room, refrigerator storage, servicing and testing of refrigerators; that it is proposed to maintain building for uses of refrigerator storage, servicing and testing; and

WHEREAS, the applicant states that this building is a two story structure of class 3 construction, erected in 1914; that the front portion is a two story structure, 35 ft. wide by 59½ ft. in depth, with a one story extension in the rear, 38 ft. wide and 40 ft. in depth; that the original structure was erected to be used as—cellar—boiler room and storage; 1st floor—stable; 2nd floor—2 families; that the use of the 1st floor was changed in 1918 to a non-storage garage for

MINUTES

10 cars, which use was continued until May 7, 1928 according to fire department records; that the present proposed use is—cellar, boiler room and refrigerator storage; 1st floor—refrigerator storage and refrigerator repairs; 2nd floor—testing and refrigerator storage; that the building was purchased in July 23, 1946 and has been used as at present, since its purchase; that at the time of purchase of this structure, the 2nd floor did not have any living quarters, the partitions having been removed previously and appeared to have been utilized for commercial purposes in connection with the 1st floor; that the premises undoubtedly was used for commercial purposes from 1928 to 1946; and

WHEREAS, the applicant contends that request is made for a variance due to the fact that records show a legal non-conforming use at the time of the passage of the zoning resolution; that the premises were used continuously for a non-conforming use until the present time; that the present owners purchased the building for the present use and expended approximately \$12,000 in rehabilitating and setting up the present plant; that to deny the variance would entail a financial hardship in that the entire plant would have to be relocated; that the present use is far less objectionable than a garage, which is the last recorded legal non-conforming use; that request is made for a variance to permit the present use to be continued for a period of 15 years; and

WHEREAS, the applicant states that the present owner has held title to the property since July 23, 1946; that the assessed valuation of land is \$4,400 and of the building \$6,600 making a total of \$11,000; that the building was erected in 1914; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which recommended the application be granted temporarily for a term of two years; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7e for a term of two years, to permit the continuance of occupancy of the building for servicing refrigerators, substantially as proposed and indicated on plans filed with this application, marked "Received November 24, 1954", 7 sheets, and "February 27, 1956", 1 sheet, on condition that the amount of work done shall not exceed that now done by the present occupant, D. L. Dineen Sales and Service Company; that this variance shall continue only so long as the aforementioned concern occupies the building; that all delivery and receipt of merchandise shall be by trucks backed into the front openings of the building, as proposed, and not loaded or unloaded on the sidewalk; that such portable fire-fighting appliances shall be installed as the fire commissioner shall direct; and that all permits required, including a certificate of occupancy shall be obtained and all work completed within six months from the date of this resolution.

514-55-BZ

APPLICANT—John F. Fitzsimons, for Stephen and Helen Fedor, owners.

SUBJECT—Application June 22, 1955—re (decision of the borough superintendent) under sections 7c and 7A of the zoning resolution, to permit in a residence and retail use district, the proposed extension of gasoline service station, auto repairs, accessory store, office and dwelling to be used for gasoline station, motor vehicle repair shop, car washing, greasing, office, accessory store, boiler room and dwelling, with curb cut closer to residence use district than permitted.

PREMISES AFFECTED—78-08 51st avenue and 51-02 Gorsline street, southwest corner, Block 2470, Lot 5, Elmhurst, Borough of Queens.

APPEARANCES—

For Applicant: John F. Fitzsimons.

For Opposition: Mrs. E. George, L. H. Warren and Anthony Valenti.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.
THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly. 4
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 13, 1956 after due notice by publication in the Bulletin; laid over to April 24, 1956, for inspection and decision; hearing closed; then to May 8, 1956, for applicant to file revised plans showing building not extending beyond the front wall of the adjoining houses along Gorsline street and with pumps extending beyond the building line reset so as to be not less than 10 feet from building line; premises inspected; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Gorsline street are in residence and retail use, C area, class 1½ height districts; 51st avenue is in business, residence and retail use, C area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated June 8, 1955 acting on Alt. Applic. 593-55, reads:

"1. Premises is located in a retail and residence district; proposed extension of gas service station, auto repairs, accessory store, office and dwelling to be used for gas station, motor vehicle repair shop, car washing, greasing, office, accessory store, boiler room and dwelling, contrary to sec. 3 and Sec. 4(a)-46 and 29 of Article II of zoning resolution.

3. Proposed curb cut on Gorsline Street frontage nearer than 75 feet to residence use district is contrary to Sec. 7-A(a) of Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 159.7 ft. frontage by 73.84 ft. in depth, irregular, on which is located a gasoline station, auto repairs, accessory store, office and dwelling; and

WHEREAS, the applicant states that this is an application for a variation of the zoning resolution so as to permit the present uses of gas station, repair shop, accessory store, office and dwelling erected in 1936, when the premises were in an unrestricted use district, to be extended so as to include car washing, and additional repairing, greasing and dwelling space; that the prior existing uses on the westerly portion of the premises, partly in residence and partly in retail districts have been continued by the present owners since they purchased the property on March 16, 1946; that the easterly portion of the premises (the southwest corner 51st avenue and Gorsline street) was purchased on August 7, 1952, and it is this easterly portion of the premises which is to be devoted to the extended and additional uses; that the existing building is of class 3 and class 4 construction, the 2nd floor dwelling being of frame construction; that the new construction will be class 3; that the proposed construction would extend the existing building easterly and includes three bays on the 1st floor for car washing, lubritorium and for the inspection and repair of motor vehicles; that the 2nd floor dwelling, occupied and to be occupied by the owners, will also be extended easterly; and

WHEREAS, the applicant contends that 51st avenue is devoted largely to motor vehicle uses; that within a radius of 500 ft., there are 3 gas stations, 5 motor vehicle repair shops, 3 parking lots and at least 2 used car lots, and in view of the established character of the neighborhood, it is felt that the proposed construction will not adversely affect the neighborhood; and

WHEREAS, the applicant states that the present owner has held title to the property since March 16, 1946 and August 7, 1952; that the assessed valuation of land is \$9,000 and of the building \$4,000 making a total of \$13,000; that the present building was erected in 1936; and

MINUTES

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c, to permit the extension of the lawfully existing gasoline service station, substantially as proposed and as indicated on plans filed with this application, marked "Received June 22, 1955", 5 sheets, "March 8, 1956", 1 sheet and revised plans marked "Received May 4, 1956", 4 sheets, *on condition* that the proposed extension for repairing, greasing and washing and the second story addition shall be constructed as proposed and shown on such revised plans; that the existing pumps shall be removed and new pumps shall be located where shown on such revised plans and such pumps shall be of a low, approved type; that there shall be no windows on the rear lot line; that the proposed door toward the south, opening on Gorsline street, shall be omitted and a window substituted; that all entrances and exits to the new accessory building shall be through doors from 51st avenue; that all unbuilt upon spaces shall be paved with concrete or asphalt; that the sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that entrances shall be solely from 51st avenue, consisting of three as shown, two 30 feet in width and one 20 feet in width; that no portion of any curb cut shall be nearer than 5 feet to a side lot line as prolonged; that under Section 7A, curb cuts not conforming to the requirements of such section may be permitted; that such portable fire-fighting appliances shall be maintained as the fire commissioner shall direct; that signs shall be restricted to a permanent sign attached to the facade of the accessory building and the illuminated globes of the gasoline pumps, excluding all roof signs and temporary signs but permitting the erection within the intersection of a post standard for supporting a sign which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign to extend at right angles to 51st avenue for a distance of not more than 4 feet; that under section 7c there may be motor vehicle repairing with hand tools only for adjustments maintained within the accessory building; that in all other respects the building and occupancy shall comply with all laws and rules applicable thereto other than as modified by resolution adopted this day under calendar number 515-55-A and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

515-55-A

APPLICANT—John F. Fitzsimons, for Stephen and Helen Fedor, owners.

SUBJECT—Application June 22, 1955—re Appeal from a decision of the borough superintendent—non-fireproof construction—gasoline service station.

PREMISES AFFECTED—78-08 51st avenue and 51-02 Gorsline street, southwest corner, Block 2470, Lot 5, Elmhurst, Borough of Queens.

APPEARANCES—

For Applicant: John F. Fitzsimons.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE:

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent dated June 8, 1955 on Alt. App. 593/55 reads:

"2. Two story gasoline service station must be of fire-protected construction. Sec. 4.2.1 BC."
and

WHEREAS, the applicant states the building is a 2 stories, 24 ft. in height, 50 ft. 3½ in. front by 25 ft. in depth, of class 3 and class 4 construction, erected 1936, on a lot 159.7 ft. front by 73.84 ft. in depth, in a residence and retail use, C area, class 1½ height district and used and occupied since 1936 as follows: Cellar—ordinary; 1st floor—gasoline station, repair, etc.; 2nd floor—dwelling, one family; no change in use or occupancy is proposed; the building is provided with one 3 ft. wide interior frame stairway, frame enclosed, equipped with wood doors which are not self-closing; stair-hall leads direct to street and is provided with a ladder and scuttle to roof; there is no secondary egress in the building; and

WHEREAS, the applicant states that it is proposed to extend the building to two stories, 24 ft. in height, 120 ft. front by 48.5 ft. in area, in class 3 construction; and

WHEREAS, the applicant states the existing building was erected under N.B. App. 2133/36 in an unrestricted use district; that the original plans proposed the erection of one story gas station and an amendment approved July 17, 1936 proposed to change the occupancy from gas station, auto repairs, accessory store and office to gas station, auto repairs accessory store, office, greasing, on first story and dwelling on the second floor; that floor beams over the first floor were shown to be covered with ¾ in. cement plaster on wire lath; that application for Certificate of Occupancy made in 1942 apparently overlooked the approved amendment and the Certificate setting forth the permissible use as gasoline station, auto repairs, accessory store and office was issued; and

WHEREAS, the applicant contends that the proposed extension will be of class 2 construction in accordance with the requirements of the Code for a two story gasoline service station building; that the first story of the extension will be devoted to automobile uses and the second floor to dwelling use as enlargement of the living quarters of the owner; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the borough superintendent, dated June 8, 1955, acting on Alt. App. 593/55, Objection 2, be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the type of construction of the second story of the existing gasoline service station and proposed extension, as proposed and shown on plans filed with the companion application, Cal. 514-55-BZ, on condition that in all other respects the building shall comply with the requirements of the Building Code and the resolution adopted this day by the Board under Cal. 514-55-BZ; and that there shall be no cellar in the building other than that now existing.

Not voting: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated January 20, 1955, reads:

“Re Alteration No. 1642/52

Block 1313, Lot 4,

Southeast corner of Park Avenue

and 59th Street, Restricted Retail Use District.

Gentlemen:

Please be advised that Alteration No. 1642/52 was approved on November 25, 1952 for work proposed as follows:

“It is proposed to install temporary, fireproof, level floors over part of existing Orchestra and Stadium floor construction, install temporary fireproof partitions where indicated on plans and to use the existing theatre area as a branch bank for a period of 2 years. All temporary construction to be removed and the space restored to its present status at the end of the bank's lease. There will be no permanent structural changes made to alter the present theatre construction nor will there be any changes made in the existing theatre exits or toilets. Branch Bank occupancy is only for period while new quarters are being built across Park Avenue. On completion of new quarters, bank will vacate and space will revert to theatre use.”

“That part of the above proposal for the reconversion, after two years, of the bank space for use as a theatre has been approved in error, since these premises are located within a restricted retail use district where theatres are prohibited by Section 4B (c) of the Zoning Resolution.

“Therefore, the permit to reconvert the bank space to theatre use granted you on November 25, 1952 is hereby revoked.”

WHEREAS, the applicant states the building is five stories and pent house, 125 ft. front by 90 ft. in depth, erected 1886, of fireproof construction, located in a restricted retail use, B area, class 1½ height district and used and occupied since May 8, 1953 as follows: sub-cellar—boiler room and photo school, 65 persons; cellar—storage, lounge and toilets, 100 persons; 1st floor—stores, 90 persons; mezzanine—stores, 5 persons; Orchestra, temporary banking room; 343 persons; Stadium—temporary banking offices, 256 persons; 2nd floor—dance studio and show rooms, 70 persons; 3rd floor—offices and showrooms, 50 persons; 4th floor—offices and showroom, 50 persons; 5th floor—offices, 15 persons; pent house, one apartment; and now proposed to be used and occupied as follows: subcellar—boiler room and photo school, 65 persons; cellar—storage, lounge and toilets, 100 persons; 1st floor—stores, 90 persons; mezzanine—stores, 5 persons; orchestra—motion picture theatre, 343 persons; stadium—motion picture theatre, 256 persons; 2nd floor—dance studio and show rooms, 70 persons; 3rd floor—offices and showrooms, 50 persons; 4th floor—offices and showrooms, 50 persons; 5th floor—offices, 15 persons; pent house—one apartment; the building is equipped with an approved standpipe system, interior fire alarm system and regular monthly fire drills are maintained; there are two interior fireproof stairs and one fire tower; and

WHEREAS, the applicant has filed with the Board temporary certificate of occupancy No. 41081, issued April 23, 1953, permitting the present use and occupancy and copies of similar temporary certificates of occupancy up to and including No. 43643 issued January 19, 1955 and a copy of certificate of occupancy No. 36287 issued April 10, 1947 on Alt. Applic. 2614-46 for the theatre use; and

WHEREAS, the applicant contends:

From November 1946 to September 1952 a portion of the premises was continuously used as a motion picture theatre. During the latter part of 1952 The National City Bank of New York, was confronted with the problem of finding temporary space pending the erection of a new building that the owner sought and obtained assurances that such temporary conversion would not prevent restoration of the theatre use; a lease was entered into between the owner and The bank October 7, 1952; that on November 25, 1952, the Borough Superintendent approved alteration permit No. 1642/52 in which the nature of the alterations was described as follows:

“It is proposed to install temporary, fireproof level floors over part of existing orchestra and stadium floor construction, install temporary fireproof partitions where indicated on plans and to use the existing theatre area as a branch bank for a period of 2 years. All temporary construction to be removed and the space restored to its present status at the end of the bank's lease. There will be no permanent structural changes made in the existing theatre exits or toilets. Branch bank occupancy is only for period while new quarters are being built across Park Avenue. On completion of new quarters, bank will vacate and space will revert to theatre use.” and

WHEREAS, the under date of April 23, 1953, a temporary certificate of occupancy for a period of ninety (90) days was issued by the Borough Superintendent; but the afore-said temporary certificate of occupancy was renewed at three-month intervals, the last of such renewals under date of January 19, 1955; that in entering into temporary arrangements for leasing of these premises for bank offices, the owner did not in any wise abandon the right to continue the motion picture theatre use; that this is apparent, not only from the temporary nature of the work authorized by the permit, but also from the express terms of the application to the Borough Superintendent which specifically stated that the temporary construction was to be removed and the space restored to theatre use, at the end of the bank's lease”; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the following is the report of the committee of the Board:

REPORT OF COMMITTEE

Re: Cal. No. 164-55-A

Cal. No. 816-55-A

Premises: 487-495 Park Avenue, Manhattan.

Appeal Cal. 164-55-A is to review a decision of the Borough Superintendent, dated January 20, 1955, revoking that provision of the permit which granted permission to reconvert a portion of the building to a theatre..

Appeal Cal. No. 816-55-A is to review a decision of the Borough Superintendent, dated September 13, 1955, refusing permission to reconvert a portion of the building to a theatre as being in violation of the Zoning Resolution. No application for a zoning variance has been filed.

The building is four stories in height, originally erected about 1886. In 1922 it was converted from showrooms and offices to bank use for part of first floor, basement and cellar, and the balance—offices and showrooms. At that time, the building was in a business use district, later in a retail use district, and while in the retail district, the building was altered in 1946 to include a theatre for 599 seats on the street floor, for which Certificate of Occupancy No. 32222 was issued

MINUTES

on October 25, 1946. Thereafter the zoning was changed to restricted retail, and a superseding Certificate of Occupancy, issued because of certain changes not affecting the theatre use on April 10, 1947, records the building as in the restricted retail district. In a restricted retail district, adopted as Section 4B in 1935, and amended in 1940, a theatre or motion picture theatre is a prohibited use.

On October 29, 1952, the Park-Fifty-Ninth Corporation, owner, filed an application—Alt. 1642-52—as to theatre and lobby to carry out a temporary revamping to make the premises suitable for the branch bank quarters for a term of two years, pending the erection of a new building across Park Avenue, to which the Bank would later move. Plans were approved November 24, 1952, and the work completed and a Temporary Certificate of Occupancy was issued April 23, 1952, No. 41081 for a term of ninety days. Subsequently, Temporary Certificates of Occupancy were issued every ninety days, each under another number, and the last Temporary Certificate for ninety days was issued January 19, 1955, and this has expired. The following day, January 20, 1955, the Borough Superintendent revoked that part of the approved application Number Alt. 1642 of 1952 and Permit No. 2135-1952, insofar as they permitted reconversion to use as a theatre, stating, "that part of the above proposal for the reconversion, after two years, of the bank space for use as a theatre has been approved in error since these premises are located within a restricted retail use district, where theatres are prohibited by Section 4B (c) of the Zoning Resolution." This decision is the basis of Appeal Cal. No. 164-55-A.

In the opinion of the Committee, the Borough Superintendent unjustifiedly agreed to the proposal to permit a return of the theatre use after the tenancy of the Bank had ended. Undoubtedly the owner may have hoped to be able to rely on this permission, but being beyond the powers of the Borough Superintendent to grant the privilege of reestablishing the former non-conforming use, the permission to do so was ineffective under the terms of Section C26-186.O of the Administrative Code. Alteration Application No. 1642-1952, since it contained a condition contrary to the Zoning Resolution, was illegally approved.

On July 7, 1955, Alteration No. 1127-55 was filed to restore the premises to theatre use. It is the decision of the Borough Superintendent that is subject to review under Cal. No. 816-55-A, his decision reading:

"The proposed conversion of a space within the above subject premises, which is located within a restricted retail district, which has been temporarily approved for use as a bank, to that of a motion picture theatre, is in violation of Section 4B (c) of the Zoning Resolution."

The applicant claims that there has never been an abandonment of the right to use the premises for theatre purposes. There can be no question that there was physical abandonment as a conforming use as a bank was substituted for the non-conforming theatre use.

On the question of intention to abandon, it is clear that both parties to the lease anticipated that the owner might lose its Certificate of the theatre in view of the tenant's conforming occupancy as it is evidenced by the provision in the lease for the tenant to pay the owner a substantial sum in the event he lost the Certificate of Occupancy for theatre use, but that in the event the lease was renewed for three six-month periods, no such additional payments for loss of Certificate of Occupancy for the theatre were required. The owner actually anticipated the possible loss of his theatre Certificate of Occupancy and provided in the lease for compensation therefor. This, in the opinion of the Committee, indicates an intention to abandon the theatre use.

In the opinion of the Committee, the Appeal—Cal. No. 164-55-A should be denied, and the Appeal under

Cal. No. 816-55-A should be denied and the decision of the Borough Superintendent sustained.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
SEAN P. KEATING,
Commissioner,
P. JOSEPH CONNOLLY,
Deputy Chief, Fire
Department.

Resolved, that the decision of the Borough Superintendent, acting on Alt. No. 1642/52, dated January 20, 1955, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

816-55-A

APPLICANT—Regan and Barrett, for Park Ave. Fifty-Ninth Corp., owner.

SUBJECT—Application October 6, 1955—re Appeal from a decision of the borough superintendent, review of borough superintendent's decision re change in use.

PREMISES AFFECTED—487-495 Park avenue and 100-108 East 59th street, southeast corner, Block 1313, Lot 4, orchestra and stadium, Borough of Manhattan.

APPEARANCES—

For Applicant: John N. Regan.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioner Keating and Deputy Chief Connolly 3

Not Voting: Commissioner Kleinert 1

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated August 16, 1955, on Alt. App. 1127/55, reads:

"2. Alt 1642/52 is still pending and must be either completed or withdrawn not more than one application is permitted to be active at one time.

Examination to be continued.

Note Alt. 1642/52 Folder is missing and not available. Information from Inspector Glynn's file reveals a letter dated 1/20/55 to the Park Ave. 59 Street Corp. by Super Hermann that Bank space cannot be reconverted to theater use."

and

WHEREAS, the decision of the Borough Superintendent, dated September 13, 1955, on Alt. App. 1127/55 reads:

"Re: 487-495 Park Avenue. Alt. App. #1127/55

It is requested by your representative, in addition to the objections mailed to you on August 15, 1955, relating to the proposed conversion of space used by a bank to that of a motion picture theater at the above subject location as proposed under alteration application 1127/55, the following objection is also given in order that a proper appeal may be filed with the Board of Standards and Appeals.

4. The proposed reconversion of a space within the above subject premises which is located within a restricted retail district which has been temporarily approved for use as a bank to that of a motion picture theatre is in violation of Section 4B (c) of the Zoning Resolution."

and

WHEREAS, the applicant states the building is 5 stories and penthouse, 125 ft. by 90 ft. in area, of fireproof construction, erected about 1886, on a lot 125 ft. front by 90 ft. in depth, in a restricted retail use, B area, Class 1½ height district; used and occupied since May 8, 1953, as follows: Subcellar—boiler room and photo school, 65 persons; Cellar—storage, lounge and toilets, 100 persons; 1st floor—stores, 90 persons; mezzanine—stores, 5 persons; orchestra

MINUTES

—vacant; stadium—vacant; 2nd floor—dance studio and showrooms, 70 persons; 3d and 4th floors—offices and showrooms, 50 persons per floor—5th floor—offices—15 persons; penthouse, 1 apartment. Now proposed to be used and occupied: Subcellar—same; cellar—same; 1st floor and mezzanine—same; orchestra floor and stadium—motion picture theatre, 343 persons on orchestra floor and 256 in stadium; 2nd, 3d, 4th and 5th floor—same; penthouse—same. The building is provided with approved standpipe, interior fire alarm systems; regular monthly fire drills are maintained. There are two interior stairs, steel and concrete, 51 in. wide, fireproof enclosed and one fire tower; and

WHEREAS, Certificate of Occupancy #32687 issued April 10, 1947, upon completion of work under Alt. App. 2614/46 permits the following use and occupancy: Subcellar—boiler room, storage and photographic school, 65 persons; cellar—storage, lounge and toilets, 100 persons; 1st floor—stores, 90 persons; Mezzanine—stores, 5 persons; Orchestra—motion picture theatre, 343 persons; stadium—motion picture theatre, 256 persons; 2nd story—offices and dance studio, 70 persons; 3d story—office and showrooms, 50 persons; 4th floor—offices and and showrooms, 50 persons; 5th floor—offices, 15 persons; penthouse—1 apartment; and

WHEREAS, the applicant states from November 1946 to November 1952 a portion of the building was continuously used as a motion picture theatre; that during the latter part of 1952 the National City Bank to provide a temporary space during the demolition of its premises on 57th street and erection of a new building thereon, sought and obtained a temporary conversion of the theatre and the owner of the building obtained assurances that such temporary conversion would not prevent restoration of the theatre use; that upon this understanding a lease was accordingly entered into between the owner and the bank on October 7, 1952; and

WHEREAS, the applicant contends that on November 25, 1952, the Borough Superintendent approved Alt. No. 1642/52 to install temporary construction and permit the use of the existing theatre area as a bank for a period of two years, all temporary construction to be removed and the space restored to its present status at the end of the bank's lease; and on April 23, 1953, a temporary certificate of occupancy for 90 days was issued by the Borough Superintendent and such certificate was renewed at three month intervals, the last of which was issued January 19, 1955; and

WHEREAS, the applicant contends the owner did not abandon the right to continue the motion picture theatre use; that on January 20, 1955, the Borough Superintendent revoked the permit to reconvert such space to theatre use and an appeal for such revocation is pending before the Board under Cal. No. 164-55-A; that the applicant filed Alt. App. 1127/55 specifically requesting authorization to reconvert the space to theatre use and the borough superintendent's decisions are predicated upon the ground that the reconversion to motion picture theatre use would be in violation of Section 4B (c) of the Zoning Resolution; and

WHEREAS, the applicant contends that for the reasons set forth under Cal. No. 164-55-A there has never been any abandonment of the right to use the space in question for motion picture theatre purposes; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the following is the report of the committee of the Board:

REPORT OF COMMITTEE

Re: Cal. No. 164-55-A

Cal. No. 816-55-A

Premises: 487-495 Park Avenue, Manhattan

Appeal Cal. No. 164-55-A is to review a decision of the Borough Superintendent, dated January 20, 1955, revoking that provision of the permit which granted permission to reconvert a portion of the building to a theatre.

Appeal Cal. No. 816-55-A is to review a decision of the Borough Superintendent, dated September 13, 1955, refusing permission to reconvert a portion of the build-

ing to a theatre as being in violation of the Zoning Resolution. No application for a zoning variance has been filed.

The building is four stories in height, originally erected about 1886. In 1922 it was converted from showrooms and offices to bank use for part of first floor, basement and cellar, and the balance—offices and showrooms. At that time, the building was in a business use district, later in a retail use district, and while in the retail district, the building was altered in 1946 to include a theatre for 599 seats on the street floor, for which Certificate of Occupancy No. 32222 was issued on October 25, 1946. Thereafter the zoning was changed to restricted retail, and a superseding Certificate of Occupancy, issued because of certain changes not affecting the theatre use on April 10, 1947 records the building as in the restricted retail district. In a restricted retail district, adopted as Section 4B in 1935, and amended in 1940, a theatre or motion picture theatre is a prohibited use.

On October 29, 1952, the Park-Fifty-Ninth Corporation, owner, filed an application—Alt. 1642-52—as to theatre and lobby to carry out a temporary revamping to make the premises suitable for the branch bank quarters for a term of two years, pending the erection of a new building across Park Avenue, to which the Bank would later move. Plans were approved November 24, 1952, and the work completed and a Temporary Certificate of Occupancy was issued April 23, 1952, No. 14081 for a term of ninety days. Subsequently, Temporary Certificates of Occupancy were issued every ninety days, each under another number, and the last Temporary Certificate for ninety days was issued January 19, 1955, and this has expired. The following day, January 20, 1955, the Borough Superintendent revoked that part of the approved application Number Alt. 1642 of 1952 and Permit No. 2135-1952, insofar as they permitted reconversion to use as a theatre, stating, "that part of the above proposal for the reconversion, after two years, of the bank space for use as a theatre has been approved in error since these premises are located within a restricted retail use district, where theatres are prohibited by Section 4B (c) of the Zoning Resolution." This decision is the basis of Appeal Cal. No. 164-55-A.

In the opinion of the Committee, the Borough Superintendent unjustifiedly agreed to the proposal to permit a return of the theatre use after the tenancy of the Bank had ended. Undoubtedly the owner may have hoped to be able to rely on this permission, but being beyond the powers of the Borough Superintendent to grant the privilege of reestablishing the former non-conforming use, the permission to do so was ineffective under the terms of Section C26-186.0 of the Administrative Code. Alteration Application No. 1642-1952, since it contained a condition contrary to the Zoning Resolution, was illegally approved.

THE RESOLUTION—

WHEREAS, this application was amended by the Board as Vol. II, on May 24, 1938, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended on February 15, 1939 and June 25, 1940; and

WHEREAS, the term of variance was extended from time to time and last extended on April 24, 1951; and

WHEREAS, the resolution was amended from time to time and last amended on January 20, 1953; and

WHEREAS, the applicant requested an extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on April 29, 1932 as thereafter amended by resolution adopted April 24, 1951 only so far as it refers to the term of the variance, so that as amended this portion of the resolution shall read;

“... granted under Section 7, subdivision f for a term of 15 years from the date of this amended resolution to permit; that other than as herein amended the resolution above cited shall be complied with in all respects; and that all permits, including a new certificate of occupancy, shall be obtained and all work completed with the requirements of Section 22A of the Zoning Resolution from the date of this amended resolution.” (Alt. App. 274/39, Misc. App. 1781/51, (N.B. App. 4258/31.)

* Correction—Name of owner corrected to read “Louise E. De Vito.”

PUBLIC HEARING

PROPOSED AMENDMENTS TO THE RULES FOR ERECTION, ALTERATION, REPAIR, EXCAVATION FOR AND DEMOLITION OF BUILDINGS

Adopted by The Board of Standards and Appeals,
October 26, 1943, Effective December 13, 1943.
Amended Oct. 14, 1955, Effective Nov. 10, 1955.

(Cal. No. 784-41-SR)

NOTICE IS HEREBY GIVEN that a Public Hearing will be held by the Board of Standards and Appeals on Friday, June 1, 1956, at 2 P.M. in Room 1013 Municipal Building, Manhattan, on the following Proposed Amendments to the Rules for Erection, Alteration, Repair, Excavation for and Demolition of Buildings.

Authority:

Pursuant to the authority vested in the Board of Stand-

ards and Appeals by Section 666, (3) and (4) of The New York City Charter; Sections C26-189.0, C26-191.0, C26-504.0(a), and C26-689.0 of the Administrative Code.

Proposed Amendments:

It is proposed to amend the Rules above cited by substituting a new Rule 7.8.1 for the present Rule 7.8.1. The present Rule 7.8.1 was based on the wording of a proposed Local Law, Introductory 439, introduced July 12, 1955 and still pending. The wording of Rule 7.8.1 herein submitted for public hearing follows the wording of proposed Local Law Introductory 498, print 604, now pending in the Council.

PUBLIC HEARING

Note: New matter in *italics*; old matter in brackets [] to be omitted.

[7.8.1. Design of Forms:

7.8.1.1. Forms shall conform to the shape, lines and dimensions as called for on the plans.

7.8.1.2 All form work supported by shores and used for the construction of walls, floors, beams and girders shall be designed by a Registered Architect or a Licensed Professional Engineer, who shall furnish the Borough Superintendent with a complete set of design drawings and, before concrete is poured, file an affidavit with the Borough Superintendent that the form work was built in accordance with such plans.

7.8.1.3 It shall be unlawful for anyone to pour concrete in any portion of such form work before such portion has been duly inspected and certified to the Borough Superintendent by the designing Architect or Engineer who designed the form work as required in Rule 7.8.1.2.

7.8.1.4 Forms shall be substantial and sufficiently tight to prevent leakage of mortar; and shall be properly braced or tied together so as to maintain position and shape and insure safety to workmen and passerby.

7.8.1.5 Temporary openings shall be provided where necessary, to facilitate cleaning and inspection immediately before depositing concrete.

7.8.1.6 Whenever in the opinion of the Borough Superintendent the scope of the work is of a minor nature and does not require strict compliance with these rules, he may waive the requirements hereof in an individual case under such conditions as he may prescribe or may require an alternate method.]

7.8.1 Design and Construction of Forms. The design and construction of forms shall conform to the following requirements:

7.8.1.1 Forms shall conform to the shape, lines, and dimensions of the member as called for on the plans. Forms shall be substantial and sufficiently tight to prevent leakage of mortar; and shall be properly braced or tied together so as to maintain position and shape and insure safety to workmen and passerby. Temporary

openings shall be provided where necessary to facilitate cleaning and inspection immediately before depositing concrete.

7.8.1.2 Where the height of the shores exceeds ten feet, adequate diagonal bracing shall be provided in both longitudinal and transverse directions. In addition, adequate diagonal braces shall be provided at the ends of the framework. Diagonal bracing shall extend from the top to bottom of shores.

7.8.1.3. The unbraced length of wood shores supporting forms shall not exceed fifty times the least dimension. Metal shores or frames shall be approved by the Board of Standards and Appeals and shall be installed in accordance with the approval of the board. Shores shall be adequately secured at the top and shall be properly wedged at top or bottom, if required.

7.8.1.4 Where shores rest upon the ground, adequate mud sills, or other bases, shall be provided to support the shores adequately.

7.8.1.5 Qualified workmen shall be detailed constantly during the placing of concrete to insure that there is no movement of shores, braces or other supports. The name of the foreman in charge of the formwork shall be posted in the field office of the contractor.

7.8.1.6 The individual, firm or corporation who does the concrete work shall be responsible for the adequate design and construction of all forms used in the construction of the building. Wherever the shore height exceeds fourteen feet, or the load on the forms exceeds one hundred fifty pounds per square foot, or power buggies are used, or two stage shores are used, the individual, firm or corporation who does the concrete work shall certify to the department that the form design has been checked and approved as adequate by a licensed professional engineer who has had at least five years of experience as a structural engineer, and that the forms have been constructed in conformance with the design which was checked and approved by the said engineer. The contractor shall certify that the formwork was constructed in accordance with the design within ten days after the structural concrete work has been completed on a building.

PUBLIC HEARING

PROPOSED AMENDMENTS TO THE RULES RELATIVE TO SUBMERGED INLETS AND PROTECTIVE METHODS TO BE APPLIED TO PREVENT CONTAMINATION OF WATER SUPPLY

Adopted by the Board of Standards and Appeals February 3, 1939, effective in accordance with Section 666, Paragraph 2, of the New York City Charter, February 27, 1939, as amended December 4, 1942, effective December 28, 1942, as amended September 10, 1946, effective October 7, 1946 and as amended on February 10, 1948, effective March 8, 1948.

(Cal. No. 835-38-SR)

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, paragraph 2 of the New York City Charter pertaining to Sections C-26-1268.0,c,4 and C26-1277.0h. of the Administrative Building Code.

NOTICE IS HEREBY GIVEN that a Public Hearing will be held by the Board of Standards and Appeals on Friday, June 1, 1956 at 2 P.M. in Room 1013 Municipal Building, Manhattan, on the following Proposed Amendments to the Rules Relative to Submerged Inlets and Protective Methods to be Applied to Prevent Contamination of

Water Supply, as recommended by the Commissioners of the Department of Health and the Department of Water Supply, Gas and Electricity.

Note: It is proposed to amend Rule 1 as indicated. New matter appears in *italics*; old matter to be deleted appears in brackets [].

Rule 1. Vacuum Breakers.

All vacuum breakers prescribed under these rules shall be set at least four inches above the flood level rim of fixtures or as otherwise specifically provided for in these rules. Each fixture with submerged inlets shall be independently controlled by an approved vacuum breaker or breakers the full size of supply pipe, as set forth in these rules. All hose coupling outlets and serrated tip outlets for hose connections [within buildings] are deemed to be submerged inlets, and shall be independently protected with an approved vacuum breaker. [Outside hose coupling outlets for garden or sidewalk use, drain] Drain cocks for hot water and steam boilers and hose connections on fire fighting equipment are excepted.

PUBLIC HEARING

Every underground lawn and/or garden watering system shall be protected by an approved vacuum breaker placed at least 12 inches above the highest elevation of the sprinkling and/or spraying discharge point. All outside hose coupling outlets, installed after January 1, 1957 shall be independently protected with an approved vacuum breaker.

Rule 2. Submerged Inlets.

Water supply inlets to fixtures shall be located at least one inch above the flood level rim of the fixture, except when submerged inlets are absolutely essential for the proper functioning of a fixture, or as otherwise provided for in these rules.

Water supply lines to water preheating apparatus utilizing waste water shall be equipped with an approved vacuum breaker located at least four feet above the highest elevation of the preheating apparatus or coil with a check valve between the vacuum breaker and the preheating apparatus. Any hot water boiler supplied through such preheating device and having an independent cold water supply line shall have the cold water supply line equipped with a vacuum breaker and check valve located at least four inches above the highest elevation of the boiler.

Rule 3. Flush-Valve Fixtures.

Flush-valve controlled fixtures, with submerged inlets supplied directly or indirectly from the City Water Supply System, shall be equipped with an approved vacuum breaker in the supply line not less than four inches above the flood level rim of the fixture.

Rule 4. Ballcocks.

All flush tanks operated by ballcocks shall have an approved vacuum breaker located not less than three-quarter inch above the overflow outlet of the flush tank.

Ballcocks controlling water supply to suction, roof or other intermediate tanks shall be located at least one inch above the flood level rim of the tank excepting that in roof tanks equipped with an overflow of a size at least one commercial diameter larger than the water supply pipe, the ballcock may be located two inches above the highest elevation of the overflow pipe. The overflow and emptying pipes of roof, suction and intermediate tanks shall not be directly connected to a drainage system, notwithstanding the permissive provisions of Section C26-1273.0,d of the Administrative Building Code for connection to a leader.

Rule 5. Sterilizers.

Direct water supply connections to all sterilizers are prohibited, except such equipment as is approved by the Board. When approved sterilizers are used, the waste piping from sterilizers shall not connect directly with any drainage system.

Rule 6. Aspirators—Water Siphons.

Direct water supply connections to aspirators, water siphons or similar apparatus is prohibited except when approved by the Board. The waste pipe for this type of apparatus shall not connect directly with any drainage system.

Rule 7. Bidets—Bed Pan Washers.

Direct water supply connections to a bidet is prohibited. Water supply connection to bed pan washers or similar apparatus shall be equipped with an approved vacuum breaker and check valve, the latter located between the fixture and the vacuum breaker. Water supply to bed pan washers equipped with an approved flush valve shall be governed by Rule 3.

Bed pan washers may be equipped with steam connections only when such equipment has been approved by the Board.

Rule 8. Sump or Well Pumps.

Direct water supply connections for priming purposes to sump, well or similar type pumps when permitted by the Department of Water Supply, Gas and Electricity shall be connected to the inlet side of the pump and be equipped with an approved vacuum breaker and check valve, the check valve to be located between the pump and the vacuum breaker.

Rule 9. Condensers.

Direct water connections to refrigeration unit for cooling purposes shall be equipped with an approved check valve to prevent possible back flow of ammonia or other refrigerant from defective condenser coils or jackets, except in such installations where the water supply piping is entirely outside of the piping or tank containing the refrigerant and two independent wall thicknesses of metal separate the refrigerant from the city water supply. Refrigeration units containing more than twenty pounds of refrigerant shall be provided with an additional safeguard in the form of an approved relief valve installed at the outlet side of the check valve, such relief valve being set at five pounds above the maximum water pressure at the point of installation. Direct water connection is prohibited under Section C26-1223.0 Administrative Building Code.

Rule 10. Mortuary, Dissection, Operating and Embalming Tables or Equipment.

Mortuary, dissection, operating and embalming tables or equipment shall have no direct water supply connection. Hose used with such equipment shall terminate at least 12 inches at any point from the table or attachments.

Rule 11. Dishwashing and Laundry Machines.

Direct water supply to dishwashing and laundry machines shall be equipped with an approved vacuum breaker and a check valve located between the vacuum breaker, and the fixture. The vacuum breaker shall be located at least 4" above the highest elevation of the machine.

Rule 12. Chemical Solution Tanks or Apparatus

Direct water supply connections, when permitted by the Department of Water Supply, Gas and Electricity, to any tank or apparatus containing any chemical shall be equipped with an approved vacuum breaker and a check valve located between the vacuum breaker and the tank or apparatus. *All hose, piping or portable equipment used for the application of chemicals or other solutions shall be equipped with an approved vacuum breaker.*

Rule 13. Steam Tables.

Steam tables used exclusively for the warming of food stuffs and provided with a water supply inlet elevation at least one inch above the overflow outlet, the area of which is at least four times that of the water supply piping, shall be equipped with an approved horizontal swing check valve in the water supply piping.

Where elevation of the water supply piping inlet is less than one inch above the overflow outlet, or when the area of the overflow outlet is less than four times that of water supply piping, the water supply piping shall be equipped with an approved vacuum breaker located at least four inches above the maximum overflow level of the fixture.

RULES RELATING TO SMOKING IN PROTECTED PORTIONS OF FACTORIES, AND IN SPECIAL CLASSES OF OCCUPANCIES.

Adopted by the Board of Standards and Appeals August 13, 1918, effective September 9, 1918, under the powers conferred upon the Board by Section 718-a, Subsections 2 and 3 (Old Charter) to supplement Section 283 of the Labor Law (Old Section 83c).

[Cal. 1262-18-SR]

Labor Law

Section 283. Smoking.

1. No person shall smoke in a factory. A notice of such prohibition stating the penalty for violation thereof shall be kept posted in every entrance hall, elevator, stair hall and room of a factory in English, and in such other languages as the fire commissioner of the city of New York in such city and elsewhere the commissioner shall direct.

2. The board in its rules may permit smoking in protected portions of a factory, or in such classes of occupancies where in its opinion the safety of the employees will not be endangered thereby. The fire commissioner of the city of New York in such city and elsewhere the commissioner may issue such permits in accordance with rules adopted by the board.

3. The fire commissioner of the city of New York in such city and elsewhere the commissioner shall enforce this section.

Rule 1. Permit.

(a) **Prohibition.** No person shall smoke, or carry a lighted cigar or cigarette in any factory as defined in Article 1, Section 2, of the State Labor Law, nor in any portion of a factory, within the City of New York, except in such protected portions or special classes of occupancies as are specified in Rule 2 of these rules, and then only after the issuance of a permit by the administrative official.

It shall be the joint and several duty of the owner and of the lessee or lessees of the building containing such factory or factories to cause to be posted in each and every entrance hall, stair hall or room throughout the building, as well as in every elevator-car, in English, and also in such other language or languages—as the administrative official shall direct, a notice of such prohibition, and the penalty for its violation.

(b) **Application.** Application for such permit shall be made only by the owner of the building on suitable blank forms to be furnished by the administrative official.

(c) **Time Limit.** Such permit shall be for a definite period, not exceeding one year, and shall not be renewed upon the expiration until a reinspection of the premises for which it is issued has been made for the purpose of determining whether existing conditions warrant a renewal.

(d) **Conditions.** The permit shall state the conditions under which the hours between which, and the place or places in such factory where smoking may be permitted, and this

permit shall be framed and kept posted in a conspicuous place in the factory.

(e) **Revocation.** Violation of any of the conditions specified in the permit in addition to incurring such penalties as are prescribed by law, shall be full and sufficient cause for the revocation of such permit by the administrative official, and shall not again issue a permit for the same premises until at least one year has elapsed.

Rule 2. Permissible Cases.

Smoking may be permitted in:

(a) Factories engaged in the manufacture of cigars, cigarettes, or smoking tobacco, when necessary for the efficient conduct of the business, provided that:

(1) No smoking other than that for sampling, testing and experimental purposes is carried on.

(2) Such smoking is conducted in a room provided especially for that purpose, separated from the rest of the building by fireproof or fireresisting partitions, with all openings therein protected by selfclosing fire doors, and further, unless the building is of fireproof construction or provided with an approved automatic sprinkler system, the floor and ceiling of such room shall be covered with fire retarding material.

(3) Such chemical fire extinguishers as the administrative official may direct are installed.

(4) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

(b) Factories devoted entirely to one of the following occupancies:

Blacksmithing or horseshoeing;
Boiler making;
Brick, terra cotta or artificial stone works;
Forge shops;
Foundries;
Iron, steel, brass or copper works;
Machine shops;
Smelting;
Stone or monumental works;

provided that in any case:

(1) The building is not of wooden construction;

(2) Such chemical fire extinguishers as the administrative official may direct are installed;

(3) All waste paper and other inflammable waste materials are deposited in fireproof receptacles.

Notice of Public Hearing on Proposed Amendments to the Rules for Erection, Alteration, Repair, Excavation for and Demolition of Buildings.

Notice of Public Hearings on Proposed Amendments to the Rules Relative to Submerged Inlets and Protective Methods to be Applied to Prevent Contamination of Water Supply.

PUBLIC HEARINGS

Tuesdays at 10 a.m. to 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building, Borough of Manhattan.

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the chairman or the engineers, pertaining to the work of the board, will be seen only between the hours of ten in the morning and one in the afternoon—Saturdays excepted.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection with which court proceedings are pending or in progress, unless exception is granted by the chairman, nor accepted which is not filed within thirty days from the date of the action of the Administrative Official.

Any communication purporting to be an appeal or application shall be regarded as a mere notice of intention to seek relief until it is filed on the form required by the rules of this board.

Upon receipt of any such communication the writer will be supplied with the official forms for presenting his appeal or application.

At the time of filing an appeal or application, the appellant or applicant shall forward a signed notice of appeal addressed to the administrative official either borough superintendent of buildings or fire commissioner and file with this board a duplicate of said notice.

Appellants and applicants are advised that their plans must indicate the points of the compass so as to establish the true location and position of the property, the subject of the appeal or application.

Appeals and applications will be simplified and disposition of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman*.

DOCKET

New Cases filed up to May 15, 1956

Cal. No. Dept. Premises Affected

306-56-SA—American-Standard Steel Gas -fired Winter Air Conditioner, Models GLA-74, GLA-100, GLA-125, GLA-150, GLA-175, GLA-200, GLA-250 and GLA-300, manufactured by American-Standard Air Conditioning Division, Appliance.

307-56-SA—American-Standard Steel Oil-fired Horizontal Winter Air Conditioner, Models HS-80-OB, HS-100-OB and HS-112-OB, manufactured by American-Standard Air Conditioning Division, Appliance.

308-56-SA—American-Standard Steel Oil-fired Winter Air Conditioner, Basement Type, Models 1307-OB, 1308-OB, and 1309-OB, manufactured by American-Standard Air Conditioning Division, Appliance.

309-56-SA—American-Standard Steel Gas-fired Winter Air Conditioner, Basement Type, Models 1307-G, 1308-G, and 1309-G, manufactured by American-Standard Air Conditioning Division, Appliance.

310-56-SA—American-Standard Steel Gas-fired Gravity Air Furnace, Model SG-150, manufactured by American-Standard Air Conditioning Division, Appliance.

311-56-SA—American-Standard Steel Oil-fired Winter Air Conditioner, Basement Unit, Models 1310-OB, 1312-OB and 1315-OB, manufactured by American-Standard Air Conditioning Division, Appliance.

312-56-SA—American-Standard Steel Gas-fired Combination Summer-Winter Air Conditioner, Models C-75-G, C-100-G, C-125-G and C-150-G, manufactured by American-Standard Air Conditioning Division, Appliance.

313-56-SA—American-Standard Steel Gas-fired Air Conditioner for Counterflow Application, Models GCA-50 and 50D, GCA-75 and 75-D, GCA-100 and 100-D and GCA-125 and GCA-150, manufactured by American-Standard Air Conditioning Division, Appliance.

314-56-A—B.B.—Oriental boulevard, south side, from Beaumont street to Coleridge street, 207 Beaumont street and 208 Coleridge street, Block 7516, Lots 1615 and 1623, Borough of Brooklyn, Decision re Revocation of Permits N.B. 2665 and 2666-55.

315-56-BZ—B.Q.—46-70 Hanford street, west side, 665.65 ft. south of Alameda avenue, Block 8167, Lot 52, Douglaston, Borough of Queens, N.B. 3362-55—re building line—setback.

316-56-A—B.Q.—46-70 Hanford street, west side, 665.65 ft. south of Alameda avenue, Block 8167, Lot 52, Douglaston, Borough of Queens, N.B. 3362-55—re use of cellar for living quarters.

317-56-BZ—B.B.—2402-2424 Avenue U, south side, East 24th street to Bedford avenue, 4184-4194 Bedford avenue and 2101-2111 East 24th street, Block 7357, Lot 1, Borough of Brooklyn, N.B. 536-56—re gasoline service station, repairs, auto repairs, parking and storage; curb cuts, business entrances, show windows, etc.—retail use district.

318-56-BZ—B.B.—1815-1817 86th street, north side, 78 ft. 8½ in. west of New Utrecht avenue, Block 6344, Lots 12 and 69, Borough of Brooklyn, N.B. 535-56—re auto laundry—business use district.

319-56-BZ—B.Bx.—3757-3759 Morris avenue, west side, 100.33 ft. north of East 196th street, Block 3318, Lot 62, Borough of The Bronx, Amendment to Alt. 282-52—re area excessive.

320-56-SA—American Blower Corp. Commercial Air Conditioner, Type CAC, Models 3C, 5C, 8C, 15C and 20C, manufactured by American Blower Corp., Appliance.

321-56-A—B.Q.—155-03 to 155-09, 155-11 to 155-19 and 155-21 to 155-27 89th street and 89-02 to 89-04, 89-08 to 89-14, 89-16 to 89-30 and 89-32 to 89-38 155th avenue, south east corner and 89-01 to 89-07, 89-11 to 89-35 Shore parkway, Block 11451, Lot 9; 90-02 to 90-24, 90-28 to 90-46 153rd avenue and 153-06 to 153-08 Cross Bay boulevard, southwest corner and 90-01 to 90-07, 90-09 to 90-25, 90-27 to 90-33 and 90-37 to 90-55 Shore parkway, Block 11451, Lot 50; 155-05 to 155-11 and 155-17 to 155-23 86th street and 86-06 to 86-08 and 86-20 to 86-42 155th avenue, southeast corner and 86-07 to 86-09, 86-15 to 86-21, 86-23 to 86-37 and 86-39 to 86-45 Shore parkway, Block 11466, Lot 1; 88-02 to 88-24 and 88-30 to 88-32 155th avenue and 155-06 to 155-12 and 155-18 to 155-24 89th street, southwest corner and 88-01 to 88-07, 88-09 to 88-25, 88-27 to 88-33 and 88-37 to 88-38 Shore parkway, Block 11466, Lot 25, Ozone Park, Borough of Queens, N.B. 5083 to 5107-55 inclusive—re Variation of sections 27, 28, 33 and 60 Multiple Dwelling Law, filed pursuant to section 31 of the Multiple Dwelling Law—open spaces and height.

322-56-BZ—B.M.—139 East 36th street, north side, 100 ft. east of Lexington avenue, Block 892, Lot 26, Borough of Manhattan, Alt. 384-56—re change in occupancy from private hospital to group medical center—residence use district.

323-56-BZ—M and A—160-55 Cross Bay boulevard, east side, foot of 161st avenue, Block 14183, Lot 90, Shellbank Basin, Borough of Queens, Decision—re gasoline tanks.

324-56-A—B.M.—150-154 West 22nd street, south side, 195 ft. 10 in. east of 7th avenue, Block 797, Lot 70, Borough of Manhattan, Alt. 1300-55—re egress.

325-56-BZ—B.Q.—120-37 165th street, east side, 180 ft. north of 122nd avenue, Block 12379, Lots 13, 15 and 16, Jamaica, Borough of Queens, Alt. 350-56—re parking lot—residence use district.

326-56-SA—General Electric Kitchen Center, Model 1UA9TO (9 ft. 6½ in.) and Model LUB8TO (8 ft. 6½ in.), manufactured by General Electric Co., Appliance.

327-56-BZ—B.Q.—219-14 97th avenue and 97-02 to 97-10 220th street, southwest corner, Block 10784, Lots 27 and 30, Queens Village, Borough of Queens, Alt. 663-56—re parking for patrons' and employees' cars—residence use district.

328-56-SM—Fabrilit (wall covering), types V-180, V-190, V-193, V-200, V-9328, V-6028, V-6200 and V-6040, manufactured by E. I. du Pont de Nemours and Co., Material.

CALENDAR

329-56-BZ—B.M.—354-356 West 53rd street, south side, 175 ft. east of 9th avenue, Block 1043, Lot 56, Borough of Manhattan, Alt. 401-56—re repair shop and auto storage—retail use district.

330-56-A—B.M.—354-356 West 53rd street, south side, 175 ft. east of 9th avenue, Block 1043, Lot 56, Borough of Manhattan, Alt. 401-56—re egress.

Restored to Docket

940-28-A—Vol. II—F.D.—78-16 Cooper avenue, south side, 37.50 ft. west of 79th place, Block 3803, Lots 14 and 34, Borough of Brooklyn, Order No. 2333-6—re standpipe system.

232-53-SA—Duo-Therm Incinerators (gas-fired), models 2202M, 2202S, 2202T and 2202 (reopened and restored to docket), manufactured by Duo-Therm, Division of Motor Wheel Corp., Appliance.

330-42-BZ—Vol. V—B.Q.—95-40 to 95-48 Queens boulevard, south side, 130 ft. west of 63rd drive, Block 3080, Lot 31, Rego Park, Borough of Queens, N.B. 2200-55—re changes of store layout; loading area.

3-29-BZ—Vol II—B.R.—920 Hylan boulevard, south side, 120 ft. east of Linwood avenue, Block 3266, Lot 7, Grasmere, Borough of Richmond, Alt. 33-56—re extension of legal non-conforming gasoline service station to include office, sales, car wash, lubritorium, motor vehicle repair; rear yard—retail, E-1 area district.

DESIGNATIONS: B.—Department of Buildings; B.B.—Department of Buildings, Brooklyn; B.M.—Department of Buildings, Manhattan; B.Q.—Department of Buildings, Queens; B.R.—Department of Buildings, Richmond; B.Bx.—Department of Buildings, Bronx; H.D.—Health Department; F.D.—Fire Department, and M. and A.—Dept. of Marine and Aviation.

PREMISES AFFECTED—807-817 East New York avenue, north side, 280 ft. 6¾ in. west of Schenectady avenue, Block 1429, Lots 56, 59, 60 and 61, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. IV on July 6, 1955 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on April 24, 1956 after due notice by publication in the Bulletin; laid over to May 15, 1956, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, East New York avenue and Troy avenue are in a business use, C area, Class 1 height district; Schenectady avenue is in business and residence use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated June 15, 1955 acting on amendment to Alt. Applic. 483-55, reads:

"3. Proposed change of occupancy from auto repair shop, wheel alignment, greasing to auto repair shop, wheel alignment, brake testing, touchup painting and spraying and open space for parking and storage for more than five motor vehicles in a Business zone is contrary to Article II, PP. 4a subsection 29 & 46 of the Zoning Resolution.

Note—Premises were subject of the Bd. of Standards and Appeals Resolution under Cal. #433-29-BZ,—Vol. III."

and

WHEREAS, the applicant states that the premises consist of a plot, 110 ft. 3½ in. frontage by 90 ft. in depth; and

WHEREAS, the applicant states that subsequent to the granting of the last resolution of the Board under Vol. III, permitting a proposed extension to the building covering

more than the area permitted and adding touch-up painting and spraying to the uses previously allowed (motor vehicle repair shop, wheel alignment and greasing of cars), the premises was sold to the present owners; that the new owners propose to occupy the premises in accordance with the board's resolution under Vol. III, except that their business needs do not require an extension using an area in excess of that permitted in this area district; that the proposed extension is of less area than that permitted under the Board's resolution; that it is further proposed that the un-built area of the plot be used for accessory parking in conjunction with the business; that the site is in a business use district and parking is a permitted use in this district; and

WHEREAS, the applicant states that the owners were the occupants of a building at 392 Empire boulevard, Block 1316, Lot 28, at the time of the filing of this application for reopening; that the building which they occupied was condemned for public purposes by the City of New York and title was transferred to the City on July 27, 1955; that the owners have entered into a party-wall agreement with the adjoining property owner, Duke Carpet & Rug Cleaning Co. Inc. (Cal. No. 239-50-BZ); and

WHEREAS, the applicant contends that there has been no change in the affected area since the last resolution of the Board; that the proposed uses are identical with the uses previously permitted by the Board except as to the accessory parking; that the decrease in the area of the proposed extension is a beneficial change in that it no longer requires a variance as to area coverage; that there are many non-conforming uses in this area; and

WHEREAS, the applicant states that the present owners have held title to the property since March 11, 1952; that the assessed valuation of land is \$15,500 and of the building \$13,600 making a total of \$29,100; that the building was erected in 1932; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application, previously granted, should be amended.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on June 15, 1947, under Vol. II, by adding thereto:

"that in the event the new owners desire to reduce the building, as formerly proposed and permitted and as now shown on revised plans marked "Received June 22, 1955" (3 sheets) and "January 20, 1956" one sheet) such reduced building may be constructed for the uses proposed on condition that the front wall of the building is of face brick; that there may be an opening as shown with proper fire door assembly between this building and the adjoining building to the east, under the same control; that the un-built upon space may be permitted for parking and storage of more than five motor vehicles awaiting service; that the un-built upon portion shall be graded with clean gravel or steam cinders and treated with a binder and properly rolled; that there shall be erected on the side lot lines to the west and along the building line of East New York Avenue a woven wire fence of the chain link type not less than 5 ft. 6 in. in height, with no openings there in except one to East New York Avenue, where shown, with curb cut opposite not exceeding 15 ft. in length; that there may also be, where shown, an office and boiler room not over one story in height complying with the requirements of the Building Code therefor; that such signs as are permitted in a business use district may be permitted; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that the terms of the resolution above cited, where not inconsistent with this amended resolution, shall be complied with; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. IV on February 1, 1955 subject to regular procedure, to consider new proposal; and

WHEREAS, a public hearing was held on this application on April 17, 1956 after due notice by publication in the Bulletin; laid over to May 15, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Bronx boulevard are in a residence use, C area, class 1 height district; East 242nd street and Bullard avenue are in residence and unrestricted use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated February 1, 1956 acting on Alt. Applic. 1096-54, reads.

"1. Proposed use of premises for the manufacture of aerosol products & the storage and fabrication of foam rubber products in a residence use district is contrary to Bd. of S. & A. Cal. #56-40-BZ and Art. II Sect. 3 of the Zoning Resolution".

and

WHEREAS, the applicant states that the premises consist of a plot, 232 ft. 7¼ in. frontage by 91 ft. 10¾ in. in depth, irregular, on which is located a 2 story building of class 1 construction, 232 ft. 7¼ in. front, 91 ft. 10¾ in. in depth, 29 ft. in height; that it is proposed to permit, in a residence use district, the conversion in occupancy of part of an existing building to the manufacture of aerosol products on the 1st floor and the storage and fabrication of foam rubber products on the 2nd floor, and also a small portion of the 1st floor; that this 2 story fireproof building, equipped with stand-pipes and sprinklers, was completed in 1926 as a milk distributing plant for the Sheffield farms company in a then unrestricted district; that subsequently, by amendment dated May 19, 1928 the property was rezoned as a residence district; and

WHEREAS, the applicant states that as originally planned the structure was occupied as garage, loading space, offices and stables; that the Board granted a variation on May 14, 1940 permitting the motorization of the plant, but this project was abandoned but subsequently the Board authorized temporary occupancy as an assembly plant for electric devices on December 23, 1941 and then on February 13, 1946 the resolution was amended to permit the making of parts for and the assembling of cameras; that at present the Harry Goldman Foam rubber company is using part of the 1st floor and all of the 2nd floor for the fabricating and storing of foam rubber products and its equipment consists of cutting machines, sewing machines, grinders and tables; that the George Barr company uses the area north of the freight elevator on the 1st floor for equipment, storage and an assembly line for the manufacture of aerosol products; that this

spray net product is made of a concentrate (water-soluble lacquer and perfume) and freon under air pressure and is sold in metal containers; and

WHEREAS, the applicant contends that extensive and costly structural improvements have recently been made in the building; that a new loading dock has been constructed on the Bronx boulevard side at one of the large truck doorways; that the remainder of the truck door openings have been bricked up; that the 1st floor has been levelled off with a new concrete slab and a new freight elevator was installed; that in addition, considerable capital has been invested by both companies in mechanical equipment and safety devices; and

WHEREAS, the applicant states that the orders of the division of fire prevention are being complied with as they apply, excepting items 1 and 2 of order 4057-5 dated April 27, 1955 relating to compressors; that an appeal will be made from these orders; that such future rulings as the department of buildings may make will be complied with; that this appeal to the Board is based on objection No. 1 dated February 1, 1956 to revised plans filed with the department of buildings; that under sections 7c and 21 of the zoning resolution, the Board is requested to vary the provisions of the zoning resolution that deny the owner the use of his property for the purposes previously stated and as specifically shown on plans; that under section 7c the applicant seeks permission where, as here, the premises are devoted to a non-conforming use, to extend the existing uses in a residence district which is restricted against the proposed uses, under such conditions as safeguard the character of the district; that under section 21 it is clear that the special conditions that obtain here by reason of the variances heretofore granted by the Board, the practical difficulties and unnecessary hardships implicit in the peculiar facts presented here, require a variance in this specific case in harmony with the general purpose and intent of the zoning resolution; and

WHEREAS, the applicant also contends that the present occupancy does not endanger the public health or general welfare in any way; that nothing in the present occupancy constitutes a nuisance and such occupancy is in the public interest because no portion of the building will be used for garage purposes; that in the process of manufacturing its product the Harry Goldman foam rubber company operates motorized cutting and grinding machines and some sewing machines powered by small motors, all of which are practically noiseless; that such equipment in the aerosol products area as compressors, fillers and cappers are reasonably quiet in operation; that these enterprises are presently giving employment to some 50 persons including the handicapped personnel testing and packaging the aerosol products; that opposite the building in question, on Bronx boulevard, is a garage; that on 242nd street a factory manufacturing lamps and shades is located and on Bullard avenue the yards of the New York, New Haven and Hartford railroad; that the present occupancy is in harmony with the purpose and intent of the zoning resolution; and

WHEREAS, the applicant states that the present owner has held title to the property since September 1, 1954; that the assessed valuation of land is \$25,000 and of the building \$110,000 making a total of \$135,000; that the building was erected June 14, 1926; and

WHEREAS, the premises and surrounding area were previously inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on February 13, 1946 by adding thereto:

"that in the event the owner desires occupancy by new tenants, as now proposed and as indicated on plans filed with this application marked "Received January 26, 1955" (5 sheets) and "March 27, 1956" (one sheet) such use may be permitted under Section 7c, on condition that in all other respects the requirements of the resolution above cited shall be complied with where not inconsistent with this amended resolution; that there shall be no processing, by heat, of rubber; that the sprinkler system and voluntary standpipe system shall be maintained to the satisfaction of the Fire Commissioner; that in all

MINUTES

other respects, the building and occupancies shall comply with all laws and rules applicable thereto, other than as modified by resolution adopted this day under Cal. No. 171-55-A and that all permits shall be obtained and all work completed and a new Certificate of Occupancy obtained within six months from the date of this amended resolution."

171-55-A

APPLICANT—Charles G. Weinstein, for 4747 Bronx Boulevard Corp., owner. (G. Barr and Co., lessee).

SUBJECT—Application March 2, 1955—Appeal from a decision re an order of the fire commissioner and a decision of the borough superintendent re storage of refrigerated liquid, under pressure.

PREMISES AFFECTED—4747-4755 Bronx boulevard and 550 East 242nd street, southwest corner, Block 5102, Lot 27, Borough of The Bronx.

APPEARANCES—

For Applicant: Charles C. Weinstein, Robert G. Zelsch, G. R. Saacke and Douglas Atlas.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent, dated February 1, 1955, acting on Alt. App. 1096/54 read as follows:

"2. Storage of refrigerated liquid under pressure is contrary to Sect. C19-90 of the Adm. Code."

and
WHEREAS, the applicant has filed a subsequent decision of the borough superintendent dated February 1, 1956, based on an amendment showing that a fire prevention plan was approved January 17, 1956, which decision did not repeat the objections issued February 1, 1955, on Alt. App. 1096/54, Item 2, subject to the original appeal filed herein; and

WHEREAS, Order #4057-5 issued by the Fire Commissioner April 27, 1955, reads in part as follows:

"Before a permit to maintain or operate a refrigerating system may be issued to you, the following order must be complied with. Kindly notify this Department when such order has been complied with.

1. Provide refrigerating machinery room for system containing over fifty (50) pounds of refrigerant. Such machinery rooms shall not be occupied except by operating or maintenance personnel.

Rule 9, Freon Rules.

2. Make all doors leading from refrigerating machinery room or rooms self-closing, and so close fitting as to prevent the passage of refrigerant to other parts of the building and keep same closed when not in use. C19-99.0-a-1, Adm. Code. "

and

WHEREAS, the applicant states the building is 2 stories, 29 ft. in height, 232 ft. 7¼ in. front by 91 ft. 10¾ in. in depth, of fireproof construction, erected in 1926 in a residence use, C area, Class 1 height district, for which Certificate of Occupancy #5571 was issued April 27, 1949 against Alt. App. 846/45, permitting the following use and occupancy: 1st floor—manufacture of camera parts, 50 persons; 2nd floor—assembly, offices, 50 persons; that the building is now used and occupied: cellar—storage and manufacture of foam rubber products; 1st floor—manufacture of aerosol products, 120 persons; 2nd floor—manufacture and storage of foam rubber products, 18 persons; that no change in use is proposed but the occupancy is proposed to be increased to 135 persons on the 1st floor and 135 on the 2nd; that the building is provided with a voluntary standpipe system and a one-source sprinkler system throughout; that there are two 3 ft. 8 in. wide steel stairs, enclosed in 8 in. brick and

equipped with kalamein, self-closing doors, leading from roof bulkhead direct to street; and

WHEREAS, Violation #C-1968 was issued November 17, 1954, for changing the use from manufacturing camera parts and assembly offices to cosmetic factory and storage of liquid Freon on 1st floor and storage of foam rubber products on 2nd story contrary to Certificate of Occupancy #5571/49 and resolution adopted by the Board under Cal. 56-40-BZ; and

WHEREAS, the applicant states that only items 1 and 2 of Order #4057-5 are subject of this appeal; the balance of the order issued by the Fire Commissioner will be complied with; and

WHEREAS, the applicant states that the lessee of major portion of the 1st floor is engaged in the processing of aerosol products sold in metal containers as spray net consisting of a concentrate of lacquer and perfume, with a liquid Freon as a propellant; that the concentrate is delivered in 50 gallon drums and freon will be delivered in tank trucks and stored in tanks; and

WHEREAS, the applicant states that modification of items 1 and 2 of the order is requested so as to permit the present operation of the plant to continue without change; that practical difficulties and unnecessary hardships inherent in any change of the present operation require a variance in this case; and

WHEREAS, the applicant contends the nature of the operation and the manner in which refrigeration equipment is tied into the process make it an extreme hardship to conform to the regulations as stated in Items 1 and 2 of the Fire Commissioner's order; that in the filling of aerosol products, the refrigerant is an intricate part of the filling line and because of the low temperature involved, it is most important because of temperature characteristics of the product to keep all equipment as close as possible to the filling line; that any deviation from this type of setup cause extremely high losses that are very costly in operation and make it impossible to fill the containers competitively because of freon losses that would be incurred if piping has to be run any great distance; and that nothing in present operation constitutes a nuisance; that the Freon is non-inflammable and non-toxic at ordinary temperatures.

Resolved, that the decision of the borough superintendent, dated February 1, 1955, acting on Alt. App. 1096/54 be and it hereby is *modified* and that the appeal be and it hereby is *granted* to permit the use of two refrigerating machines using Freon 22, one machine having 50 pounds, the other 15 pounds, *on condition* that in all other respects the equipment shall comply with the requirements of the Code and shall be maintained to the satisfaction of the Fire Commissioner; that the requirements of the resolution as amended this day under Cal. No. 56-40-BZ, Vol. IV shall be complied with; and that such additional fire fighting equipment shall be maintained as the Fire Commissioner shall direct.

367-55-BZ

APPLICANT—Jack Z. Cohen, for Angelina Pellegrino, owner (Beltway Service Station, Inc., lessee).

SUBJECT—Application May 6, 1955—(decision of the borough superintendent) under sections 7a and 7c of the zoning resolution, to permit in a residence use, C area district, the maintenance of an existing gasoline service station, office, auto repair shop, lubritorium, auto laundry, parking and storage of more than 5 motor vehicles without the required rear yard.

PREMISES AFFECTED—9012-9022 7th avenue, west side, 94 ft. 6¾ in. south of 90th street, Block 6094, Lot 26, Borough of Brooklyn.

APPEARANCES—

For Applicant: Jack Z. Cohen.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 17, 1956 after due notice by publication in the Bulletin; laid over to May 15, 1956, for inspection and decision; hearing closed; applicant to file additional plan showing nearest entrance to hospital and nearest entrance to existing gasoline station; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, 7th avenue and 90th street are in a residence use, C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated May 5, 1955 acting on N.B. Applic. 1293-54, reads:

"1. Proposed building and premises, in a Residence zone to be used for Gasoline service station, office, auto repair shop, lubritorium, auto laundry and parking day and night for more than five (5) motor vehicles is contrary to Article II, PP. 3 of the Zoning Resolution.

2. Provide rear yard as per Article IV, PP. 17 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 91 ft. 8½ in. frontage by 62 ft. 2½ in. and 87 ft. 4 in. in depth, on which is located a gasoline service station and office of class 4 and 5 construction, is in a run down condition and is inadequate to serve its patrons; that it is proposed to demolish the existing buildings and erect a modern class 3 construction building to house office, auto laundry, auto repair shop, lubritorium and day and night parking of more than 5 motor vehicles; that the existing gas station is now being operated under various fire department permits issued since 1922; that no certificate of occupancy was ever issued against these premises; that the use district zone was changed from business to a residence use by an amendment dated October 15, 1954; that it is also proposed to permit existing six 550 gallon tanks to remain and to install 4 additional 550 gallon tanks; that the existing island pumps will be moved and all islands will be placed 15 ft. from building line; that curb cuts will be located as shown on plans; and

WHEREAS, the applicant contends that the present lessees have operated this gas station for about 20 years and have conducted this business up to date. That the existing station is inadequate and in order to survive has to remodel its facilities and services to its patrons; that the proposed class 3 building would provide this and will be a vast improvement for this neighborhood; that existing premises is already used as a gas station, office and comfort station; that all old signs and stanchions will be removed and new ones of the latest design will be erected as permitted by the Board; that curb cuts are existing and new ones will be added as permitted; that all broken sidewalks, unfinished sidewalk and grass plots will be removed and entire sidewalk will be concreted and cemented full width and depth; that a grant herein will not adversely affect the neighborhood, since this is an established use; and

WHEREAS, the applicant states that the present owner has held title to the property since September 29, 1921; that the assessed valuation of land is \$7,800 and of the building \$5,000 making a total of \$12,800; that the building was erected in 1922; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the applicant changed the basis of his application from Section 21 to Section 7a, 7c and 7e; and

WHEREAS, additional curb cuts or change in curb cuts as proposed would be contrary to section 21A; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant as to use under Section 7, Subdivision a, c. and e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Sections 7a, c and e to permit the reconstruction and rearrangement of the lawfully existing gasoline service station substantially as proposed

and as indicated on plans filed with this application marked "Received May 6, 1955" (4 sheets), "April 10, 1956" (one sheet) and "May 10, 1956" (one sheet) *on condition* that all buildings and uses not proposed to be retained shall be removed and the premises levelled substantially to the grade of 7th Avenue; that the premises shall be constructed and arranged as proposed on such plans except that there shall be no charge in the existing curb cuts, which shall not be moved or enlarged and shall be subject to lawful permits therefor; that the accessory building shall be of the design and arrangement as proposed on such plans and shall be faced with face brick; that there shall be no cellar under such building; that pumps shall be of a low approved type, erected not nearer than 15 feet to the street building line of 7th Avenue; that the gasoline storage tanks shall not exceed the existing six tanks and four additional tanks; that the existing tanks shall be tested by the Fire Commissioner to determine suitability for reuse; that on the rear lot line continuing the rear wall of the accessory building and on the two side lot lines there shall be erected a masonry wall not less than 5 ft. 6 in. in height; that such wall may be reduced to a height of not less than 4 ft. 6 in. within 10 ft. of the building line; that there shall be no windows or other openings in the rear wall of the accessory building; that sidewalks and curbing in front of the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that the balance of the premises where not occupied by the accessory building and pumps shall be paved with concrete or asphaltic pavement; that signs shall be restricted to a permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting the erection within the building line, toward the south, of a post standard for supporting a sign which may be illuminated advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than 4 ft.; that under Section 7e there may be repairing of motor vehicles with hand tools only for adjustment maintained solely within the accessory building, for a term of ten (10) years; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained, including a Certificate of Occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

494-55-BZ

APPLICANT—Leonard F. Rothkrug, for Louis Ciervo, owner.

SUBJECT—Application June 15, 1955—re (decision of the borough superintendent) under section 7i of the zoning resolution, to permit in a business use district, a proposed 5 car garage and automobile repair shop.

PREMISES AFFECTED—67-69 Avenue U, north side, 40 ft. east of West 11th street, Block 7095, Lot 47, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: Abraham L. Kramer.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 17, 1956 after due notice by publication in the Bulletin; laid over to May 15, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Avenue U are in a business use, D area, class 1 height district; West 11th street and West 10th street are in business and residence use, D area, class 1 height districts; and

MINUTES

WHEREAS, the decision of the borough superintendent, dated May 17, 1955 acting on Alt. Applic. 313-54, reads:

"1. Proposed five car garage and automobile repair shop in a Business district is contrary to Article II, P. 4a, subsection 29 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 40 ft. frontage by 100 ft. in depth, now used for auto repairs and parking; without a certificate of occupancy; that it is proposed to erect a one story building, 40 ft. front by 45 ft. in depth, of class 3 construction, 16 ft. in height, to be used for a garage for five cars and auto repair shop; and

WHEREAS, the applicant further states that the premises originally were under common ownership with lot 49 in this tax block and a one story factory building for the manufacture of concrete blocks was erected under N.B. 6556/21 and certificate of occupancy No. 55805 was issued April 25, 1929, work having been completed May 9, 1925, covering both lots; that Alt. Applic. No. 93-34 affecting only the adjoining lot was filed and certificate of occupancy No. 73450 was issued May 18, 1934 for a marionette show; that N.B. Applic. 1102-40 was filed and certificate of occupancy No. 97320 issued July 31, 1940 on the adjoining lot for ice depot; that although the certificate of occupancy covered only the adjoining lot, ownership was by the same individual and the subject premises was used in conjunction with the ice depot; that the premises have been used for minor auto repairs and parking since 1941 on a part time basis; that the present owner was a tenant of the premises and conducted the auto repair business in his spare time, being gainfully employed elsewhere; and

WHEREAS, the applicant contends that the area is in one of the older sections of Brooklyn and a considerable distance away from the retail shopping district of Avenue U; that the proposed use as a garage for 5 cars is a conforming use in a business use district; that the auto repairs which are proposed and which constitute the basis of this application will be conducted by the owner with the occasional assistance of an employee; that all repair work will be performed within the limits of the proposed building; and

WHEREAS, the applicant states that the present owner has held title to the property since October 14, 1951 and that the assessed valuation of land is \$3,200; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the committee recommended that the application should be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7i to permit the construction of the proposed building for minor automobile repairs, substantially as proposed and as indicated on plans filed with this application marked "Received June 15, 1955" (2 sheets) and "April 2, 1956" (one sheet) *on condition* that all buildings and uses shall be removed from the premises and the premises shall be developed as proposed with a building complying in all other respects with the requirements of the Building Code; that the front of the building shall be faced with face brick; that there shall be no cellar under the building; that curb cuts shall be restricted to one curb cut for entrance, not over 15 ft. in width opposite the proposed entrance to the building, as shown; that along the easterly lot line from the proposed building to the rear of the lot and along the rear of the lot there shall be erected a masonry wall which may be of cement blocks painted, not less than 6 ft. in height; that the rear lot shall be suitably graded and paved and shall be kept clear of unsightly materials; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that all permits shall be obtained and

all work completed within the requirements of Section 22A of the Zoning Resolution.

715-55-BZ

APPLICANT—Herman Wolff, for Samuel, Max, Nathan and Julius Kassover, owners.

SUBJECT—Application September 15, 1955—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a business use, C area district, the erection of a one story, class 3 construction store building with area of 2910 square feet which is in excess of permitted area of 75% or 2182 square feet of lot.

PREMISES AFFECTED—983-985 Flatbush avenue, east side, 95 ft. 3 in. south of Albemarle road, Block 5126, Lot 14, Borough of Brooklyn.

ert, Commissioner Keating and Deputy Chief Connolly 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 8, 1956 after due notice by publication in the Bulletin; laid over to May 15, 1956, for applicant to file revised plan showing extension of buildings and for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Flatbush avenue and Albemarle road are in a business use, C area, class 1¼ height district; and

WHEREAS, the decision of the borough superintendent, dated September 1, 1955 acting on N.B. Applic. 1550-55, reads:

"1. The proposed bldg. located in a "C" area district occupies a greater percentage of the area of the plot than is permitted by Sect. 13 Art. IV of the Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 30 ft. frontage by 100 ft. irregular in depth, now vacant; that it is proposed to construct a one story and cellar brick building to be occupied as a store; that the total area proposed is 2910 sq. ft., the permitted occupied area is 2182 sq. ft. or 75% of lot area; and

WHEREAS, the applicant contends that the premises are situated between a theatre and a department store with smaller buildings containing stores and extensions on the ground floors in between same; that the buildings further beyond these premises are occupied as public garages; and

WHEREAS, the applicant states that the present owner has held title to the property since May 3, 1955 and that the assessed valuation of land is \$53,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution and was therefore not entitled to relief as to area on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 1550/55, Objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

Negative: Chairman Murdock, Commissioner Kleinert,
Commissioner Keating and Deputy Chief Connolly.. 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 13, 1956 after due notice by publication in the Bulletin; laid over to April 24, 1956, for inspection and decision; hearing closed; then to May 8, 1956, for inspection and decision; then to May 15, 1956, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, New Utrecht avenue and 10th avenue are in a business use, C area, class 1 height district; 40th street is in business and residence use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated September 19, 1955 acting on N.B. Applic. No. 2197-55, reads:

"1. The proposed building & premises, located in a business use district, to be used for gasoline service station, lubritorium, minor repairs (hand tools only), auto washing (non-automatic), office, sales & storage of auto accessories, parking for more than 5 cars waiting to be serviced, is contrary to Article II Section 4(a) Sub-sections 29 and 46 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 164 ft. 11-11/32" frontage by 199 ft. 11 in. in depth, irregular, which is presently vacant; that it is proposed to erect a modern three bay gasoline service station; that the masonry accessory building will house office, store-room, lubritorium, car washing (non-automatic) and minor repairs with hand tools only; that it is also proposed to install 4 parkway type pumps 15 ft. back from the building line of New Utrecht avenue and to install ten 550 gallon gasoline storage tanks; that it is further proposed to install landscaped areas to the rear and side of the proposed building, together with 4 ft. high brick and picket fence wall on 40th street; and

WHEREAS, the applicant contends that the property adjoining this proposed improvement is a gasoline service station and together with the proposed site, they comprise the entire irregular block; that the site further adjoins the elevated railroad on its 10th avenue side; that New Utrecht avenue is a heavily trafficked area and a modern, up-to-date gas station is entirely within keeping at this point as it will serve the needs of the community; that this proposed improvement will further add to the tax rolls of the City of New York in the form of increased real estate taxes, and as the application is but for a temporary period of years and will not now adversely affect the adjoining properties, it is requested that this application be granted; and

WHEREAS, the applicant states that the present owner has held title to the property since November 23, 1954 and that the assessed valuation of land is \$1,200; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision f of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 2197/55, Objection No. 1 be and it

hereby is *affirmed* and that the application be and it hereby is *denied*.

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated September 30, 1955, on amendment to Alt. App. 152/54 reads:

"Amendment disapproved with the following objections repeated:

"4. Provide 2 lawful exits from 2nd floor as per Sect. 270 of the Labor Law.

"8. Exits from cellar must comply with Sect. 270 of the Labor Law.

"9. The connection between boiler room and garage is contrary to Sect. C19. 72.0."

and

WHEREAS, the applicant states that the building is 2 stories, 27 ft. in height, 50 ft. by 110 ft. in area, of class 3 construction, erected 1927, located in a business use, B area, class 1 1/4 height district, and used and occupied since 1945 as follows: cellar—boiler room, no persons; 1st floor—garage for more than 5 motor vehicles, 2 persons; 2nd floor—factory and office, 11 persons, for which no certificate of occupancy has been issued; and proposed to be used and occupied as follows: cellar-boiler room, no persons; 1st floor—factory and garage for less than five cars, 2 persons; 2nd floor—factory and office, 12 persons. The building is provided with an 3 ft. 8 in. wide interior steel stairs enclosed in cinder blocks equipped with kalemein self-closing doors leading direct to street and provided with a ladder and scuttle to roof and one fire escape on the front of the building extending to street by ladder, window and door openings on the course of the fire escape are fireproof self-closing; and

WHEREAS, the applicant states the building will be used as a factory for the assembly of copper heaters, bending of copper tubing and fastening of same to bronze heads; that this is the same use as was maintained in 1945 when the building was subject to action by the Board under Cal. No. 469-45, A, Vol. I; that it is now proposed to extend the factory use to include the first floor and to discontinue the former garage use except for the storage of less than five motor vehicles owned and used in conjunction with the factory work by the tenant; and

WHEREAS, the applicant contends as to Objection 4 issued by the Borough Superintendent that there will be no change in the arrangement of egress from that previously accepted by the Board, that except for minor modifications there has been no change in the second floor since 1945; that it is requested that the existing exit facilities be accepted; and

MINUTES

WHEREAS, the applicant contends as to Objection 8, that there will be no change in the arrangement or egress from the boiler room from that previously accepted by the Board; that it is requested that the existing exit facilities be accepted; and

WHEREAS, the applicant contends as to Objection 9 that the opening between the stair and the former garage is the same as existed when the premises were previously considered by the Board; that the first floor is not to be used for public garage; that the storage of the tenant's motor vehicles is to be limited to less than five cars for over night parking only; and

WHEREAS, on September 11, 1945, under Cal. No. 469-45-A, Vol. I the Board granted a variance of the requirements of the Labor Law as to egress, as cited in a decision of the borough superintendent, dated July 19, 1945, on Alt. App. 406/45, requiring exits to comply with Sec. 270 of the Labor Law, at which time the building was proposed to be used and occupied as follows: Cellar-boilerroom, 0 persons; 1st floor—nonstorage garage for more than 5 cars, 1 person; 2nd floor—assembly of heater parts, 11 persons; and

WHEREAS, by amendment dated September 28, 1955, filed with the Borough Superintendent, to Alt. App. 152/54, the applicant proposed to change the building to factory use, creating a conforming use in a business district, the area to be used for factory not to exceed the area of the lot, as permitted by Section 4 of the Zoning Resolution; the area of the building to be less than 15,000 sq.ft., thus not requiring a loading berth and the nature of the existing factory for assembly of copper heaters to be maintained; and

WHEREAS, it was upon this amendment filed September 28, 1955, to Alt. App. 152/54 that the decision which is the subject of this appeal under Vol. II of same was issued by the borough superintendent.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on September 11, 1945, by adding thereto:

"that in the event the owner desires to discontinue the use of the garage on the first floor in part and to occupy a portion of the first floor as a factory in conjunction with the second floor, as now proposed and shown on plans filed with this appeal, marked "Received October 6, 1955", (3 sheets), such use may be permitted, provided the factory use on the first and second floors do not together exceed the 25% limitation for same or 100% of the lot area; that the exits as previously permitted **may be continued, as required** in the above cited resolution; that the doors in the partition enclosing the stairway from boiler room to the cellar shall be fireproof, self-closing; that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto."

721-48-A—Vol. II

APPLICANT—Norman Lederer and Leonard Joseph, for Abe Siegel, owner.

SUBJECT—Application reopened April 24, 1956 to consider amendment as to proposed extension—re Appeal from a decision of the borough superintendent—frame building within fire limits.

PREMISES AFFECTED—187-20 Peck avenue, southwest corner of 188th street; 189-20 Peck avenue, southwest corner of 190th street; 53-56 188th street, northwest corner of 56th avenue; 56-21 189th street, southeast corner of Peck avenue; 56-27 189th street, east side, 87.32 ft. south of Peck avenue; 56-31 189th street, east side, 127.32 ft. south of Peck avenue; 56-35 189th street, east side, 167.32 ft. south of Peck avenue; 56-40 190th street, west side, 20.55 ft. south of Peck avenue; 56-44 190th street, west side, 62.55 ft. south of Peck avenue; 56-48 190th street, west side, 42 ft. north of 58th avenue; 56-45 190th street, southeast corner of Peck avenue and 190-05 58th avenue, northeast corner of 190th street (Block 5658, Lots 2 and 7; Block 5675, Lots 10, 12, 14, 16, 23, 28, 30 and 32 and Block 5676, Lots 2 and 7), Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Norman Lederer.

For Administration: Samuel L. Becker, Dep't. of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated February 1, 1956, on Alt. App. 2780/55 reads:

"1. Original approved application NB 3044/48 was passed by Bd. of Stds & Appeals under Cal. 721-48-A.

Proposed extension of premises is contrary to Bd. of S. & A. and must be referred back to Board.

"2. The addition of a frame extension inside the fire limits is contrary to 41.a B.C."

and

WHEREAS, the applicant requested amendment of the resolution adopted March 1, 1949, under Cal. No. 721-48-A, Vol. II so as to permit erection of a one-story high frame extension 21 ft. deep by 14 ft. in width at the rear of dwelling on lot 30 in Block 5675, as originally erected pursuant to variance granted by the Board acting under N.B. App. 3044/48; and

WHEREAS, the applicant states proposed extension will be located 5 ft. 4 in. from the southerly lot line and will comply with the coverage permitted by the area district regulations as indicated on plan filed with this appeal marked "Received March 16, 1956", (1 sheet).

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on September 28, 1948, by adding thereto:

"That in the event the owner desires to extend the area of the building located on lot 30 as indicated on plan filed with this appeal, marked "Received March 16, 1956", the extension of frame construction may be constructed for this particular residence building, as proposed, *on condition* that it shall not exceed one story in height and shall comply in all other respects with the requirements of the Building Code and the Zoning Resolution."

774-53-A

APPLICANT—Kollman Instrument Corp., owner.

SUBJECT—Application October 26, 1953—re Appeal from a decision of the fire commissioner—smoking in factory building.

PREMISES AFFECTED—80-08 to 80-18 45th avenue and 80-21 47th avenue, west side of 80th street between 45th and 47th avenues, building A, B, C and D; Block 1533 Lots 36, 45 and 69, Elmhurst, Borough of Queens.

APPEARANCES—

For Applicant: Bernard Teichman and Clyde W. Smith.

For Administration: Lieut. John P. Manfredi, Fire Dep't.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Fire Commissioner dated September 25, 1953, Folder Nos. 50757.01 and 53745.01 reads:

"This will acknowledge receipt of your letter of September 21, 1953 wherein you request a permit for employees to smoke in areas specified above. You are advised that your request must be denied for the reason that smoking is prohibited by mandatory provisions of the Labor Law and the Rules of the Board of Standards and Appeals."

and

WHEREAS, the applicant states that Building A is three stories, 40 ft. in height, 50 ft. front by 201 ft. in depth, of fireproof construction, erected 1922, located on a lot 95 ft. front by 280 ft. in depth, in an unrestricted use, B

MINUTES

area, Class 1½ height district, and used and occupied since 1938—Basement—boiler room, one person; 1st floor—main-tenance, 90 persons; 2nd floor—offices, 75 persons; 3rd floor—office, 110 persons; this building is provided with an approved standpipe system, approved automatic sprinkler system and an interior fire alarm system; there are two interior steel stairs, concrete enclosed, equipped with fire-proof self-closing doors; stairs are a minimum of 44 in. in width; no certificate of occupancy has been issued for this building; and

WHEREAS, the applicant states that Building B is three stories, 40 ft. in height, 50 ft. front by 230 ft. in depth, of fireproof construction, erected 1927, located on a lot 95 ft. front by 280 ft. in depth in an unrestricted use, B area, class 1½ height district, and used and occupied since 1938—1st floor—factory, 115 persons; 2nd floor—factory, 90 persons; 3rd floor—office, 60 persons; this building is provided with an approved standpipe system, an approved one-source sprinkler system throughout and an approved interior fire alarm system throughout, two interior steel stairs, concrete enclosed, equipped with fireproof self-closing doors; stairs are 44 in. minimum width, no certificate of occupancy has been issued for this building; and

WHEREAS, the applicant states that Building C is three stories, 40 ft. in height; 61 ft. front by 121 ft. in depth, of class one construction, erected 1941, located on a lot 120 ft. front by 125 ft. in depth, in an unrestricted use, B area, class one and one-half height district, and used and occupied since 1941 as follows: 1st floor—factory, 26 persons; 2nd floor—factory, 89 persons; 3rd floor—office, 50 persons; this building is equipped with an approved one-source sprinkler system throughout, an approved interior fire alarm system, one interior steel stairs, concrete enclosed, equipped with fireproof self-closing doors, leading from roof bulkhead to street, stairs are 44 in. width. Certificate of Occupancy No. Q18433 was issued against N.B. App. 7496/40, permitting the following use and occupancy—1st floor—manufacturing aircraft instruments, 55 persons; 2nd floor—manufacturing aircraft instruments, 55 persons; 3rd floor—manufacturing aircraft instruments, 80 persons; and

WHEREAS, the applicant states that Building D is one story, 14 ft. in height, 30 ft. front by 60 ft. in depth, of class one construction, erected 1942, located on a lot 40 ft. front by 100 ft. in depth, in an unrestricted use, B area, class one and one-half height district and used and occupied as a classroom and drafting room for 35 persons, equipped with a one-source sprinkler system throughout, an approved interior fire alarm system and one interior 44 in. wide wood stairs, concrete enclosed, equipped with fireproof self-closing doors, no certificate of occupancy has been issued for this building; and

WHEREAS, the applicant states that permission to smoke is requested in Building A as follows—1st floor: locker room and lavatory and supervisory office; 2nd floor: throughout, except for medical department and darkroom; 3rd floor: throughout; and

WHEREAS, the applicant states that smoking is requested in Building B as follows: 2nd floor—foreman's office and women's lavatory; 3rd floor—throughout; and

WHEREAS, the applicant states that smoking is requested in Building C as follows: 1st floor—offices, men's lavatory and men's locker room; 2nd floor—offices, men's lavatory and locker room; 3rd floor—throughout; and

WHEREAS, the applicant requests permission to smoke throughout the 1st floor of Building D; and

WHEREAS, the applicant states there are no combustible or inflammable materials stored or used in the spaces where-in permisison is sought to smoke; and

WHEREAS, the applicant contends that it is engaged in defense work for the government and principally manufactures airplane parts; that the prohibition against smoking by the Fire Department in certain areas of the premises is baseless; that the building is well protected against fire, that the employees are intelligent and careful so that they will guard against any possibility of fire arising from smoking in designated areas on the premises; that the

employees have requested the owner to obtain permission for smoking in certain designated areas and feel that they would be able to function better to the benefit of the company if they could smoke during working hours; and

WHEREAS, the applicant states that precautions will be taken to see that all smokes are properly extinguished; and

WHEREAS, the premises were inspected by a representative of the Fire Department.

Resolved, that the decision of the Fire Commissioner, re Folder Nos. 50757.01 and 53745.01, dated September 25, 1953, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit smoking in Buildings A, B, C and D in the areas hereinafter listed, *on condition* that signs permitting smoking shall be posted in such areas, as the Fire Commissioner shall require; that such receptacles for smokers' refuse shall be installed as the Fire Commissioner shall require; that the approved standpipe, one-source automatic sprinkler systems and the interior fire alarm system shall be maintained in accordance with the requirements therefor and to the satisfaction of the Fire Commissioner.

87-55-A

APPLICANT—Ribelle Perotto, for Richard J. Welsh, owner (Precision Metal Finishing Co., lessee).

SUBJECT—Application February 7, 1955—Appeal from a decision of the borough superintendent, re location of Spray Booths.

PREMISES AFFECTED—37-20 10th street, west side, 175.15 ft. south of 37th avenue, Block 359, Lot 28, Long Island City, Borough of Queens.

APPEARANCES—

For Applicant: Ribelle V. Perotto.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-ert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated February 1, 1955 on B. N. App. 1486/54, reads:

"1. Location of proposed spray booths within 25 ft. of a gas-fired drying oven is contrary to Rule 4.3.1.1 of the Spray Rules as adopted by the Board of Standards and Appeals."

and

WHEREAS, the applicant states the building is one story, 15 ft. in height, 25.02 ft. front by 100.10 ft. in depth, of class 3 construction, erected 1946 on a lot 25.02 ft. front by 100.10 ft. in depth, in an unrestricted use, B area, class 1½ height district, and used and occupied since 1954, Cellar—boiler room; 1st floor—factory, 6 persons; for which certificate of occupancy No. 96295 was issued against N. B. App. 9955 of 1946; and

WHEREAS, the applicant states that this is a request for a variance to permit the location of spray booths nearer than 25 ft. from the gas-fired drying ovens; that the spray booths will be separated from the drying ovens by a 4 in. cinder block partition with fireproof self-closing sliding door equipped with fusible link which will automatically allow the door to slide closed in the event of fire; that the distance from the nearest spray booth to the nearest oven

MINUTES

measured in the line of travel will be 19 ft.; that in all other respects the Spray Rules of the Board will be complied with; and

WHEREAS, the applicant contends that to be required to maintain the 25 ft. distance between the spray booths and the gas-fired drying ovens would cut down valuable open working space necessary in the operation of the plant; that the building is small and the lessee needs all of the available space; and

WHEREAS, the applicant states that the drying ovens will be Gehnrich, Model T-14 of the indirect type approved by the Board under Cal. No. 69-43-SA; that the spray booths will be of an approved type; that the storage cabinet will be of an approved type; that the flash point of the spraying materials is 150° F.

Resolved, that the decision of the Borough Superintendent, dated February 1, 1955, acting on B.N. App. 1486/54, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the drying oven and spray booths to be located where proposed, provided that between them there shall be a cinder block wall not less than 4 in. in thickness erected and maintained between the floor and ceiling, as shown on plan filed with this appeal, marked "Received February 7, 1955", (1 sheet); and that the one opening in such wall, as shown, shall have a fire-proof, self-closing assembly not less than 1½ hour fire test.

238-55-A

APPLICANT—Herman Horowitz, for London Terrace, Inc., owner.

SUBJECT—Application March 24, 1955—filed pursuant to section 310 of the Multiple Dwelling Law for variation of section 102 of the Multiple Dwelling Law re Egress, etc.

PREMISES AFFECTED—215-225 9th avenue, west side, from West 23rd to West 24th streets, 401-411 West 23rd street and 400-412 West 24th street, Block 721, Lot 31, Borough of Manhattan.

APPEARANCES—

For Applicant: Herman Horowitz and Harold Russell.
For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated March 2, 1955 on amendment to BN App. 1479 of 1954 reads:

"A1.—Repeat—The proposed erection of railings and gates openable from roof side obstruct egress & therefore contrary Sec 102 Mult. Dwelling Law."

and

WHEREAS, the applicant states the building is 19 stories, 178 ft. in height 197.5 ft. front by 125 ft. in depth, at street level, 155.5 ft. front by 125 ft. in depth at typical floor level, of class one construction, erected 1931, located on a lot 197.5 ft. front by 125 ft. in depth, in a retail and residence, B area, Class 1½ height district, and used and occupied since 1931: Basement—storage and lockers, 50 persons; 1st floor—stores, 200 persons; 2nd floor—apartments and office, 35 persons; 3rd to 18th floors, inclusive, apartments; 19th floor—pent house, apartments; the building is provided with an approved standpipe system; and

WHEREAS, Certificate of Occupancy #40367 was issued October 22, 1952, against Alt. App. 1735/51 classifying the building as a class one fireproof hereafter erected class A multiple dwelling, 18 stories and penthouse in height and permitting the following use and occupancy: Cellar—boiler room, storage, lockers and tenants' laundry, utilities, 50 persons; 1st floor—stores, 190 persons; 2nd floor—21 apartments, offices and lounge of administrative offices, 35 persons; 3rd to 15 floor, inclusive, 25 apartments each floor; 16th to 18th floors, 10 apartments each floor; penthouse, 4 apartments; and

WHEREAS, the applicant states that it is proposed to install a new metal fence and gate openable from the roof side only outside each of the two doors leading to the roof and terraces on the penthouse floor; and;

WHEREAS, the applicant states that above the second floor the building is divided into two similar tower units completely separated by an open area 42 ft. wide; that in each of the two units there are two flights of stairs leading from street to roof and terraces of the penthouse floor with a continuing flight of stairs to the roof of the penthouse; that at each floor landing tenants in each unit can cross over to the other stairway which leads from the penthouse floor to a large open area on the roof to the penthouse apartments; and

WHEREAS, the applicant states that a wooden fence with locked gate was erected outside of the door leading from the public hall to the roof and terraces on the penthouse floor of each unit to afford penthouse tenants protection against intruders; that it is now proposed to replace this wooden fence and locked gate with an iron fence and gate openable from the roof side only; and

WHEREAS, the applicant contends that the proposed fence and gate is vital for the protection of the penthouse tenants; that in case of emergency the other tenants in the building have easy access to the large roof of the penthouse apartments; that the existing gate outside the doors opening to the roof and terraces on the penthouse floor has eliminated burglaries which had been taking place heretofore; that the elimination of this protection would make it impossible to rent the penthouse apartments; that there is a large roof over the penthouse apartments easily reached by a flight of stairs available to all tenants in each unit in the event of emergency.

Resolved, that the decision of the Borough Superintendent, acting on BN App. 1479/54, Objection No. A-1, be and it hereby is *modified* under the powers vested in the Board by Section 310 of the Multiple Dwelling Law, and that the appeal be and it hereby is *granted*, to permit railings and gates as proposed and indicated on plans filed with this appeal, marked "Received March 24, 1955" (3 sheets), *on condition* that the proposed railings and gates shall be constructed as shown on such plans and that all apartments on the penthouse story shall have immediate access through the public hall to the two enclosed stairways.

909-55-A

APPLICANT—Julius S. Rapson, for Bel-Aire Building Corp., owner.

SUBJECT—Application November 15, 1955—Appeal from a decision of the borough superintendent—re frame construction, fire limits, etc.

PREMISES AFFECTED—130-11 to 130-19 135th avenue, northwest corner of 130th place, Block 11789, Lots 1, 3 and 5, South Ozone Park, Borough of Queens.

APPEARANCES—

For Applicant: Julius S. Rapson and Emil Pagano.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated October 19, 1955, on N.B. App. 3151 to 3153 of 1955, inclusive, reads:

"1. The erection of a frame dwelling in a business zone is contrary to 4.1.2 B.C.

"2. Minimum of 3" thickness of beams required in a fire zone per 7.1.4, B.C."

and

WHEREAS, the applicant states the buildings will be one story, 20 ft. in height, 25 ft. 8 in. front by 43 ft. in depth, of class 4 construction, each located on a lot 40 ft. by 100 ft. in depth, in a business use, D area and a residence use, E area, class one height district, and occupied as a one-family dwelling with accessory parking area; the dwellings will be set back from 135th Avenue a distance of 16 ft. into which set back front entrance steps will project; the dwellings on the interior lots will have side yards of 5 ft. 2 in. in width on the west side into which side entrance steps will project; and side yards of 9 ft. 2 in. in width on the easterly

side. The dwelling to be located on the corner lot will be set back 10 ft. 2 in. from 130th place building line into which set back side entrance steps will project; and this dwelling will have a 4 ft. 2 in. wide side yard along the westerly lot line; and

WHEREAS, the applicant states that the proposed buildings will be of frame and brick veneer in keeping with the existing buildings in the neighborhood, and it is proposed to provide 2 in. thick beams instead of the required 3 in. beams; that the buildings will, in all other respects, comply with the requirements of the Building Code for frame dwellings; and

WHEREAS, the applicant contends since a portion of the property is in a business, D zone and the other portion in a residence, E zone, and existing buildings in the neighborhood are residences of frame construction, it is requested that this appeal be granted.

Resolved, that the decision of the Borough Superintendent, dated October 19, 1955, acting on N.B. Apps. 3151 to 3153/55, inclusive, Objections 1 and 2, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the erection of the three buildings as proposed within the business use district to be of frame, for one family each, as shown on plans filed with this appeal, marked "Received November 15, 1955", (3 sheets), and "February 3, 1956" (1 sheet), *on condition* that in all other respects the buildings shall comply with the requirements for similar buildings when erected outside the fire limits; that in the event a garage is constructed, it may be of frame construction and in accordance with the requirements of the zone; that the floor and roof beams of the residence buildings may be of 2 in. commercial thickness; that the buildings shall be constructed as proposed of frame and brick veneer on the exterior and in all other respects comply with all laws, rules and regulations applicable thereto.

APPLICANT—R. L. Heeren, The Brooklyn Union Gas Co., owner.

SUBJECT—Application February 17, 1956—Appeal from a decision of the borough superintendent, re installation of gas oil storage tank

PREMISES AFFECTED—170 Lombardy street, southwest corner of Varick avenue, Block 2837, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Lloyd A. Hunziker.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated February 9, 1956, acting on N.B. App. 2752/55 reads:

"1. Proposed addition of one 2,000,000 gallon oil storage tank is contrary to Art. 8 (C19-50.0) of Chapter 19 due to the following:

(a) Size of Tank in excess of 100,000 gallons.

(b) Well enclosure is not of concrete.

(Note—Premises were subject of Bd. of Standards and Appeals action under Cal. 635-51-A)."

and

WHEREAS, the applicant states the premises consist of a lot 400.41 ft. front by 1997.69 ft. in depth, located in an unrestricted use, C area, Class 1½ height district, upon which it is proposed to erect a 42 ft. 4 in. high 90 ft. diameter steel storage tank to be used as a bulk storage tank for gas oil having a flashpoint in excess of 150° F., in addition to the existing two 2,000,000 gallon tanks permitted by the Board under Cal. No. 635-51-A and two existing 1,000,000 gallon tanks now located on the premises; and

WHEREAS, the applicant states that on peak loads up to 1,000,000 gallon of oil per day could be used during extreme

MINUTES

cold spells; that the existing two 1,000,000 gallon tanks and existing two 2,000,000 tanks have a combined capacity equivalent to six days' peak load which is insufficient to maintain good gas service in severe weather next winter, due to the tremendous increase in the use of gas for heating; and

WHEREAS, the applicant states the proposed 2,000,000 gallon tank will be constructed in accordance with the Oil Burner Rules of the Board for verticle storage tanks in excess of 1,000 gallon capacity located outside buildings above ground and will be protected by extending the two approved powder type foam systems; and

WHEREAS, the applicant states the proposed tanks will be located in a hollowed-out saucer-shaped base to hold more than 1½ times the contents of the tanks; that this basin around the tank will be lined with 3 in. of reinforced Gunite concrete to retain the oil should the tank rupture; that the oil fill line starting at Newtown Creek and running to the present storage tanks will be extended to the new tank; that delivery of oil to the tank will be by steam pumps remotely located which were installed at time of installation of two existing 2,000,000 gallon tanks and the piping will be so arranged that oil from any of the three 2,000,000 gallon tanks can be transferred to any other 2,000,000 gallon tank in event of emergency; and

WHEREAS, the applicant contends that the foam system, the nozzles in the tank and the nearby hydrants are designed for fast control of fire either in the tank or should the oil be on fire in the basin; that the company is familiar with measures taken for safe handling of these materials; that insurance rates for the company are among the very lowest for any assured in New York City, thus reflecting its ability to handle these materials safely. It is therefore requested that the Board modify the decision of the Borough Superintendent so as to permit the installation of the 2,000,000 gallon gas oil storage tank as proposed and as indicated on plans filed with this appeal.

Resolved, that the decision of the Borough Superintendent, dated February 9, 1956, acting on N.B. App. 2752/55, Objection 1a and 1b, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the installation of one 2,000,000 gallon oil storage tank in addition to the two existing such tanks permitted by resolution of the Board adopted on December 4, 1951, under Cal. No. 635-51-A, *on condition* that the same conditions required thereunder shall be complied with, and as shown on plans filed with this appeal marked "Received February 17, 1956", (2 sheets) and "March 26, 1956", (1 sheet); that an overflow alarm of the type approved by the Fire Commissioner shall be installed on the tank herein permitted and also on the two tanks previously permitted under Cal. No. 635-51-A and to be electrically controlled and so located as to be audible and visible at the tanks and at the point of fill; that the gas-oil in the tanks shall have a flashpoint of not less than 150° F.

186-56-A

APPLICANT—Charles L. Koester, for Cross Bay Builders, Inc., owner.

SUBJECT—Application March 9, 1956—Appeal from a decision of the borough superintendent, re storm or combined sewer and floor level accessory garage.

PREMISES AFFECTED—160-15 96th street, east side, 140 ft. south of 160th avenue, Block 14186, Lot 54, Howard Beach, Borough of Queens.

APPEARANCES—

For Applicant: Charles L. Koester.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated March 7, 1956 on N.B. App. 206/54 reads:

"Where there is no storm water or combined sewer, the finished floor level of any accessory garage shall not be more than 18 inches below the lowest level of the proposed or established street grade directly in front of the lot."

and

WHEREAS, the applicant states the building is 1½ stories, 22 ft. in height, 24 ft. 8 in. front by 38 ft. in depth at street level, 10 ft. front by 38 ft. in depth above, of class four construction, located on a lot 40 ft. by 100 ft. in depth, in a residence use, E-1 area, class 1½ height district; and proposed to be used as follows—Basement—storage and one-car accessory garage; 1st floor—dwelling, one family; attic—unfinished; and

WHEREAS, the applicant states that the builder used the actual sidewalk grade, which is on the level of all other sidewalks on the street; that the garage floor was constructed less than 18 ins. below theoretical sidewalk grade; that this was an honest mistake; that the building is now completed and a certificate of occupancy cannot be obtained.

Resolved, that the decision of the Borough Superintendent, dated March 7, 1956, acting on N.B. App. 206/54, be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the garage floor shall not be more than 20 inches below the approved sidewalk grade.

207-56-A

APPLICANT—Leonard F. Rothkrug, for Antonio Aluotto, owner.

SUBJECT—Application February 24, 1956—Appeal from a decision of the borough superintendent re location of building from lot line.

PREMISES AFFECTED—5811-5825 Kingsway place, north side, 1 ft. 2¾ in. west of Ralph avenue, Block 7932, Lot 140, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert,

Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated February 14, 1956 on N.B. App. 11/51 reads:

"1. Location of bldg from lot line, for a Class 5 (metal) structure for use as junk & baling of rags and paper violates Sect. 4-2-1(f) of the bldg. code—Note: premises subject to a variation granted by Bd of Standards and Appeals under 40-51-A."

and

WHEREAS, the applicant states the building is one story, 20 ft. in height, 42.5 ft. by 100 ft. in area, of class 5 construction, erected 1951, on a lot 134 ft. by 178 ft. irregular in area, in an unrestricted use, A area, class one height district, and used and occupied since 1955 for baling of rags and paper (junk yard on the unbuilt portion of the plot) for which no certificate of occupancy has been issued; and

WHEREAS, the applicant contends that the owner purchased the premises in an unrestricted use district for his use as a junk yard and for the baling of rags and paper unaware of the fact that the class 5 construction of the building would not permit its use for the purposes intended; and

WHEREAS, the applicant contends that the adjoining lot is undeveloped and the small development in the principal area is with unrestricted uses; that the purpose of the metal structure is to house the baling machinery and to protect it from the elements; that the paper and rags are brought into the building for baling and then taken out for sale; that there is no storage within the building for a period

MINUTES

longer than two or three days; that the building will be equipped with such fire-fighting equipment as the Fire Department may direct; and

WHEREAS, under Cal. No. 40-51-A the Board permitted the erection of the building in question, not fronting on a mapped street, and in addition permitted the erection of a one-story masonry office building which apparently has not been erected; and

WHEREAS, in view of the foregoing the applicant requests the granting of this appeal.

Resolved, that the decision of the Borough Superintendent, dated February 14, 1956, acting on N.B. App. 11/51, Objection 1, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the continuance for the purpose proposed of the metal quonset hut of the size and location as shown on plans filed with this appeal, marked "Received February 24, 1956", (4 sheets), *on condition* that where not inconsistent with the term of this resolution, the requirements of the resolution adopted by the Board on April 17, 1951, under Cal. No. 40-51-A shall be compiled with, except that the office structure therein shown need not be constructed.

940-28-A—Vol. II

APPLICANT—D.N.T. Realty Company, owner. (Eastern Cabinet Company, Inc., lessee).

SUBJECT—Application for consideration—reopening as Vol. II as to standpipe in view of change of use—re Appeal from an order of the fire commissioner; previously granted on condition.

1674-21-BZ—Vol. II

APPLICANT—Hermon Kron, for Placher Corp., owner.

SUBJECT—Application for consideration—reopening as to extension of time to complete—re Application (decision of the borough superintendent); previously granted on condition, under section 7c of the zoning resolution, permitting the removal of partition dividing the residence use district for the business use district on the second floor to be used as an extension to existing public assembly (catering) use.

PREMISES AFFECTED—151 East Burnside avenue and 2052-2062 Creston avenue, northeast corner, Block 3160, Lot 1, Borough of The Bronx.

APPEARANCES—

For Applicant: George G. Kron.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, this application was amended by the Board as Vol. II, on December 21, 1954, on certain conditions; and

WHEREAS, the applicant requested an extension of time to obtain permits and complete the work.

MINUTES

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on March 7, 1922, as thereafter *amended* by resolution adopted through December 21, 1954 only as to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that in view of the statement by the applicant that plans have been approved by the Department of Buildings but that no work has been started, that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution." (Alt. 199/54) as last denied on April 13, 1956.

1304-25-BZ

APPLICANT—William J. McMahon, for Samuel Berman, owner.

SUBJECT—Application for consideration—reopening as to extension of term of variance—re Application (decision of the borough superintendent); previously granted on condition, under section 7i of the zoning resolution, permitting partly in a business and partly in a residence use district, for a term of years, the change in occupancy of an existing building, to a motor vehicle repair shop and garage for more than five motor vehicles.

PREMISES AFFECTED—2447-2449 Coney Island avenue, east side, 301 ft. north of Avenue "V", Block 7343, Lot 61, Borough of Brooklyn.

APPEARANCES—

For Applicant: William McMahon.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application, under section 21 of the zoning resolution, to permit partly in a business use district and partly in a residence use district, the conversion of occupancy from a warehouse and garage for five motor vehicles to a garage for more than five motor vehicles, was granted by the Board, June 8, 1926, on certain conditions; and

WHEREAS, the term of variance was extended June 12, 1928; and

WHEREAS, this application permitting the building to be used for the storage of not more than five automobiles of the pleasure car type and automobile repairing, was granted by the Board, May 15, 1934, on certain conditions; and

WHEREAS, the term of variance was extended from time to time and last extended May 11, 1954; and

WHEREAS, the applicant requested a further extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 15, 1934, as thereafter *amended* by resolutions adopted through May 11, 1954 only so far as it refers to the term of the variance, so that as *amended* this portion of the resolution shall read:

"... granted under Section 7, subdivision i for a term of five years from the date of this *amended* resolution, to permit the use of the building for repairing and as a garage for more than five cars of the pleasure car type, that other than as herein *amended* the resolution above cited shall be complied with in all respects; and that all permits, including a new certificate of occupancy, shall be obtained." (Alt. 1298/34)

416-38-BZ

APPLICANT—Ribelle V. Perotto, for Sol Davis, owner.

SUBJECT—Application for consideration—reopening as to amendment of resolution—re Application (decision of the borough superintendent); previously granted on condition, under sections 7a and 21 of the zoning resolution, per-

mitting in a business use district, the extension and conversion of occupancy of an existing building to a garage for more than five motor vehicles and also a motor vehicle repair shop.

PREMISES AFFECTED—162-42 to 162-44 Pidgeon Meadow road (Fresh Meadow road) west side, 235.23 ft. north of Laburnum avenue, Block 5461, Lots 44, 46, 47 and 49, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Ribelle V. Perotto.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened, and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Con-
nolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on October 18, 1938, on certain conditions; and

WHEREAS, the term of variance was extended on September 14, 1943 and September 25, 1945; and

WHEREAS, the resolution was amended from time to time and last amended on May 22, 1951; and

WHEREAS, the applicant requested a further amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on October 18, 1938, as thereafter *amended* by resolutions adopted through May 22, 1951, insofar as it refers to gasoline storage tanks, so that as *amended* this portion of the resolution shall read:

"that in addition to the gasoline storage tanks here-
inbefore permitted there may be two additional 550
gallon approved gasoline storage tanks; and withdrawn
as to request for additional brand sign." (N.B. 8313/38)

1002-40-BZ—Vol. I

APPLICANT—Alamac Motors, Inc., for Norman Bender, owner.

SUBJECT—Application for consideration—reopening as to extension of term of variance—re Application (decision of the borough superintendent of buildings); previously granted on condition, under sections 7i and 21 of the zoning resolution, permitting in a business use district, the erection and maintenance of a motor vehicle repair shop.

PREMISES AFFECTED—1550-1552 Jerome avenue, east side, 241.79 ft. south of East Mt. Eden avenue, Block 2846, Lot 21, formerly Lots 23, 24, 25 and part of 22 and 26, Borough of The Bronx.

APPEARANCES—

For Applicant: Jerome Schutzer and Joseph Craner.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Klei-
ert and Keating and Deputy Chief Connolly..... 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board as Vol. I, on January 14, 1941, on certain conditions; and

WHEREAS, the term of variance was extended on May 15, 1951; and

WHEREAS, the applicant requested a further extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on May 15, 1951, Vol-
ume One only so far as it refers to the term of the variance,
so that as *amended* this portion of the resolution shall read:

"... granted under Section 7, subdivision i for a
term of five years from the date of this *amended* res-
olution, to permit; that other than as
herein *amended* the resolution of January 14, 1941 above
cited shall be complied with in all respects; and that

For Applicant: John W. McClancy, Jr.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was amended by the Board as Vol. II, September 13, 1955, on certain conditions; and

WHEREAS, the applicant requested a further amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on September 13, 1955, under Vol. II by adding thereto:

"that in the event the owner desires to reduce slightly the area of the proposed building at the first floor, omit the fence for a distance of 145 ft. on the Malta Street building line in front of the space proposed to be used for employee parking, the addition of a small canopy on the easterly front of the two story building at the main entrance, extend the canopy over the loading plat-

form at the westerly side of the building, such changes may be permitted as indicated on revised plans marked "Received April 23, 1956" (3 sheets), *on condition* that in all other respects the resolution above cited as *amended* September 13, 1955, shall be complied with where not inconsistent with the terms of this *amended* resolution." (N.B. 787/55)

118-54-BZ

APPLICANT—Robert Gottlieb (for Renato Sacchi and M. DeGregario, owners. (Soundview Fireproofing, Clausen Auto Service Co. and Corer Service Station, Inc., lessees).

SUBJECT—Application for consideration—reopening as to extension of time to complete and amendment of resolution—re Application (decision of the borough superintendent); previously granted on condition, under sections 7c and 21 of the zoning resolution, permitting in a residence, retail and business use district, the continuation of existing gasoline service station and accessory uses, and the continuation of existing motor vehicle repair shop and the parking and storage of more than five motor vehicles and the erection of a new quonset building for motor vehicle (previously used as a junk yard); and the continuation of storage of contractor's equipment and demolition of one story frame structure and erection of a one story metal structure for the storage of contractor's equipment.

PREMISES AFFECTED—953-965 Colgate avenue and 1454 Bruckner boulevard, south side, from Colgate to Close avenues, Block 3648, Lots 20 and 35, Borough of The Bronx.

APPEARANCES—

For Applicant: Robert Gottlieb.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened, resolution amended and time extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on July 27, 1954, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended on July 6, 1955; and

WHEREAS, the applicant requested an amendment of the resolution and an extension of time to complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 27, 1954, as thereafter *amended* by resolutions adopted through July 6, 1955 by adding thereto:

"that in the event the owner desires to change the construction of the building heretofore permitted and to construct such building of brick masonry, such change may be made as now proposed and as indicated on plans showing the building 28 ft. by 40 ft. in place of the former metal storage building 20 ft. by 20 ft. as shown on plans filed with this request for amendment marked "Received April 24, 1956, (one sheet); and to extend the time to complete so that as *amended* this portion of the resolution shall read:

"in view of statement by applicant that a substantial part of the work has been completed, that all permits shall be obtained and all work completed within six months from the date of this *amended* resolution." (N.B. Applies. 41/54, 42/54 and Alt. 55/54)

3-29-BZ—Vol. II

APPLICANT—Kenneth W. Milnes, for Edward J. Macaluso, owner.

SUBJECT—Application for consideration—reopening as Vol. II as to extension of use and area, subject to regular procedure—re Application (decision of the borough Superintendent); previously granted on condition, under sec-

MINUTES

tion 21 of the zoning resolution, permitting in a business district, the erection and maintenance of a gasoline service station.

PREMISES AFFECTED—920 Hylan boulevard, south side, 120 ft. east of Linwood avenue, Block 3266, Lot 7, Grasmere, Borough of Richmond.

APPEARANCES—

For Applicant: Kenneth W. Milnes.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened as Vol. II subject to the regular procedure to consider extension of use and area.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

330-42-BZ—Vol. V

APPLICANT—Gilbert Lazerus, for Jeron Company, Inc., owner.

SUBJECT—Application for consideration—reopening as to Vol. V as to consider rearrangements and additional uses—re Application (decision of the borough superintendent); previously granted on condition, under section 21 of the zoning resolution, permitting in a business use, C area district, the erection and maintenance of a building (store) using more than the area permitted and permitting an exit to adjacent lot located in a residence use district.

PREMISES AFFECTED—95-40 to 48 Queens boulevard, south side, 130 ft. west of 63rd Drive, Block 3080, Lot 31, Rego Park, Borough of Queens.

APPEARANCES—

For Applicant: Gilbert Lazerus.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened as Vol. V subject to the regular procedure to consider rearrangement and additional uses and unloading berth.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-

ert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

232-53-SA

APPLICANT—Duo-Therm Division of Motor Wheel Corporation, owner.

SUBJECT—Application for consideration—reopening as to report as to additional models—re Duo-Therm Incinerators (gas fired), Models 2200S, 2200M, 2200T, 2225THD, 2225R and 2250S.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Application reopened subject to the regular procedure for report as to additional models.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klein-

ert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

Adjourned: 4:00 P.M.

JOSEPH J. DOYLE, Chief Clerk.

PUBLIC HEARING

PROPOSED AMENDMENTS TO THE RULES FOR ERECTION, ALTERATION, REPAIR, EXCAVATION FOR AND DEMOLITION OF BUILDINGS

Adopted by The Board of Standards and Appeals,

October 26, 1943, Effective December 13, 1943.

Amended Oct. 14, 1955, Effective Nov. 10, 1955.

(Cal. No. 784-41-SR)

NOTICE IS HEREBY GIVEN that a Public Hearing will be held by the Board of Standards and Appeals on Friday, June 1, 1956, at 2 P.M. in Room 1013 Municipal Building, Manhattan, on the following Proposed Amendments to the Rules for Erection, Alteration, Repair, Excavation for and Demolition of Buildings.

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, (3) and (4) of The New York City Charter; Sections C26-189.0, C26-191.0, C26-504.0(a), and C26-689.0 of the Administrative Code.

Proposed Amendments:

It is proposed to amend the Rules above cited by substituting a new Rule 7.8.1 for the present Rule 7.8.1. The present Rule 7.8.1 was based on the wording of a proposed Local Law, Introductory 439, introduced July 12, 1955 and still pending. The wording of Rule 7.8.1 herein submitted for public hearing follows the wording of proposed Local Law Introductory 498, print 604, now pending in the Council.

Note: New matter in *italics*; old matter in brackets [] to be omitted.

[7.8.1. Design of Forms:

7.8.1.1. Forms shall conform to the shape, lines and dimensions as called for on the plans.

7.8.1.2 All form work supported by shores and used for the construction of walls, floors, beams and girders shall be designed by a Registered Architect or a Licensed Professional Engineer, who shall furnish the Borough Superintendent with a complete set of design drawings and, before concrete is poured, file an affidavit with the Borough Superintendent that the form work was built in accordance with such plans.

7.8.1.3 It shall be unlawful for anyone to pour concrete in any portion of such form work before such portion has been duly inspected and certified to the Borough Superintendent by the designing Architect or Engineer who designed the form work as required in Rule 7.8.1.2.

7.8.1.4 Forms shall be substantial and sufficiently tight to prevent leakage of mortar; and shall be properly braced or tied together so as to maintain position and shape and insure safety to workmen and passerby.

7.8.1.5 Temporary openings shall be provided where necessary, to facilitate cleaning and inspection immediately before depositing concrete.

7.8.1.6 Whenever in the opinion of the Borough Superintendent the scope of the work is of a minor nature and does not require strict compliance with these rules, he may waive the requirements hereof in an individual case under such conditions as he may prescribe or may require an alternate method.]

7.8.1 **Design and Construction of Forms.** *The design and construction of forms shall conform to the following requirements:*

7.8.1.1 *Forms shall conform to the shape, lines, and dimensions of the member as called for on the plans.*

PUBLIC HEARING

Forms shall be substantial and sufficiently tight to prevent leakage of mortar; and shall be properly braced or tied together so as to maintain position and shape and insure safety to workmen and passerby. Temporary openings shall be provided where necessary to facilitate cleaning and inspection immediately before depositing concrete.

7.8.1.2 Where the height of the shores exceeds ten feet, adequate diagonal bracing shall be provided in both longitudinal and transverse directions. In addition, adequate diagonal braces shall be provided at the ends of the framework. Diagonal bracing shall extend from the top to bottom of shores.

7.8.1.3. The unbraced length of wood shores supporting forms shall not exceed fifty times the least dimension. Metal shores or frames shall be approved by the Board of Standards and Appeals and shall be installed in accordance with the approval of the board. Shores shall be adequately secured at the top and shall be properly wedged at top or bottom, if required.

7.8.1.4 Where shores rest upon the ground, adequate mud sills, or other bases, shall be provided to support the shores adequately.

7.8.1.5 Qualified workmen shall be detailed constantly during the placing of concrete to insure that there is no movement of shores, braces or other supports. The name of the foreman in charge of the formwork shall be posted in the field office of the contractor.

7.8.1.6 The individual, firm or corporation who does the concrete work shall be responsible for the adequate design and construction of all forms used in the construction of the building. Wherever the shore height exceeds fourteen feet, or the load on the forms exceeds one hundred fifty pounds per square foot, or power buggies are used, or two stage shores are used, the individual, firm or corporation who does the concrete work shall certify to the department that the form design has been checked and approved as adequate by a licensed professional engineer who has had at least five years of experience as a structural engineer, and that the forms have been constructed in conformance with the design which was checked and approved by the said engineer. The contractor shall certify that the formwork was constructed in accordance with the design within ten days after the structural concrete work has been completed on a building.

PUBLIC HEARING

PROPOSED AMENDMENTS TO THE RULES RELATIVE TO SUBMERGED INLETS AND PROTECTIVE METHODS TO BE APPLIED TO PREVENT CONTAMINATION OF WATER SUPPLY

Adopted by the Board of Standards and Appeals February 3, 1939, effective in accordance with Section 666, Paragraph 2, of the New York City Charter, February 27, 1939, as amended December 4, 1942, effective December 28, 1942, as amended September 10, 1946, effective October 7, 1946 and as amended on February 10, 1948, effective March 8, 1948.

(Cal. No. 835-38-SR)

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, paragraph 2 of the New York City Charter pertaining to Sections C-26-1268.0,c,4 and C26-1277.0h. of the Administrative Building Code.

NOTICE IS HEREBY GIVEN that a Public Hearing will be held by the Board of Standards and Appeals on Friday, June 1, 1956 at 2 P.M. in Room 1013 Municipal Building, Manhattan, on the following Proposed Amendments to the Rules Relative to Submerged Inlets and Protective Methods to be Applied to Prevent Contamination of Water Supply, as recommended by the Commissioners of the Department of Health and the Department of Water Supply, Gas and Electricity.

Note: It is proposed to amend Rule 1 as indicated. New matter appears in *Italics*; old matter to be deleted appears in brackets [].

Rule 1. Vacuum Breakers.

All vacuum breakers prescribed under these rules shall be set at least four inches above the flood level rim of fixtures or as otherwise specifically provided for in these rules. Each fixture with submerged inlets shall be independently controlled by an approved vacuum breaker or breakers the full size of supply pipe, as set forth in these rules. All hose coupling outlets and serrated tip outlets for hose connections [within buildings] are deemed to be submerged inlets, and shall be independently protected with an approved vacuum breaker. [Outside hose coupling outlets for garden or sidewalk use,

drain] Drain cocks for hot water and steam boilers and hose connections on fire fighting equipment are excepted. Every underground lawn and/or garden watering system shall be protected by an approved vacuum breaker placed at least 12 inches above the highest elevation of the sprinkling and/or spraying discharge point. All outside hose coupling outlets, installed after January 1, 1957 shall be independently protected with an approved vacuum breaker.

Rule 2. Submerged Inlets.

Water supply inlets to fixtures shall be located at least one inch above the flood level rim of the fixture, except when submerged inlets are absolutely essential for the proper functioning of a fixture, or as otherwise provided for in these rules.

Water supply lines to water preheating apparatus utilizing waste water shall be equipped with an approved vacuum breaker located at least four feet above the highest elevation of the preheating apparatus or coil with a check valve between the vacuum breaker and the preheating apparatus. Any hot water boiler supplied through such preheating device and having an independent cold water supply line shall have the cold water supply line equipped with a vacuum breaker and check valve located at least four inches above the highest elevation of the boiler.

Rule 3. Flush-Valve Fixtures.

Flush-valve controlled fixtures, with submerged inlets supplied directly or indirectly from the City Water Supply System, shall be equipped with an approved vacuum breaker in the supply line not less than four inches above the flood level rim of the fixture.

Rule 4. Ballcocks.

All flush tanks operated by ballcocks shall have an approved vacuum breaker located not less than three-quarter inch above the overflow outlet of the flush tank.

Periodical Division
University of Illinois Library
Urbana, Ill.

PUBLIC HEARING

Ballcocks controlling water supply to suction, roof or other intermediate tanks shall be located at least one inch above the flood level rim of the tank excepting that in roof tanks equipped with an overflow of a size at least one commercial diameter larger than the water supply pipe, the ballcock may be located two inches above the highest elevation of the overflow pipe. The overflow and emptying pipes of roof, suction and intermediate tanks shall not be directly connected to a drainage system, notwithstanding the permissive provisions of Section C26-1273.0,d of the Administrative Building Code for connection to a leader.

Rule 5. Sterilizers.

Direct water supply connections to all sterilizers are prohibited, except such equipment as is approved by the Board. When approved sterilizers are used, the waste piping from sterilizers shall not connect directly with any drainage system.

Rule 6. Aspirators—Water Siphons.

Direct water supply connections to aspirators, water siphons or similar apparatus is prohibited except when approved by the Board. The waste pipe for this type of apparatus shall not connect directly with any drainage system.

Rule 7. Bidets—Bed Pan Washers.

Direct water supply connections to a bidet is prohibited. Water supply connection to bed pan washers or similar apparatus shall be equipped with an approved vacuum breaker and check valve, the latter located between the fixture and the vacuum breaker. Water supply to bed pan washers equipped with an approved flush valve shall be governed by Rule 3.

Bed pan washers may be equipped with steam connections only when such equipment has been approved by the Board.

Rule 8. Sump or Well Pumps.

Direct water supply connections for priming purposes to sump, well or similar type pumps when permitted by the Department of Water Supply, Gas and Electricity shall be connected to the inlet side of the pump and be equipped with an approved vacuum breaker and check valve, the check valve to be located between the pump and the vacuum breaker.

Rule 9. Condensers.

Direct water connections to refrigeration unit for cooling purposes shall be equipped with an approved check valve to prevent possible back flow of ammonia or other refrigerant from defective condenser coils or jackets, except in such installations where the water

supply piping is entirely outside of the piping or tank containing the refrigerant and two independent wall thicknesses of metal separate the refrigerant from the city water supply. Refrigeration units containing more than twenty pounds of refrigerant shall be provided with an additional safeguard in the form of an approved relief valve installed at the outlet side of the check valve, such relief valve being set at five pounds above the maximum water pressure at the point of installation. Direct water connection is prohibited under Section C26-1223.0 Administrative Building Code.

Rule 10. Mortuary, Dissection, Operating and Embalming Tables or Equipment.

Mortuary, dissection, operating and embalming tables or equipment shall have no direct water supply connection. Hose used with such equipment shall terminate at least 12 inches at any point from the table or attachments.

Rule 11. Dishwashing and Laundry Machines

Direct water supply to dishwashing and laundry machines shall be equipped with an approved vacuum breaker and a check valve located between the vacuum breaker, and the fixture. The vacuum breaker shall be located at least 4" above the highest elevation of the machine.

Rule 12. Chemical Solution Tanks or Apparatus

Direct water supply connections, when permitted by the Department of Water Supply, Gas and Electricity, to any tank or apparatus containing any chemical shall be equipped with an approved vacuum breaker and a check valve located between the vacuum breaker and the tank or apparatus. *All hose, piping or portable equipment used for the application of chemicals or other solutions shall be equipped with an approved vacuum breaker.*

Rule 13. Steam Tables.

Steam tables used exclusively for the warming of food stuffs and provided with a water supply inlet elevation at least one inch above the overflow outlet, the area of which is at least four times that of the water supply piping, shall be equipped with an approved horizontal swing check valve in the water supply piping.

Where elevation of the water supply piping inlet is less than one inch above the overflow outlet, or when the area of the overflow outlet is less than four times that of water supply piping, the water supply piping shall be equipped with an approved vacuum breaker located at least four inches above the maximum overflow level of the fixture.

654-55-BZ

APPLICANT—Leonard F. Rothkrug, for Philip Weisbrout, owner.

SUBJECT—Application August 4, 1955—(decision of the borough superintendent) under sections 7e and 21 of the zoning resolution, to permit in a residence use district, the proposed change of occupancy from warehouse on all floors, to store on first floor, factory on 2nd, 3rd and 4th floors.

PREMISES AFFECTED—462-464 52nd street, south side, 160 ft. west of 5th avenue, Block 807, Lot 35, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug and Philip Weisbrout.

For Opposition: Emogene Mowell, M. F. Smithwick, A. Vergona, Elizabeth Swanson, Gladys M. Glazik, Mrs. Katherine Barbieri, Mrs. Louise Maggio and M. W. Benson.

ACTION OF BOARD—Laid over to June 12, 1956, at 10 A.M. for inspection and decision; hearing closed.

655-55-A

APPLICANT—Leonard F. Rothkrug, for Philip Weisbrout, owner.

SUBJECT—Application August 4, 1955—Appeal from a decision of the borough superintendent—re exits.

PREMISES AFFECTED—462-464 52nd street, south side, 160 ft. west of 5th avenue, Block 807, Lot 35, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug and Philip Weisbrout.

ACTION OF BOARD—Laid over to June 12, 1956, at 10 A.M. for inspection and decision in conjunction with Cal. 654-55-BZ; hearing closed.

682-55-BZ

APPLICANT—Robert Gottlieb, for Luiga Cipriano, owner.

SUBJECT—Application September 2, 1955—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the parking and storage of pleasure type motor vehicles.

PREMISES AFFECTED—1400 Nelson avenue, east side, 119.29 ft. north of Boscobel avenue, Block 2873, Lot 13, Borough of The Bronx.

APPEARANCES—

For Applicant: Gerald Levy.

For Opposition: Yetta Ginsberg.

For Administration: John J. Saunders, Board of Education.

ACTION OF BOARD—Laid over to June 12, 1956, at 10 A.M. for inspection and decision; hearing closed.

752-55-BZ

APPLICANT—Lama, Proskauer and Prober, for Redmont Sales Corp., owner.

SUBJECT—Application September 22, 1955—re (decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a retail use district the erection and maintenance of a gasoline service station, office, storage, lubritorium, minor auto repairs, car washing and parking of motor vehicles awaiting service.

PREMISES AFFECTED—14-43 to 14-47 (14-45 official) Clintonville street, east side, 63.99 ft. south of 14th road, 151-20 to 152-20 14th road and 153-15 to 153-91 Cross Island parkway, Block 4717, Lot 16, Whitestone, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama and Edward F. Hosinger.

For Opposition: Walker V. Bouquet.

ACTION OF BOARD—Laid over to June 19, 1956, at 10 A.M. for applicant to file revised plans; hearing closed.

765-55-BZ

APPLICANT—Leonard F. Rothkrug, for Nicholas Espo, doing business as Nick's Service Station, owner.

SUBJECT—Application September 28, 1955—(decision of the borough superintendent) under sections 7c and 7i of the zoning resolution, to permit in a residence use, D area district, the extension of an existing gas station to include auto accessories, lubritorium, motor repairs and auto laundry.

PREMISES AFFECTED—56-01 Main street, southeast corner of 56th avenue, Block 5165, Lot 28, Flushing, Borough of Queens.

MINUTES

APPEARANCES—

For Applicant: Leonard F. Rothkrug and Nicholas Esposito.

For Opposition: Charles I. Friedman and Harry Maiman.

ACTION OF BOARD—Laid over to June 12, 1956, at 10 A.M. for inspection and decision; hearing closed.

924-55-BZ

APPLICANT—Fred C. Dahlem, for Drebuze Realty Corp., owner.

SUBJECT—Application November 18, 1955—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, proposed parking lot for more than 5 motor vehicles.

PREMISES AFFECTED—31-35 Monroe street, north side, 139 ft. 9 in. west of Market street, Block 276, Lots 16, 17 and 18, Borough of Manhattan.

APPEARANCES—

For Applicant: Fred C. Dahlem and Nathan Margolin.

For Opposition: None.

For Administration: John J. Saunders, Board of Education.

ACTION OF BOARD—Laid over to June 12, 1956, at 10 A.M. for inspection and decision; hearing closed.

621-24-BZ—Vol. III

APPLICANT—Howard H. Snyder, for Terin Garage Corp., owner.

SUBJECT—Application reopened January 31, 1956 as Vol. III—re (decision of the borough superintendent) under sections 7a, 7c and 7f of the zoning resolution, to permit in a business use district an existing three story garage, the additional parking of motor vehicles on the roof.

PREMISES AFFECTED—234-240 East 54th street, south side, 100 ft. west of 2nd avenue, Block 1327, Lot 29, Borough of Manhattan.

APPEARANCES—

For Applicant: Howard H. Snyder.

For Opposition: None.

ACTION OF BOARD—Application granted on condition. THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on January 31, 1956 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on May 8, 1956 after due notice by publication in the Bulletin; laid over to May 15, 1956, at request of objector; then to May 22, 1956, for decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, East 54th street and 2nd avenue are in a business use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated December 12, 1955 acting on Alt. Appl. 142-55, reads:

“3. Use of roof for parking of motor vehicles is an extension of a non-conforming use in a Business Use District. Art. II Sect. 4(a) (15) of the Zoning Resolution.”

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 100 ft. 4 in. in depth, on which is located a 3 story fireproof garage; that it is proposed to use the roof for parking of cars; and

WHEREAS, the applicant states that the following is a record of the premises to date and a statement regarding the proposed use of present roof for parking of motor vehicles:

1. Granted by Board 621-24-BZ July 22, 1924 as fireproof building two stories high N.B. Appl. 262-24.
2. Reopened by Board March 17, 1925.

3. Amended by Board April 28, 1925, to add story to a total of three stories N.B. Appl. 262-24.
4. Reopened June 13, 1944 by Board to permit temporary term for storage.
5. Amended by Board Sept. 12, 1944 for a temporary term expiring April 1945, for storage of Government materials—gasoline equipment to be sealed—Alteration Appl. 498-44.
6. March 6, 1945, temporary use permitted Sept. 12, 1944, extended to expire April 1, 1946.
7. February 26, 1946 temporary use as permitted extended to expire April 1, 1947.
8. July 5, 1944—Appeal 419-44 filed from decision rendered on Alt. Appl. 498-44 as to exits etc, in view of permission granted under 621-24-BZ for temporary storage use including request to reuse the building upon discontinuance of temporary storage occupancy.
9. Sept. 12, 1944 granted until April 1945 as to accepting present exits, etc. in view of proposed occupancy being temporary and stating “the building may be restored to a public garage as permitted by C. of O. 10469-25.
10. On March 6, 1945 temporary use extended to expire April 1, 1947.
11. On February 26, 1946 temporary use extended to expire April 1, 1947.
12. Alt. Appl. 541-47 has following objection to resuming occupancy as a garage. “(a) occupancy of premises in a business use district as a garage for more than 5 cars is not permitted by Sec. 4 zoning Resolution. (b) and is not permitted by resolution 621-24-BZ as amended 2-26-46 under BZ case—signed (Berman). This is countersigned as follows: “See Resolution 419-44 A Bd. of St. & App. which includes 621-24-BZ signed W.A.F. 3/26/47. Temporary C of O 31933 of June 28, 1946 has following notation added. “This C of O is not effective after April 1, 1947, but is superseded by C of O 10469. See Alt. Appl. 541-57 Bd. of St. & Appeals as to above.” Cal. 419-44-A. signed A. Rader 7/8/52. Alteration 541-47 has following notation added:
“On basis of Board action it appears that since a Temporary C of O for storage use expires the C of O 10469-25 may be considered as being in effect provided that there has been no actual changes of any kind.” signed A. J. Benline 4/18/47.
13. On Nov. 13, 1950 application was filed with the City Planning commission by instruction of the Building Dept. set forth in application filed Sept. 26, 1950. Objection 1. “Proposed alteration to increase occupancy to more than 150 motor vehicles is not acceptable or permitted in a business use district. Obtain approval of the City Planning Commission Art. V Section 21f of the Zoning Resolution.
14. Application was approved by City Planning Commission for two additional stories on Jan. 10, 1951 and approved by Board of Estimate on Feb. 8, 1951 under Calendar #44.
15. The owners the Dexter Holding Corporation, a subsidiary of Bing & Bing Inc., did not proceed with the alteration adding the two extra stories but sold the premises in Sept. 2, 1952.
16. On March 15, 1955 application was made by the new owners to the Board of Standards & Appeals by this application who believed the Board the proper agency to entertain an application for extension of use by adding one story and roof parking.
17. On April 12, 1955 Board reopened Cal. 621-24-BZ, Vol. II.
18. On July 6, 1955 Board amended resolution 621-24-BZ Vol. II to permit one additional story and roof park-

MINUTES

ing and the additional means of exit as proposed in upper stories down to the second floor, connecting with the existing ramp.

19. On July 6, 1955 acting on Alt. 142-55 Appeal 312-55A Board granted "means of egress shall be as required in the resolution adopted this day under Cal. No. 621-24-BZ, Vol. II.

and

WHEREAS, the applicant contends that the present owners find that the cost of construction for the additional story which was possible only by reinforcing existing columns and installing new footings could not be economically justified by the increase of revenue expected; that however the owners find that the total area of the present building is not large enough to store the cars of their patrons, mostly people who live in nearby hotels and apartment houses; that this increased demand has been felt by other garage owners in the neighborhood who have increased their capacities by adding additional floors and roof parking; that therefore the owners of the subject premises are requesting permission to use the roof for parking, taking proper precautions to add height to the parapet walls of the roof so that the parked cars on the roof will not be noticeable to occupants of neighboring buildings, most of which are lower than the proposed roof and use of same should not be objectionable to them; and

WHEREAS, the applicant states that the present owner has held title to the property since September 2, 1952; that the assessed valuation of land is \$85,000 and of the building \$135,000 making a total of \$220,000; that the building was erected in April 1924; and

WHEREAS, the premises and surrounding area were previously inspected by a committee of the Board; the matter having been laid over for decision; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c to permit roof parking substantially as proposed and as indicated on plans filed with this application marked "Received December 20, 1955" (6 sheets) *on condition* that the existing roof load shall be sufficient for the roof parking load; that suitable surfacing shall be constructed on such roof for the proposed use; that the parapet walls on all sides shall be reconstructed and re-enforced with steel so as to be not less than 5 ft. 6 in. above the high point of the roof; that around the parapet there shall be maintained timber bumpers not less than 4 ft. from the parapet wall as shown on such plans; that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable to the building and occupancy other than as modified this day under Cal. No. 156-56-A; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

156-56-A

APPLICANT—Howard H. Snyder, for Terin Garage Corp., owner.

SUBJECT—Application March 1, 1956—Appeal from a decision of the borough superintendent, re egress.

PREMISES AFFECTED—234-240 East 54th street, south side, 100 ft. west of 2nd avenue, Block 1327, Lot 29, Borough of Manhattan.

APPEARANCES—

For Applicant: Howard H. Snyder.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent dated December 13, 1955 on amendment to Alt. App. 142/55 reads:

"2. Two legal means of egress required from all floors including roof."

and

WHEREAS, the applicant states the building is three stories, 38 ft. 4 in. in height, 100 ft. front by 100 ft. 4 in. in depth at street level, 100 ft. front by 90 ft. 3 in. in depth at typical floor level, of fireproof construction, erected 1924 on a lot 100 ft. front by 100 ft. 4 in. in depth, in a business use, B area, class 1½ height district and used and occupied since 1925: Cellar—boiler room; 1st, 2nd and 3rd floors: public garage for more than five motor vehicles; and

WHEREAS, the applicant states the building is provided with two interior iron stairs of cement treads, 45 in. and 39 in. in width, enclosed in 4 in. terra cotta blocks, equipped with fireproof, self-closing doors and leading from roof bulkhead direct to street; and

WHEREAS, Certificate of Occupancy No. 10460 was issued December 30, 1925 against N.B. App. 262-24 permitting the existing use and occupancy; and

WHEREAS, the applicant contends that the exit facilities were approved by the Building Department in 1925 at the time the garage was erected; that the department now refuses to grant the extension of the facilities due to the variance granted by the Board; that the present easterly stairway is 3 ft. 8 in. wide and extends to the roof; the westerly 3 ft. 4 in. wide stairway will be extended to the roof; that this latter stair is protected by fireproof door at the second floor, and it is requested that the Board permit the use of the adjacent ramp as a means of egress from the second floor to the street as a continuation of this stair; that the garage will be in charge of an attendant; that there will not be more than two persons on a floor for the upper floors; and

WHEREAS, plans filed with this appeal indicate that it is proposed to install the westerly stairs, previously described as existing, and that this stair will be 3 ft. 4 in. wide, enclosed in 4 in. terra cotta blocks, equipped with fireproof self-closing doors, and extending from the head of the ramp at the rear of the second floor through the roof bulkhead; such bulkhead to be constructed of 6 in. terra cotta blocks, equipped with fireproof self-closing door, and with a metal skylight glazed with wire-glass for the full size of the bulkhead; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the borough superintendent, dated December 13, 1955, acting on Alt. App. 142/55, Objection #2 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the existing westerly stairway shall be extended to the roof and maintained in accordance with the requirements therefor, as proposed and as shown on plans marked "Received December 20, 1955" (5 sheets) so as to provide two means of exit from such space; that such stairs may be permitted to terminate at the second floor level and exit therefrom may be by ramp as proposed leading from the second floor to the street; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto, including the requirements of a resolution adopted this day under Cal. No. 621-24-BZ—Vol. III.

314-28-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Socony Mobil Oil Company, Inc., owner.

SUBJECT—Application reopened October 25, 1955 as Vol. II—re (decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a business use district, the proposed demolition and reconstruction of an existing gasoline service station to a gasoline service station, lubritorium, car washing, minor

MINUTES

auto repairs, store, utility room, parking and storage of motor vehicles.

PREMISES AFFECTED—902-914 Westchester avenue and 911-915 Rogers place, southwest corner and 889-903 East 163rd street, Block 2696, Lot 130, Borough of The Bronx.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: John J. Saunders, B'd. of Education.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 25, 1955 subject to regular procedure, to consider extension of use; and

WHEREAS, a public hearing was held on this application on May 22, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, East 163rd street and Westchester avenue are in a business use, B area, class 1½ height district; Rogers place is in business and residence use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent dated September 27, 1955 acting on N.B. Applic. 1052-55, reads:

"1 In a business district the proposed demolition and reconstruction of an existing gas station to a "gasoline service station, lubritorium, car washing, minor auto repairs, store, utility room, parking and storage of motor vehicles" is contrary to Sect. 4 of the Zoning Resolution and to the resolution of the Bd. of S. & A. Cal. 314-28-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 150.37 ft. frontage by 123.72 ft. in depth, irregular, presently developed with a gas station consisting of eleven 550 gallon gasoline tanks and four dispensing pumps; that the accessory building is a one story building of class 3 construction having a frontage of 56 ft. 4 in. and a depth of 21 ft. and being used as a lubritorium and office; that the gas station was installed under N.B. 49 of 1929 and a variance of the Board under Cal. No. 314-28-BZ; that certificate of occupancy No. 799-29 was issued for a gas station; that it is proposed to demolish the present accessory building and erect a new one, one story accessory building of class 3 construction, having a frontage of 44 ft., a depth of 50 ft. 5½ in. to contain the conjunctive uses of lubritorium, car washing, minor auto repairs, store, and utility room; that part of the open area of the site will be reserved for the parking and storage of motor vehicles; that the gasoline tanks will be limited to ten 550 gallons each, which are buried and the dispensing pumps will be 4 in number; that the curb cuts will be reduced in number and size to two 30 ft. wide curb cuts on East 163rd street, two 30 ft. curb cuts on Westchester avenue and one 30 ft. wide curb cut on Rogers place; and

WHEREAS, the applicant contends that the proposed rebuilding will enable the station to render a more efficient service to the public and the reduction of the curb cuts will create a better pedestrian condition; that the present gas station has proven its need at this point by being in operation since 1929; that the site is triangular in shape and completely isolated, so that the erection of stores at this time would not be feasible; that the elevated railroad on Westchester avenue also is not conducive to store rental, and there are more than sufficient stores in the area for public requirements; that block 2697, lot 35, directly across the street, is developed with a gas station, which precludes using the site itself for anything but in the manner in which it is developed; and

WHEREAS, the applicant states that the present owner has held title to the property since June 17, 1932; that the assessed valuation of land is \$37,000 and of the building \$5,000 making a total of \$42,000; that the building was erected in 1929; and

WHEREAS, the applicant withdrew Section 7c as a basis for this requested amendment.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on October 9, 1928, by adding thereto:

"that in the event the new owner desires to reconstruct the existing gasoline service station and accessory uses permitted by this Board under Vol. I of this calendar number, such reconstruction may be permitted as indicated on revised plan marked "Received September 28, 1955", 6 sheets, *on condition* that all buildings and uses not proposed to be retained shall be removed and the premises constructed as shown on such plans; that curb cuts shall be reduced to those now shown on plans of proposed conditions; that the accessory building shall be face brick on all sides, have no cellar and in all other respects comply with all laws, rules and regulations applicable thereto; that the number of gasoline storage tanks shall not exceed ten approved new and existing 550 gallon tanks; that any existing tanks proposed to be reused shall be tested by the fire commissioner; that pumps shall be of a low approved type, erected not less than 10 feet from the street building lines; that such portable fire-fighting appliances shall be installed as the fire commissioner shall direct; that under section 7i, there may be minor repairing with hand tools only maintained solely within the accessory building; that the sidewalks and curbing abutting the site shall be repaired or reconstructed to the satisfaction of the Borough President; that in all other respects where not inconsistent with this amended resolution, the requirements of the resolution adopted by the Board on October 9, 1928 shall be complied with where not inconsistent with this amended resolution; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

67-33-BZ—Vol. III

APPLICANT—Lama, Proskauer and Prober, for Salvatore Puma, owner.

SUBJECT—Application reopened October 18, 1955 as Vol. III—re (decision of the borough superintendent) under sections 7e, 7f, 7h and 7i of the zoning resolution, to permit in a business and residence use district, the extension of use of an existing gasoline service station, lubritorium, minor auto repairs, office, parking and storage of motor vehicles, storage and car washing.

PREMISES AFFECTED—1225 East 233rd street and 3900-3910 Baychester avenue, northeast corner, Block 4955, Lots 1 and 5, Borough of The Bronx.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: A. Aaron Raphael and L. M. Lebhar, for N.Y.C. Housing Authority.

For Administration: John J. Saunders, Board of Education.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on October 18, 1955 subject to regular procedure, to consider extension of use; and

WHEREAS, a public hearing was held on this application on May 22, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in business and residence

MINUTES

use, C and D area, class I height districts; East 233rd street is in business and residence use, C area, class 1 height district; Baychester avenue is in business and residence use, D and C area, class 1 height districts; De-Reimer street is in a residence use, D and C area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated August 19, 1955 acting on Alt. Applic. 762-55, reads:

"1. The extension of use of a gasoline service station to gasoline service station, lubricatorium, minor auto repairs, office, storage, car washing & parking & storage of motor vehicles partly in a residence use district and partly in a business use district is contrary to Art. II Sect. 3 & Sect. 4 of the Z.R. & Cal.#67-33-BZ.

and

WHEREAS, the applicant states that the premises consist of a plot, 117.65 ft. frontage by 105.62 ft. in depth, irregular, presently developed with a gasoline service station consisting of four 550 gallon gasoline storage tanks and four dispensing pumps; that the present accessory building is one story in height, of class 3 construction and contains an office and grease pits, the building having a frontage of 31 ft. and a depth of 32 ft. 6 in.; that this gas station with a frontage of 75 ft. on East 233rd street and 55.62 ft. on Baychester avenue was installed under N.B. 35 of 1933 and a variance of the Board under Cal. No. 67-33-BZ; that certificate of occupancy No. 9613 was issued on October 23, 1951 for a five year period to expire on April 17, 1956; that it is proposed to secure a variance of the building zone resolution to continue said gas station for the additional period of 10 years and extend its frontage to 117.65 ft. on East 233rd street and 105.62 ft. on Baychester avenue; that it is also proposed to maintain the present accessory building with its present use of office, storage and grease pits and add the additional use of minor auto repairs and car washing; that it is also proposed to add 3 additional 550 gallon gasoline storage tanks, making a total in all of 7, and 2 additional gasoline pumps making a total in all of 6; that it is proposed to use part of the open area for the parking and storage of motor vehicles; that a new 5 ft. high woven wire fence on a 6 in. high concrete curb will be erected along all lot lines; that it is proposed to install two 30 ft. wide curb cuts on East 233rd street and two 30 ft. wide curb cuts on Baychester avenue; and

WHEREAS, the applicant states that part of the premises within 100 ft. of East 233rd street is in a business use district and a class C area district and the balance of the site is in a residence use district and a class D area and the entire site is in a class 1 height district; that as of July 25, 1916 that part of the premises within 100 ft. of East 233rd street was in a business zone and the balance of the site was in a residence use district; that on January 20, 1927 that part of the site within 100 ft. of Baychester avenue was placed in a business zone; that on October 18, 1949 that part of the premises within 100 ft. of Baychester avenue and 100 ft. of East 233rd street was placed in a business zone and the balance of the site in a residence zone; and

WHEREAS, the applicant contends that the gas station has been in continuous use since 1933 and has proven its necessity on the heavily trafficked Baychester avenue and also East 233rd street; that its extension as proposed will enable said station to render a more efficient and complete service to the public; that the present gas station directly opposite the site in block 4934, lot 66 indicates the character of the area and makes the proposal in keeping at this point; and

WHEREAS, the applicant states that the present owner has held title to the property since January 15, 1954; that the assessed valuation of land is \$9,500 and of the building \$10,500 making a total of \$20,000; that the building was erected in 1933.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on June 13, 1933, by adding thereto:

"that in the event the new owner desires to enlarge the present gasoline station site previously permitted, by the addition of lot 5, so as to increase its area along

Baychester avenue to approximately 105 ft, such addition may be made and the rearrangement of the station may be as shown on plans filed with this application, marked 'Received September 16, 1955', 4 sheets", on condition that only such changes as are shown thereon shall be permitted; that curb cuts shall be restricted to two on 233rd street and two on Baychester avenue, each 30 feet in width; that there shall be erected on the new lot line to the north a woven wire fence of the chain link type on a masonry base to a total height of not less than 5 ft. 6 in. and a similar fence continued to the lot lines to the north and east through to East 233rd street; that the sidewalk and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the borough president; that pumps shall be of an approved low type erected where shown on such plans; that at the intersection there shall be erected a block of concrete not less than 12 in. in height, as shown; that such portable fire fighting appliances shall be installed as the Fire Commissioner shall direct; that under section 7h, there may be parking and storage of motor vehicles; and under section 7i, there may be minor repairs with hand tools only for adjustments maintained solely within the accessory building; that where not occupied by accessory building and pumps, the premises shall be paved with concrete or asphalt; that the term of this variance may be extended for ten years from the date of this amended resolution; that in all other respects where not inconsistent with this resolution, the resolution adopted on June 13, 1933, shall be complied with; and that all permits required shall be obtained including a new certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

252-36-BZ—Vol. II

APPLICANT—Allan Crane and Hoist Corp., lessee, for Electric Hoist and Motor Company, Inc., owner.

SUBJECT—Application reopened April 19, 1955 as Vol. II —re (decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a business use district, the proposed use of an existing building for a factory, for the manufacture of electric hoists, and office with welding in connection with the manufacture of hoists.

PREMISES AFFECTED—60 Bayard street, south side, 100 ft. east of Lorimer street, Block 2722, Lot 8, Borough of Brooklyn.

APPEARANCES—

For Applicant: Rose A. Caputo.

For Opposition: Gilda Datnowitz, Mrs. V. Guadagno, Mrs. V. Marotta, Mrs. E. Klein, Mrs. V. Desimone and Gernaro Trotto.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on April 19, 1955 subject to regular procedure, to consider a new proposal; and

WHEREAS, a public hearing was held on this application on May 8, 1956 after due notice by publication in the Bulletin; laid over to May 22, 1956, at request of attorney for the applicant; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a business use, B area, class 1½ height district; Bayard street is in business and residence use, B area, class 1½ height districts; Lorimer street is in business and local retail use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated March 14, 1955 acting on Alt. Applic. 4560-54, reads:

MINUTES

"1. The proposed use of the building for factory for the manufacture of electric hoist and office with welding in connection with the manufacture of the hoists is contrary to the Zoning Res. Art. II Sect. 4(a) 1 (4)." and

WHEREAS, the applicant states that the premises consist of a plot, 50 ft. frontage by 100 ft. in depth, on which is located a one story building of class 3 construction, 50 ft. front, 100 ft. in depth, 14 ft. in height, occupied as a factory for the manufacture of electric hoists; that it is proposed to occupy the building as a factory for the manufacture of electric hoists, with office and acetylene welding; and

WHEREAS, the applicant contends that the subject premises has been used from 1939 to the present for fabricating electric hoist; that from 1939 to approximately one year ago, this type of business was operated by the Electric Hoist & Motor company, Inc., and is presently being operated by Allan Crane & Hoist corporation; that the use of oxy-acetylene at the premises is only for the convenience and continued operation of the business; that the use of oxygen with a combustible gas is used only to burn off pieces of steel; that the amount of oxy-acetylene stored and used at the premises is negligible as there is no jobbing done which would require its constant use; that the minimum use of the acetylene torch is not a danger to the public as the premises is situated in a business district which is run down and in very poor condition; that there are no residences in the neighborhood and the use of the acetylene torch will not and could not increase the hazards in the vicinity; that fire department order No. 6846-4 was issued August 17, 1954; and

WHEREAS, the applicant states that the present owner has held title to the property since 1939; that the assessed valuation of land is \$5,000 and of the building \$11,500 making a total of \$16,500; that the building was erected in 1932; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e for a term of ten years to permit the use of the existing building for manufacturing electric hoists substantially as proposed and as indicated on plans filed with this application marked "Received March 23, 1955" (3 sheets) *on condition* that the building shall not be increased in height or area; that there shall be no windows constructed or other openings constructed in the side or rear walls; that the existing door at the rear for exit purposes opening into the area space may be maintained provided an iron fence is maintained not less than 5 ft. 6 in. in height on the rear lines to the south and west; that the ladder therefrom to the roof for exit purposes shall be maintained; that the sidewalks and curbing in front of the premises shall be repaired to the satisfaction of the Borough President; that there shall be no excavation in the building except for the boiler room as shown and with exit and entrance thereto from the sidewalk; that there may be use of an acetylene torch under permit issued by the Fire Commissioner for use solely in connection with the manufacture and repair of electric hoists and for no other use; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained and a certificate of occupancy obtained within six months from the date of this resolution.

339-55-A

APPLICANT—Allan Crane and Hoist Corporation Corp., lessee, for Electric Hoist and Motor Co., Inc., owner.

SUBJECT—Application April 23, 1955—Appeal from a decision of the borough superintendent, and a decision re an order of the fire commissioner, review of Borough Superintendent's decision re zoning matter.

PREMISES AFFECTED—60 Bayard street, south side, 100 ft. east of Lorimer street, Block 2722, Lot 8, Borough of Brooklyn.

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on February 21, 1956 subject to regular procedure, to consider reconstruction and extension; and

WHEREAS, a public hearing was held on this application on May 22, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and First avenue are in a business use, B area, class 1½ height district; East 119th street is in business and residence use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated January 11, 1956 acting on N.B. Applic. 188-55, reads:

"1. The reconstruction and extension in area of an existing gasoline service station, lubritorium, auto laundry (non automatic), previously granted by the Board of Standards & Appeals under Cal. #493-41-BZ and the additional uses of minor auto repairing with hand tools only and the parking of motor vehicles awaiting service in a business use district is contrary to resolution of the Bd. of S&A and Art. II Sec. 4a(29) (46) of the Zoning Resolution.

2. The location of part of a curb cut and a curb cut within a distance of 75 ft. from a residence use district wherein a use district other than residence use extends along a street or part of a street and the abutting property is in a residence use district is contrary to Section 7A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 90 ft. in depth, on part of which is located a gasoline service station and parking lot; that it is proposed to reconstruct and extend the area of the existing gasoline service station, lubritorium and auto laundry and the additional uses of minor auto repairing with hand tools only and the parking of motor vehicles awaiting service; and

MINUTES

WHEREAS, the applicant states that the existing gas station was established in 1927 under N.B. Applic. 457-27 and certificate of occupancy No. 14594; that at the time of the erection of this use the plot was in an unrestricted zone; that the portion of the plot on which it is proposed to extend the gas station is presently occupied by a parking lot as established in 1954 and on which certificate of occupancy No. 42595 is now in force; and

WHEREAS, the applicant further states that in 1916 the entire plot, including the entire block between 1st avenue and Pleasant avenue (now known as Paladino avenue) and East 119th street to East 120th street, was zoned for unrestricted use, class 1½ height and B area; that under C.P. 108 effective May 28, 1938 the plot was rezoned to business use with no change in the height or area class; that also the area beyond 100 ft. parallel to 1st avenue was rezoned to residence use; and

WHEREAS, the applicant contends that Esso Standard Oil company known as Colonial Beacon Oil company purchased the plot now occupied as the gas station on May 21, 1931 and the station has been operated continuously since that time; that on the proposed extension the same company have a purchase option subject to a variance from the Board; that under date of September 30, 1941 under Cal. No. 493-41-BZ the Board adopted a resolution permitting a reconstruction of this gas station; that annual extensions of time through April 12, 1956 have been obtained from the Board for the purpose of obtaining permits and completing the work; that no work has been done on this variance but working drawings have been approved under N.B. Applic. 208-40; that competitive demands require that this outlet be modernized; and

WHEREAS, the applicant states that the present owners have held title to lot 1 since May 21, 1931 and to part of lot 48 since November 10, 1955; that the assessed valuation of land is \$23,000 and of the building \$5,000 making a total of \$28,000; that the building was erected in 1927; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board,

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c to permit the extension of area and reconstruction of the premises of the dimensions as shown, namely 100 ft. by 90 ft.; that the proposed reconstruction and rearrangement may be permitted substantially as now proposed for the present owner of the fee of the existing gasoline station who is under contract to purchase the balance of the premises from the present owner, substantially as indicated on plans filed with this application marked "Received January 13, 1956" (4 sheets) *on condition* that all buildings and uses now on the premises shall be removed and the premises shall be constructed substantially as indicated on such plans; that the accessory building shall be faced with face brick and with no cellar under the building; that there shall be no windows opening in the rear wall to adjoining premises; that the accessory building shall be substantially of the design and arrangement as indicated; that along the lot lines to the east and north there shall be a woven wire fence of the chain link type erected and maintained on a cement base for a total height of not less than 5 ft. 6 in.; that such fence may be omitted where the wall of the accessory building is on the rear lot line; that substantial terminating posts shall be erected for such fence at the building lines; that gasoline pumps shall be of a low approved type erected not nearer than 15 ft. to the street building line of 1st avenue and East 119th street; that the tanks for gasoline storage shall not exceed twelve 550 gallon approved tanks; that existing tanks may be reused if tested and found in good condition by the Fire Department; that curb cuts shall not exceed two curb cuts to 1st avenue each not over 30 ft. in width and two curb cuts to East 119th street of similar width; that no curb cut shall be nearer than five feet to a side lot line as prolonged;

that at the intersection there shall be erected a block of concrete extending for five feet from the intersection along each street and not less than 12 inches in height; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that the sidewalks and curbing abutting the premises shall be reconstructed to the satisfaction of the Borough President; that signs shall be restricted to permanent signs attached to the front facade of the accessory building facing 1st avenue and the illuminated globes of the pumps excluding all roof signs and temporary signs but permitting the erection of two post standards, where shown, each for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such signs to extend beyond the building line for a distance of not more than four feet; that under Section 7i there may be minor repairing with hand tools only maintained within the accessory building; that under Section 7A any curb cuts or signs deemed not in accord with the Zoning Resolution, because of the nearness to the residential premises toward the east, may be permitted; that under Section 7c there may be parking and storage of motor vehicles where there will be no interference with other services of the station; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

479-55-BZ—Vol. II

APPLICANT—De Rose and Cavalieri, for Anthony Monteleone, owner.

SUBJECT—Application reopened December 13, 1955 as Vol. II—re (decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence and business use district the proposed extension of the parking lot from the business use portion to the residence use portion of the plot, the parking and storage of more than five motor vehicles.

PREMISES AFFECTED—2328-2332 1st avenue, east side, 50 ft. 5½ in. south of East 120th street and 407-411 East 119th street, Block 1807, Lot 48, Borough of Manhattan.

APPEARANCES—

For Applicant: George J. Cavalieri and Anthony Monteleone.

ACTION OF BOARD—Application withdrawn at the request of applicant. The applicant withdrew this application inasmuch as part of the area is included in application 493-41-BZ, Vol. II, which is subject to a resolution adopted this day.

THE RESOLUTION—

WHEREAS, on January 23, 1945 this application was granted by the Board on certain conditions, under section 7i of the zoning resolution, to permit in a business use district the conversion of a stable, store and one family residence building, to a motor vehicle repair shop, stores and residence for one family; and

WHEREAS, on January 24, 1950 the term of variance was extended for five years, to expire on January 24, 1955; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation on January 24, 1955; and

WHEREAS, this application was reopened on April 17, 1956 and set for hearing on May 22, 1956 at 10 A.M., subject to regular procedure, waiving all requirements except a new decision of the borough superintendent and two publications in the Bulletin; and

WHEREAS, a public hearing was held on this application on May 22, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the decision of the borough superintendent, dated April 3, 1956 acting on Alt. Applic. 1173-50 reads:

"1. Proposed use of structure located in a Business Use District for motor vehicle repair shop (hand tools only) and motor driven equipment not greater than one-half horsepower each violates Art. II Sec. 4a-29 Zoning Resolution.

Note—See Bd. of Stds. and Appeals Resolution Cal. 319-44-BZ limiting above use to Jan. 24, 1955."

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on January 23, 1945, as thereafter amended by resolutions adopted through January 24, 1950, only as to the term of the variance, so that as amended this portion of the resolution shall read:

"... *granted* under Section 7, subdivision i for a term of five years, to permit the premises to be continued as a motor vehicle repair shop; that in all other respects the resolutions above cited shall be complied with; that a new certificate of occupancy shall be obtained and all work completed within six months from the date of this amended resolution." Alt. 1242/44 and 1173/50, dated 4/3/56).

698-53-BZ—Vol. II

APPLICANT—John F. Fitzsimons, for Charles J. Goubeaud, owner.

SUBJECT—Application reopened June 21, 1955 as Vol. II—re (decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a residence use district, the extension of a professional use, including dwelling, professional office, kennels and 1 car garage, and change of occupancy to including dwelling, professional office, kennels and parking for 1 car.

PREMISES AFFECTED—204-18 46th avenue, south side, 142.91 ft. east of 204th street, Block 7304, Lots 15 and 17, Bayside, Borough of Queens.

APPEARANCES—

For Applicant: John F. Fitzsimons and Charles J. Goubeaud.

For Opposition: Andrew Hahn.

ACTION OF THE BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioners Kleintert and Keating and Deputy Chief Connolly..... 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on June 21, 1955 subject to regular procedure, to consider extension of use; and

WHEREAS, a public hearing was held on this application on May 22, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, D area, class 1 height district; 46th avenue is in business and residence use,

D area, class 1 height districts; 204th street is in a business use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated May 18, 1955 acting on Alt. Applic. 614-55, reads:

"1. The extension of a professional use in a Residence Use District on the premises in which the practitioner does not reside is contrary to Board of Standards and Appeals Resolution 699-53-A, Bulletin #26, Vol. XXXIX dated June 22, 1954 and contrary to Article II, Sec. 3 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 80 ft. frontage by 100 ft. in depth, on which is located a two story building of class 4 construction, 16 ft. 2 in. front by 39 ft. 5 in. in depth, and 2 kennels; kennel B, 36 ft. 8 in. by 10 ft. 5 in.; kennel C, 14 ft. 4 in. by 12 ft. 9 in.; that it is proposed to reconstruct and enlarge one of the kennels on the premises; that it is proposed to demolish the existing one car masonry garage, to erect a concrete block wall along the southerly lot line and to construct a new kennel building; and

WHEREAS, the applicant contends that the new kennel building will make for a more efficient conduct of the Doctor's profession and will provide facilities for the better comfort of the animals treated by the Doctor; that it will obviate the need of the movable kennels shown on photograph No. 5 filed with this application; that the protected runs will give the animals more exercise room and the concrete block wall will shield the abutting property from any possible detriment; and

WHEREAS, the applicant states that the present owner has held title to lot 17 since September 9, 1939 and to lot 15 since June 25, 1949; that the assessed valuation of land is \$1,200 and of the building \$1,600 making a total of \$2,800; that the building was erected in 1923; and

WHEREAS, the premises and surrounding area were inspected by the committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on June 22, 1954 by adding thereto:

"that in the event the owner desires to rearrange and to the use of the premises as now proposed and as shown on plans filed with this application marked 'Received May 25, 1955' (5 sheets) consisting mainly of kennel runs and concrete wall approximately seven feet in height along the side lot line to the south, and to permit the parking of cars in connection with the use of the premises, such uses may be permitted within the term as previously stated, expiring on June 22, 1964, on condition that the buildings and uses shall not be further extended; that in all other respects the buildings and occupancy shall comply with all laws and rules applicable thereto; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

754-53-BZ—Vol. II

APPLICANT—Paul Friedman, for Mary Gianos, Marie Colonna and Theodore Sagliocca, owners.

SUBJECT—Application reopened December 13, 1955 as Vol. II—re (decision of the borough superintendent) under sections 7e and 7h of the zoning resolution, to permit in a residence use district, the erection and maintenance of a gasoline service station, lubritorium, minor repairs (hand tools only), car washing (non automatic), office, storage and sale of auto accessories, and parking of cars waiting to be serviced all for a term of 15 years.

PREMISES AFFECTED—76-31 to 76-45 164th street and 164-01 to 164-09 77th avenue, northeast corner, Block 6969, Lot 1, Flushing, Borough of Queens.

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on December 13, 1955 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on March 6, 1956 after due notice by publication in the Bulletin; laid over to April 24, 1956, for inspection and decision; hearing closed; then to May 15, 1956, at request of the applicant, to submit revised plans; then to May 22, 1956, for applicant himself to be present and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, E-1 area, class 1 height district; 164th street and 77th avenue are in residence and local retail use, E-1 area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated October 27, 1955 acting on N.B. Applic. 3853-53, reads:

"1. The construction of the proposed gasoline service sta., lubritorium, minor repairs (hand tools only) car washing (non-automatic), office, storage & sales of auto accessories, parking for cars waiting to be serviced, in a res. use district is contrary to Art. 2 Sec. 3 of Zone Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 145.35 ft. frontage by 111.21 ft. in depth; that the subject premises is presently zoned as a residence use, class 1 height and E-1 area district; that as of July 25, 1916 the portion of the property within 100 ft. of 164th street was zoned as a business use district and was changed to a residence use district on September 18, 1947; that the residence designation of the remainder has existed since July 25, 1916; that as of July 25, 1916 the property was in a D area district and the present area designation became effective on February 7, 1949; that the height designation has not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant states that the subject premises consists of an irregular corner lot, designated herein as lot No. 1, which is comprised of 3 official tax lots numbered 1, 3 and 5; that official lots 1 and 3 vacant and official lot 5 is devoted to non-forming use as follows: one story frame building at the rear, approximately 60 ft. by 20 ft. in area, irregular, used for 2-car garage and storage of builder's material, certificate of occupancy No. Q 33999 issued January 25, 1946; and a one story frame building at the front, approximately 12 ft. by 25 ft. in area, used as an office, certificate of occupancy No. Q 33998, issued January 24, 1946; that it is proposed to remove the existing buildings and uses and to erect and maintain for a term of 15 years a parkway-type gasoline service station, lubritorium, car washing (non-automatic), minor repairs (hand tools only), office, storage and sales of automobile accessories and parking for more than 5 cars waiting to be serviced; and

WHEREAS, the applicant states that on March 23, 1954 under Cal. No. 754-53-BZ an application, affecting official lots 1 and 3 only, to permit in a residence use district the erection of a gasoline station and accessory uses was withdrawn at the request of the applicant to permit the owner to negotiate with the owner of adjoining lot No. 5, the masonry contractor, with a view to purchasing said property so as to substantially revise the plan theretofore submitted to the Board for approval; that on May 4, 1954 the Board reopened the application affecting official lots 1 and 3 only, subject to regular procedure, and on February 1, 1955 application was denied; and

WHEREAS, the applicant further states that the instant application differs materially and substantially from the previously denied application in the following respects: that the previous application did not include official lot 5 and did not propose to remove the existing legal non-conforming uses on that lot; that the present application does; that the proposed area of coverage is smaller; that the prior appli-

cation proposed a building to cover approximately 16% of the area of the plot and the instant application proposes a building which will cover only 11.2% of the total area of the plot; that the proposed landscaped and seeded area is substantially greater and offers greater protection to nearby occupancies; that the prior application proposed a 16.21 ft. wide landscaped area along the rear lot line and a 5 ft. wide landscaped area along the proposed fence wall along 77th avenue, to cover approximately 1850 sq.ft.; that the instant application proposed a 16.21 ft. wide landscaped area along the rear lot line and a 10 ft. wide landscaped area along the proposed fence wall on 77th avenue; that thus, landscaping and seeded areas will be provided to the extent of more than 20% of the area of the plot; that the proposed fence wall is substantially increased in extent; that the previous application proposed a fence wall of 213.42 linear feet along the 77th avenue building line, the rear lot line and part of the northerly lot line; that the present application proposes a fence wall of 357.40 linear feet along the 77th avenue building line, the rear and northerly lot lines; that the proposed building will be set back further from 77th avenue than heretofore proposed; that the previous application proposed a building set back 37 ft. 8 in. from the 77th avenue frontage and proposed to be erected flush to the northerly lot line of the plot, while the instant application proposes a building set back 45 ft. from the 77th avenue property line, 40 ft. from the northerly property line and 16.21 ft. from the easterly lot line; that the prior application proposed a pump island set back 10 ft. from the 164th street property line while the instant application provides for a 15 ft. setback; and

WHEREAS, the applicant contends that there is an economic demand for the use of the subject premises for development with a gas station as it is situated along a thoroughfare which sustains a substantial volume of automobile traffic and which is divided by a center mall, except at intersections, to separate northbound and southbound traffic; and because a substantial investment would then be made which would yield a reasonable return; that a grant of this application would not adversely affect the neighborhood because it would result in the elimination of the existing unattractive non-conforming uses on the northerly portion of the subject premises, and in the development of the entire plot with a highly attractive parkway type service station, of colonial design, one story in height, which would enhance the appearance of the neighborhood; that the properties on 164th street which are opposite or adjacent to the subject premises are vacant or developed with a public utility electric sub-station; that the properties on 77th avenue and 76th road abutting the subject premises are two story dwellings which will have more light and air, more landscaping protection and more attractive surroundings through the proposed use than would be available through the present or presently permitted uses; that the proposed building will occupy only 1,820 sq.ft. or approximately 11.2% of the 15,370 sq.ft. plot, which under the area district regulations is permitted to be developed with residences having an aggregate area of 6,898 sq.ft., or approximately 44.9% of the area of the plot, exclusive of garages which could be built flush to the rear lot line; and

WHEREAS, the applicant states that the present owner has held title to lot 1 since July 9, 1950; lot 3 since August 10, 1953; lot 5 since April 28, 1950; that the assessed valuation of land is \$6,200 and of the building \$3,600 making a total of \$9,800; that the buildings were erected in 1937 and 1938; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; the applicant has filed revised plans which are designed to improve the conditions and also to protect the owners on 77th avenue; the committee recommended that the application should be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use dis-

MINUTES

strict regulations of the zoning resolution and that the application be and it hereby is *granted* under Sections 7e and 7h for a term of fifteen years to permit the erection of the gasoline service station and accessory uses substantially as proposed and as indicated on plans filed with this application marked "Received November 16, 1955" (4 sheets), "February 14, 1956" (one sheet) and "May 2, 1956" (one sheet) *on condition* that such arrangement as shown on the revised plans marked "Received May 2, 1956" (one sheet) shall be carried out; that all existing buildings and uses on the premises shall be removed and that the plot shall be levelled substantially to the grade of 164th street and shall be designed and arranged as indicated on such plans marked "Received May 2, 1956"; that there shall be erected on a line ten feet from the rear line of the premises, extending the wall of the proposed accessory building, a wall of solid brick to a total height of not less than five feet six inches to the side lot line to the north and to the street building line of 77th avenue; that a similar wall shall be erected along the side lot line to the north except that such wall may be reduced to 4 ft. 6 in. in height within 10 ft. of the building line along 164th street; that a similar wall shall be erected along 77th avenue for a distance of approximately 50 ft. except that such wall may be constructed of masonry for a height of 2 ft. and steel picket fence above to a total height of 5 ft. 6 in.; that suitable terminating posts shall be erected at the termination of such walls; that there shall be no cellar under the accessory building; that the doors to the toilet rooms shall be arranged so as not to be contiguous; that the accessory building shall be of the design as proposed and faced with face brick; that the roof shall be surfaced with asphalt shingles; that pumps shall be of a low approved type and erected not nearer than 15 ft. to the street building line of 164th street; that the premises where not occupied by the accessory building, pumps and planting shall be paved with tarvia or concrete except that the rear portion of the premises between the wall herebefore required and the lot line shall be maintained with landscaping at all times; that curbs shall be erected on the rear lot line not less than 12 ins. in height running along the lot line to the west and along the street building line of 77th avenue; that curb cuts shall be restricted to three curb cuts to 164th street each not over 30 ft. in width and one curb cut to 77th avenue within the first 25 ft. from the corner of 77th avenue and 164th street permitted herewith under Section 7A of the zoning resolution; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that signs shall be restricted to a permanent sign attached to the front facade of the accessory building and to the illuminated globes of the pumps excluding all roof signs and temporary signs but permitting the erection within the building line near the intersection of 77th avenue of a post standard for supporting a sign which may be illuminated advertising only the brand of gasoline on sale and permitting such sign to extend beyond the building line for a distance of not more than four feet; that under Section 7h for a similar term there may be parking of cars awaiting service and under Section 7e there may be minor repairs with hand tools only maintained within the accessory building; and that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

958-54-BZ—Vol. II

APPLICANT—Frederick A. Ketcher, for Marichal-Agosto, Inc., owner.

SUBJECT—Application reopened January 17, 1956 as Vol. II—re (decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district a temporary variation to increase in width an approved one story brick building for the storage of tropical products in job lots and office.

PREMISES AFFECTED—80-84 East 111th street, south side, 114 ft. west of Park avenue, Block 1616, Lots 43, 143 and 42, Borough of Manhattan.

APPEARANCES—

For Applicant: Frederick A. Ketcher.

For Opposition: None.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert and Commissioner Keating 3
Negative: 0
Absent: Deputy Chief Connolly 1

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on January 17, 1956 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on May 22, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, B area, class 1½ height district; East 111th street is in a residence use, B area, class 1½ height district; Park avenue is in local retail and business use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated November 22, 1955 acting on N.B. Applic. 220-55, reads:

"1. Proposed bldg. for storage of tropical products and office, located in a Residence Use District, is contrary to Art. II Sec. 3, Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 49 ft. 4 in. frontage by 100 ft. 11 in. in depth, now vacant; that it is proposed to erect a one story brick, non-fireproof building, 17 ft. high, 49 ft. 4 in. front by 65 ft. 7 in. in depth, to be occupied for the storage of tropical products, and office; and

WHEREAS, the applicant states that this application is made for a temporary variation to permit the increase in width of an approved one story brick building for the storage of tropical products in job lots, and office; that the subject increase in width requested is the 16 ft. wide lot to the east; that a 16 ft., 4-story old law multiple dwelling, with a jobbers store in the basement, separates the Park avenue market district and the proposed building; that all the vacant lots in this area are unprotected, dirty and littered with glass, junk, etc.; that there are now 20 lots within the 500 ft. radius and the abuses in the use of these vacant lots are a continuous source of trouble for many municipal agencies, particularly the fire, sanitation, health and police departments; that a survey of all the buildings within the 500 ft. radius shows that of the 162 buildings, 132 have a business use on the 1st floor; that within the two blocks on 111th street, from 5th avenue to Park avenue, of 38 buildings 32 have business uses on the 1st floor; that within the 400 ft. radius distances on 111th street of 27 buildings, 19 have business use on the 1st floor; that the City of New York operates a public market on Park avenue under the railroad tracks which extends from 111th to 116th streets; that it is proposed to widen the approved 33 ft. 4 in. building, which was granted by the Board under Cal. No. 958-54-BZ on June 28, 1955, 16 ft. eastward; that the total width of the proposed building is 49 ft. 4 in.; and

WHEREAS, the applicant further states that a search of the records of this 16 ft. lot (No. 42) discloses that the owner lost it to the City of New York for a demolition lien December 3, 1942, the City foreclosed and then took title; that the following owner, Reconstruction Building Corporation bought it with the lien; that the next owner, Eagle Equities bought it with a purchase money mortgage and the lien, and upon discovering that it would be economically unfeasible to build for any use on this 16 ft. lot, offered it to the present owners, who bought it under contract in November 1955; that it is obvious that this lot can only be used economically if consolidated into one plot by the adjoining owner; that with this extra width, the cooler boxes can be set lengthwise which would make for more efficient operation; that the height and depth of the proposed addition will be the same as granted for the 33 ft. 4 in. building;

MINUTES

that the increase in area will be less than 1132 sq. ft.; that the rear yard will be paved with concrete and enclosed with a chain link wire fence on top of a 4 ft. concrete block wall; that the proposed addition to the approved building will be used for the same purpose—to store tropical products in a refrigerated cooler; that as small lots arrive they are placed in the cooler immediately; that nothing remains on the sidewalk; that this is a jobber's service designed to insure rapid delivery to local retailers to prevent excessive spoilage; that all activities will be confined to the inside of the proposed building and there will be no stacking of any products or anything on the sidewalk; and

WHEREAS, the applicant contends that in this section of Manhattan and with this size lot it is economically unfeasible to erect any type of structure for residence use; that no savings bank will even entertain an application for a mortgage and thus owners of vacant land in this area, desiring to build, are at an extreme disadvantage; that there is no indication of a change in the near future; that for the last three decades no owner in this area has made any major effort to improve the physical conditions, nor has any tenant; that this area has not been marked for a slum clearance project or set aside as a rehabilitation area; that the 50 ft. wide and 30 ft. high railroad structure has not been conducive toward constructive development of a high class housing and retail shopping district; that any new structure, however small, will be an improvement and provide some additional tax revenue for the city; and

WHEREAS, the applicant states that the present owner has held title to the property since September 3, 1954 for lots 43 and 143 and since February 1, 1955 for lot 42; that the assessed valuation of the land is \$14,100.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on June 28, 1955 by adding thereto:

"that in the event the owner desires to enlarge the proposed building, as herein before permitted, by the addition of a lot so as to provide a frontage of approximately 49 ft. and to erect thereon a building of that width over the yard as shown on plans filed with this application marked 'Received November 23, 1955' (2 sheets) for the use of his business as now proposed, such enlarged area may be permitted for the purposes as proposed on condition that the requirements of the resolution adopted June 28, 1955 shall be compiled with where not inconsistent with the terms of this amended resolution under Section 7e for a term of ten years; and that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

337-55-BZ

APPLICANT—Ingram S. Carner, for Fasolino Monuments Inc., owner.

SUBJECT—Application April 19, 1955—(decision of the borough superintendent) under sections 7e, 7A and 21 of the zoning resolution, to permit in a residence use district, the use of the premises for business and the erection of a business sign on the property.

PREMISES AFFECTED—48-30 54th avenue and 54-06 50th street, southwest corner, Block 2556, Lot 30, Maspeth, Borough of Queens.

APPEARANCES—

For Applicant: Ingram S. Carner, Domenic Fasolino, Helen Kiely, Mary Kiely and William Fasolino.

For Opposition: Lawrence M. Sorfer.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 24, 1956 after due notice by publication in the Bulletin;

laid over to May 22, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, B area, class 1½ height district; 50th street and 54th avenue are in residence and unrestricted use, B area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated April 13, 1955 acting on Alt. Applic. 559-54, reads:

"1. The use of the premises for business in a Residence Zone is contrary to Art. II Sec. 3 of Zoning Resolution.

2. The erection of a business sign in a residence district is contrary to Art. II Sec. 3 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 27 ft. frontage by 95 ft. in depth, irregular, on which is located a cellar and one story masonry semi-detached building; cellar is used for store, sales and display of monuments and sale of flowers; that it is proposed that the one family residence remain, with parking for one car, on the first floor as approved under prior application and that the basement continue to be maintained as heretofore approved, that is, as a store, display of monuments and sale of flowers and that the front extension be permitted to be built as shown on plans submitted with this application; and

WHEREAS, the applicant states that as of July 25, 1916 the premises were in a residence C, 1½ zone and on September 26, 1919 the use district was changed to unrestricted; that the unrestricted use district and C area district were changed to residence B area on May 27, 1954; and

WHEREAS, the applicant further states that the premises were originally erected as a one family residence in an unrestricted C area 1½ height district; that the cellar (basement by actual field measurement) was used for garage, boiler room and laundry; that the first floor use is dwelling; that certificate of occupancy No. Z-36758 accompanies this application; that the property is presently improved with a cellar and one story masonry semi-detached building and is occupied in the cellar by a florist and a sales office; that the actual use of cellar is store, sales and display of monuments and sale of flowers; that this use came into being by virtue of approved plans from the department of buildings on May 20, 1954 prior to the change of zoning and in fact the premises were purchased by the owner on July 31, 1953, almost a year prior to any contemplated zone change; that in fact the present use started prior to the zoning change, as a lease was entered into by the owner and Mary Kiely to sell and display flowers and floral pieces generally used in cemeteries, which lease is dated November 26, 1953; that the first floor is presently vacant and it will remain the same as when originally erected, namely, a residence for one family; that these existing conditions are as filed and approved under Alt. 559-54 on May 20, 1954; and

WHEREAS, the applicant contends that the premises were purchased by the owner for its own use; that this company has been in business in Queens for almost 50 years; that at the time of purchase these uses were permitted and were not changed until after Fasolino Monuments, Inc., had established this use; that premises practically adjoin new section of New Calvary cemetery which was opened at approximately the same time that purchase was made by Fasolino Monuments, Inc.; that the violation issued by the building department, after approval of plans, is apparently based on the fact that workmen's compensation was not filed with the permit application and that no work was commenced; that the owner has had its workmen's compensation always on file and due to the condition of the roads and the almost impassable conditions caused by the re-routing and building of the Queens Midtown highway, the general contractor did not want to start building the front extension; that however, work actually was in progress and had commenced as the tenant, Mrs. Kiely, was occupying the premises and the interior and exterior uses were changed; that it is apparent that unnecessary hardship would be imposed upon the

MINUTES

owner and the tenant if they could not maintain their premises; and

WHEREAS, the applicant states that the present owner has held title to the property since July 31, 1953; that the assessed valuation of land is \$2,200 and of the building \$3,700 making a total of \$5,900; that the building was erected in 1946; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and consideration given to the fact the premises were established for the proposed use before the change of zone; and

WHEREAS, the Board has found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e and 7A of the Zoning Resolution, for a term of years.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Sections 7e and 7A for a term of five years, to permit the continuance of the sale of monuments, plants and flowers as now being carried on, substantially as proposed and as indicated on plans filed with this application, marked "Received April 19, 1955", 5 sheets, *on condition* that the spaces now used and shown on such plans shall not be increased and in all other respects shall comply with all laws, rules and regulations applicable thereto; that all existing signs shall be removed and no sign shall be maintained except such as would be permitted in a local retail use district; that the portion of the building now painted white shall be repainted a dark color; and that all permits required shall be obtained, including a certificate of occupancy and all work completed within six months from the date of this resolution.

381-55-BZ

APPLICANT—Julius Komissaroff, for David Rosen, owner (Rudan Electric Supply Co., lessee).

SUBJECT—Application April 28, 1955—(decision of the borough superintendent) under sections 7c and 7A of the zoning resolution, to permit in a residence use district, the proposed extension of curb cut in a retail use district extending into the residence use district; proposed use of driveway in retail district, extending into residence district, proposed location of a curb cut within 75 ft. of residence use district.

PREMISES AFFECTED—80-02 Surrey place, south side, 7.83 ft. west of Union turnpike, Flushing, Borough of Queens.

APPEARANCES—

For Applicant: Julius Komissaroff.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 24, 1956 after due notice by publication in the Bulletin; laid over to May 22, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Surrey place are in retail and residence use, D and F area, class 1 height districts; Union turnpike is in a retail use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated April 1, 1955 acting on Alt. Applic. 743-55, reads:

"1. Proposed location of curb cut in a retail district extending into residence district is contrary to Art. II Sec. 3 of Zoning Res.

2. Proposed use of driveway partly in retail zone extending into residence zone for business use is contrary to Art. II Sec. 3 of Zoning Res.

3. Proposed location of a curb cut within 75' of residence zone where retail area abuts a residence zone is contrary to Sec. 7A of Zoning Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 212.63 ft. frontage by 123.22 ft. in depth, on which is located a one story building of class 3 construction, 212.63 ft. front, 94.72 ft. in depth, 15 ft. in height; that it is proposed to level the area to the rear to street grade, surface it with cinders, rolled and treated with a binder and to provide a rear exit for the lessee, containing a 3 ft. 6 in. by 7 ft. 2 in. fireproof, self-closing door; and

WHEREAS, the applicant states that the following zone changes for this area are as follows: use: from business to retail use—amended July 24, 1947, former use business to 1916; area: from E to F area—amended April 12, 1935 (former area E to 1916); height—no changes; and

WHEREAS, the applicant further states that the plot of land is irregular in shape resembling a triangle with a slightly convexed hypotenuse, having a frontage of 212.63 ft. and a depth of 170.19 ft. on two separate streets, Union turnpike and Surrey place, with a total area of 16,130 sq.ft.; that the rear unused portion of the plot measures approximately 25.6 ft. by 170 ft. or 4335 sq.ft., which is located just outside of the retail use boundary line but just within the residence use zone; that the premises of the lessee, containing 4280 sq.ft. in the westerly portion of the structure, and the largest of the retail stores in this group, is adjacent to this open unused area; that they stock and sell electrical supplies and lighting fixtures; that the building faces a very busy thoroughfare on Union turnpike; that the areas to the north, east and west are retail use districts, in which many stores abound; that to the south and west this unused area is bounded by five concrete block garages with a screen of landscaped shrubbery in between; that the very restricted use of parking space works great hardship upon the store owners who have no place for loading and unloading their stock; that automobiles or delivery trucks, loading or unloading merchandise on Union turnpike or Surrey place have to double park nearly all the time, creating a hazardous condition by slowing down traffic to the left of them and funnelling the traffic around the delivery trucks into an already crowded traffic lane; that this situation could be greatly alleviated by permitting the loading and unloading of merchandise to the rear of this frontage; and

WHEREAS, the applicant contends that the proposal for a controlled orderly loading and unloading space at the rear of these buildings will help relieve the traffic bottleneck on Union turnpike and also provide for the lessee a convenient means for loading and unloading of merchandise; and

WHEREAS, the applicant states that the present owner has held title to the property since March, 1939; that the assessed valuation of land is \$65,000 and of the building \$45,000 making a total of \$100,000; that the building was erected in March, 1939; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c and A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c and A, to permit the use of the driveway for loading or unloading and door to store substantially as proposed and as indicated on plans filed with this application, marked "Received April 28, 1955", 5 sheets and "April 20, 1956", 1 sheet, *on condition* that the driveway or yard space shall be occupied for no use other than that herein proposed; that there may be a curb cut leading thereto from Surrey place, not over 15 ft. in width; that there shall be erected on the southerly and westerly lot lines a woven wire fence to which shall be attached split saplings, to the full height of not less than 5 ft. 6 inches; that across the entrance there shall be a gate of similar construction as the fence, which gate shall normally be kept closed except when loading or unloading is

MINUTES

being done; that the driveway shall be covered with clean gravel or steam cinders, properly rolled and treated with a binder; that the sidewalk and curbing in front of the premises shall be repaired to the satisfaction of the borough president; that these premises shall not be used for the purposes herein proposed and permitted until the work herein required is completed; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

465-55-BZ

APPLICANT—Lama, Proskauer and Prober, for 325 North Macquesten Parkway Corp., owner.

SUBJECT—Application May 23, 1955—re (decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a business and residence use district, the proposed change in occupancy from gasoline station, public garage, parking lot for more than 5 cars and auto laundry, to boiler room, gasoline station, public garage, parking lot for more than 5 motor vehicles, auto laundry, auto repairs, painting and spraying, body and fender repairs, welding, wheel alignment, brake testing, recapping and vulcanizing of tires, sale and storage of car washing, supplies.

PREMISES AFFECTED—486-496 Coney Island avenue, West side, 80 ft. 2½ in. north of Turner place and 820-826 Church avenue, Block 5341, Lots 8 and 17, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama and B. Russell.

For Opposition: None.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 10, 1956 after due notice by publication in the Bulletin; laid over to May 1, 1956, for inspection and decision; hearing closed; then to May 22, 1956, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Turner place are in business and residence use, C area, class 1 height districts; Coney Island avenue and Church avenue are in business and unrestricted use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated May 19, 1955 acting on Alt. Applic. 347-55, reads:

"1. Proposed change of occupancy from gasoline station, public garage, parking lot for more than 5 cars and auto laundry to Boiler room, gasoline station, public garage, parking lot for more than 5 motor vehicles, auto laundry, auto repairs, painting and spraying, body and fender repairs, welding, wheel alignment, brake testing, recapping and vulcanizing of tires, sales and storage of new and used tires, office and storage of car washing supplies, in a building partly in a Business and partly in a Residence zone, is contrary to Article II, Para. 3 and Para. 4(a) subsection 4, 15, 29, 46 and 52 for the zoning resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 120 ft. 3½ in. frontage by 104 ft. in depth, irregular, presently occupied with a one and a two story in height building of masonry and frame construction, classified as a class 4 building, having a frontage of 113 ft. ½ in. on Coney Island avenue and a depth of 154 ft., occupied as follows: cellar—pump room; 1st floor—gas station, auto laundry, offices, sales and storage of new and used tires, boiler room, recapping and vulcanizing of tires; 2nd floor—storage of tires, office and storage of car wash supplies; that part of the open area is being used for parking and storage of motor vehicles; that under Alt. Applic. 1566-49 the building was legalized for use as gas station, public garage, auto

laundry and parking of more than 5 cars, 2nd floor to remain vacant; and

WHEREAS, the applicant states that it is proposed to secure a variance of the building zone resolution in order to maintain on the 1st floor the legal uses of gas station, auto laundry, public garage, parking of more than 5 cars in the open area; that it is also proposed to maintain on the 1st floor the uses of boiler room, sales and storage of new and used tires, offices, recapping and vulcanizing of tires, auto repairs, painting and spraying, body and fender repairs, wheel alignment and brake testing; that it is further proposed to maintain the present use of the 2nd floor for storage of tires, car wash supplies and office; and

WHEREAS, the applicant states that the use district maps show that the premises are in a class C area district and class 1 height district; that part of the premises within 100 ft. on Coney Island avenue and that part of the premises within 100 ft. on Church avenue is in a business use district, the balance of the premises being in a residence use district; and

WHEREAS, the applicant contends that most of the uses are now legal and the proposed additional uses are conjunctive uses and form a minor part of this application; that of the proposed additional uses only the auto repairs and body and fender work could be classified as not being in strict accord with the zoning resolution; that within the affected area the northwest corner of Coney Island avenue and Church avenue is in an unrestricted zone; that the following are non-conforming uses in the business zone; block 5070, lot 19—garage; block 5113, lot 24—gas station; block 5342, lot 23—gas station; 5341, lot 24—auto repair shop; that inasmuch as all of the proposed new uses will be performed within the building the community will not be affected; that there are to be no lot line windows or openings outside of required exit doors; that Coney Island avenue is a main auto lane leading across Brooklyn and as such the present and proposed uses are in keeping; that the many non-conforming uses in the affected area and the unrestricted zone in said area render the site unusable for any other purpose than as proposed; and

WHEREAS, the applicant states that the present owner has held title to the property since July 23, 1953; that the assessed valuation of land is \$65,000 and of the building \$20,000 making a total of \$85,000; that the building was erected in 1901; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; the indications are that certain of the work and uses are there legally and this application is for additional uses as well as reconstruction of the laundry. The committee noted that on the plans filed with this application there is shown a fence at the rear against the open space but which does not exist although one is proposed and indications are that the entrance to the washing building has been through the adjoining yard under other ownership, namely lot five, and therefore that the proposed extension of the washing building would not work out practically; that the second floor is in use and was required to be vacant; and as to the additional uses the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the decision of the borough superintendent, acting on Alt. Applic. 347-55, Objection No. 1 be and it hereby is *affirmed* and that the applicant be and it hereby is *denied*.

Affirmative: Chairman Murdock, Commissioner Klein-
ert and Commissioner Keating 3
Negative: 0
Absent: Deputy Chief Connolly..... 1

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 22, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a retail use, D area, class 1 height district; Otis avenue is in residence and retail use, DD area, class ½ height districts; Haskins street is in residence and retail use, D and DD area, class 1 height districts; East Tremont avenue is in restricted retail and business use, C and D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated May 10, 1955 acting on N.B. Applic. 774-55, reads:

"1. In a D district the proposed 1-story-and-cellar bldg. is of an area contrary to Section 14 of the Zoning Resolution."

and
WHEREAS, the applicant states that the premises consist of a plot, 26 ft. 5¾ in. frontage by 63 ft. 2 in. in depth, now vacant; that it is proposed to erect a one story and cellar, class 3 constructed building, to be occupied by three retail stores; and

WHEREAS, the applicant states that since April 20, 1953, East Tremont avenue and Bruckner boulevard are in a retail use district, D area, class 1 height district; that adjacent premises in other ownerships are in the same use, area, and height districts; that prior to said date, from the inception of the zoning resolution, both these locations were in a business use district, C area, class 1¼ height districts; that the premises, which is now unimproved, has a frontage of 26 ft. 5¾ in. along East Tremont avenue, 63 ft. 2 in. along Bruckner boulevard and its interior dimensions are 26 ft. 3¼ in. along the easterly lot line and 61 ft. 1 in. along the northerly lot line; that all dimensions are more or less subject to findings of a land survey by a licensed city surveyor, because of possible confusion between surveyors as to boundaries in this general area; that it is proposed to erect a one story and cellar building, occupying the entire lot area, of non-fireproof class 3 construction, to be used as retail stores; that all things considered, such an improvement is the highest and best use for this small site; and

WHEREAS, the applicant contends that compliance with the above decision imposes unnecessary hardship, without bene-

fitting public health, safety and general welfare, for the following reasons: that a yard starting at the curb level is not mandatory in this instance; that the unoccupied space required by the zoning resolution can not be maintained on any portion of the lot; that the site in question is smaller than the usual city lot; that it has a total area of only 1,638 sq.ft., in which case the excess coverage claimed by the borough superintendent is only 492 sq.ft.; that the northerly side of this site is entirely blanketed by the existing adjacent bank building; that the present owner acquired control under a leasehold in September, 1916 and in September 1921 acquired title thereto; that at that time the property was substantially improved with one story retail stores; that the site then had an area of 7,074 sq.ft.; that in the widening of Bruckner boulevard the city, on June 27, 1938, acquired through condemnation for public use, an area equal to 5445 sq.ft., leaving the present residual lot of 1638 sq.ft.; that the assessed valuation of the vacant land is \$11,000 or \$6.71 a sq.ft.; that proportionately, the land involved by the excess coverage has an assessed valuation of approximately \$3,300; that to require that such an area remain wholly or in part unoccupied or even used for parking or storage of motor vehicles would not be economically sound; that the high assessed valuation makes it mandatory to develop the site as proposed so that the owner may receive an equitable return on his investment; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the area district regulation of the zoning resolution and that the application be and it hereby is granted under Section 21 as to area to permit the extension of the proposed building to cover the area as proposed and as indicated on plans filed with this application marked "Received June 9, 1955" (2 sheets) on condition that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto within the retail use zoning; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

528-55-BZ

APPLICANT—Leonard F. Rothkrug, for Frank Gaiti, owner.

SUBJECT—Application June 29, 1955—re (decision of the borough superintendent) under sections 7i and 7e of the zoning resolution, to permit in a business and residence use district, proposed building to be used for motor vehicle repair shop.

PREMISES AFFECTED—518 Coney Island avenue, west side, 60 ft. 1¾ in. south of Turner place, Block 5342, Lot 17, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

ert, Commissioner Keating and Deputy Chief Con-
nolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 3, 1956 after due notice by publication in the Bulletin; laid over to May 1, 1956, for inspection and decision; hearing closed; then to May 22, 1956, for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Coney Island avenue are in a business use, C area, class 1¼ height district; Turner place and Hinckley place are in business and residence use, C area, class 1¼ height districts; and

MINUTES

WHEREAS, the decision of the borough superintendent, dated February 14, 1956 acting on N.B. Applic. 1025-55, reads:

"1. Proposed motor vehicle repair shop to be located in the Business use portion of a lot partly in Business and partly in Residence use district is contrary to Article 11, PP. 4a, subsection 29 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 20 ft. $\frac{5}{8}$ in. frontage by 100 ft. $11\frac{5}{8}$ in. in depth, irregular, on which is located a one story building 14 ft. 2 in. front by 22 ft. in depth, 16 ft. 2 in. in height, of class 3 construction, erected by a prior owner about 10 years ago and used at that time as a one-car garage and office; that it is proposed to legalize the use as a motor vehicle repair shop and alter the existing building by erecting a one story building 20 ft. $\frac{5}{8}$ in. front by 74 ft. $6\frac{1}{4}$ in. and 76 ft. in depth, 16 ft. 2 in. in height, to be of class 3 construction; and

WHEREAS, the applicant states that violation 2805-54 issued September 17, 1954 reads as follows: "building is being altered without first filing plans and applications, having same approved and obtaining a permit from this department. Rear wall of structure has been removed. Building is vacant at present. No work in progress"; and

WHEREAS, the applicant contends that the business is operated by the owner with one employee on a full time basis and one other employee on a part time basis; that there are many non-conforming uses of this type within this area on Coney Island avenue; block 5114, lot 1—gas station; block 5113, lot 24—gas station; block 5341, lot 8817—auto laundry; block 5341, lot 24—motor vehicle repair shop; block 5342, lot 23—gas station, and in addition there are many used car lots in this area; that the proposed use is accessory to the other automobile service uses already established in this area; and

WHEREAS, the applicant states that the present owner has held title to the property since June 21, 1954; that the assessed valuation of land is \$3,000 and of the building \$2,500 making a total of \$5,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board which noted that the premises formerly a five-car garage is not occupied for auto repairs, presumably without permit, and recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions i and e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7i and 7e for a term of ten years, to permit the premises to be developed with a one-story building as a repair shop, as proposed and indicated on plans filed with this application, marked "Received June 29, 1955", 4 sheets, and "April 2, 1956", 1 sheet, *on condition* that there shall be no cellar under the building and that it shall be of the arrangement and design indicated on such plans; that there shall be no windows in the walls to the north and west; that the proposed yard in the rear shall be properly fenced and surfaced and kept in neat condition at all times; that the type of repairing shall not include heavy chassis work or wreck repairs; that there shall be no forge on the premises; that there may be an acetylene torch, subject to a permit issued by the fire commissioner; that all work shall be done in the building and not in the rear yard or on the sidewalk; that such portable fire-fighting appliances shall be installed as the fire commissioner shall direct; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; and that all permits required shall be obtained and all work completed within the requirements obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

558-55-BZ

APPLICANT—Leonard F. Rothkrug, for Carmine Sirico (doing business as Sirico's Restaurant), owner.

SUBJECT—Application July 6, 1955—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a business, D area district, the erection of a restaurant and catering hall, using more than the area permitted.

PREMISES AFFECTED—8021-8023 13th avenue and 1301-1311 81st street, northeast corner, Block 6280, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: Carl H. Heiberg.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 24, 1956 after due notice by publication in the Bulletin; laid over to May 22, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 13th avenue are in a business use, D area, class 1 height district; 81st street is in business and residence use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated June 13, 1955 acting on N.B. Applic. 1441-55, reads:

"1. On a lot located in a 'D' area district the proposed building occupying more than 70% of the area of the corner lot is contrary to Art. IV Sec. 14 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 40 ft. frontage by 100 ft. in depth, presently unimproved but used for outdoor dining in conjunction with the adjoining restaurant owned by the same owner, doing business as Sirico's Restaurant; that it is proposed to continue the use of this adjoining building and independently of the proposed new building; that it is also proposed to erect a one story, 13 ft. 9 in. in height building, of class 3 construction, 40 ft. front on 13th avenue by 96 ft. front on 81st street, irregular in area, to be used as a restaurant and catering hall; that the area of the lot is 4,000 sq. ft.; area of proposed building 3,776 sq. ft.; permitted area, 2,800 sq. ft.; excess area is 976 sq. ft.; and

WHEREAS, the applicant contends that the owner has owned the premises since June 18, 1941 and owns the adjoining building fronting on 13th avenue on lots 3 and 4; that other members of his family own the buildings fronting on 81st street at lots 62 and 52 so that the owner, who has a substantial long term financial interest in the neighborhood, is concerned about new property improvements and its effect on the neighborhood; that in addition, the owner has been a long time restaurant operator in this neighborhood and understands and has special knowledge required by the proposed restaurant and catering hall; that the only alternative to using the small amount of excess area is to build a second story which would considerably increase the cost of construction and would be more detrimental, if there is in fact any detriment, to light, air or block ventilation; that the existing structure adjoining on 13th avenue occupies an area in excess of that which would be now permissible and the structure adjoining on 81st street fronts on 81st street; that it is proposed to maintain a minimum 4 ft. side yard on the 81st street frontage; that there is to be no business entrance from 81st street; that there is no other vacant area adjoining the premises which can be utilized for the proposed restaurant; and

WHEREAS, the applicant states that the present owner has held title to the property since June 18, 1941; that the assessed valuation of land is \$5,400; and

MINUTES

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which noted that the premises are now being used in the open, presumably in accordance with legal requirements, and recommended that the application be granted under certain conditions; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 21 as to extension of area, to permit the construction of the building as proposed for the use proposed as indicated on plans filed with this application, marked "Received July 6, 1955", 5 sheets, *on condition* that the building in all other respects shall comply with all laws, rules and regulations applicable thereto; that the open space at the rear shall be paved with concrete or asphalt; that there shall be erected on the rear line of this lot and continued along the rear line of lots 3 and 4, used in conjunction therewith, a suitable fence which shall be of closed construction, not less than 5 ft. 6 in. in height; that there shall be no business entrance to 81st street; that such portable fire fighting appliances shall be installed as the fire commissioner shall direct; that the sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

573-55-BZ

APPLICANT—Paul Friedman, for Joseph G. Gentle, owner.

SUBJECT—Application July 13, 1955—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a local retail use district, the erection and maintenance of a gasoline service station, lubritorium, minor repairs (hand tools only), auto wrecking (non automatic), office, sales and storage of auto accessories, parking of cars waiting to be serviced, for a term of 15 years.

PREMISES AFFECTED—17-32 to 17-46 (17-42 official) Clintonville street, 154-02 to 154-04 17th road, southwest corner and 17-27 to 17-37 154th street, Block 4730, Lot 4, Whitestone, Borough of Queens.

APPEARANCES—

For Applicant: Arthur Levine.

For Opposition: None.

For Administration: John J. Saunders, Board of Education.

ACTION OF BOARD—Application granted on condition.
THE VOTE TO GRANT, ON MARCH 13, 1956—

Affirmative: Chairman Murdock, Commissioner Kleiner and Deputy Chief Connolly..... 3

Negative: Commissioner Keating 1

ACTION OF BOARD ON MARCH 16, 1956—Laid over from March 16, 1956 to April 17, 1956, at 10 A.M. for further consideration after selection by Board of Estimate of school site; publication of Board's action of March 13, 1956 withheld; hearing previously closed.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on November 9, 1955 after due notice by publication in the Bulletin; laid over for inspection and decision; hearing closed; date to be set, awaiting information as to action of Board of Education and the Board of Estimate as to proposed adjacent school; then set for January 17, 1956; then laid over to February 15, 1956, for information from the

Board of Education; then to March 13, 1956; then to March 16, 1956; then to April 17, 1956, for further consideration after selection by Board of Estimate of school site; publication of Board's action of March 13, 1956 withheld; then to May 15, 1956, to await the selection by the Board of Estimate of a school site; then laid over from May 15, 1956 to May 22, 1956, for further plan and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a local retail use, D area, class ½ height district; Clintonville street is in local retail and business use, D area, class ½ height districts; 154th street and 18th avenue are in local retail and residence use, D area, class ½ height districts; and

WHEREAS, the decision of the borough superintendent, dated June 24, 1955 acting on N.B. Applic. 2525-55, reads:

"1. The use of the premises as a gasoline service station, lubritorium, minor repairs (hand tools only), auto washing (non-automatic), office, sales and storage of auto accessories, parking of cars waiting to be serviced in a local retail use district is contrary to Article II, Sec. 4-c of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 145.888 ft. 38.96 ft. and 125.02 ft. frontage by 113.365 ft. in depth, irregular, presently vacant; that it is proposed to erect a one story gasoline service station, of class 3 construction, 45 ft. and 62 ft. 8 in. front, 29 ft. in depth, 13 ft. in height, in a local retail use district; that as of July 25, 1916 the subject premises was zoned as a business district and a one times height district and the present use and height designation became effective on July 7, 1953; that the area designation has not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant states that the subject premises consists of a vacant, irregular, trapezoidal corner parcel, having a frontage of 145.485 ft. on Clintonville street, 38.96 ft. on 17th road and 125.02 ft. on 154th street; that the interior lot line dimension is 113.365 ft.; that Clintonville street is indicated at a width of 80 ft. on the final map; that the old road, about 50 ft. wide, is dedicated to public use according to an opinion of the corporation counsel dated April 25, 1946; that there is a proposed widening of about 20 ft. on the westerly side and about 10 ft. on the easterly side of the dedicated area, which is in private ownership, and there is no proceeding pending to acquire title to the proposed widening; that it is proposed to erect and maintain, for a term of 15 years, a gas station, lubritorium, minor repairs with hand tools only, non-automatic auto washing, office, sales and storage of auto accessories and parking of cars awaiting service; that no portion of the building will be located in the bed of the mapped street; and

WHEREAS, the applicant contends that the premises cannot be used or developed for a conforming use so as to yield a reasonable return on the investment for the following reasons: that the premises cannot be developed for residential use as it is directly opposite a large dry cleaning factory, nor can it be developed for local shops as there is insufficient support for such uses; that there is no residential support north and east of the premises since this area is devoted to the above mentioned dry cleaning factory and to an established and extensive garden nursery; that south and west of the premises the area of notification has a beer depot, 20 residences, two of which have neighborhood stores on the 1st floor, and vacant plots; that local needs are accommodated by the two existing stores but the shopping trend in the neighborhood is toward supermarkets and shopping centers in the general vicinity, but outside of the area of notification; that the plot is too small for the establishment of a supermarket or shopping center; that the plot is irregular and trapezoidal in shape and the contemplated street widening will further decrease the size of the plot and render it less adaptable for development for any purpose other than as herein proposed; that there is an economic demand for the use of the subject premises for a gas station, as it is located at the intersection of three streets in an area where no similar facilities exist for the conven-

MINUTES

ience of the public in the immediate neighborhood; that a grant of this application would not adversely affect the neighborhood as the proposed use, designed as proposed, would materially enhance the appearance of the property and the immediate neighborhood and would result in the elimination of the potential threat to public safety which exists when a plot, such as this, is undeveloped and dangerously dark at night; that adjoining property owners will be adequately protected by the following conditions and safeguards; that the proposed building will be an attractive parkway type structure, of brick construction, with an asphalt shingled peaked roof; that the building will be set back to the southerly lot line with an unpierced rear wall; that adjoining properties, which have garages on the lot line common with the subject premises, will be buffered and protected by the erection of a 5 ft. 6 in. high brick and picket fence wall on the southerly lot line, extending from the unpierced rear wall of the proposed building to the street lines and by the maintenance of a landscaped shrubbery area, protected by a 6 in. by 6 in. concrete curb; that it is proposed to erect a 3 ft. 6 in. brick and picket fence wall on the 17th road frontage and to maintain a 5 ft. wide landscaped shrubbery area adjacent thereto; that there will be two parkway type pump islands constructed, each set back 15 ft. from the Clintonville street and 154th street frontages; that in the event of a street widening of Clintonville street, the proposed pumps can be readily relocated to adjust to the new conditions; that the balance of the plot will be concrete or tarvia paved and signs will be limited as shown on plans; that the location of the building at the southerly end of the plot will leave the plot unbuilt upon at and near the intersection of Clintonville street, 17th road and 154th street, thereby contributing to public safety by providing clear traffic visibility at the corner; that the limitation of the term of the gas station would serve as a protection to the neighborhood so that, in the event the character of the neighborhood should change, the proposed gas station use may be terminated; that a grant of this application would result in a substantial investment to improve the property, thereby increasing the assessed valuation and the real estate tax revenues for the City of New York; and

WHEREAS, the applicant states that the present owner has held title to the property since July 16, 1954 and that the assessed valuation of land is \$4,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e of the zoning resolution for a term of fifteen years to permit the premises as proposed to be occupied as a gasoline service station as shown on plans filed with this application marked, "Received July 13, 1955" (3 sheets) and "October 25, 1955" (one sheet) *on condition* that all buildings and uses on the premises shall be removed and the premises shall be levelled substantially to the grade of the abutting streets; that the premises shall be constructed and arranged substantially as indicated on such plans above cited; that the space mapped for the proposed widening of Clintonville street shall not be used as a part of the station except as a means of access thereto from the curb cuts to Clintonville street; that the accessory building shall be of the design and arrangement as indicated; that there shall be no cellar under the accessory building; that the pumps shall be of a low approved type, erected not nearer than fifteen feet to the existing building line of 154th street; that such pumps facing Clintonville street may be located so as to be not over fifteen feet from the present building line of Clintonville street but shall be removed so as to be not nearer than fifteen feet to the mapped line of Clintonville street when such widening takes place; that gasoline storage tanks shall be limited to ten (10) 550 gallon approved tanks; that on the southerly lot line there shall be erected a masonry wall, agreeing with

the brick work used on the accessory building, not less than 5 ft. 6 in. in height, except that such wall may be reduced to a height of not less than 4 ft. 6 in. within 5 ft. of the building line; that planting areas shall be maintained as shown to the north and south; that at the south building line there shall be constructed a similar wall to a total height of not less than 3 ft. 6 in.; that such planting areas shall be planted with suitable planting and protected with concrete curbing not less than six inches in width and six inches in height above grade; that the balance of the premises shall be paved with concrete or asphaltic pavement where not occupied by accessory building or pumps; that the proposed strip as mapped for the widening of Clintonville street shall be similarly paved and shall be used for no other use than for crossing for access to the gasoline service station; that the curbing and sidewalks abutting the premises shall be constructed and maintained to the satisfaction of the Borough President; that curb cuts shall be restricted to two curb cuts each 30 ft. in width to 154th street, and two of similar width to Clintonville street; that no portion of any curb cut shall be nearer than five feet to a lot line as prolonged; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that under Section 7e, for a similar term, there may be minor repairs with hand tools only for adjustments maintained solely within the accessory building; that also under Section 7e there may be parking of cars for a similar term provided that such parking does not interfere with the servicing of the station; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs, but permitting the erection within the building line at 154th street of a post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale, and permitting such sign to extend beyond the building line for a distance of not more than four feet; and that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

1044-55-A

APPLICANT—Paul Friedman, for Joseph G. Gentle, owner.

SUBJECT—Application December 27, 1955—filed pursuant to section 35, General City Law re part of premises located in bed of mapped street—Clintonville street.

PREMISES AFFECTED—17-32 to 17-46 (17-42 official) Clintonville street, 154-02 to 154-04 17th road, southwest corner, and 17-27 to 17-37 154th street, Block 4730, Lot 4, Whitestone, Borough of Queens.

Affirmative: Chairman Murdock, Commissioner Kleinert and Deputy Chief Connolly 3

Not Voting: Commissioner Keating 1

ACTION ON BOARD ON MARCH 16, 1956—Laid over on March 16, 1956 to April 17, 1956, at 10 A.M. for further consideration after selection by Board of Estimate of school site, publication of Board's action of March 13, 1956 withheld; hearing previously closed.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent, dated December 15, 1955, acting on N.B. App. 2525/55 reads:

"2. The erection of planting areas, fence and gasoline pumps in the bed of a mapped street is contrary to Article 35 of General City Law."

and

MINUTES

WHEREAS, the applicant states the premises consist of a lot 145 ft. by 38 ft. by 125 ft. by 113 ft., located in a local retail use, D area, Class $\frac{1}{2}$ height district on which it is proposed to erect a one-story building, 13 ft. in height, Class 3 construction, 45 ft. and 62 ft. 8 in. front by 29 ft. in depth, and use and occupy the premises as a gasoline service station, lubricatorium, minor repairs with hand tools, auto washing, office, sale of accessories and parking of cars awaiting service, as more fully described in application for zoning variance under Cal. 573-55-BZ; and

WHEREAS, the applicant states that Clintonville street is indicated at a width of 80 feet on the final map; that the old road about 50 feet wide is dedicated to public use; that there is a proposed widening of about 20 feet on the westerly side and about 10 feet on easterly side of the dedicated area which is in private ownership; that there is no proceeding pending to acquire title to the proposed widening; and

WHEREAS, the applicant states the proposed building will be confined to the portion of the property which does not lie within the bed of the mapped street widening except for one pump island, portions of two brick fence walls and planting areas; and

WHEREAS, the applicant further states that in the event the City does acquire the property in condemnation for street purposes, it will be a simple matter to relocate the pump island and reduce the extent of the fence walls and planting areas so that no portions thereof will be in the bed of the mapped street; and

WHEREAS, the applicant states that no damages will be claimed against the city by reason of the condemnation of portion of the plot in the bed of the mapped street arising out of the establishment of the proposed use or by reason of compliance with any conditions which the Board may impose in connection with the regulation of the proposed use; and

WHEREAS, the applicant request that in view of the foregoing it is requested that this appeal be granted subject to such conditions as the Board may deem necessary; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the decision of the borough superintendent, acting on N.B. App. 2525/55, Objection No. 2, be and it hereby is *modified* under the powers vested in the Board by Section 35 of the General City Law, and that the appeal be and it hereby is *granted*, on condition that the requirements of the resolution adopted this day under Cal. No. 573-55-BZ shall be complied with.

576-55-BZ

APPLICANT—Lama, Proskauer and Prober, for Automobile Club of New York, Inc., owner.

SUBJECT—Application July 14, 1955—(decision of the borough superintendent) under sections 7c and 21 of the zoning resolution, to permit in a residence and retail use, E-1 and D area, district, the proposed parking of employees' and members' cars and business entrances within the residence portion of the plot; the proposed structure using more than the area permitted.

PREMISES AFFECTED—186-06 Hillside avenue and 88-01 to 88-09 186th street, southeast corner, Block 9934, Lot 20, Hollis, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 24, 1956 after due notice by publication in the Bulletin; laid over to May 22, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 186th street are in residence and retail use, E-1 and D area, class $\frac{1}{2}$ height districts; Hillside avenue is in a retail use, D area, class $\frac{1}{2}$ height district; and

WHEREAS, the decision of the borough superintendent, dated July 12, 1955 acting on N.B. Applic. 2445-55, reads.

"1. Area of proposed structure exceeds that permitted by Sec. 14 of the Zoning Resolution. (Commercial occupancy is limited to percentage of retail use portion of plot only).

2. Proposed parking of Employees and Members cars and business entrance (curb cut) within the Residence portion of plot is contrary to Art. 11 Sec. 3 of Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 101.39 ft. frontage by 113.64 ft. in depth, now vacant; that it is proposed to erect a 2 story building of class 2 construction having a frontage of 86 ft. on Hillside avenue and a depth of 74 ft. on the 1st floor and a frontage of 86 ft. on Hillside avenue and a depth of 77 ft. on the 2nd floor; that it is also proposed to use the 1st floor of the building by the owner as a travel counseling bureau with the necessary waiting room, lounge, toilets and storage space; that it is further proposed to use the 2nd floor for offices; that it is also proposed to use the rear open area as a driveway and for the parking of employees' and members' cars; and

WHEREAS, the applicant states that part of the premises within 100 ft. of Hillside avenue is in a retail use district and a class D area district and the balance of the site is in a class E-1 area district and a residence use district; that as of July 25, 1916 the entire site was in a class C area district and a class 1 height district and received its present area and height designations on June 30, 1952; that as of July 25, 1916 that part of the premises within 100 ft. of Hillside avenue was in a business use district and received its present use designation on January 21, 1947; and

WHEREAS, the applicant contends that as aforementioned the rear of the site projects slightly into the residence zone; that the building will be constructed entirely in the retail district and the uses proposed are legal uses in said district; that the open area at the rear of the site will be used as a driveway and for the parking of employees' cars partly in a retail and partly in a residence use district; that the parking of cars in the retail part of the lot is a legal use and it is proposed under this application to extend said parking a small distance into the residence district for an area amounting to only 586 sq. ft.; that part of the site within the retail use district and class D area district has an area of 9941.55 sq. ft.; that the proposed building has an area of 6485.5 sq. ft. on the 2nd floor and 6364 sq. ft. on the 1st floor and as the allowable coverage in the retail part of the site is 6217.85 sq. ft., the building on the 2nd floor exceeds the allowable by 267.65 sq. ft. and only 146.15 sq. ft. on the 1st floor; that if the entire site could be used for computing the allowable coverage, both the 9941.55 sq. ft. in the retail district and the 586 sq. ft. in the residence district, there would be an allowable coverage of 6481.55 sq. ft. and the allowable coverage would then only be exceeded by only 4 sq. ft. by the building, and then only on the 2nd floor; that as the use and area district lines cut through the rear of the site with the major portion in the retail and D zones, it has produced a hardship on the owner in view of the fact that the excessive area is mainly at the 2nd floor due to the building having been designed with an overhang which was designed purely as an architectural feature and will improve the appearance of the entire community to such an extent that the slight excessive coverage of the building will more than compensate; and

WHEREAS, the applicant states that the present owner has held title to the property since October 9, 1953 and that the assessed valuation of land is \$18,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, which noted that the

MINUTES

proposed building is substantially in compliance with the requirements and that no portion of it is to be erected within the residence use district, and recommends that the application be granted under certain conditions; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c, to permit the extension of use of the building as proposed and on the unbuilt upon portion of the plot parking of employees' and members' cars, as shown and indicated on plans marked "Received July 14, 1955", 7 sheets, and "April 9, 1956", 1 sheet, *on condition* that the plot shall be for the use proposed and no other; that there may be a curb cut on 186th street, not exceeding 15 feet in width; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

618-55-BZ

APPLICANT—Lama, Proskauer and Prober, for Hyman Herringman, owner.

SUBJECT—Application July 22, 1955—re (decision of the borough superintendent) under sections 7f, 7i and 7A of the zoning resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, lubritorium, minor auto repairs, car washing, storage room, office and sales, parking and storage of motor vehicles, with proposed show windows and signs within 75 ft. of the residence use district.

PREMISES AFFECTED—3902-3924 Avenue U, south side, from Ryder street to Kimball street, 2201-2211 Ryder street and 2202-2212 Kimball street, Block 8556, Lot 37, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: P. R. Manetta.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 17, 1956 after due notice by publication in the Bulletin; laid over to May 15, 1956, for inspection and decision; hearing closed; then to May 22, 1956, at the request of applicant; and for inspection and decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a retail use, D area, class 1 height district; Avenue U, Ryder street and Kimball street are in retail and residence use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated July 20, 1955 acting on N.B. Applic. 1290-55, reads:

"1. The proposed gasoline service station, lubritorium, auto repairs, car washing, storage room, office and sales, parking and storage of motor vehicles in a Retail Use District is contrary to Art. II Section 4-A of the Zoning Resolution.

2. The proposed show windows and signs facing on a street within 75'-0" of a residential use district is contrary to Art. II Section 7-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 200 ft. frontage by 100 ft. in depth, now vacant; that it is proposed to secure a variance for a period of 15 years in order to erect a modern gasoline service station consisting of twelve 550 gallon gasoline tanks and 6 dispensing pumps; that the contemplated accessory building will be one story in height, of class 3 construction, having a frontage of 45 ft., a depth of 28 ft. 4 in. and contain the

conjunctive uses of lubritorium, car washing, minor auto repairs, storage room, office and sales; that a portion of the open area will be reserved for the parking and storage of motor vehicles; and

WHEREAS, the applicant states that as of July 25, 1916 the premises were in an unrestricted use; that on July 29, 1940 the premises were changed to a business use district and received its present use designation on July 27, 1954; and

WHEREAS, the applicant contends that Avenue U is a main auto lane leading east and west across Brooklyn and as such is entirely in keeping at this point; that although the site is in a retail district the erection of stores would not be feasible as the possible home development upon which stores would depend ends at the southerly end of block 8556, within which the site is situated, and blocks 8555 and 8557; that Marine park at the end of said block precludes any further home erection; that the entire shopping for this area is done in the vicinity of Avenue U west of Gerritsen avenue and at Avenue U and Coleman street, and there are more than sufficient stores in said areas for public requirements; that within the affected area there are many non-conforming uses as follows: block 8537, lot 1—gas station; block 8555, lots 37 and 43—gas station; block 8557, lot 39—gas station; block 8558, lot 36—gas station; block 8540, lot 5—garage; that with the site occurring in between non-conforming uses directly to the west and east, it would not be feasible to develop the site otherwise than as proposed; that it would be a hardship to deprive the owner of the site the same privileges now enjoyed by present gas stations in the affected area; that the signs on the accessory building and the show window occur a distance of 69 ft. back of the building line of Ryder street and 24 ft. from the building line of Kimball street, so that the residential aspect of these streets cannot possibly be affected; and

WHEREAS, the applicant states that the present owner has held title to the property since April 21, 1949 and that the assessed valuation of land is \$16,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision f and A of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7f and A for a term of 15 years to permit the premises to be occupied as a gasoline service station and accessory uses substantially as proposed and as indicated on plans filed with this application marked "Received July 22, 1955" (one sheet), "October 13, 1955" (2 sheets) and "April 11, 1956" (one sheet) *on condition* that all building and uses that may exist on the premises shall be removed and the premises shall be levelled substantially to the grade of Avenue U; that the premises shall be constructed and arranged substantially as indicated on revised plans marked "Received October 13, 1955" (2 sheets) and "April 11, 1956" (One sheet) except that the accessory building shall be redesigned and plans submitted to the Board for further consideration; that there shall be no cellar under the building; that toilet rooms shall be arranged so as not to be contiguous; that the space behind the accessory building shall be landscaped as proposed; that heating may be by means of an approved suspended heater; that the building shall be faced with face brick; that pumps shall be of a low approved type erected not nearer than 15 ft. to the street building line of Avenue U; that the number of gasoline storage tanks shall not exceed twelve 550 gallon approved tanks; that the balance of the premises where not occupied by the accessory building and pumps shall be paved with concrete or asphaltic pavement; that along the lot line to the rear there shall be constructed a masonry wall not less than 5 ft. 6 in. in height; that a similar wall shall be erected along the westerly lot line to Avenue U, and similarly along the easterly lot line, such walls may be reduced to a height of not less than 4 ft. 6 in. within 10 ft. of the street building line; that curb cuts shall

MINUTES

be restricted to curb cuts as shown to Avenue U consisting of three curb cuts not over 30 ft. in width each, with no portion of any curb cut nearer than 5 ft. to a side lot line as extended; there shall be no curb cuts on Kimball street; that signs shall be restricted to permanent signs attached to the facade of the accessory building and to the illuminated globes of the pumps, excluding all roof signs and temporary signs but permitting the erection within the building line toward the west of a post standard for supporting a sign which may be illuminated advertising only the brand of gasoline on sale and permitting such sign to extend at right angle to Avenue U beyond the building line for a distance of not more than 4 ft.; that at the intersection of Ryder street and Avenue U and Kimball avenue and Avenue U, at each location, there shall be erected a block of concrete extending not less than 5 ft. from the intersection along either street and not less than 12 in. in height; that such fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that under Section 7i for a similar term there may be minor repairing with hand tools only for adjustment maintained solely within the accessory building; that there may be one curb cut within the first 25 ft. from the intersection of Avenue U and Ryder street; that such curb cuts as hereinbefore permitted are permitted under Section 7A of the Zoning Resolution; that under section 7h there may be parking and storage of motor vehicles; that all permits shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

734-55-BZ

APPLICANT—Lama, Proskauer and Prober, for Redmont Sales Corp., owner.

SUBJECT—Application September 19, 1955—re (decision of the borough superintendent) under section 7e of the zoning resolution, to permit in retail use district proposed use of premises for high speed auto laundry, office, waiting area and simonizing, with ground signs closer to residence use district than is permitted.

PREMISES AFFECTED—14-59 150th place, east side, 44.66 ft. north of Cross Island parkway and 14-54 Clintonville street, Block 4697, Lot 8, Whitestone, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama and Edward F. Hosingier.

For Opposition: Walker V. Bouquet.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 3, 1956 after due notice by publication in the Bulletin; laid over for further consideration after hearing to be held on April 10, 1956, on similar application under Cal. 752-55-BZ, affecting property in the vicinity; hearing to be continued; then to May 1, 1956, for inspection and decision; hearing closed; then to May 15, 1956, for information as to acquisition of Lot 25 in Block 4717 and whether revision of plans is contemplated, and for decision; then laid over to May 22, 1956, for decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and 150th place are in a retail use, D area, class 1½ height district; Clintonville street is in retail and business use, D area, class 1½ height districts; and

WHEREAS, the decision of the borough superintendent, dated September 9, 1955, acting on N.B. Applic. 3388-55, reads:

"1. Proposed use of premises located in a retail district as a high speed auto laundry, office, waiting area

and drying area for motor vehicles, and simonizing, is contrary to Sec. 4A and Sec. 4-52 of zoning resolution.

2. Ground signs are contrary to Sec. 4A and Sec. 4-49 of zoning resolution. Note signs not further considered. Note separate application required."

and

WHEREAS, the applicant states that the premises consist of a plot, 28 ft. frontage by 297.70 ft. in depth, now vacant; that it is proposed to secure a variance for a term of 15 years in order to develop the site with a modern high speed auto laundry, one story in height, of class 3 construction, having a frontage of 28 ft. and a depth of 100 ft.; that this building will be used as an office and for the high speed washing and simonizing of motor vehicles, the open area to the east will be used for cars waiting to be washed and the vacant area to the west will be used for the drying of cars; that a 5 ft. 6 in. high woven wire fence will be erected on all lot lines where the building does not occur; and

WHEREAS, the applicant states that the use district maps show that the premises are in a retail use district, class D area district and class ½ height district; that as of July 25, 1916 the premises were in an unrestricted use district, class D area district and class 1 height district; that as of March 3, 1940 the site was placed in a residence use district and on December 4, 1952 the present use designation became effective; that on March 3, 1940 the site was placed in a class E area district and on December 4, 1952 the present area and height designations became effective; and

WHEREAS, the applicant contends that inasmuch as proper and sufficient area has been reserved for cars waiting to be washed and dried, the area cannot be affected; that the entire area north of Cross Island parkway is either in a business or retail district, so that the proposal cannot affect these properties and the dwellings in the area will not be adversely affected inasmuch as the dwellings are in a retail and business district; that Clintonville street is a heavily trafficked auto lane and as such the proposal is entirely in keeping at this point; that the premises directly across the street on Clintonville street in block 4717, lot 16 is owned by the same owner as the site, so that said property will not be affected; that in addition lot 16 is developed with a shopping center which also has created the need for the proposed auto laundry, which is as much a necessity in this modern age as any local shop or store; that the premises to the north, comprising the major portion of block 4697 containing the site in question, is owned by the same owner as the site, so that said property cannot be adversely affected; that the property directly across the street on 150th street in Block 4680, lot 3 is developed with a gas station, which is a non-conforming use in the retail district, and in the same block as the site, block 4697, lot 15 is also developed with a gas station; that these uses within the affected area definitely make the proposal in keeping as the area does not have a strictly retail use aspect; that the proposed ground signs are required for proper advertising of the proposal and inasmuch as each sign is only 100 sq. ft. in area, the area will not be affected; and

WHEREAS, the applicant states that the present owner has held title to the property since February 18, 1955 and that the assessed valuation of land is \$22,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and consideration has been given to the proposed building for car washing and the committee recommended that the application should be granted under certain conditions;

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7e for a term of fifteen years to permit the proposed building as an automatic auto laundry substantially as proposed and as indicated on plans filed with this application marked "Re-

MINUTES

ceived September 19, 1955, (2 sheets) and "April 2, 1956" (one sheet) *on condition* that the building shall be located at the distance from 150th place and Clintonville street as shown; that the building shall be faced with face brick and that there shall be no windows in the building facing south; that windows facing north may be permitted and such windows shall be of steel frame sash; that the entrance and exit space for reservoir shall be paved with concrete or asphaltic pavement; that curb cuts may be located opposite entrance and exit where shown, not over 24 ft. and 28 ft. in width; that retaining walls as may be necessary toward the south shall be constructed by this owner for protection to the adjoining premises; that signs shall be restricted to such signs as are permitted within the district in which the premises are located; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; that sidewalks and curbing in front of the premises shall be reconstructed or repaired to the satisfaction of the Borough President; and that all permits shall be obtained, including of certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

811-55-BZ

APPLICANT—Ingram S. Carner, for Milton Waldman, owner.

SUBJECT—Application October 18, 1955—re (decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a residence use, F area district, the erection and maintenance of a 2 car garage located within 15 ft. of the street line.

PREMISES AFFECTED—157-68 20th avenue, southwest corner of 160th street, Block 4750, Lot 41, Whitestone, Borough of Queens.

APPEARANCES—

For Applicant: Ingram S. Carner and Milton M. Waldman.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 17, 1956 after due notice by publication in the Bulletin; laid over to May 15, 1956, for inspection and decision; hearing closed; then to May 22, 1956, for applicant to file plan of the immediate area and for decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, F area, class ½ height district; Francis Lewis boulevard, 160th street and 20th avenue are in residence and local retail use, F area, class ½ height districts; and

WHEREAS, the decision of the borough superintendent, dated October 10, 1955 acting on N.B. Applic. 3643-55, reads:

"1. A garage located within 15'-0" of the street line is contrary to the Zoning Resolution—Art. IV Sect. 16(a)."

and

WHEREAS, the applicant states that the premises consist of a plot, 65 ft. frontage by 95.02 ft. in depth, irregular, on which is located a one family residence and parking space; that it is proposed to erect and maintain a 2 car garage within 15 ft. of the street line; and

WHEREAS, the applicant states that the premises has a frontage of 65 ft. on 20th avenue, a frontage of 47.12 ft. on 160th street, the rear line is irregular 75.58 ft. and 6.54 ft. and the westerly lot line is 95.02 ft.; that the property referred to is presently zoned as a residence district, class ½ height district and an F area district; that as of July 25, 1916 the portion of the property which is within 100 ft. of Willets Point boulevard was zoned business and the remainder was zoned residence; that the business portion was changed to local retail on July 17, 1952 and then changed

to its present residence designation on July 7, 1953; that as of July 25, 1916 the property was zoned as a one times height district and a D area district and was changed on July 7, 1953 to its present class ½ height district and an F area designation; that no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant further states that the property is presently improved with a 1 story, 1 family residence erected under N.B. 743-51, for which certificate of occupancy No. Q75917 was issued on September 18, 1951; that at that time and until July 7, 1953 the property was partly in a business and residence use and then local retail and residence use and D area district, and it was then permitted to erect a 2 car accessory garage to the premises; that the owners of the premises are both physicians and are man and wife residing on the premises; that they depend upon proper protection of their automobiles to serve their patients and it is imperative that they be able to properly garage their cars; and

WHEREAS, the applicant contends that as shown on plot plans filed with this application, the plot is quite irregular and it is both impractical and almost impossible to install a 2 car garage at the rear of the present building; that the arrangement as shown on plans marked proposed conditions is a logical solution and would not adversely affect any of the adjoining property owners, as this corner faces heavily trafficked Francis Lewis boulevard to the east, along with the small traffic square of Willets Point boulevard; and

WHEREAS, the applicant states that the present owner has held title to the property since October 5, 1951; that the assessed valuation of land is \$1,700 and of the building \$6,800 making a total of \$8,500; that the building was erected in 1950; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board, the matter having been laid over for further consideration and for plans that the Board requested to be filed by the applicant showing the true conditions of the premises and the adjoining premises; the committee recommended that the application should be granted on condition; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 21 to permit the location of the two-car garage accessory to the dwelling on the premises substantially as proposed and as indicated on plans filed with this application marked "Received October 18, 1955" (3 sheets) "May 21, 1956" (3 sheets) *on condition* that the building shall conform in all other respects to all laws, rules and regulations applicable to the construction and occupancy; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application April 24, 1956 after due notice by publication in the Bulletin; laid over to May 22, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and East 16th street are in retail and residence use, D area, class 1 height districts; Avenue U is in retail and business use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated September 19, 1955 acting on Alt. Applic. 3159-55, reads:

"1. Proposed extension to a commercial bldg. which will extend into a residential district, is contrary to Art. 2 Sect. 3 of the Zone Resolutions.

2. The existing bldg. & new extension will exceed area for a "D" district & is contrary to Art. 4 Sect. 14c of the Zone Resolutions."

and

WHEREAS, the applicant states that the premises consist of a plot, 45 ft. 2 in. frontage by 154 ft. in depth, developed with a one story and cellar building, 45 ft. 2 in. front by 100 ft. in depth and 37 ft. 2 in. rear, located entirely in the retail use district portion of the plot, for which certificate of occupancy No. 115744 was issued on November 12, 1956 for use as restaurant and stores; that it is proposed to build an extension to the existing building, 25 ft. 6 in. by 44 ft., to be used as a dining room in connection with existing restaurant, using more than the permitted area; and

WHEREAS, the applicant states that the subject premises is presently zoned as a class 1 height district and a D area district; that the portion of the property within 100 ft. of Avenue U is presently zoned as a retail district and the remainder is zoned as a residence district; that the height and area designations and the residence portion have not been changed since July 25, 1916; that as of July 25, 1916 the portion within 100 ft. of Avenue U was zoned business and was changed to retail on April 8, 1954; that no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant contends that there is a need for additional space to accommodate the patrons of the existing restaurant at the premises whose present facilities are inadequate; that the present restaurant is approximately 20 ft. by 100 ft., or 2,000 sq. ft. in area; that the proposed extension, 44 ft. by 25 ft. 6 in. will provide an additional 1122 sq. ft. of floor space and increase the present facilities by more than 50%; that the present restaurant, adjoining the Avenue U station of the B.M.T. line is in the heart of the highly developed Avenue U shopping center; that the vacant land in the residence use district portion of the plot abutting the existing building cannot be developed practically for residence purposes because the lot depth of 40 ft. 2 in. is too shallow for practical use for dwelling purposes; that in addition the rear of the lot abuts the embankment of the Brighton line of the B.M.T., so that the 1st floor level has inadequate rear light and ventilation, while the 2nd story level is in full view of the B.M.T. passenger platform; that the portion of the subject premises in the residence use district portion of the plot differs from the other premises north of the plot along East 16th street in that the other premises are more remote from the retail use district and are not affected by the B.M.T. passenger platform which is partially enclosed and which enclosure ends approximately at the northerly lot line of the subject premises; that the proposed extension would be only one story (12 ft.) in height, would have no show windows or other openings, signs, entrances or exits for patrons (except for an emergency exit) on East 16th street and would be designed in harmony with the existing structure; that the entire unbuilt upon portion of the plot, approximately 1068 sq. ft.,

would be seeded and landscaped, except where cement walks would be maintained, and would provide a buffer between the proposed building and the adjoining premises; that adjoining premises to the north will be benefited by the proposed building as it is only one story in height and will provide a 10 ft. yard between the two premises; that if a conforming use residence were to be built it would have to be two stories in height due to the shallow lot depth and could be built flush to the north side lot line, thus interfering with the light and ventilation of the adjoining building; that the properties further north of the subject premises along East 16th street are sufficiently remote from the subject premises so as not to be affected thereby; that the properties on the easterly side of East 16th street in the residence use district would not be affected as they are remote from the subject premises and in addition adjoin existing store premises along East 16th street, part of which are in a residence use district and for which the Board granted a use variance on March 21, 1931 under Cal. No. 157-30-BZ; that the amount of excess coverage is only 940 sq. ft. or 14.59% more than the permissible area of coverage, computed as follows: total area of plot—6426 sq. ft.; proposed area of coverage—5224 sq. ft. or 81.26%; permissible area of coverage—70% of 5000—3500; 55% of 1426—784; 4284 sq. ft. or 66.67%; excess area—940 sq. ft. or 14.59%; that the proposed one story extension would not adversely affect nearby properties; and

WHEREAS, the applicant states that the present owner has held title to the property since August 26, 1954; that the assessed valuation of land is \$49,000 and of the building \$19,000 making a total of \$68,000; that the building was erected in 1946; and

WHEREAS, the premises and surrounding area where inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision c of the Zoning Resolution, as to use, and that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21, and is therefore entitled to relief, as to area, on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use and area district regulation of the zoning resolution and that the application be and it is hereby *granted* under Section 7c as to use and Section 21 as to area, to permit a one story extension of the existing building for the same use, substantially as proposed and indicated on plans filed with this application, marked "Received October 18, 1955", 5 sheets, and "April 16, 1956", 1 sheet, *on condition* that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; that no sign shall be erected within the extension proposed in the residential zone; that along the rear lot line of the extended premises there shall be erected a woven wire fence of the chain link type with material attached thereto to provide a closed fence; that along the street building lines of Avenue U and East 16th street there shall be a similar fence, which shall have a gate in it on East 16th street, which shall normally be kept closed; that the unbuilt upon area shall be maintained with grass and shrubbery; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution.

861-55-BZ

APPLICANT—Charles M. Spindler, for Elizabeth Lipsnitz, owner.

SUBJECT—Application October 28, 1955—(decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a business use district, the erection and maintenance of a gasoline service station, auto washing, lubrication, office, accessory sales, minor repairs, with hand tools only.

PREMISES AFFECTED—39-47 Neptune avenue, north side, 95.50 ft. west of East 13th street, Block 7486, Lot 48, Borough of Brooklyn.

APPEARANCES—

For Applicant: Joseph C. Haus.

For Opposition: None.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Conolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 24, 1956 after due notice by publication in the Bulletin; laid over to May 22nd, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Neptune avenue and East 13th street are in a business use, A area, class 1 height district; Homcrest avenue is in a residence use, A area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated October 24, 1955 acting on N.B. Applic. 2564-55, reads:

"1. Proposed gasoline service station, auto washing, lubrication, office, accessory sales, minor repair with hand tools only, in a business use district is contrary to Article II, PP. 4a, subsection 29 & 46 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 96.56 ft. frontage by 102.56 ft. in depth, irregular, on which is located a lumber shed; that it is proposed to develop the site with a modern gasoline service station; that the proposed building will have a face brick facade, pumps will be set 15 ft. back from the building line and fences will be provided along both interior lot lines; that minor repairing will consist of minor repairs with hand tools only and will be confined to the interior of the accessory building; and

WHEREAS, the applicant states that the site consists of a triangular interior lot with a frontage of 96.56 ft. on Neptune avenue, which is at present developed with a one story frame lumber storage building 52 ft. 2 in. by 48 ft. 2 in. in size, which will be demolished if this application is granted; that the site was originally part of lot 43, the adjoining lot to the east, which is still under the same ownership as the site; and

WHEREAS, the applicant further states that the entire westerly lot line of the site adjoins the earth railroad embankment of the BMT Brighton line and there is a railroad bridge for this line across Neptune avenue just west of the site; that adjoining the site to the east (block 7486, lot 43) is a plot under the same ownership as the site; that the easterly portion of lot 43 is a used car lot occupied in conjunction with the auto sales agency and repair shop on the next block to the east (block 7487, lot 22); that East 13th street, separating these two plots, is a mapped street not physically opened; that the westerly portion of lot 43, immediately abutting the subject site is developed with a one story building occupied by a lumber company for the storage and sale of mill work and similar products; that the affected area is replete with non-conforming uses, principally automotive in character; that within the affected area there are 3 gas stations and 5 motor vehicle repair shops in conjunction with auto sales agencies; that the above mentioned uses occupy more than three-quarters of all the frontage within the affected area; and

WHEREAS, the applicant contends that since the site is located between the lumber company building on lot 43 and the high earth railroad embankment, and since both of these lots extend beyond the rear of the site, the present proposal cannot adversely affect surrounding property; that the proposed modern building with a face brick facade will be a distinct improvement over the dilapidated vacant frame building now occupying the site; and

WHEREAS, the applicant states that the entire site was located in an unrestricted zone until October 10, 1930 on which date the portion of the site within 100 ft. of Neptune

avenue was changed to a business use district, and a small triangle beyond this point was changed to a residence use district; that this residence use designation was later changed to business on February 7, 1949; that the height and area designations have remained unchanged since 1916; that in view of the above, it is requested that this application be granted for a temporary term of 15 years; and

WHEREAS, the applicant states that the present owner has held title to the property since March 19, 1948; that the assessed valuation of land is \$26,500 and of the building \$5,500 making a total of \$32,000; that the building was erected in 1936; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions f and i of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the application of the use district regulations of the zoning resolution and that the application be and it hereby is granted under Section 7f, for a term of fifteen years, to permit the premises to be occupied as proposed as a gasoline service station and accessory uses, as shown on plans filed with this application, marked "Received October 28, 1955", 4 sheets, and "April 3, 1956", 1 sheet, on condition that all buildings and uses shall be removed from the site and the premises arranged and constructed substantially as shown on such plans; that the accessory building shall have no cellar and shall be faced with face brick on the front side to the south and the side to the west and shall be arranged and designed as shown on such plans; that pumps shall be of a low approved type, erected not nearer than 15 ft. to the street building line; that the number of gasoline storage tanks shall not exceed ten 550 gallon approved tanks; that along the westerly lot line there shall be maintained continuously a woven wire fence of the chain link type erected on a masonry base to a total height of 5 ft. 6 inches; that along the easterly lot line there shall be erected a similar fence of similar height on such portions of the easterly lot line as are not occupied by proposed accessory building and buildings existing on the adjoining plot; that in the event the adjoining building is removed, the fence on the lot line shall be constructed to the street building line of Neptune avenue; that where not occupied by buildings and pumps, the premises shall be paved with concrete or asphalt; that the sidewalk and paving abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that curb cuts shall be restricted to two 30 ft. cuts, located where shown, with no portion of any curb cut nearer than 5 feet to a side lot line as prolonged; that signs shall be restricted to permanent signs attached to the facade of the accessory building on the southerly side only and to the illuminated globes of the pumps, excluding all temporary signs and roof signs, but permitting the erection within the building line of one post standard for supporting a sign, which may be illuminated, advertising only the brand of gasoline on sale, which sign may extend over the building line for not more than 4 feet; that such portable fire-fighting appliances shall be installed as the fire commissioner shall direct; and that under section 7i there may be motor vehicle repairing maintained only within the accessory building with hand tools only for adjustments; and that all permits required shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on March 20, 1956, after due notice by publication in the Bulletin; laid over to April 24, 1956, for inspection and for any additional new statements by objectors; also for applicant to submit arguments in substantiation of section 21 of the Zoning Resolution, practical difficulty and unnecessary hardship; then to May 22, 1956, for inspection and decision; applicant to file revised plans as to coverage, and for inspection of work done by persons at present quarters on Jamaica avenue; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, 164th street and Goethals avenue are in a residence use, E area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated December 21, 1955 acting on N.B. Applic. 4499-55, reads:

"1. The use of the premises located in a Residence Use District for therapy, vocational rehabilitation, recreation, administration (vocational rehabilitation will include instruction on machines) is contrary to Art. II Sec. 3 of Z.R.

2. The percentage of area occupied at curb level exceeds permissible coverage and is contrary to Art. IV Sec. 15(c) of Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot, 140 ft. frontage by 131.76 ft. in depth, presently vacant; that it is proposed to erect and maintain a building of class 3 construction, 97 ft. front, 73 ft. deep, 3 stories in height, using more than the area permitted, without the required 10 ft. setback from the street line; and

WHEREAS, the applicant states that as of July 25, 1916 the portion of the property within 100 ft. of 164th street was zoned as a business district and was changed to its present residence designation on September 18, 1947; that the remainder of the property has been zoned residence since July 25, 1916; that as of July 25, 1916 the property was zoned as a D area district; that on June 1, 1934 the portion of the property more than 100 ft. from 164th street was changed to an E area district and on February 7, 1949 the portion of the property within 100 ft. of 164th street was changed to an E area district; that the height designation has no been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant further states that this building is to be occupied by the victims of cerebral palsy; that the interior of the building on the 1st floor will consist of administration offices, physical therapy rooms, recreation room and workshop; that it was at first thought that the construction of such a building on a residential piece of property would be classified in the same manner as a hospital; that, however, the said building, will contain a workshop in which cerebral palsy victims will be taught to use various tools and also to manipulate their hands in a conveyor type of operation in which they will actually participate in packing products, etc.; and

WHEREAS, the applicant contends that there will be display cases in front of the building displaying the wares produced in the workshop by the victims and a retail counter situated in the lobby in the event visitors may desire to pur-

chase the products produced; that on the north side of the building there will be a social terrace and a large planting area; that on the extreme northerly end of the property, there will be located a driveway leading to the parking of motor vehicles, which will take place in the rear of the property; that the property is situated opposite Queens General hospital; that there has been a great need for a building of this type in Queens county and after consideration of many sites, this site is most centrally located; and

WHEREAS, the applicant states that the present owner has held title to the property since January 4, 1937 and that the assessed valuation of land is \$9,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and inspection has also been made of the present building in operation in Jamaica; and

WHEREAS, revised plans have been examined by the borough superintendent under N.B. App. 4499/55, on May 22, 1956, and under such examination the plan as now proposed showing a building reduced in size, has been determined to be in compliance with the area requirements of the zone affected; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e for a term of twenty years, to permit as to objection 1 the use proposed, in accordance with plans filed with this application, marked "Received November 4, 1955", 1 sheet, "December 28, 1955" 3 sheets, and revised plan showing a building reduced in size, marked "Received May 17, 1956", 1 sheet, *on condition* that the building in all other respects shall comply with all laws, rules and regulations applicable thereto; that in all other respects the building and occupancy shall comply with the requirements of the zone in which it is located; that this variance is substantially for the use proposed and for no other use; and that all permits required shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution; and withdrawn as to Objection 2 to comply.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on April 17, 1956 after due notice by publication in the Bulletin; laid over to May 22nd, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Beach 8th street and Seagirt avenue are in a residence use, E area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated December 8, 1955 acting on Alt. Applic. 2808-55, reads:

"2. The use of a childrens day camp, day school & accessory 2 car garage & play room, in a res. use district, is contrary to Art. 2, Sec. 3 of Zone Res."

and

WHEREAS, the applicant states that the premises consist of a plot, 245.18 ft. frontage by 104.75 ft. and 115 ft. in depth, on which is located a one family dwelling; that it is proposed to use the property as a day camp and day school for about 180 children for the summer season only; that the property is ideally located for this purpose; that it is away from heavy traffic, which makes it safe for children and it is directly on the beach in a section which is distant from heavily populated public beach areas; and

WHEREAS, the applicant states that the use district was changed from business to residence December 28, 1939 and the area district was changed from D to E January 11, 1954; and

WHEREAS, the applicant further states that this property consists of a plot of land 104 ft. by 245 ft., irregular, on the west side of Beach 8th street and extending to the beach; that it is improved with a two-story and basement brick dwelling of non-fireproof construction and a two-car brick garage with a masonry stucco attached extension for caretaker's quarters; that it is also adjacent to a resort hotel under the same ownership and is surrounded by summer cottages and rooming houses and therefore cannot be objectionable to the neighborhood; that the residence building was erected under N.B. 10858-21; that the garage was erected under N.B. 3114-36 and the caretaker's quarters were added under Alt. 1158-46; that no plans are available for Alt. 1158-46 but the docket book indicates this to be an extension for dwelling purposes and shows the work signed off as completed; and

WHEREAS, the applicant contends that this day camp is to be in operation only in the daytime during the summer season; that the grounds are spacious and the children will be outdoors on the grounds or on the beach practically all the time of their daily attendance, except during inclement weather; that the residence building has 4 exits on the 1st floor, all leading directly to the ground; that the 2nd floor has a 3 ft. 3 in. wide stairway leading to the 1st floor foyer and 4 exit doors leading to an open roof deck from which it is proposed to erect a 4 ft. wide open iron stairway leading directly to the ground; that the children will be under strict supervision at all times, the lessee being a day camp operator of many years experience; and

WHEREAS, the applicant states that the present owner has held title to the property since October 11, 1955; that the assessed valuation of land is \$12,500 and of the building \$15,500 making a total of \$28,000 and that the building was erected in 1921; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision e of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on Alt. Applic. 2808/55, Objection No. 2, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 22, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, West 254th street and Palisade avenue are in a residence use, G area, class ½ height district; and

WHEREAS, the decision of the borough superintendent, dated March 15, 1956 acting on Alt. Applic. 255-56, reads:

"3. Proposed parking lot for motor vehicles in a Residence use district is contrary to Art. 2, Sec. 3 of the Z.R."

and

WHEREAS, the applicant states that the premises consist of a plot as follows: area 1, 20 ft. by 100 ft.; area 2, 60 ft. by 250 ft.; that the premises are now vacant; that it is proposed to use said premises for the parking of more than five motor vehicles; and

WHEREAS, the applicant contends that there are no fully improved or avenues within ½ mile of the station and with the greatly increased population due to multiple dwellings in the vicinity, the parking of cars on the narrow suburban roads and in the deep gutters creates a dangerous condition for drivers of passing cars, for pedestrians, where there are no sidewalks, and for fire apparatus in case of fire; that the parking lot will be primarily for railroad passengers; that it is to be built on railroad property, adjacent to the tracks and have an attendant, and is below the grade of adjacent property and fully obscured from the view of all residences; and

WHEREAS, the applicant states that the present owner has held title to the property since August 21, 1947; that the assessed valuation of land is \$4,420 and of the building \$400 making a total of \$4,820; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision h of the Zoning Resolution.

MINUTES

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7h for a term of five years, to permit the premises to be occupied for the parking of motor vehicles, as proposed and as indicated on plans filed with this application, marked "Received March 23, 1956", 2 sheets, *on condition* that the parking areas proposed, namely #1 and #2, shall be surfaced with clean gravel or steam cinders treated with a binder and properly rolled; that suitable fences shall be maintained along such parking areas to the east side and to include as a means of exit to Palisade avenue the space where shown; that such space shall not be used for parking but solely for entrance and exit; that such fences and walls as now exist may be continued; and that all permits required shall be obtained, including a certificate of occupancy and all work completed within six months from the date of this resolution.

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 985-40—SM Vol. III

Subject: Amendment to resolution as to additional thickness of acoustical tile.

National Gypsum Company, Buffalo, New York requested by filing and application dated October 24, 1955 with the Board of Standards and Appeals that the resolution adopted October 22, 1940 and amended at various times through May 18, 1954 under Cal. 985-40-SM Vol. I and II be amended so as to include the material known as Travacoustic and acoustical tile, in $\frac{3}{4}$ inch thickness the application was reopened by a vote of the Board November 15, 1955 under Cal. No. 985-40-SM Vol. III.

Description

The material, Travacoustic and acoustical tile, was approved by the Board in thickness of $\frac{11}{16}$ inch, $\frac{13}{16}$ ", $\frac{7}{8}$ " and 1". The requested size is the same size except that the thickness is $\frac{3}{4}$ ". There has been no change in composition edge treatment or size, only change being in thickness.

Recommendation

The Committee on Test recommends that the resolution adopted October 22, 1940 and amended at various times through May 18, 1954 under Cal. No. 985-40-SM Vol. I and II be amended so as to include Travacoustic, and acoustical tile in $\frac{3}{4}$ " thickness on condition that the requirements

of the resolution adopted October 22, 1940 under Cal. No. 985-40-SM Vol. I be complied with.

(Sgd.) HARRIS H. MURDOCK,

Chairman,

JOHN A. DARTS,
Assistant Engineer.

GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolutions of October 22, 1940 through May 18, 1954 in accordance with the above report.

647-48-SA—Vol. II

APPLICANT—Automatic Burner Corp., owner. (E. F. Groves, agent).

SUBJECT—Application reopened January 24, 1956—re Amendment to resolution as to additional trade name—re ABC Oil Burner, Model 53 and Cities Service Oil Burner, Model CS53; previously approved.

APPEARANCES—

For Applicant: None.

ACTION OF BOARD—Resolution amended, in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 647-48-SA Vol. II

SUBJECT: Amendment to resolution as to additional trade name.

Automatic Burner Corp., Chicago, Illinois requested by letter dated December 21, 1955 that the resolution adopted May 3, 1949 and amended at various times through November 22, 1955 under Cal. No. 647-48-SA Vol. I and II be amended so as to permit the ABC Oil Burner Models 53, 66 and 69 to be marketed by National US Radiator Corp., of Johnstown, Pa., under the trade name of National U. S. Oil Burner, Model 53, 66 and 69. The application was reopened by a vote of the Board January 24, 1956.

Description

The model 53 was approved by the Board May 3, 1949 and the models 66 and 69 were approved by the Board November 22, 1955 under Cal. No. 647-48-SA Vol. I and II.

Recommendation

The Committee on Test recommends that the resolution adopted May 3, 1949 and amended through November 22, 1955 be amended so as to permit the approved ABC Oil Burner Models 53, 66 and 69 to be marketed by the National U. S. Radiator Corp., Johnstown, Pa., under the trade name of National Oil Burner, Models 53, 66 and 69 on condition that the requirements of the resolution adopted May 3, 1949 under Cal. No. 647-48-SA Vol. I be complied with. The Committee on Test further recommends that the Model 66 may be marketed by the Crane Co. under the trade name of Crane Line Burners, Models 6110, 6112 and 6211.

(Sgd.) HARRIS H. MURDOCK,

Chairman,

JOHN A. DARTS,
Assistant Engineer.

GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolutions of May 3, 1949 through November 22, 1955 in accordance with the above report.

REPORT OF COMMITTEE ON TEST

Re: Cal. 283-50-SA Vol. II

SUBJECT: Amendment to resolution as to additional trade names.

Automatic Burner Corp., Chicago, Illinois requested by letter dated December 21, 1955 that the resolution adopted October 17, 1950 and amended at various times through November 22, 1955 under Cal. No. 283-50-SA Vol. I and II be amended so as to permit the ABC Oil Burner, Models 54, 62 and 64 to be marketed by the National U.S. Radiator Corp., Johnstown, Pa., under the trade name National Oil Burner, Models 54, 62 and 64. The application was reopened by a vote of the Board January 24, 1956.

Description

The model 54 was approved by the Board October 17, 1952 and the model 62 and 64 were approved by the Board November 22, 1955 under Cal. No. 283-50-SA Vol. I and II.

Recommendation

The Committee on Test recommends that the resolution adopted October 17, 1952 and amended through November 22, 1955 be amended so as to permit the approved ABC Oil Burner, Models 54, 62 and 64 to be marketed by National U.S. Radiator Corp., Johnstown, Pa. under the trade name of National Oil Burner, Models 54, 62 and 64 on condition that the requirements of the resolution adopted October 17, 1952 under Cal. No. 283-50-SA Vol. I be complied with. The Committee further recommends Model 62 may be marketed by the Crane Co. under the trade name of Crane Line Burner, Model 6010.

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 364-52-SM

Subject: Amendment to resolution as to additional material known as Vin-L-Fab.

Lane Brothers, Inc., New York requested that the resolution adopted December 23, 1952 be amended to include the material known as Vin-L-Fab. The application was reopened by a vote of the Board March 15, 1955.

Purpose

The material is a veneering material when placed upon an incombustible backing.

Description

The Material is the same as the material approved December 23, 1952 under Cal. No. 364-52-SM except as to color and texture.

Recommendation

The Committee on Test recommends that the resolution adopted December 23, 1952 under Cal. No. 364-52-SM be amended so as to include the material known as Vin-L-Fab on condition that the requirements of the resolution adopted under Cal. No. 364-52-SM be complied with.

The Committee further recommends that these materials shall not be used in public halls of multiple dwellings as prohibited under Section 101, 142, 146, 148 and 149 of the Multiple Dwelling Law.

(Sgd.) HARRIS H. MURDOCK,

Chairman,

JOHN A. DARTS,

Assistant Engineer.

GEORGE F. SKLENARIK,

Assistant Engineer,

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution of December 23, 1952 in accordance with the above report.

396-52-SA

APPLICANT—Carrier Corporation, owner. (Fayette S. Dunn, agent).

SUBJECT—Application March 25, 1952—Carrier 5FHJ Refrigeration Compressors and Condensers, Models 5F20, 5F30, 5F40, 5F41, 5F60, 5H60, 5H40, 5H41, 5H61, 5H80, 5H81, 5J40, 5J41, 5J43, 5J60, J61 and 5J63.

APPEARANCES—

For Applicant: William L. Gill.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 396-52-SA

Subject: Carrier 5FHJ Refrigeration Compressors and Condensers, Models 5F20, 5F30, 5F40, 5F41, 5F60, 5H40, 5H41, 5H60, 5H61, 5H80, 5H81, 5J40, 5J41, 5J43, 5J60, 5J61 and 5J63.

The Carrier Corporation, New York filed March 25, 1952 an application with the Board of Standards and Appeals for approval of a series of refrigeration compressors and condensers as listed above under the provisions of Article 18, Chapter 19, Administrative Code.

MINUTES

Purpose

These are compressors and condensers for use with F-12, Carrene-7, F-22 and ammonia refrigerants.

Description

The 5F series compressors are a group of compressors with interchangeable parts. They are designed for 3 to 20 horsepower applications.

The 5H series compressors are a group of compressors with interchangeable parts and are designed for 20 to 60 horsepower applications. The 5H-40, 5H-60 and 5H-80 models are available in the 60 to 125 horsepower range mounted as dual compressors on a steel base with interconnected crank cases.

The 5J series are a group of compressors with interchangeable parts designed for 40 to 60 horsepower application. They may also be operated in a duplex unit by coupling the two compressors to a single motor.

The crank case on all units is integrally cast and the cylinder block is made of special alloy iron. Automotive type four-ring pistons of alloy iron especially treated to prevent wear during the break in period are used in all the above compressors which are made with 2, 3, 4, and 6 cylinders corresponding to the 20, 30, 40 and 60 models respectively.

Crankshafts on all units are made of special alloy steel with hardened, ground and polished bearing surfaces.

All compressors have forced feed lubrication systems. Oil pumps on all units are manually reversible allowing compressor rotation in either direction. An oil bull's-eye provides indication of crankcase oil level.

The F, J and H condensers or condenser receivers for use with the above compressors are water cooled shell and tube or shell and coil types sized for the various compressor capacities.

The condenser receivers may be installed on the under side of the same steel base supporting compressor and motor or may be installed remotely if belt driven compressor is used.

Inspection and Test

The complete data and reports of the Underwriters Laboratories relative to this application were examined at the offices of the Board by Asst. Engr. G. F. Sklenarik, Committee on Test.

Recommendation

On the basis of the data submitted and the report of the Underwriters' Laboratories of November 26, 1948 for application No. 47C1998 accepting this series of compressors and condenser receivers as conforming to their Standard for Air Conditioning and Commercial Refrigerating Equipment, the Committee on Test recommends approval of Carrier 5FHJ Refrigeration Compressors and Condensers models 5F20, 5F30, 5F40, 5F41, 5F60, 5H40, 5H41, 5H60, 5H61, 5H80, 5H81, 5J40, 5J41, 5J43, 5J60, 5J61 and 5J63 for use in the City of New York provided that they shall be installed in accordance with the requirements of Article 18, Chapter 19 Administrative Code and the Electrical Code of the City of New York; and further provided that the appliances bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 396-52-SA."

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer.

GEORGE F. SKLENARIK,
Assistant Engineer.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

546-55-SA

APPLICANT—Erich Loeb, for Samuel Stamping and Enameling Co., owner.

REPORT OF COMMITTEE ON TEST

Re: Cal. 546-55-SA

Subject: Suburban Gas Counter Top Unit Ranges, Models G-27-PW, G-27-PC, G-27-S and G-27-C.

E. Loeb for Samuel Stamping and Enameling Company, Chattanooga, Tenn., filed June 27, 1955 an application with the Board of Standards and Appeals for approval of the Suburban Gas Counter Top Unit Ranges, Models G-27-PW, G-27-PC, G-27-S and G-27-C under the provisions of C26-695.0 Administrative Building Code and for use under Section 64 of the Multiple Dwelling Law.

Purpose

The appliances are gas fired ovens used for cooking purposes.

Description

The ranges are designed as a recessed counter installation. The units have four top burners and automatic flash tube top lighters. The various suffixes refer to finish only. The regular burners are rated at 9,000 BTU each and the giant burners at 12,000 BTU each.

Inspection and Test

The appliance was examined by Asst. Engr. J. A. Darts and it was noted that the appliance have been approved by the American Gas Association under Certificate No. 1-1012.001.

Recommendation

As the wording of Section 64 as amended by Int. 1142 of the Multiple Dwelling Law reads as follows in part: "All automatically controlled gas appliances shall be equipped with a device which shall shut-off automatically the gas supply when the pilot light of other constantly burning flame in such appliance is extinguished" and as the American Standard for the Installation of Gas Piping and Gas Appliances in Buildings approved by ASA and sponsored by the AGA 1954 gives the following definitions:

1. Appliance—automatically controlled, appliances equipped with an automatic pilot and other automatic devices which

(a) accomplish complete turn-on and shut-off of the gas to the main burner or burners.

(b) graduate the gas supply to the burner or burners, but do not affect complete shut-off of the gas.

2. Automatic Ignition—automatic ignition shall be interpreted as means which provide for ignition of the gas at a burner when the gas burner valve controlling the gas to that burner is turned on and will effect re-ignition if the flames on the burner have been extinguished by means other than closing the gas burner valve.

3. Thermostat—an automatic device actuated by temperature changes; designed to control the gas supply to a burner or burners in order to maintain temperatures between predetermined limits; the Committee on Test recommends as follows: Models G-27-PW, G-27-PC, G-27-S and G-27-C shall be constructed with an approved device which shall shut-off automatically the gas supply when the pilot light or other constantly burning flame is extinguished as the above models are considered to be automatically controlled gas appliances under the definitions as herein set forth and the requirements of Section 64 of the Multiple Dwelling Law, all installations may be in accordance with the requirements of C26-695.0.2a Administrative Building Code as these models have been approved by a recognized testing laboratory and further these ranges may be used under the provisions of Section 64 of the Multiple Dwelling Law.

MINUTES

The Committee further recommends that all appliances bear a label permanently affixed reading as follows: "Approved by the Board of Standards And Appeals for use in New York City under Cal. No. 546-55-SA" and in addition thereto shall also designate the model and the additional wording "Equipped with automatic Shut-off" and further each range shall have attached thereto a decal or plate showing the location of the automatic shut-off.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer.
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

687-55-SA

APPLICANT—Harold Massey, for Dwyer Products Corp., owner. (Murphy Bed and Kitchen Co., Agent).

SUBJECT—Application July 29, 1955—Dwyer Kitchen Unit, Model G-39 (incorporating 2 Burner Hot Plate), approval of.

APPEARANCES—

For Applicant: William K. Murphy.

ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 687-55-SA

Subject: Dwyer Kitchen Unit, Model G39 (incorporating 2 Burner Hot Plate and Refrigerator).

Mr. Harold Massey for Dwyer Products Corp., Michigan City, Indiana, filed July 29, 1955 an application with the Board of Standards and Appeals for approval of the Dwyer Kitchen Unit, Model G39 under the provisions of Sections C19-96.0 and C26-695.0 Administrative Code and for use under Section 64 of the Multiple Dwelling Law.

Purpose

A domestic type gas range, sink and refrigerator combination.

Description

The G39 model is a domestic type compact kitchen unit consisting of a two burner gas range and sink with an undersink storage cabinet and a four cubic foot refrigerator adjoining.

The unit is of all steel welded construction with the top-side and front finished in porcelain.

Complete fibreglas insulation is provided for the refrigerator. Refrigeration is provided by means of a hermetic system made up of a Tecumseh sealed compressor, air cooled condenser, capillary tube refrigerant control and an evaporator. It is charged with less than 1 pound of F-12 refrigerant.

Excessive pressure within the system as might be caused by a fire around the unit, would be relieved by means of a neoprene bushing installed at the compressor motor terminals. The gas range is provided with a pilot light for ignition.

Inspection and Test

All data submitted by the applicant was examined at the offices of the Board by Asst. Engr. G. F. Sklenarik, Committee on Test.

Whereas, it was noted that the method of pressure relief provided for the refrigerating system was not in literal com-

pliance with Section C19-104.C Administrative Code, it meets the intent of that section and has been found acceptable by the Underwriters Laboratories as evidenced by their report SA-802 issued August 11, 1954.

Model G-39 is approved by the AGA.

Recommendation

As the wording of Section 64 as amended by Int. 1142 of the Multiple Dwelling Law reads in part as follows: "All automatically controlled gas appliances shall be equipped with a device which shall shut-off automatically the gas supply when the pilot light or other constantly burning flame in such appliance is extinguished" and as the American Standard for Installation of the Gas Piping and Gas Appliances in Buildings, approved by ASA and sponsored by the AGA 1954 gives the following definitions:-

1. Appliances automatically controlled—appliances equipped with an automatic pilot and other automatic devices which

(a) accomplish complete turn-off and shut-off of the gas to the main burner or burners.

(b) graduate the gas supply to the burner or burners but do not effect complete shut-off of the gas.

2. Automatic ignition—automatic ignition shall be interpreted as means which provide for ignition of the gas at a burner when the gas burner valve controlling the gas to that burner is turned on and will effect reignition if the flames on the burner have been extinguished by means other than closing the gas burner valve.

3. Thermostat—an automatic device actuated by temperature changes designed to control the gas supply to a burner or burners in order to maintain temperatures between predetermined limits; the Committee on Test recommends as follows:

Model G39 shall be constructed with an approved device which shall shut-off automatically the gas supply when the pilot light or other constantly burning flame is extinguished as this model is considered to be an automatically controlled gas appliance under the definitions as herein set forth and the requirements of Section 64 of the Multiple Dwelling Law; all installations may be in accordance with the requirements of Sections C19-96.0 and C26-695.0.2.a Administrative Code as this model has been approved by a recognized testing laboratory and further this range may be used under the provisions of Section 64, Multiple Dwelling Law.

The Committee further recommends that each appliance bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 687-55-SA" and in addition thereto shall also designate the model.

The Committee further recommends that each appliance shall carry in addition to the wording required on the label described above, the wording: "Equipped with approved automatic shut-off" and that each range shall have attached thereto a decal or plate showing the location of the automatic shut-off.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer.
GEORGE F. SKLENARIK,

REPORT OF COMMITTEE ON TEST

Re: Cal. 688-55-SA

Subject: Dwyer Table Top Gas Range and Refrigerator Incorporated in Kitchen Unit, Model G48 with Suffix E or S.

Mr. Harold Massey for Dwyer Products Corp., Michigan City, Indiana filed July 29, 1955 an application with the Board of Standards and Appeals for approval of the Dwyer Table Top Gas Range and Refrigerator Incorporated in a Kitchen Unit, Model G48 with Suffix E or S under the provisions of Sections C19-96.0 and C26-695.0 Administrative Code and for use under Section 64 of the Multiple Dwelling Law.

Purpose

A domestic type gas cooking range, sink and refrigerator combination.

Description

The G48 model is a domestic type compact kitchen unit consisting of a four burner gas range and sink, with an oven and broiler installed beneath the sink and a 4 cubic foot refrigerator installed beneath the range. The unit is of all steel welded construction with the top side and the front finished in porcelain.

Complete fibreglas insulation is provided for the refrigerator and for the oven-broiler.

The suffix "E" denotes a model with a top having the ends turned up 6 inches high and 1½ inches thick.

The suffix "S" denotes a standard model.

Refrigeration is provided by means of a hermetic system made up of a Tecumseh sealed compressor, air cooled condenser, capillary tube refrigerant control and an evaporator. It is charged with less than 1 pound of F-12 refrigerant.

Excessive pressure within the system, as might be caused by a fire around the unit, would be relieved by means of a neoprene bushing installed at the compressor motor terminals.

A pilot light is provided for the top burners and the oven burner is thermostatically controlled.

Inspection and Test

All data submitted by the applicant was examined at the offices of the Board by Asst. Engr. G. F. Sklenarik, Committee on Test.

Whereas, it was noted that the method of pressure relief provided for the refrigerating system was not in literal compliance with Section C19-104.C Administrative Code, it meets the intent of that section and has been found acceptable by the Underwriter's Laboratories as evidenced by their report SA-802 issued August 11, 1954.

The Model G48 (E or S) is approved by the AGA.

Recommendation

As the wording of Section 64 as amended by Int. 1142 of the Multiple Dwelling Law reads in part as follows: "All automatically controlled gas appliance shall be equipped with a device which shall shut-off automatically the gas supply when the pilot light or other constantly burning flame in such appliance is extinguished" and as the American Standard for Installation of the Gas Piping and Gas Appliances in Buildings, approved by ASA and sponsored by the AGA 1954 gives the following definitions:—

1. Appliances automatically controlled—appliances equipped with an automatic pilot and other automatic device which
 - (a) accomplish complete turn-on and shut-off of the gas to the main burner or burners.
 - (b) graduate the gas supply to the burner or burners but do not effect complete shut-off of the gas.

2. Automatic ignition—automatic ignition shall be interpreted as means which provide for ignition of the gas at a burner when the gas burner valve controlling the gas to that burner is turned on and will effect reignition if the flames on the burner have been extinguished by means other than closing the gas burner valve.

3. Thermostat—an automatic device actuated by temperature changes designed to control the gas supply to a burner or burners in order to maintain temperatures between predetermined limits; the Committee on Test recommends as follows:

Model G48 (E or S) shall be constructed with an approved device which shall shut-off automatically the gas supply when the pilot light or other constantly burning flame is extinguished as this model is considered to be an automatically controlled gas appliance under the definitions as herein set forth and the requirements of Section 64 of the Multiple Dwelling; all installations may be in accordance with the requirements of Sections C19-96.0 and C26-695.0.2.a Administrative Code as this model has been approved by a recognized testing laboratory and further this range may be used under the provisions of Section 64 of the Multiple Dwelling Law.

The Committee further recommends that each appliance bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 688-55-SA", and in addition thereto shall also designate the model.

The Committee further recommends that each appliance shall carry in addition to the wording required on the label described above; the wording "Equipped with approved automatic shut-off" and that each range shall have attached thereto a decal or plate showing the location of the automatic shut-off.

Re: Cal. 689-55-SA

Subject: Dwyer Insulated Gas Range and Refrigerator for Incorporation in Kitchen Units, Model G4821 with Suffix E or S.

Mr. Harold Massey for Dwyer Products Corp., Michigan City, Indiana, filed July 29, 1955 an application with the Board of Standards and Appeals for approval of the Dwyer Insulated Gas Range and Refrigerator for Incorporation in Kitchen Units, Model G4821 with Suffix E or S under the provisions of Sections C19-96.0 and C26-695.0 Administrative Code and for use Under Section 64 of the Multiple Dwelling Law.

MINUTES

Purpose

A domestic type gas cooking range, sink and refrigerator combination.

Description

The G4821 model is a domestic type compact kitchen unit consisting of a four burner gas range and sink with an undersink storage section and an oven, broiler and a 6 cubic foot refrigerator.

The unit is of all steel welded construction with the top side and the front finished in porcelain.

Complete fibreglas insulation is provided for the refrigerator and for the oven broiler.

The suffix "E" denotes a model with a top having the ends turned up 6 inches high and 1½ inches thick.

The suffix "S" denotes a standard model.

Refrigeration is provided by means of a hermetic system made up of a Tecumseh sealed compressor, air cooled condenser, capillary tube refrigerant control and an evaporator. It is charged with less than 1 pound of F-12 refrigerant.

Excessive pressure within the system, as might be caused by a fire around the unit, would be relieved by means of a neoprene bushing installed at the compressor motor terminals.

A pilot light is provided for the top burners and the oven is thermostatically controlled.

Inspection and Test

All data submitted by the applicant was examined at the offices of the Board by Asst. Engr. G. F. Sklenarik, Committee on Test.

Whereas, it was noted that the method of pressure relief provided for the refrigerating system was not in literal compliance with Section C19-104.C Administrative Code, it meets the intent of that section and has been found acceptable by the Underwriter's Laboratories as evidenced by their report SA-802 issued on August 11, 1954.

The model G4821 (E or S) is approved by the AGA.

Recommendation

As the wording of Section 64 as amended by Int. 1142 of the Multiple Dwelling Law reads in part as follows: "All automatically controlled gas appliances shall be equipped with a device which shall shut-off automatically the gas supply when the pilot light or other constantly burning flame in such appliance is extinguished" and as the American Standard for Installation of the Gas Piping and Gas Appliances in Buildings, approved by ASA and sponsored by the AGA 1954 gives the following definition:—

Resolved, that the Board of Standards and Appeals does hereby approve this appliance in accordance with the above report.

961-55-SA

APPLICANT—Bengal Range Division of John Wood Co., owner.

SUBJECT—Application November 23, 1955—Bengal Gas Ranges, Models AA, AB, AC, AD, AE, AG and BG, approval of.

APPEARANCES—

For Applicant: Andrew J. Wines and Theo. G. Hangey.
ACTION OF BOARD—Appliance approved in accordance with the report of Committee on Test.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 961-55-SA

Subject: Bengal Gas Ranges, Models AA, AB, AC, AD, AE, AG and BG Series.

The Bengal Range Division of the John Wood Company, Royersford, Penn., owner-manufacturer filed November 23, 1955 an application with the Board of Standards and Appeals for approval of the above named series of gas ranges under the provisions of C26-695.0 Administrative Building Code and for use under Section 64 of the Multiple Dwelling Law.

Purpose

The appliances are domestic cooking ranges. The model AG and BG series are also equipped with a built in space heater.

Description

The ranges are made in three different sizes. The AE series is made in a 20 inch width, the AA, AD and AG series in a 30 inch width and the AB, AC and AG series in a 36 inch width. All models have four top burners, an oven and a broiler. In addition, the AG and BG series are provided with an extra burner unit with an input rating of 27,500 BTU per hour which is to be used as a room heater. The extra burner is controlled by a combination thermostat and gas valve with pilot light ignition for automatic operation. Three room temperature settings are provided; 60°F, 70°F or 80°F thermostatically controlled.

All of the ranges have pilot light ignition and automatic oven controls.

Inspection and Test

The appliances and details of construction as submitted by the applicant were examined by Asst. Engr. G. F. Sklenarik. All models submitted are AGA approved.

MINUTES

Recommendation

As the wording of Section 64 as amended by Int. 1142 of the Multiple Dwelling Law reads in part as follows: "All automatically controlled gas appliances shall be equipped with a device which shall shut-off automatically the gas supply when the pilot light or other constantly burning flame in such appliance is extinguished" as the American Standard for the Installation of Gas Piping and Gas Appliances in Buildings approved by ASA and sponsored by the AGA gives the following definitions:—

1. Appliance, automatically controlled—appliances equipped with an automatic pilot and other automatic devices which

(a) accomplish complete turn-on and shut-off of the gas to the main burner or burners.

(b) graduate the gas supply to the burner or burners but do not affect complete shut-off of the gas.

2. Automatic ignition—automatic ignition shall be interpreted as means which provide for ignition of the gas at a burner when the gas burner valve controlling the gas to that burner is turned on and will effect reignition if the flames on the burner have been extinguished by means other than closing the gas burner valve.

3. Thermostat—an automatic device actuated by temperature changes, designed to control the gas supply to a burner or burners in order to maintain temperatures between predetermined limits.

The Committee on Test recommends as follows: Models AA, AB, AC, AD, AE, AG and BG Series shall be constructed with an approved device which shall automatically shut-off the gas supply when the pilot light or other constantly burning flame is extinguished as the above models are considered to be an automatically controlled gas appliance under definitions as herein set forth and the requirements of the Multiple Dwelling Law, all installations may be in accordance with the requirements of C26-695.0.2a Administrative Building Code as the above models have been approved by a recognized testing agency and further that these ranges may be used under the provisions of Section 64 of the Multiple Dwelling Law with the added proviso that the AG and BG series be vented by connection to flues or outlet pipes as required in C26-696.0 Administrative Building Code.

The Committee further recommends that all the appliances bear a label permanently affixed reading as follows: "Approved by the Board of Standards and Appeals for use in New York City under Cal. No. 961-55-SA" and in addition thereto shall also carry the model designation and the wording "Equipped with an approved automatic shut-off" and that each range shall have attached thereto a decal or plate showing the location of the automatic shut-off.

(Sgd.) HARRIS H. MURDOCK,
Chairman,

JOHN A. DARTS,
Assistant Engineer.

GEORGE F. SKLENARIK,
Assistant Engineer.
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *approve* this appliance in accordance with the above report.

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated June 1, 1953 and re-denied February 11, 1954, acting on Alt. App. 793/53, reads:

"3. Provide 2 lawful means of egress from each floor area including cellars; comply with all items of violation 3133-52.

Note: F. E. not acceptable on factory bldg more than 5 stories in height under Sec. 271 of Labor Law" and

WHEREAS, the applicant states the building is 6 stories, 97 ft. in height, 29 ft. front by 130 ft. in depth on 1st floor, 29 ft. front by 120 ft. in depth at typical floor, Class 3 construction, erected in 1882 in an unrestricted use, B area, Class 2 height district; used and occupied since 1895 as follows: Subcellar—storage, 0 persons; Cellar—storage of trunks, 2 persons; 1st floor—store, 2 persons; 2nd to 6th floor—factory, 3 persons on 2nd, 2 on the 3rd, 4 on the 4th, 5th floor—vacant; 6th floor—2 persons; proposed to be used and occupied: 1st floor—stores—2 persons; 2nd floor—manufacturing quilts, 2 persons; 3d floor—manufacturing lamps, 2 persons; 4th floor—manufacturing shirts, 4 persons; 5th floor—manufacturing handkerchiefs, 4 persons; 6th floor—manufacturing sportswear, 2 persons. The building is provided with an approved standpipe system and an interior fire alarm system with central station connection. There is one 4 ft. wide wooden stairs, enclosed with fire-retarded partitions, equipped with fireproof, self-closing doors leading from roof bulkhead direct to street and one fire escape at rear leading to roof by 45 degree stairs and to yard by counter-balanced stair which leads to Jones Alley which is open to Broadway; window and door openings on course of fire escape are fireproof, self-closing; and

WHEREAS, Violation 3133 was issued May 8, 1952, for violation of Section 271 of the Labor Law in that two legal means of egress had not been provided; that floor load signs had not been posted on all floors and exit signs not posted on fire escape on the 5th floor; and

WHEREAS, the applicant states the building was erected under N.B. 42-1882 and is used as stores on 1st floor and factory above; that exits consist of an interior 4 ft. wide stairway enclosed from 1st floor to roof with partitions of 3/4 in p.c. mortar on metal lath both sides, equipped with fireproof, self-closing doors at all openings; stairway leads to roof bulkhead; that there is a standpipe system in the stairhall and building is equipped with a central station fire alarm system on each story and exit signs and lights are provided at all exits; that the secondary means of egress consists of a 45 degree rear fire escape screened to a height of 5 feet with access thereto by self-closing fireproof windows and casement doors opening out; iron steps lead to casement doors from floor level; that egress from termination is by a counterbalanced stairway direct to Jones Alley which is open to Bond street; that fire escape runs to roof; and

WHEREAS, the applicant contends the occupancy is light; that the owner occupies the 1st floor store and cellar where trunks are stored until sold; that the building is maintained in good condition and it would be an extreme hardship to be required to cut an additional stairway through the building where the occupancy is so small and it is therefore requested that the Board accept the present exits as adequate; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. App. 793/53, Objection No. 3 and that the appeal be and it hereby is granted, to permit the continuation of the existing means of exit as proposed and as indicated on plans filed with this appeal marked "Received February 17, 1954" (4 sheets) and "March 16, 1956" (one sheet) until the effective date of the recent amendment to the Labor Law under which the existing exits will presumably be approved; that the applicant shall resubmit to the Department of Buildings for its decision after amended law becomes effective and if not approved, the appeal may be reopened and re-

MINUTES

considered in the event that the Labor Law amendments do not cover the question involved.

155-55-A

APPLICANT—Stanley H. Klein, for Gotham Enterprises, Inc., owner.

SUBJECT—Application February 25, 1955—Appeal from a decision of the borough superintendent—re egress.

PREMISES AFFECTED—45-10 83rd avenue, west side, 3:95 ft. south of 45th avenue, Block 1536, Lot 215, Elmhurst, Borough of Queens.

APPEARANCES—

For Applicant: Stanley H. Klein.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated February 15, 1955 on Alt. App. 297/54 reads:

"1. Provide two means of egress as per Sec. 270 Labor Law."

and

WHEREAS, the applicant states the building is one and two stories, 16 and 26 ft. in height, 180.66 ft. by 120 ft. irregular in area, of class 3 construction, erected in 1917, in an unrestricted use, B area, class one height district and used and occupied since 1952—1st floor—factory, 125 persons; 2nd floor—offices, 4 persons; the building is provided with one 3 ft. 6 in. wide, one 3 ft. 8 in. wide and one 3 ft. wide interior steel stairs, two of which are enclosed in cinder blocks partitions equipped with fireproof self-closing doors and one stairway is open; none of these stairs lead to roof, two are provided with ladder and scuttle to roof; two stairs lead to street and one does not; and

WHEREAS, Certificate of Occupancy No. Q80147 was issued March 6, 1952 against Alt. App. 1066/51 describing the building as a one story non-fireproof commercial building and permitting its use and occupancy as follows: 1st floor—on ground, factory, shipping office and sidewalk loading platform, 130 persons; 2nd floor—office, 4 persons; and

WHEREAS, violation No. 4045/53 was issued by the Borough Superintendent September 16, 1953, for occupying the premises contrary to certificate of occupancy divided into three separate factories with inadequate exits; and

WHEREAS, the owner was convicted and fined in Municipal Term, Magistrates' Court March 18, 1954 on a charge of violating the Administrative Code; and

WHEREAS, the applicant states that the building was originally erected in 1917; that under Alt. 1066/1951 the building was changed from ice manufacturing to a factory consisting of three different factories and offices which is the same as the present use; and

WHEREAS, the applicant states that the purpose of this appeal is to clear Violation No. 4045/53; and

WHEREAS, the applicant contends that when the alteration was originally approved in 1951 there were two exits from the large factory portion in central building, one of which went through an adjoining occupancy and the other consisted of a pass through door in the driveway overhead door; that at this point there is an additional exit alongside the driveway consisting of an in-swinging door opening on the fire passage for the second floor and leading directly to the street; that the violation was caused by the locking of the door leading to the adjoining occupancy; and

WHEREAS, the applicant requests that the Board approve a new additional means of egress from the central area of the building in addition to the previously approved and existing 3 ft. by 7 ft. pass through door in the driveway entrance door; and

WHEREAS, the applicant contends that the new proposed factory exit will be reached by a short flight of concrete steps leading to the sideyard through which there will be access to the factory building on the north side; these premises are completely separated from the adjoining building

by an unpierced masonry wall; that clear aisles will be maintained from the entrance door to the street; and

WHEREAS, the applicant states that the central building will no longer be used as a factory but will be used as a warehouse with no more than five employees at any time; that the previously approved exit door between the central warehouse area and the adjoining space marked "shipping" is now occupied by two different tenants and this door must be locked, it is therefore requested that this appeal be granted as the space required for a fire passage to meet the requirements of the Borough Superintendent can only be taken out of this driveway, which would cause loss of the driveway nullifying the use of this space and impose considerable difficulty and unnecessary hardship on the owner by rendering the central portion of the building almost worthless; and

WHEREAS, the applicant further contends that the proposed new exit is superior to the previously approved exit as it will take any occupant outside of the central area and give them access to the street through a portion of the building separated from the adjoining building.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. App. 297/54, Objection No. One and that the appeal be and it hereby is *granted*, to permit the blocking up of the door as proposed between the shipping room and the warehouse portion as shown on plans filed with this appeal marked "Received May 3, 1956" (4 sheets) and to construct, with steps, an additional door to the side yard from which exit can be obtained through the space in the building to the street and to facilitate such exit the present store room shall have a door swinging in the direction of exit and the partition removed; and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

156-55-A

APPLICANT—Sidney Daub, for Norberg Realty Co., Inc., owner.

SUBJECT—Application February 25, 1955—Appeal from a decision of the borough superintendent—re egress.

PREMISES AFFECTED—54 East 11th street, south side, 180 ft. 11 in. east of University place, Block 562, Lot 11, Borough of Manhattan.

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated February 24, 1955 on BN App. 3905/54 reads:

"2. Revised. Provide two legal means of egress from the cellar, enclosed and leading directly to the street as required by Sect. 271 of the Labor Law."

and

WHEREAS, the applicant states the building is 11 stories, 145 ft. in height, 25 ft. by 94 ft. 5 in. in area, at first floor; 25 ft. by 89 ft. in area at typical floor, of fireproof construction, erected 1900, located in a residence use, B area, class 2 height district and used and occupied since 1900: cellar—storage of cloth and boiler room, 2 persons; 1st floor—salesroom of textiles, 5 persons; 2nd floor—manufacturing toothpowder, 5 persons; 3rd floor—manufacturing stuffed toys, 10 persons; 4th floor—manufacturing pocket books, 10 persons; 5th floor—manufacturing wood cabinets, 5 persons; 6th floor—manufacturing eyeglass metal frames, 10 persons; 7th floor—printing, 5 persons; 8th floor—printing on ribbon, 5 persons; 9th floor—manufacturing sportswear, 30 persons; 10 floor—manufacturing ladies hats, 15 persons; 11th floor—manufacturing ladies hats; 5 persons;

MINUTES

no change in use or occupancy is now proposed; the building is equipped with an approved standpipe system and an approved one-source sprinkler system throughout, an approved interior fire alarm system; there is one 3 ft. wide fireproof stairs, fireproof enclosed, equipped with fireproof self-closing doors, and provided with ladder and scuttle to roof and one exterior stairs at the rear with egress from its lower termination at second floor level to fireproof passage, window and door openings on the course of the exterior stairs are fireproof self-closing; and

WHEREAS, violation No. 6338 was issued October 6, 1954 in that all floors are not provided with a legal second means of egress to the street as required by the Labor Law as fire escapes are not considered as a legal exit under Sec. 271 of the Labor Law as amended July 1, 1947 on buildings more than five stories in height; interior stairways is not fully enclosed on all floors in fireproof partitions, there being open grille work separating stairway and elevator shaft; steps to fire escape on 11th floor are defective; and

WHEREAS, the applicant states that exits from the cellar consist of a 3 ft. wide wood enclosed steel stairway at the east side extending to the first floor; that it is proposed to provide a fireproof enclosure for this stairway at the cellar and first floor and a direct connection to the public hall stairway thereby providing a direct exit to the street; that at the front of the cellar there is a pair of hatchway doors at the side walk with double rung 70° ladder leading up to same; that it is proposed to replace the large hatchway doors with 2 ft. by 3 ft. hinged metal trap door to be equipped with an spring actuated slip bolt arranged with pull chain within 4 ft. of the cellar floor and no locking device will be provided on either side of the door; that heating coils will be provided on the inside frame of the door to prevent freezing of the door; that there will be no manufacturing in the cellar or on the first story; that the building is provided with a one-source automatic sprinkler system supplied by a 10,000 gallon wood gravity tank on the roof and contains a 4 in. standpipe supplied by a 5,000 gallon wood gravity tank consisting of house and standpipe supply located above the roof with 3,500 gallon reserve for standpipe use; that there is also an automatic approved fire alarm signal system within the building; and

WHEREAS, the applicant requests the Board to accept the cellar exit with the proposed improvements as there will be no manufacturing in the cellar or on the first floor and as the building is small in area and of fireproof construction.

Resolved, that the Board of Standards and Appeals does hereby make a variation in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on BN App. 3905/54, Objection No. 2 and that the appeal be and it hereby is granted, to permit the exits from the cellar as proposed and as indicated on plans filed with this appeal marked "Received February 25, 1955" (7 sheets) on condition that there shall be no manufacturing in the cellar and that after the effective date of the recent amendment to the Labor Law, namely January 1, 1957, the owner shall resubmit this to the Department of Buildings as to compliance of exits from the cellar in accordance with such amendment.

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated January 27, 1956 on Alt. App. 309/55 reads:

"1. Frame building must be 3 ft. 0 in. minimum from lot line as per Sect 4.1.3 (1b) of the Building Code."

and

WHEREAS, the applicant states the building is 3 stories, 18 ft. 2½ in. front by 40 ft. 2½ in. in depth, of class 4 con-

MINUTES

struction, erected 1925, on a lot 28 ft. front by 100 ft. in depth, now in a residence use, E-1 area, class one height district and used and occupied: cellar—storage, 1st floor—dwelling, 2nd floor—dwelling for which no certificate of occupancy has been issued; and

WHEREAS, the applicant states that the purpose of this appeal is to obtain a variance of the provisions of Section C26-248.0 (1) (b) of the Administrative Code; and

WHEREAS, the applicant states that it is proposed to change the use of the building from one to two families by installing a new kitchen at the rear of the second floor, a new bathroom at the front of the first floor and new stairs from first floor to grade at the right side of the building for the new entrance to the second floor apartment; and

WHEREAS, the applicant contends that the building has a 2 ft. 4½ in. side yard on the north side and a 7 ft. 5 in. side yard on the south side; that the adjoining building on the north has a 7 ft. 5 in. side yard facing the building in question so that there is clear space of 9 ft. 9½ in. between buildings; that the building is faced with brick veneer at the first floor and with asphalt siding and shingles above; and

WHEREAS, the applicant contends that the present owners purchased the building and converted the second floor into an apartment and then attempted to obtain a Certificate of Occupancy when they learned they were 7½ in. short of the required 3 ft. wide side yard for frame buildings; and

WHEREAS, the applicant requests that the Board permit the conversion to a two-family dwelling with less than the required 3 ft. side yard; and

WHEREAS, the applicant contends that 75% of the dwellings in this area are now two-family dwellings all on similar sized plots.

Resolved, that the decision of the Borough Superintendent, dated January 27, 1956, acting on Alt. App. 309/55, Objection No. 1 be and it hereby is *modified* and that the appeal be and it hereby is *granted on condition* that the minimum width of side court from the lot line to the building shall not be less than 2 ft. 4½ in. as proposed with side yard of the adjoining house approximately 7 ft. 5 in. as indicated on plans filed with this appeal marked "Received May 21, 1956" (one sheet) and that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on October 11, 1955, by adding thereto:

"that the fences hereinbefore required may be metal fences of the construction and material indicated on revised plan marked "Received May 3, 1956", (1 sheet), provided that in all other respects the resolution above cited shall be complied with." (Alt. 1034/54)

Remaining Minutes of the Meeting of May 22, 1956, will appear in the issue of June 5, 1956.

MINUTES

SPECIAL MEETING

FRIDAY MORNING, MAY 25, 1956, 10:30 A.M.

Present: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly.

1-38-SR—Vol. II

SUBJECT—Proposed Amendments to the Rules for Arc and Gas Welding and Oxygen Cutting, Covering the Specifications for Design, Fabrication and Inspection of Arc and Gas Welded Structures and the Qualifications of Welders and Supervisors.

ACTION OF BOARD—Rules amended as last published in the Bulletin of April 24, 1956, only as to amendments to Rules 5.4.1 and 5.4.2 and no others. Other rules as to which amendments were proposed which have not yet been amended, are reprinted as previously adopted.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Keating and Deputy Chief Connolly 3
Negative: Commissioner Kleinert 1

Adjourned: 11:50 A.M.

JOSEPH J. DOYLE, Chief Clerk.

*CORRECTION

The Minutes of the meeting of the Board of Standards and Appeals held on May 8, 1956 and May 14, 1956, as they appeared in Bulletin No.20, Vol. 41, are hereby corrected to read as follows:

353-56-GR—Resolution A.

SUBJECT—General Resolution relating to Temporary Approval of Gas Ranges.

APPEARANCES—

Samuel L. Becker, Department of Buildings.

ACTION OF BOARD—General Resolution Adopted.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, subdivision 5 of Section 64 of the Multiple Dwelling Law, as amended by Chapter 682 of the Laws of 1955, effective May 1, 1955, reads:

"5. All appliances in use after June thirtieth, nineteen hundred fifty-five shall conform to the provisions of subdivision three and four of this section except that appliances now in use shall conform to such provisions not later than June thirtieth, nineteen hundred fifty six." and

WHEREAS, the Multiple Dwelling Law Committee of the Legislature is giving further study to the problem of gas stoves with a view of considering amendments.

Resolved, that the Board of Standards and Appeals of the City of New York hereby grants temporary approval for such existing installed gas ranges, having an automatic pilot light as bear the approval label of the American Gas Association.

WHEREAS, at a special meeting called by the Chairman on May 14, 1956, at 10 A.M., notice of which was waived by the members of the Board, the above resolution adopted by the Board on May 8, 1956, was amended to read as follows:

APPEARANCES—

Samuel L. Becker, Department of Buildings.

ACTION OF BOARD—General resolution reopened and amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on May 8, 1956, so that as amended it shall read:

"WHEREAS, subdivision 5 of Section 64 of the Multiple Dwelling Law, as amended by Chapter 682 of the Laws of 1955, effective May 1, 1955, reads:

'5. All appliances in use after June thirtieth, nineteen hundred fifty-five shall conform to the provisions of subdivision three and four of this section except that appliances now in use shall conform to such provisions not later than June thirtieth, nineteen hundred fifty-six.' and

WHEREAS, the Multiple Dwelling Law committee of the legislature is giving further study to the problem of gas stoves with a view of considering amendments.

Resolved, that the Board of Standards and Appeals of the City of New York hereby grants temporary approval for such existing installed gas ranges as bear the approval of the American Gas Association."

Negative 0

THE RESOLUTION—

WHEREAS, subdivision 3 of Section 64 of the Multiple Dwelling Law, as amended by Chapter 682 of the laws of 1955, effective May 1, 1955, reads:

"3 It shall be unlawful to place, use, or to maintain in a condition intended, arranged or designed for use, any gas-fired cooking appliance, laundry stove, heating stove, range or water heater or combination of such appliances in any room or space used for living or sleeping in any new or existing multiple dwelling unless such room or space has a window opening to the outer air or such gas appliance is vented to the outer air. All automatically controlled gas appliances shall be equipped with a device which shall shut off automatically the gas supply when the pilot light or other constantly burning flame in such appliance is extinguished. All gas appliances shall be connected directly to the gas supply by means of rigid piping or other approved connectors or connections of incombustible materials. All appliances and devices shall be approved by the local board of standards and appeals." and

WHEREAS, the Multiple Dwelling Law Committee of the Legislature is giving further study to the problem of gas stoves with a view of considering amendments.

Resolved, that the Board of Standards and Appeals of the City of New York grants temporary approval of those domestic gas ranges, having an automatic pilot light as bear the approval label of the American Gas Association.

WHEREAS, at a special meeting called by the Chairman on May 14, 1956, at 10 A.M., notice of which was waived by the members of the Board, the above resolution, adopted by the Board on May 8, 1956, was amended to read as follows:

The Minutes of the meeting of the Board of Standards and Appeals held on May 1, 1956, as they appeared in Bulletin No. 19, Vol. 41, are hereby corrected to read as follows:

846-26-BZ—Vol. II

APPLICANT—Joseph Schafran, for Grace Battaglino and Angela Mondello, owners.

SUBJECT—Application reopened May 24, 1955 as Vol. II —re (decision of the borough superintendent) under sections 7f and 7i of the zoning resolution, to permit in a business use district, the extension of existing gasoline service station and the relocation of gasoline pumps, and to include lubitorium and motor vehicle repairs.

PREMISES AFFECTED—3156 Boston road, southwest corner of Burke avenue, Block 4579, Lot 35, Borough of The Bronx.

APPEARANCES—

For Applicant: Joseph Schafran.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on May 24, 1955 subject to regular procedure, to consider extension of area; and

WHEREAS, a public hearing was held on this application on March 20, 1956 after due notice by publication in the Bulletin; laid over to May 1, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Boston road are in a business use, C area, class 1 height district; Burke avenue is in local retail and business use, C area, class 1 height districts; Lurting avenue is in business, local retail and residence use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated January 23, 1956 acting on Alt. Applic. 251-55, reads:

"1. Extension of brick building for gasoline service station and minor repairs with hand tools only in a business use district is contrary to Art. II Sect. 4 of the Z.R. & Bd. of S. & A. Cal. #846-26-BZ.

2. Relocation of gas pumps is contrary to Bd. of S. & A. Cal. #846-26-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 77.95 ft. frontage by 50.78 ft. in depth, irregular, on which is presently located a one story brick structure 17 ft. 4 in. by 16 ft. 8 in. in area, used as an office and stock room in conjunction with a gasoline and oil selling station, with lubrication and repair work done in the open; that it is proposed to extend the existing building to the property lines of Burke and Lurting avenues in order to provide cover for the lubrication and repair work and to remove same from public view; that it is also proposed to remove the peaked roof from the present structure and by suppressing the height of the building make said structure and the new extension conform to modern practices of design in architecture; and

WHEREAS, the applicant states that the premises consist of a triangle of land fronting 77.95 ft. on the west side of Boston road, 50.78 ft. on the south side of Burke avenue and located in a business use district, C area and 1 times height, district; and

WHEREAS, the applicant contends that the enclosure of the working areas of the station will enable the owners to provide proper service to their customers and the public in all sorts of weather and in all seasons of the year; and

WHEREAS, the applicant states that the present owner has held title to the property since September 30, 1952; that the assessed valuation of land is \$10,000 and of the building \$4,500 making a total of \$14,500; that the building was erected June 28, 1927; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on January 18, 1927, as thereafter amended by resolution approving plans, adopted March 15, 1927, by adding thereto:

"that in the event the owner desires to construct an extension to the existing accessory building, substantially as proposed, and as indicated on plans filed with this application marked, "Received April 29, 1955" (3 sheets) such extension may be permitted *on condition* that the building in all other respects shall comply with all laws, rules and regulations applicable thereto; that there may be a new curb cut to Burke Avenue not over 25 ft. in width, where shown; that the building extension now proposed shall be used for the purposes proposed as a lubitorium in connection with the gasoline service station; *that the northerly twin pumps may be relocated as shown, provided they are so relocated as to be approximately ten (10) feet from the building line*; that such portable fire fighting appliances shall be maintained as the Fire Commissioner shall direct; and that all permits shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution."

*Correction—Reference to the relocation of the pumps, inserted in the resolution as indicated in italics.

751-39-BZ—Vol. II

APPLICANT—Henry C. Brockman, for Gulf Oil Corporation, owner.

SUBJECT—Application March 29, 1955 (decision of the borough superintendent), under sections 7c and 7i of the zoning resolution, to permit in a business and unrestricted use district the addition of motor vehicle repairs and the parking of motor vehicles awaiting service to existing gasoline service station, lubritorium, auto laundry and office (previously granted by the Board, extension of gasoline station into business use portion of plot.)

PREMISES AFFECTED—925 Hunts Point avenue, south side, from Southern boulevard to Bruckner boulevard, Block 2735, Lot 20, Borough of The Bronx.

APPEARANCES—

For Applicant: Joseph B. Lynch.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on April 19, 1955 subject to regular procedure, to consider additional use; and

WHEREAS, a public hearing was held on this application on June 14, 1955 after due notice of publication in the bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the side and Hunts Point avenue are in business and unrestricted use, B area, class 1½ height districts; Southern boulevard is in a business use, B area, class 1½ height district; Bruckner boulevard is in an unrestricted use, B area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated March 16, 1955 acting on Alt. Applic. 206-55, reads:

"1. The erection and maintainance of a gasoline service station, lubritorium, auto laundry (non automatic), minor auto repair shop with hand tools only and the parking of motor vehicles awaiting service partly in a business use district and partly in an unrestricted use district is contrary to Art. 2 Sec. 4A (15) (29) (46) of the Zoning Resolution. The additional uses of minor auto repairing with hand tools only and the parking of motor vehicles awaiting service is contrary to resolution Bd. of S&A, Cal. #751-39-BZ, which only permitted a gasoline service station, lubritorium and auto laundry."

and

WHEREAS, the applicant states that the premises consist of a plot, 205.16 ft. and 62.09 ft. frontage by 106.8 ft. in depth, on which is located a gasoline service station for which certificate of occupancy No. 2182-41 has been filed; that it is proposed to add the use of motor vehicle repairs and the parking of motor vehicles awaiting service; and

WHEREAS, the applicant further states that the rear of the plot is 200 ft. wide; that on July 25, 1916 Southern boulevard was zoned business use for a depth of 100 ft. and Bruckner boulevard was zoned unrestricted use for a depth of 100 ft. and therefore the subject plot is located one-half in the business use district and one-half as a conforming use; that in 1916 the class height was 1½, B area, and there have been no zoning changes since that time; that the site does not contravene sections 21A and 7A of the zoning resolution; that proposed and existing conditions are shown on one plan filed with this application inasmuch as same has no cost and no work is contemplated; that the present owner purchased this gas station on November 10, 1938; that the station has been in continuous operation and annual permits have been

obtained from the fire department; that the present station as permitted by the Board under Cal. No. 751-39-BZ was erected under N.B. Applic. 446-39 and certificate of occupancy 2182 was issued March 31, 1941; that fire department permit No. 234696 is now in force and this permit expires in May, 1955; and

WHEREAS, the applicant states that the present owner has held title to the property since November 10, 1938; that the assessed valuation of land is \$92,000 and of the building \$13,000 making a total of \$105,000; that the building was erected in 1940; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does hereby amend the resolution adopted on October 10, 1939 by adding thereto:

"that there may also be parking *and storage* of motor vehicles and minor repairing with hand tools only, within the accessory building; as proposed and as shown on revised plans filed with this application, Volume II, marked 'Received, March 29, 1955' (3 sheets) and 'June 3, 1955' (one sheet), *on condition* that in all other respects the resolution above cited shall be complied with; and that all permits shall be obtained and all work completed within six months from the date of this resolution, and a revised Certificate of Occupancy shall be obtained."

* Correction—In reference to that portion of the resolution relating to the parking of motor vehicles, the words "*and storage*" inserted, as indicated in italics.

*CORRECTION

The minutes of the meeting of the Board of Standards and Appeals held on July 12, 1955, as they appeared in Bulletin No. 29, Vol. 40, are hereby corrected to read as follows:

917-54-BZ

APPLICANT—Lama, Proskauer and Prober, for Socony Vacuum Oil Co., Inc., owner.

SUBJECT—Application December 6, 1954—re (decision of the borough superintendent) under sections 7c, 7i and 7h of the zoning resolution, to permit in a residence and retail use district, the reconstruction of existing gasoline service station to include lubritorium, car wash, motor vehicle repairs and store and the parking and storage of motor vehicles with a curb cut partially in the residence use portion of plot.

PREMISES AFFECTED—2371-2379 Southern boulevard and 774-778 East 187th street, southwest corner, Block 3114, Lot 62, Borough of The Bronx.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 17, 1955, after due notice by publication in the Bulletin; and laid over to June 7, 1955, for inspection and decision; hearing closed; then to June 14, 1955, as to possible change in zoning from business to retail; then to July 12, 1955, for applicant to submit decision of the borough superintendent and for two publications in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Southern boulevard are in residence and retail use, B area and Class 1¼ height districts; East 187th street is in retail use, B area and Class 1¼ height districts; and

MINUTES

WHEREAS, the decision of the borough superintendent, dated December 3, 1954 and amended on July 7, 1955, acting on N.B. Applic. 921-54 reads:

"1. In a residence and retail use district the proposed Gasoline Service station, lubritorium, car washing, minor auto repairs, store, utility room, parking and storage of motor vehicles is contrary to Sections 3 and 4 of the Zoning Res.

2. The use of a curb cut located partly in a residence use district in conjunction with a gasoline service station is contrary to Sec. 3 of the Zon. Res."

and

WHEREAS, the applicant states the premises consist of a plot 126.49 ft. front by 95.20 ft. in depth, irregular, on which is located a gasoline service station consisting of five 550 gallon approved type buried gasoline tanks, four approved type gasoline pumps and four metal buildings one story in height used as follows:

Building A—10'-8" x 14'-8" used as office

" B—24'-0" x 26'-0" used as lubritorium and minor auto repairs

" C—Two 2-car garage

" D—Ten 1-car garages

that the Fire Department records show under Alt. #1508/22 a permit was issued to install two 550 gallon gasoline tanks on a plot 100 ft. by 120 ft.; that in 1925 Alt. #1508/22 was amended to add four 550 gallon gas tanks and Fire Dept. permit #118198 issued for four 550 gallon tanks on March 19, 1925; that under Alt. #2356/27 three 550 gallon tanks were added; that the Department of Housing and Buildings records show that in 1922 under Alt. #3342/22 permit was granted to erect a 1-story stucco building 14 ft. by 14 ft. and Certificate #2253 was issued on November 3, 1924 for use as gasoline service station; that in 1937 under N.B. 520/37 permit was granted to erect a one-story metal building 24 ft. by 26 ft. and Certificate of Occupancy #541/37 was issued on December 16, 1937 for use of Gasoline Station and Grease Pits on a plot having a frontage of 126.49 ft. on Southern boulevard and 95.70 ft. on East 187th street; and the existing metal garages were erected under N.B. 136/28 and Certificate of Occupancy #86/30 issued Jan. 23, 1930; and

WHEREAS, the applicant states the use district maps show the premises to be in Class B area district and a Class 1½ height district; that part of the premises within 100 ft. of East 187th street is in a *retail* use district and the balance in a residence use district; and that it is proposed to demolish all existing structures and rebuild the new legal existing gasoline service station; that the proposed accessory building will be one story, Class 3 construction with a frontage of 44 ft. and a depth of 27 ft. 8 in. and contain the conjunctive use to a gasoline station, lubritorium, minor auto repairs, car washing, store, men and women's toilets and a utility room; that it is also proposed to add five 550 gallon approved type gasoline tanks, making a total of ten tanks and to relocate the gasoline pumps to 15 ft. behind the building line, rearrange the curb cuts so as to have two 30 ft. wide cuts on East 187th street and two on Southern boulevard, one 30 ft. in width and one 33 ft. in width; that the entire plot will be concrete paved and a 5 ft. 6 in. high woven wire fence erected on that part of the southerly and westerly lot lines not adjoined by buildings; that the open portion of site will be used for parking and storage of motor vehicles; and

WHEREAS, the applicant contends Southern boulevard is a main auto lane and as such the proposal is entirely in keeping at this point as is proven by the continuous operation of the present service station since its inception in 1922; that the removal of present buildings and their replacement by a new modern building will improve the appearance of the entire community; that the setting of proposed building 10 ft. from the southerly lot line will provide more light and ventilation for the adjoining six-story apartment, than if set directly on the lot line, which would be permissible; and therefore in view of the foregoing and as the proposed rebuilt gasoline service station will render a more efficient

service to the community and as the public safety and general welfare will be improved, it is respectfully requested that this application be granted; and

WHEREAS, applicant states the present owner has held title to the property since January 17, 1932; that the assessed valuation of land is \$4,000, and of the buildings, \$8,000, making a total of \$12,000; and that the buildings were erected in 1922; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivisions c, i and h of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7c, to permit the reconstruction, rearrangement and extension of the lawfully existing gasoline station, substantially as proposed and indicated on plans filed with this application, marked "Received December 6, 1954," 5 sheets, *on condition* that all buildings and uses shall be removed from the premises and the premises arranged as indicated on such plans; that there shall be no cellar in the accessory building, which shall be faced with face brick and shall be in accordance with the requirements of the Building Code and arranged as shown, except that the toilet rooms shall not have contiguous doors; that pumps shall be of an approved low type, erected where shown, not nearer than 15 feet to a street building line; that entrances to the premises shall be limited to the four shown on such plans, each not over 30 feet in width with no part of any curb cut nearer than 5 feet to a lot as prolonged; that the number of gasoline storage tanks shall not exceed ten approved 550 gallon tanks; that the premises where not occupied by accessory building and pumps shall be paved with concrete or asphaltic pavement; that the sidewalk and curbing surrounding the site shall be restored or reconstructed to the satisfaction of the borough president; that there shall be erected on the southerly lot line a masonry wall not less than 5 ft. 6 in. in height; that along the westerly lot line from the building on adjoining lot 61 to the rear there shall be erected a similar wall; that such portable fire-fighting appliances shall be installed as the fire commissioner shall direct; that signs shall be restricted to a permanent sign attached to the accessory building, excluding all temporary signs and roof signs, but permitting the erection within the building line at the intersection of a post standard for supporting a sign, advertising only the brand of gasoline on sale, which sign may be illuminated and extend beyond the building line for a distance of not over 4 feet; that under section 7i there may be repairing of motor vehicles with hand tools only, maintained solely within the accessory building; and under section 7c, there may be parking of cars, provided such cars are so parked as not to interfere with the servicing of the station; and that all permits required shall be obtained and all work completed within the requirements of Section 22A of the zoning resolution.

* Correction—The use districts involved in this application corrected to read "residence and *retail*" in substitution of "residence and business."

*CORRECTION

The Minutes of the meeting of the Board of Standards and Appeals held on December 20, 1955, as they appeared in Bulletin No. 1, Vol. 41, are hereby corrected to read as follows:

917-54-BZ

APPLICANT—Lama, Proskauer and Prober, for Socony Vacuum Oil Co., Inc., owner.

SUBJECT—Application for consideration—reopening as to amendment as to rearrangement of accessory building and pumps—re Application (decision of the borough superintendent); previously granted on condition, under sections 7c, 7i and 7h of the zoning resolution, permitting in a resi-

MINUTES

dence and *retail* use district, the reconstruction of existing gasoline service station to include lubritorium, car wash, motor vehicle repairs and store and the parking and storage of motor vehicles with a curb cut partially in the residence use portion of plot.

PREMISES AFFECTED—2371-2379 Southern boulevard and 774-778 East 187th street, southwest corner, Block 3114, Lot 62, Borough of The Bronx.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Administration: Samuel L. Becker, Dep't of Housing and Buildings.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert, Commissioner Keating and Deputy Chief Con-
nolly 4

Negative 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on July 12, 1955, certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 12, 1955, by adding thereto:

"that the building may be changed in location along the westerly lot line 26 ft. north of the southerly lot line and the arrangement of pump islands may be rearranged as now proposed on revised drawings, marked "Received November 28, 1955", 1 sheet, *on condition* that in all other respects where not inconsistent with this amendment, the resolution above cited shall be complied with." (N.B. 921/54)

* Correction—The word "business" changed to "*retail*" as indicated in italics in the subject matter.

*CORRECTION

The Minutes of the meeting of the Board of Standards and Appeals held on February 21, 1956, as they appeared in Bulletin No. 19, Vol. 41, are hereby corrected to read as follows:

141-55-BZ

APPLICANT—Lama, Proskauer and Prober, for Willonia Amusement, Inc., owner.

SUBJECT—Application for consideration—reopening as to amendment as to change of use—re Application (decision

of the borough superintendent); previously granted on condition, under section 7c of the zoning resolution, permitting in a residence and business use district, the change in occupancy from motion picture theatre (previously granted by the Board under Cal. No. 937-19-BZ), to dress manufacturing offices and storage on 1st floor and offices on 2nd floor.

PREMISES AFFECTED—530-540 Livonia avenue and 481-495 Williams avenue, Southeast corner, Block 3819, Lot 17, Borough of Brooklyn.

APPEARANCES—

For Applicant: James Vassalotti.

For Administration: Samuel L. Becker, Dep't. of Buildings.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Klei-
ert and Commissioner Keating 3

Negative: 0

Absent: Deputy Chief Connors 1

THE RESOLUTION—

WHEREAS, this application was granted by the Board on July 19, 1955 certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on July 19, 1955, by adding thereto:

"that in the event the owner desires to change the occupancy of this building from that permitted as a factory to storage of scenery used in connection with Television shows, as acted on by the Borough Superintendent under Alt. App 4700/54, dated January 23, 1956, and as shown on revised plans marked "Received January 31, 1956", (2 sheets), such change may be permitted, *on condition* that all wood used on the premises shall be fireproofed in accordance with requirements therefor and all paint used shall be the waterpaint type only and all cloth used shall be flameproofed to the satisfaction of the fire commissioner; that in all other respects the requirements of the resolution above cited shall be complied with and such fire-fighting equipment shall be maintained as the Fire Commissioner shall direct; *that the use may be as proposed, namely, boiler room, manufacturing and storage of scenery, loading and unloading, with the second floor to remain vacant—that no use other than herein permitted, shall be substituted.*"

* Correction—Resolution corrected as indicated in italics and inserted at the end of the resolution.

RULES

RULES FOR ARC AND GAS WELDING AND OXYGEN CUTTING, COVERING THE SPECIFICATIONS FOR DESIGN, FABRICATION AND INSPECTION OF ARC AND GAS WELDED STRUCTURES AND THE QUALIFICATIONS OF WELDERS AND SUPERVISORS

(CAL. NO. 1-38-SR—VOL. II)

ADOPTED BY THE BOARD OF STANDARDS AND APPEALS FEBRUARY 25, 1938.

EFFECTIVE MARCH 21, 1938. AMENDED MAY 17, 1940, EFFECTIVE JUNE 10, 1940; SEPTEMBER 17, 1954, EFFECTIVE OCTOBER 18, 1954 AND MAY 25, 1956, EFFECTIVE JUNE 25, 1956.

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, paragraph 2, of the Charter

of the City of New York and C26-514.0 of the Administrative Code (8.6.2.2).

Rule 1. Application for Permits.

1.2 The commencement of any structural welding work is forbidden until an application for a permit to perform such work is filed with and approved by the Borough Superintendent. The Borough Superintendent shall be notified in writing at least 48 hours

RULES

prior to the date when the structural welding work is to commence.

Rule 5. Qualification Test for Welders.

5.4 QUALIFICATION REQUIREMENTS

5.4.1—For qualification to make groove welds in material up to and including $\frac{3}{4}$ inch thick, the welder shall be required to make a test weld in material $\frac{3}{8}$ inch thick as shown in Figure 1(a). (Figure 1(b) may be used for oxyacetylene welding). A welder who has been qualified to make groove welds in all positions (horizontal, vertical and overhead) under this Rule 5.4.1. shall also be qualified to make fillet welds in all positions without further qualification tests. All primary stressed joints of any type shall be welded by welders who have been qualified under this Rule 5.4.1.

Fig. 1(a)—Butt Joint for Plate $\frac{3}{8}$ In. Thick.

Fig. 1(b)—Alternate Butt Joint for Plate $\frac{3}{8}$ In. Thick (May be Used for the Oxyacetylene Process Only)

For qualification to make groove welds in material over $\frac{3}{4}$ inch thick, the welder shall be required to make a test weld in material 1 inch thick as shown in Figure 2(a). (Fig. 2(b) may be used for oxyacetylene welding.)

Fig. 2(a)—Butt Joint for Plate 1 in. Thick.

Fig. 2(b)—Alternate Butt Joint for Plate 1 In. Thick (May be Used for the Oxyacetylene Process Only)

If a test weld is made in the one inch thickness, no test need be made in the $\frac{3}{8}$ inch thickness. The prescribed test weld shall be made in the horizontal, vertical and overhead positions by all welders except those welders who are to be permitted to make groove welds only in the flat position in the shop; such welders shall be required to make a test weld in the flat position only.

5.4.2—For qualification to make fillet welds, a test weld as shown in Figure 3 shall be made in the vertical and overhead positions by each welder except those welders who are to be permitted to make fillet welds only in the flat and horizontal positions in the shop; such welders shall be required to make a test weld in the horizontal position only. A welder who has been qualified under this Rule 5.4.2. shall be qualified to make fillet welds only.

Fig. 3—Test Weld for Soundness Tests.

Rule 9. Supervision and Inspection.

9.1 Any welding to be done on a structure or any part thereof shall be performed under the supervision of a representative of a standard testing agency or an inspection agency responsible to the owner or licensed architect or licensed engineer. Such agency shall be acceptable to the Borough Superintendent.

Rule 11. Metal Chimneys, Tanks, Stairs and Fire-Escapes.

11.1 Stairs and fire-escapes shall be considered as light structural steel and where shop welded, shall have attached thereto a tag or label, affixed by the standard Testing Agency, to the effect that these Rules have been complied with.

RULES

PROPOSED AMENDMENTS TO THE RULES FOR ERECTION, ALTERATION, REPAIR, EXCAVATION FOR AND DEMOLITION OF BUILDINGS

Adopted by The Board of Standards and Appeals,
October 26, 1943, Effective December 13, 1943.
Amended Oct. 14, 1955, Effective Nov. 10, 1955.
(Cal. No. 784-41-SR)

NOTICE IS HEREBY GIVEN that a Meeting for decision only (hearing closed) will be held by the Board of Standards and Appeals on Friday, June 1, 1956, at 2 P.M. in Room 1013 Municipal Building, Manhattan, on the following Proposed Amendments to the Rules for Erection, Alteration, Repair, Excavation for and Demolition of Buildings.

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, (3) and (4) of The New York City Charter; Sections C26-189.0, C26-191.0, C26-504.0(a), and C26-689.0 of the Administrative Code.

Proposed Amendments:

It is proposed to amend the Rules above cited by substituting a new Rule 7.8.1 for the present Rule 7.8.1. The present Rule 7.8.1 was based on the wording of a proposed Local Law, Introductory 439, introduced July 12, 1955 and still pending. The wording of Rule 7.8.1 herein submitted for public hearing follows the wording of proposed Local Law Introductory 498, print 604, now pending in the Council.

Note: New matter in italics; old matter in brackets [] to be omitted.

[7.8.1. Design of Forms:

7.8.1.1. Forms shall conform to the shape, lines and dimensions as called for on the plans.

7.8.1.2 All form work supported by shores and used for the construction of walls, floors, beams and girders shall be designed by a Registered Architect or a Licensed Professional Engineer, who shall furnish the Borough Superintendent with a complete set of design drawings and, before concrete is poured, file an affidavit with the Borough Superintendent that the form work was built in accordance with such plans.

7.8.1.3 It shall be unlawful for anyone to pour concrete in any portion of such form work before such portion has been duly inspected and certified to the Borough Superintendent by the designing Architect or Engineer who designed the form work as required in Rule 7.8.1.2.

7.8.1.4 Forms shall be substantial and sufficiently tight to prevent leakage of mortar; and shall be properly braced or tied together so as to maintain position and shape and insure safety to workmen and passerby.

7.8.1.5 Temporary openings shall be provided where necessary, to facilitate cleaning and inspection immediately before depositing concrete.

7.8.1.6 Whenever in the opinion of the Borough Superintendent the scope of the work is of a minor nature and does not require strict compliance with these rules, he may waive the requirements hereof in an individual case under such conditions as he may prescribe or may require an alternate method.]

7.8.1 Design and Construction of Forms. *The design and construction of forms shall conform to the following requirements:*

7.8.1.1 *Forms shall conform to the shape, lines, and dimensions of the member as called for on the plans. Forms shall be substantial and sufficiently tight to prevent leakage of mortar; and shall be properly braced or tied together so as to maintain position and shape and insure safety to workmen and passerby. Temporary openings shall be provided where necessary to facilitate cleaning and inspection immediately before depositing concrete.*

7.8.1.2 *Where the height of the shores exceeds ten feet, adequate diagonal bracing shall be provided in both longitudinal and transverse directions. In addition, adequate diagonal braces shall be provided at the ends of the framework. Diagonal bracing shall extend from the top to bottom of shores.*

7.8.1.3. *The unbraced length of wood shores supporting forms shall not exceed fifty times the least dimension. Metal shores or frames shall be approved by the Board of Standards and Appeals and shall be installed in accordance with the approval of the board. Shores shall be adequately secured at the top and shall be properly wedged at top or bottom, if required.*

7.8.1.4 *Where shores rest upon the ground, adequate mud sills, or other bases, shall be provided to support the shores adequately.*

7.8.1.5 *Qualified workmen shall be detailed constantly during the placing of concrete to insure that there is no movement of shores, braces or other supports. The name of the foreman in charge of the formwork shall be posted in the field office of the contractor.*

7.8.1.6 *The individual, firm or corporation who does the concrete work shall be responsible for the adequate design and construction of all forms used in the construction of the building. Wherever the shore height exceeds fourteen feet, or the load on the forms exceeds one hundred fifty pounds per square foot, or power buggies are used, or two stage shores are used, the individual, firm or corporation who does the concrete work shall certify to the department that the form design has been checked and approved as adequate by a licensed professional engineer who has had at least five years of experience as a structural engineer, and that the forms have been constructed in conformance with the design which was checked and approved by the said engineer.*

RULES

PROPOSED AMENDMENTS TO THE RULES RELATIVE TO SUBMERGED INLETS AND PROTECTIVE METHODS TO BE APPLIED TO PREVENT CONTAMINATION OF WATER SUPPLY

Adopted by the Board of Standards and Appeals February 3, 1939, effective in accordance with Section 666,

Paragraph 2, of the New York City Charter, February 27, 1939, as amended December 4, 1942, effective Decem-

RULES

ber 28, 1942, as amended September 10, 1946, effective October 7, 1946 and as amended on February 10, 1948, effective March 8, 1948.

(Cal. No. 835-38-SR)

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, paragraph 2 of the New York City Charter pertaining to Sections C-26-1268.0,c,4 and C26-1277.0h. of the Administrative Building Code.

NOTICE IS HEREBY GIVEN that a Meeting for decision only (hearing closed) will be held by the Board of Standards and Appeals on Friday, June 1, 1956 at 2 P.M. in Room 1013 Municipal Building, Manhattan, on the following Proposed Amendments to the Rules Relative to Submerged Inlets and Protective Methods to be Applied to Prevent Contamination of Water Supply, as recommended by the Commissioners of the Department of Health and the Department of Water Supply, Gas and Electricity.

Note: It is proposed to amend Rule 1 as indicated. New matter appears in *Italics*; old matter to be deleted appears in brackets [].

Rule 1. Vacuum Breakers.

All vacuum breakers prescribed under these rules shall be set at least four inches above the flood level rim of fixtures or as otherwise specifically provided for in these rules. Each fixture with submerged inlets shall be independently controlled by an approved vacuum breaker or breakers the full size of supply pipe, as set forth in these rules. All hose coupling outlets and serrated tip outlets for hose connections are deemed to be submerged inlets, and shall be independently protected with an approved vacuum breaker. *Drain cocks for hot water and steam boilers and hose connections on fire fighting equipment are excepted. Every underground lawn and/or garden watering system shall be protected by an approved vacuum breaker placed at least 12 inches above the highest elevation of the sprinkling and/or spraying discharge point.*

Rule 2. Submerged Inlets.

Water supply inlets to fixtures shall be located at least one inch above the flood level rim of the fixture, except when submerged inlets are absolutely essential for the proper functioning of a fixture, or as otherwise provided for in these rules.

Water supply lines to water preheating apparatus utilizing waste water shall be equipped with an approved vacuum breaker located at least four feet above the highest elevation of the preheating apparatus or coil with a check valve between the vacuum breaker and the preheating apparatus. Any hot water boiler supplied through such preheating device and having an independent cold water supply line shall have the cold water supply line equipped with a vacuum breaker and check valve located at least four inches above the highest elevation of the boiler.

Rule 3. Flush-Valve Fixtures.

Flush-valve controlled fixtures, with submerged inlets supplied directly or indirectly from the City Water Supply System, shall be equipped with an approved vacuum breaker in the supply line not less than four inches above the flood level rim of the fixture.

Rule 4. Ballcocks.

All flush tanks operated by ballcocks shall have an approved vacuum breaker located not less than three-quarter inch above the overflow outlet of the flush tank.

Ballcocks controlling water supply to suction, roof or other intermediate tanks shall be located at least one inch above the flood level rim of the tank excepting that in roof tanks equipped with an overflow of a size at least one commercial diameter larger than the water supply pipe, the ballcock may be located two inches above the highest elevation of the overflow pipe. The overflow and emptying pipes of roof, suction and intermediate tanks shall not be directly connected to a drainage system, notwithstanding the permissive provisions of Section C26-1273.0,d of the Administrative Building Code for connection to a leader.

Rule 5. Sterilizers.

Direct water supply connections to all sterilizers are prohibited, except such equipment as is approved by the Board. When approved sterilizers are used, the waste piping from sterilizers shall not connect directly with any drainage system.

Rule 6. Aspirators—Water Siphons.

Direct water supply connections to aspirators, water siphons or similar apparatus is prohibited except when approved by the Board. The waste pipe for this type of apparatus shall not connect directly with any drainage system.

Rule 7. Bidets—Bed Pan Washers.

Direct water supply connections to a bidet is prohibited. Water supply connection to bed pan washers or similar apparatus shall be equipped with an approved vacuum breaker and check valve, the latter located between the fixture and the vacuum breaker. Water supply to bed pan washers equipped with an approved flush valve shall be governed by Rule 3.

Bed pan washers may be equipped with steam connections only when such equipment has been approved by the Board.

Rule 8. Sump or Well Pumps.

Direct water supply connections for priming purposes to sump, well or similar type pumps when permitted by the Department of Water Supply, Gas and Electricity shall be connected to the inlet side of the pump and be equipped with an approved vacuum breaker and check valve, the check valve to be located between the pump and the vacuum breaker.

Rule 9. Condensers.

Direct water connections to refrigeration unit for cooling purposes shall be equipped with an approved check valve to prevent possible back flow of ammonia or other refrigerant from defective condenser coils or jackets, except in such installations where the water supply piping is entirely outside of the piping or tank containing the refrigerant and two independent wall thicknesses of metal separate the refrigerant from the city water supply. Refrigeration units containing more than twenty pounds of refrigerant shall be provided with an additional safeguard in the form of an approved relief valve installed at the outlet side of the check valve, such relief valve being set at five pounds above the maximum water pressure at the point of installation. Direct water connection is prohibited under Section C26-1223.0 Administrative Building Code.

Rule 10. Mortuary, Dissection, Operating and Embalming Tables or Equipment.

Mortuary, dissection, operating and embalming tables or equipment shall have no direct water supply connec-

Periodical Division
University of Illinois Library
Urbana, Ill.

tion. Hose used with such equipment shall terminate at least 12 inches at any point from the table or attachments.

Rule 11. Dishwashing and Laundry Machines

Direct water supply to dishwashing and laundry machines shall be equipped with an approved vacuum breaker and a check valve located between the vacuum breaker, and the fixture. The vacuum breaker shall be located at least 4" above the highest elevation of the machine.

Rule 12. Chemical Solution Tanks or Apparatus

Direct water supply connections, when permitted by the Department of Water Supply, Gas and Electricity, to any tank or apparatus containing any chemical shall be equipped with an approved vacuum breaker and a check valve located between the vacuum breaker and

the tank or apparatus. *All hose, piping or portable equipment when used for the application of chemicals or other solutions shall be equipped with an approved vacuum breaker.*

Rule 13. Steam Tables.

Steam tables used exclusively for the warming of food stuffs and provided with a water supply inlet elevation at least one inch above the overflow outlet, the area of which is at least four times that of the water supply piping, shall be equipped with an approved horizontal swing check valve in the water supply piping.

Where elevation of the water supply piping inlet is less than one inch above the overflow outlet, or when the area of the overflow outlet is less than four times that of water supply piping, the water supply piping shall be equipped with an approved vacuum breaker located at least four inches above the maximum overflow level of the fixture.

NOTICE

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication in this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board and of the further publication of the calendars in the daily press.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure

to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the building zone resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying proper owners, they may obtain such copies at the office of the Board of Standards and Appeals, Room 1014, Municipal Building, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

PETITION AND ORDER OF CERTIORARI SERVED ON THE BOARD OF STANDARDS AND APPEALS

Copy of Petition and Order of Certiorari was served on the Board
on May 28, 1956, by Regan & Barrett, attorneys for Park Avenue-
Fifty-Ninth Street Corp., owner, seeking a review of the Board's de-
termination on May 8, 1956, denying two appeals from decisions of
the Borough Superintendent, affecting Premises 487-495 Park Avenue,
100-108 East 59th Street, southeast corner, Borough of Manhattan—
Cal. No. 164-55-A—re Revocation of Permit issued under Alt. Appli-
cation 1642-52; and Cal. No. 816-55-A—re change in use.

PUBLIC HEARINGS

Tuesdays at 10 a.m. to 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

HOURS OF CONSULTATION 10 A.M. to 1 P.M.

Any person desiring to consult the chairman or the engi-
neers, pertaining to the work of the board, will be seen only
between the hours of ten in the morning and one in the
afternoon—Saturdays excepted.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellants and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman.*

Special Meeting, Monday Morning, June 4, 1956, Affect-
ing Calendar Numbers 835-38-SR and 784-41-SR.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to June 12, 1956, at 10 A.M. for complete examination by the Department of Buildings and filing of new decision; and for full vote of the Board.

855-52-A

APPLICANT—Benjamin Saltzman, Borough Superintendent.

OWNERS OF RECORD—Annie Tepperberg and Pauline Greenbaum.

SUBJECT—Application November 26, 1952—re Revocation of Certificate of Occupancy #113920.

PREMISES AFFECTED—332-334 Lexington avenue, south side, 100 ft. west of Marcy avenue, Block 1803, Lot 41, Borough of Brooklyn.

APPEARANCES—

For Applicant: None.

For Owner: Leonard F. Rothkrug.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted, revoking Certificate of Occupancy No. 113920.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the applicant states the building is 1, 2 and 3 stories and basement in height, of Class 3 and 4 construction, 42 ft. 10 and 2/7 in. front by 100 ft. in depth, erected in 1881, 1898, 1907, 1913, 1914 and a portion for which the date of erection is unknown; located on a lot 42 ft. 10-2/7 in. front by 100 ft. in depth, in a business use, B area, Class 1½ height district; used and occupied: cellar—ordinary use; 1st floor—woodworking shop with power tools, 2 persons; 2nd floor—paint shop and office, 1 person; and

WHEREAS, the applicant states that this application seeks to revoke Certificate of Occupancy #113920 which permits in the above premises a factory occupancy by ten persons on the grounds that it was improperly issued for the following reasons:

1. It was issued on Alt. App. 597/14 which did not call for factory use.

2. Exits in building do not comply with the Labor Law.

3. No inspection was made on the Certificate of Occupancy Application so that conditions at premises at time of issuance are not known. However, inspection made on September 12, 1952 revealed that a yard between this building and the rear of an illegally converted frame multiple dwelling on the same lot has been roofed over and openings created in both buildings, thus extending the use into the frame building. Violation #3997/52 has been placed for this illegal extension.

4. The inspection also reveals that the actual occupancy on the 1st floor is for woodworking with power saws which constitute a saw mill and is in violation of Art. II, Sect. 4 (a) subdiv. 31 of the Zoning Resolution. The Certificate of Occupancy calls for "Light Manufacturing (Store fixtures)."

5. Certificate of Occupancy calls for the use of the 2nd floor for "Office and Light Storage" with a permitted liveload of 60 lbs. per sq. ft. This liveload is inadequate for storage use. Information to establish

MINUTES

safe carrying capacity of existing floors is not available.

6. There is a mezzanine at the rear of the building which is not specified in the certificate.

7. The Certificate of Occupancy specifies Block 1802, Lot 42 which is in error as these premises are actually Block 1803, Lot 41. Accordingly, Certificate of Occupancy #113920 should be revoked.

and

WHEREAS, Zoning Violation #163/52 was issued September 19, 1952, for using power driven saws, planer and other wood cutting equipment which constitutes a saw and planing mill in a business district, in violation of Section 4a, 31 of the Zoning Resolution; and

WHEREAS, Violation #3997/52 was issued September 19, 1952, for erecting a masonry extension connecting the rear of the frame multiple dwelling with the brick extension at the rear, 1st floor, thereby extending the business use and without a plan and permit approved by this Department; the rear wall of the frame building and the wall of the rear brick extension at the rear, 1st story, have been removed.

Resolved, that the Board of Standards and Appeals does hereby *revoke* Certificate of Occupancy #113920.

942-54-BZ

APPLICANT—Mathew Manes, for Vanlib Realty Corp., owner.

SUBJECT—Application reopened April 24, 1956 and restored to docket in accordance with the order of the Court, previously denied—re (decision of the borough superintendent) under sections 7f and 7A of the zoning resolution, to permit in a business use district, for a term of fifteen years, the erection and maintenance of a gasoline service station, lubritorium, auto washing (non automatic), storage and sale of accessories and office, with a curb cut nearer the residence use district than is permitted.

PREMISES AFFECTED—144-21 Liberty avenue and 138-34 to 138-52 Lloyd road, northwest corner, Block 10020, Lot 114, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: Mathew Manes and Frederick L. Flynn.
For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to June 12, 1956, at 10 A.M. for inspection and decision; hearing closed; applicant to file additional plans, showing original conditions.

60-55-BZ

APPLICANT—Charles M. Spindler, for Morris Winick, owner.

SUBJECT—Application reopened March 6, 1956 and restored to docket—previously withdrawn—re (decision of the borough superintendent) under sections 7e, 7f, 7i and 7A of the zoning resolution, to permit in a residence and business use district, the erection and maintenance of a gasoline service station, lubritorium, auto wash, motor vehicle repairs, storage and sale of accessories and office, with a business entrance (curb cut), show windows and signs nearer the residence use district than is permitted, all for a term of fifteen years.

PREMISES AFFECTED—1111-1113 Bedford avenue and 312-324 Gates avenue, southeast corner, Block 1812, Lots 7 and 10, Borough of Brooklyn.

APPEARANCES—

For Applicant: Joseph C. Haus.

For Opposition: Stanley W. Berman and Thaddeus E. Owens.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to June 12, 1956, at 10 A.M. for decision; hearing closed.

232-55-BZ—Vol. II

PREMISES AFFECTED—232-15 Merrick boulevard, northwest corner of 233rd street, Block 12972, Lot 50, Laurelton, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to June 5, 1956, at 10 A.M. for further consideration and decision; hearing previously closed.

233-55-BZ—Vol. II

APPLICANT—Burke, Green and Groh, for Carmine L. Calabro, owner (owner under contract, Joseph Schneider).

SUBJECT—Application reopened February 21, 1956 as Vol. II—re (decision of the borough superintendent) under sections 7h, 7A and 7c of the zoning resolution, to permit in a retail and residence use district, the proposed parking lot for supermarket's patron use, with curb cuts less than 75 ft. from the residence use district.

PREMISES AFFECTED—133-25 233rd street, east side, 97.25 ft. north of Merrick boulevard, Block 12973, Lot 6 and 9, Laurelton, Borough of Queens.

APPEARANCES—

For Applicant: Robert T. Groh.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to June 5, 1956, at 10 A.M. for further consideration and decision; hearing previously closed.

279-55-BZ

APPLICANT—Herman Kron, for Angelina Peglia, owner.

SUBJECT—Application April 6, 1955—(decision of the borough superintendent) under sections 7e and 21 of the zoning resolution, to permit in a residence use district, the erection of a building to be used as automobile showroom, gas station, lubritorium, offices, auto laundry, minor repairs, parking of cars waiting to be serviced, without the required rear yard.

PREMISES AFFECTED—2027 Bruckner boulevard, north side, 190 ft. east of Pugsley avenue, Block 3797, Lot 74, Borough of The Bronx.

APPEARANCES—

For Applicant: Herman Kron.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to June 12, 1956, at 10 A.M. for inspection and decision; hearing closed.

423-55-BZ

APPLICANT—Lama, Proskauer and Prober, for Rose Epstein, owner.

SUBJECT—Application May 25, 1955—re (decision of the borough superintendent) under sections 7f and 7A of the zoning resolution, to permit in a business use district the erection and maintenance of a gasoline service station, high speed auto laundry, lubritorium, body and fender work, welding, incidental repairs, brake testing, wheel alignment, incidental painting and spraying, office and sales, parking of motor vehicles awaiting service with

MINUTES

entrances closer to the residence use district than permitted.

PREMISES AFFECTED—70-11 to 70-19 Northern boulevard, and 32-62 to 32-70 71st street, northwest corner, Block 1166, Lot 37, Woodside, Borough of Queens.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to June 12, 1956, at 10 A.M. for applicant to investigate further as to possibility of housing project in the area; hearing previously closed.

507-55-BZ

APPLICANT—William B. Lichtner, for H. and M. Morris, owners.

SUBJECT—Application June 20, 1955—(decision of the borough superintendent) under sections 7e and 21 of the zoning resolution, to permit in a residence and business use district, the erection of a building for the storage and sale of floor covering material.

PREMISES AFFECTED—36-19 Rockaway Beach boulevard, southwest corner of Beach 35th street, Block 315, Lots 13, 14, 15, 21, 30, 32 and 35, Edgemere, Borough of Queens.

APPEARANCES—

For Applicant: William B. Lichtner and Harry Morris.

For Opposition: Leonard A. Hershon, Jack Weisgal, Elsie Fleischner and Herman Rosenthal.

For Administration: Samuel L. Becker, Dep't of Buildings and John J. Saunders, Board of Education.

ACTION OF BOARD—Laid over to June 19, 1956, at 10 A.M. for inspection and decision; hearing closed.

583-55-BZ

APPLICANT—John F. Fitzsimons, for Emilio Longo, owner.

SUBJECT—Application July 15, 1955—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, the parking and storage of motor vehicles.

PREMISES AFFECTED—168-11 93rd avenue, north side, 90.98 ft. east of 168th place, Block 10211, Lots 77, 78 and 272, Jamaica, Borough of Queens.

APPEARANCES—

For Applicant: John F. Fitzsimons, Emilio Longo and Pete J. Rapone.

For Opposition: Arthur Lasker, Martin Klayman, Simon Bunning, Marie Warshaw, Millie Angello, Martin Blake, Angelo Sessa and Harry Richards.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to June 19, 1956, at 10 A.M. for inspection and decision; hearing closed.

674-55-BZ

APPLICANT—Lama, Proskauer and Prober, for May Goodfarb, owner (Polo Ground Motors, Inc., lessee).

SUBJECT—Application August 24, 1955—(decision of the borough superintendent) under sections 7f, 7i and 7A of the zoning resolution, to permit in a retail use district, the erection and maintenance of a gasoline service station, lubricatorium, minor auto repairs, car washing, storage room, office and sales, parking and storage of motor vehicles, with show windows, curb cuts and signs within 75 ft. of the residence use district.

PREMISES AFFECTED—1920-1924 Amsterdam avenue and 501 West 155th street, northwest corner, Block 2114, Lot 40, Borough of Manhattan.

APPEARANCES—

For Applicant: Alfred A. Lama, Louis J. Gradowitz and Raymond Gradowitz.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to June 19, 1956, at 10 A.M. for inspection and decision; hearing closed.

755-55-BZ

APPLICANT—Leonard F. Rothkrug, for 66-17 Grand Avenue Corp., owner (Times Square Corp., lessee).

SUBJECT—Application September 23, 1955—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a retail and residence use district, the proposed patrons and employees parking of more than 5 motor vehicles.

PREMISES AFFECTED—66-19 Grand avenue, north side, 85.44 ft. east of Hamilton place and 66-02 Perry avenue, southeast corner of 66th street, Block 2724, Lots 8 and 69, Maspeth, Borough of Queens.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to June 5, 1956, at 10 A.M. at the request of the applicant to file revised plan as requested by the Board; hearing previously closed.

849-55-BZ

APPLICANT—Leonard F. Rothkrug, for Estate of Morris Polivnick, owner.

SUBJECT—Application October 27, 1955—(decision of the borough superintendent) under section 7h of the zoning resolution, to permit in a residence use district, a proposed parking lot principally in conjunction with a 144 family apartment building at 80 Winthrop street (pleasure type vehicles—non transient) is contrary to Art. II, Section 3 of the zoning resolution.

PREMISES AFFECTED—79-83 Winthrop street, north side, 643 ft. 3/4 in. east of Flatbush avenue, Block 5045, Lots 70 and 72, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug and Thomas Poley.

For Opposition: C. F. Wolfe, Jeremiah B. Bloom, A. S.

Wolfe, C. F. Hansen, R. N. Walker, Rose Buxbaum,

Dr. Sol Glotzer, Dr. Sidney Feldman, A. Weinberger,

Mabel L. Rees, Lee Feldman, Thos. Cahill, Jr., Anne

F. Whiteman and Lillian Kaye.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to June 19, 1956, at 10 A.M. for inspection and decision; hearing closed.

867-55-BZ

APPLICANT—Paul Friedman, for William Gottfried, owner (conditional vendee: W. L. Associates, Inc.).

SUBJECT—Application November 2, 1955—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district, the erection and maintenance of a gasoline station, auto washing (non-automatic), lubrication, office and accessory sales, for a term of 15 years.

PREMISES AFFECTED—66-11 to 66-33 Queens Midtown Expressway, northeast corner of Clinton avenue, Block 2394, Lot 8, Maspeth, Borough of Queens

APPEARANCES—

For Applicant: Arthur Levine.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to June 19, 1956, at 10 A.M. for revised plans for entrance and exit to service road in view of sloping condition of the plot.

882-55-BZ

APPLICANT—Leonard F. Rothkrug, for Eldorado Enterprises, Inc., owner.

SUBJECT—Application October 26, 1955—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit partly in a business and partly in a residence use district the erection and maintenance of an auto laundry and to permit the sale and display of used cars on a vacant portion of premises for a term of 10 years.

MINUTES

PREMISES AFFECTED—166-174 Kings Highway, 1676-1684 West 12th street, southwest corner and 33-47 Quentin road, Block 6619, Lot 42, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rotlikrug and Leonard Slafani.

For Opposition: Rita E. Lindquist, Theodore J. Zanardi and Mary Valenti.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to June 19, 1956, at 10 A.M. for inspection and decision; hearing closed.

934-55-BZ

APPLICANT—Paul Friedman, for Ida Orlick, owner.

SUBJECT—Application November 22, 1955—(decision of the borough superintendent) under sections 7e, 7i of the zoning resolution, to permit in residence use district, the erection and maintenance of a gasoline service station, lubritorium, minor repairs (hand tools only), auto washing (non-automatic), storage and sale of auto accessories, parking of cars waiting to be serviced for a term of 15 years.

PREMISES AFFECTED—2444-2460 Linden boulevard, and 547-557 Milford street, southeast corner, Block 4503, Lots 1 and 6, Borough of Brooklyn.

APPEARANCES—

For Applicant: Arthur Levine.

For Opposition: Anne Forte, Joseph Bory, Gertrude Esposito, Evelyn Ditingo, Amos S. Basel, Emily Vath, Georgette Courtine and Louise Rigault.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to June 12, 1956, at 10 A.M. for applicant's presence at public hearing.

20-56-BZ

APPLICANT—Frederick A. Ketcher, for Springhill Realty Corp., owner (Pembroke Corp., lessee).

SUBJECT—Application January 17, 1956—(decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a local retail use district, an electric ground sign.

PREMISES AFFECTED—219-11 Hillside avenue, north side, from Springfield boulevard, to 219th street, Block 10689, Lot 16, Springfield Gardens, Borough of Queens.

APPEARANCES—

For Applicant: Frederick A. Ketcher.

For Opposition: **None.**

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to June 5, 1956, at 10 A.M. for inspection if necessary and decision; hearing closed.

347-56-BZ

APPLICANT—The Chase National Bank, owner.

SUBJECT—Application May 4, 1956—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a class 2½ height, the erection of a tower covering 27.30% of lot with exterior walls facing Liberty and William streets beyond the allowable setbacks as permitted by Section 9(d) of the zoning resolution.

PREMISES AFFECTED—28-40 Nassau street, east side, block front, from Cedar street to Liberty street, 12-50 Liberty street, 55-77 William street and 30-44 Pine street, Block 44, Lots 1-4 inclusive, 14 and 19 and Block 45, Lots 4, 5, 7, 11 and 1, Borough of Manhattan.

APPEARANCES—

For Applicant: Jacob I. Goodstein, John W. Ansell, Paul Folwell, John J. Scully, J. Walter Severinghaus, Edward J. Mathews and Benjamin Wm. Meblman.

For Opposition: **None.**

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over, date to be set; for further consideration and decision; hearing closed.

235-55-BZ

APPLICANT—Andrew Di Camillo, for Anthony and Angelina Guarino, owners.

SUBJECT—Application March 25, 1955—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a residence use, E area district, the change in occupancy from 2 family dwelling, to 3 family dwelling (class A multiple dwelling) without the required side yard from street to yard.

PREMISES AFFECTED—88-22 81st avenue, south side, 201.5 ft. east of 88th street, Block 3862, Lot 50, Glendale, Borough of Queens.

APPEARANCES—

For Applicant: **None.**

For Opposition: **None.**

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application withdrawn at the request of the applicant.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

658-41-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Julius Procacci, owner.

SUBJECT—Application reopened October 18, 1955 as Vol. II—re (decision of the borough superintendent) under sections 7f, 7i and 7h of the zoning resolution, to permit in a residence and retail use district, the erection and maintenance of a gasoline service station, lubritorium, car wash, minor auto repairs, office and sales, storage room and parking and storage of motor vehicles.

PREMISES AFFECTED—627-637 86th street, north side, 214 ft. 7 in. east of Fort Hamilton parkway, Block 6037, Lots 17, 96, 99, 100 and 101, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: James P. Murphy.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly... 4

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on October 18, 1955 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on May 8, 1956 after due notice by publication in the Bulletin; laid over to May 29th, 1956 for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in residence and retail use, C area, class 1 height districts; 86th street is in a retail use, C area, class 1 height district; Fort Hamilton parkway is in retail and residence use, C area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated September 13, 1955 acting on N.B. Applic. 2082-55, reads:

"1. The proposed gasoline service station, lubritorium, car wash, minor auto repairs, office & sales, storage room & parking & storage of motor vehicles on a lot located partly in a residence use district and partly in a retail use district is contrary to Art. II Sec. 3, and Art. II Sec. 4-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 111 ft. 6 in. frontage by 202 ft. in depth, irregular, now vacant; that it is proposed to erect a modern gasoline service station consisting of ten 550 gallon gasoline storage

MINUTES

tanks and four dispensing pumps; that the proposed accessory building will be one story in height, of class 3 construction, having a frontage of 62 ft. and a depth of 30 ft., and will contain the conjunctive uses of office and sales, storage, lubricatorium, car washing and minor auto repairs; that the rear part of the site will be reserved for the parking and storage of motor vehicles; and

WHEREAS, the applicant states that part of the premises within 100 ft. of 86th street is in a retail use district and the balance is in a residence use district; that as of July 25, 1916 that part of the premises within 100 ft. of 86th street was in a business use district and received its present use designation on October 15, 1954; and

WHEREAS, the applicant contends that 86th street is a main auto lane leading across Brooklyn; that there are no other gas stations in the affected area; that there are many private dwellings and multiple dwellings in the area with the attendant ownership of many motor vehicles; that all of these facts make the proposal in keeping at this point and as much a required service in this modern day as the many retail stores now in this highly developed shopping area; that the development will be highly modern in design and in keeping with 86th street as it has developed; that the proposed landscaping facing 85th street and the omission of any exits or entrances to the site from said street will preserve the residential aspect of 85th street; that the reservation of the rear of the site for parking and storage of motor vehicles will help alleviate the critical parking problem in this highly congested shopping area; that under Cal. 658-41-BZ the Board granted the right to use part of this premises, both in the retail and in the residence use part, for the parking and storage of motor vehicles, and the proposal will confine the gas station to the retail use district and the parking and storage of motor vehicles to the residence use district as heretofore permitted by the Board; that there are sufficient stores now in the affected area for public requirements so that it would be financially unfeasible to erect additional stores; that the erection of additional stores would therefore not only be a hardship to the owner but would place a hardship on the present stores in the affected area by having an over-supply; that the area does lack the services of the proposed gas station and the granting of said use would be equitable both to the owner, the transient auto traffic on 86th street and the entire affected area; and

WHEREAS, the applicant states that the present owner has held title to the property since January 3, 1955 and that the assessed valuation of land is \$25,400; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision f, i and h of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N.B. App. 2082-55, Objection No. One be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

73-46-BZ—Vol. II

APPLICANT—Albert Melniker, for D. G. & S. Realty Corp., owner.

SUBJECT—Application reopened September 13, 1955 as Vol. II—re (decision of the borough superintendent) under section 7c of the zoning resolution, to permit in a residence use district, the extension of an existing gasoline service station to include office space, a new sales room, outdoor parking, and additional gas pumps.

PREMISES AFFECTED—2041 Hylan boulevard, northeast corner of Adams avenue, Block 3561, Lot 66, Grant City, Borough of Richmond.

APPEARANCES—

For Applicant: Albert Melniker and Wilbur Gullery.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on September 13, 1955 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on May 29, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Hylan boulevard, Hull avenue and Adams avenue are in residence and retail use, D area, class 1 height districts; and

WHEREAS, the decision of the borough superintendent, dated June 30, 1955 acting on Alt. Applic. 137-54, reads:

"Proposed occupancy is an extension of use beyond C. of O. 9099/52 and the variance granted by the Board of Standards and Appeals under 73-46-BZ and is contrary to Article II, Section 3 of the Zoning Resolution and should be referred to the Board of Standards and Appeals for reopening and amendment of Cal. 73-46-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot 200.10 ft. frontage by 100 ft. in depth, on which is now located a gasoline service station; that it is proposed to permit the erection of an extension to the existing service station with the proposed use of this station being office space, a new sales room and outdoor parking and additional gas pumps; and

WHEREAS, the applicant states that there is at this location an existing gas station with the present facilities having been approved under Cal. No. 73-46-BZ with certificate of occupancy having been issued April 22, 1952; and

WHEREAS, the applicant contends that the need for enlarging present facilities has become necessary due to the increase in people in the general vicinity; that inasmuch as a gas station has been located at this corner for a period of about 30 years and the present firm has conducted its business there for the past 10 years, a constant increase in the volume of business and the required facilities for giving service to greater numbers is responsible for the request to enlarge the present station; that the present station has 3 gas pumps and the proposed addition will require 3 additional gas pumps with storage tanks; that the additional property is owned by D.G. & S. Realty corporation, the owners and operators of the Wil-John service station; that this station is an authorized Texaco dealer and has operated on this basis for the past 10 years; that inasmuch as Hylan boulevard is a business thoroughfare and is essentially of a commercial and business nature, it is felt that no hardship will be created as the result of the expansion of this station; and

WHEREAS, the applicant further contends that after conferring with the owners of the present station and proposed addition, it would be appreciated if the Board would grant a variance for a stated term of not less than 15 years; that the total cost of the property and the proposed building would represent an expenditure of approximately \$29,000; that the amortization and depreciation of this amount for a period of less than 15 years would put a financial burden on the owners, but if a variance should be granted for a term of 15 years, the owners can make an equitable agreement with a lending institution; and

WHEREAS, the applicant states that the present owner has held title to the property since September, 1945; that the assessed valuation of land is \$5,000 and of the building \$3,300 making a total of \$8,300; that the building was erected June 6, 1925; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board.

Resolved, that the Board of Standards and Appeals does

MINUTES

hereby amend the resolution adopted on December 2, 1947 by adding thereto:

"that in the event the owner desires to reconstruct the gasoline service station, as permitted by such resolution, covering Lot 47, so as to increase the area of the gasoline service station to the entire block front now known as Lot 66, such extension may be permitted substantially as indicated and proposed on plans filed with this application marked "Received July 27, 1955" (2 sheets) and "April 24, 1956" (one sheet) on condition that the extension as proposed for sales room and other uses shall be carried out as thereon shown and proposed and shall meet the requirements of the Building Code in all other respects; that there shall be no cellar in such building; that the balance of the premises may be used for the parking of cars; that the premises where not occupied by the proposed buildings and pumps shall be paved with concrete or asphaltic pavement; that pumps shall be of a low approved type and shall be erected not nearer than fifteen feet to the street building line; that curb cuts shall be as shown, in addition to the curb cuts as previously permitted by resolution adopted December 2, 1947, and as shown on plans above cited, shall be located where shown and shall not exceed fifteen feet in width each; that on the lot lines of Hull Avenue and Adams Avenue and along the side and rear lot lines there shall be erected a rail fence as proposed of split chestnut of mortise and tenon arrangement not less than 4 ft. 6 in. in height; that the number of gasoline storage tanks shall not exceed four existing and six additional 550 gallon approved tanks; that the four existing tanks shall be tested by the Fire Commissioner before re-use; that such portable fire-fighting appliances shall be maintained as the Fire Commissioner shall direct; that sidewalks and curbing abutting the premises shall be reconstructed or repaired to the satisfaction of the Borough President; that in all other respects the resolution above cited shall be complied with where not inconsistent with the terms of this amended resolution; and that all permits shall be obtained and all work completed and a new Certificate of Occupancy obtained within the requirements of Section 22A of the Zoning Resolution.

441-51-BZ—Vol. III

APPLICANT—Lama, Proskauer and Prober, for Joseph Coscia, owner.

SUBJECT—Application reopened May 3, 1955 as Vol. III —re (decision of the borough superintendent) under sections 7c and 21 of the zoning resolution, to permit in a residence use, C area district, the extension and reconstruction of a structure used as a garage for more than 5 motor vehicles for use and storage garage for motor vehicles, lubritorium, minor auto repairs, wheel alignment, brake testing, car washing, office and sales, using more than the area permitted, without the required rear yard.

PREMISES AFFECTED—353-367 91st street, north side, 154 ft. 8½ in. west of 4th avenue, Block 6081, Lots 77, 78 and 79, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Opposition: Daniel J. Gagliardi, A. Moore, Charles E. Nelson and Mae Moran.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly.. 4

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. III on May 3, 1955 subject to regular procedure, to consider a new proposal; and

WHEREAS, a public hearing was held on this application on May 1, 1956 after due notice by publication in the Bulletin;

laid over to May 29, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, C area, class 1¼ height district; 4th avenue is in a business use, C area, class 1¼ height district; 91st street is in business, residence and unrestricted use, C area, class 1¼ height districts; and

WHEREAS, the decision of the borough superintendent, dated December 16, 1954 acting on Alt. Applic. 4584-54, reads:

1. The extension and reconstruction of a structure used as a garage for more than (5) motor vehicles for use as storage garage of motor vehicles, lubritorium, minor auto repairs, wheel alignment, brake testing, car washing, office and sales in a residence use district is contrary to the Zoning Resolution, Art. II, Sec. 3.
2. The extension of a structure beyond the area permitted by the Zone Resolution, Art. IV Sect. 13 in a "C" area district is contrary to that section.
3. A rear yard at the curb level is required by Sect. 17, Art. IV of the Zoning Resolution of the depth required by Sect. 13, Art. IV."

and

WHEREAS, the applicant states that the premises consist of a plot, 150 ft. ⅛ in. frontage by 100 ft. ¾ in. in depth, presently developed at the westerly end with a 2½ story frame dwelling; that the center portion of the site is developed with a masonry building having a frontage of 50 ft. and a depth of 100 ft. ¾ in. on the 1st floor and 25 ft. by 66 ft. on the 2nd floor; that this building was erected before 1916, no permits were disclosed for its original erection and altered under Alt. Applic. 2775 of 1916; that certificate of occupancy No. A-211 was issued to use the 1st floor as a garage and the 2nd floor as a repair shop; that the building at the present time is being used as a garage for 5 trucks, two 550 gallon gasoline tanks, two dispensing pumps, beer storage, 2-car garage, auto repair shop, lubrication and repairs on the 1st floor and as a factory on the 2nd floor; that it is proposed to demolish the existing frame dwelling, alter and extend the remaining building to a frontage of 150 ft. ⅛ in. on the 1st floor, and the 2nd floor will be removed; that the building will be made entirely fire-proof and used as a storage garage for motor vehicles, lubritorium, minor auto repairs, wheel alignments, brake testing, car washing, office and sales; and

WHEREAS, the applicant contends that the present garage has a present legal use for more than 5 motor vehicles and it is proposed to extend this use; that minor repairs are permitted in a present legal garage and it is proposed to continue said use and add the uses of lubritorium, brake testing, wheel alignment, car washing, office and sales; that there is a vital need for parking and storage of motor vehicles and the proposed extension will help fill this need; that the building will be modernized and fireproofed and therefore will improve the appearance of the community; that the present parking lot in block 6086, lot 6, within the affected area, is partly in a residence zone and therefore a non-conforming use; that lot 34 immediately adjoining to the rear is also used for parking and therefore the proposal with its present garage use will continue to be in keeping with its extended garage facilities; that the present building does not have a rear yard at the first tier so that the proposal to continue this condition in an extended manner will not affect the block; that lots 31, 33 and 74 have private garages at their rear lot lines so that the leaving of a rear yard on the site in question would not benefit the adjoining lots; that the site has an area of 15,010 sq. ft., the area of the present building equals 6076 sq. ft., so that the remaining area is 7934 sq. ft., and as it is permissible to build on 60% of 7934 sq. ft., the proposed building area of 15,015 sq. ft. exceeds the allowable by only 3,174 sq. ft.; and

WHEREAS, the applicant states that the present owner has held title to the property since July 31, 1947; that the assessed valuation of land is \$21,000 and of the building

MINUTES

\$21,000 making a total of \$42,000; that the building was erected prior to 1916; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision c of the zoning resolution; and

WHEREAS, the Board found that the applicant failed to substantiate a basis to warrant exercise of discretion to grant under Section 21 of the zoning resolution and was therefore not entitled to relief on the grounds of practical difficulty or unnecessary hardship.

Resolved, that the decision of the borough superintendent, acting on Alt. App. 4584-54, Objection No. 1, 2 and 3 be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

929-53-BZ

APPLICANT—Charles M. Spindler, for Anna Tiffany, owner.

SUBJECT—Application reopened November 9, 1955 and restored to docket, previously withdrawn—re (decision of the borough superintendent) under section 7e of the zoning resolution, to permit in a residence use district, for a term of fifteen years, the erection and maintenance of a gasoline service station, auto wash, lubritorium, storage and sale of accessories and office.

PREMISES AFFECTED—10504-10524 Flatlands avenue, south side, from East 105th to East 106th streets, 901-911 East 105th street and 902-912 East 106th street, Block 8213, Lots 37, 40, 41, 42 and 43, Borough of Brooklyn.

APPEARANCES—

For Applicant: Joseph C. Haus.

For Opposition: Norman R. Silver and C. J. Cammarata, for N.Y.C. Housing Authority.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 3

Negative: Chairman Murdock 1

THE RESOLUTION—

WHEREAS, this application was withdrawn without prejudice on June 8, 1954; and

WHEREAS, this application was reopened and restored to docket subject to regular procedure on November 9, 1955; and

WHEREAS, a public hearing was held on this application on April 17, 1956 after due notice by publication in the Bulletin; laid over to May 15, 1956, for inspection and decision; hearing closed; then to May 29, 1956, for decision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a residence use, D area, class 1/2 height district; East 105th street and Flatlands avenue are in residence and retail use, D area, class 1/2 height districts; and

WHEREAS, the decision of the borough superintendent, dated March 2, 1956 acting on N.B. Applic. No. 1323-53, reads:

"1. Proposed building and premises, in a residence zone, to be used for gasoline service station, auto washing, lubrication, office and accessory sales is contrary to Art. II, PP. 3 of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot 200 ft. frontage by 90 ft. in depth, presently vacant; that it is proposed to erect a building 45 ft. front by 28 ft. in depth, irregular, one story, 13 ft. in height of class 3 construction, to be used as a lubritorium, car wash, office and sales, with two curb cuts fronting on Flatlands avenue and one on East 105th street; that it is further proposed to install ten 550 gallon gasoline tanks and 4 dispensing pumps; that the proposed station will have a frontage of 130 ft; that the 70 ft. balance of plot will not be included; and

WHEREAS, the applicant contends that the plot is entirely vacant except for two large advertising billboards on lot No. 43 at the corner of East 106th street; that these billboards are a legally existing non-conforming use, having been approved by the building department under permit No. 12362-37 when the property was in an undetermined used district; that although this portion of the plot will not be used for gas station purposes under this proposal, the advertising billboards will be removed in order to improve the general appearance of the site; that a gas station permit was issued by the building department in 1939 for a portion of the property; that at that time the site was in an undetermined zone and permit No. 13727-38 was issued for a gas station on March 13, 1939, which permit covered a plot known as 10504-10510 Flatlands avenue; that this permit covered lots 37 and 40 on the corner of East 105th street and Flatlands avenue, with a frontage of 80 ft. on Flatlands avenue and a depth of 90 ft.; that the gas station was never actually built and permit expired by limitation; that it is now proposed to include this formerly permitted gas station area as part of the gas station herein proposed; and

WHEREAS, the applicant further contends that it is proposed to develop the westerly 130 ft. of the site with a modern gasoline service station; that the natural grade of the property is approximately 6 ft. or 7 ft. below the existing street grade of Flatlands avenue and it will be necessary to fill in the site to bring it up to the established grade; that the property will be paved and landscaped with a grass slope at the rear, extending down to the present grade of the adjoining property; that the gas station portion of the site will be fenced off from adjoining lots and also from the easterly 70 ft. of the site, which will remain vacant and which will provide a buffer, isolating the gas station from the property to the east; that practically all of the area south of Flatlands avenue is at a grade approximately 6 ft. or 7 ft. below the established grade; that there is practically no development south of Flatlands avenue, and East 105th and East 106th streets are not physically improved; that on the south side of Flatlands avenue, immediately opposite the site across East 105th street is a vacant lot containing advertising billboards and beyond this plot is a row of 2 story buildings occupied as stores and dwellings; that these buildings are approximately 160 ft. west of the site; that except for one dwelling and shed on East 106th street, there is not a single developed piece of property south of the site on either of the side streets within the affected area; that East 105th street is a dirt road which is well below the established grade level and which leads only to dumping grounds; that most of the plots on the side streets have tax liens pending against them and have not yielded any income to the city for years; that there is no demand for conforming residential development in this area and the poor surface and subsoil conditions would require expensive piling for even a large one story building, as indicated by the heavy pile foundations for the three story buildings recently erected on the north side of Flatlands avenue; that the proposed small service station building will be of light construction and can be built without any serious foundation problem on a spread footing; that because of the heavy traffic along Flatlands avenue as well as the additional traffic in the immediate neighborhood generated by the housing project to the north, additional service facilities in this area are desirable and necessary; that because of the marsh conditions of the land there is no development to the south of the site and hence there is no reason for any pedestrian traffic passing the subject site; that the use zoning of this property was changed from undetermined to residence on August 14, 1943; that the height zone was changed from 1½ to 1 and the area zone was changed from A to D, both on April 26, 1951; that in view of the nature of the surrounding property, the need for additional servicing facilities and the fact that a permit was once issued for a major portion of the gasoline station site, it is requested that this application be granted for a temporary term of 15 years; and

MINUTES

WHEREAS, the applicant states the owner has held title to the property since September 27, 1955 for lots 42 and 43 and since June 7, 1955 for lots 37, 40 and 41 and that the assessed valuation of the land is \$6,300; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board; and

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 7, Subdivision e of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the use district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 7e for a term of fifteen years, to permit the premises to be occupied as a gasoline service station and accessory uses, substantially as proposed and as indicated on plans previously filed prior to the withdrawal on June 8, 1954, marked "Received December 31, 1953", 4 sheets and March 27, 1956", 1 sheet, *on condition* that all buildings and uses on the premises shall be removed and the premises leveled substantially to the grade of Flatlands avenue and constructed and arranged as such on such plans; that the extent of the gasoline station shall not exceed the area shown on such plans, namely 130 feet on Flatlands avenue and 90 feet along East 105th street; that the accessory building shall be faced with Carrara glass, shall have no cellar and shall be constructed and located as shown on plans; that the toilet rooms shall be arranged so as not to be contiguous; that pumps shall be of a low approved type, erected not nearer than 15 feet to the street building line of Flatlands avenue; that gasoline storage tanks shall not exceed ten 550 gallon approved tanks; that along the rear lot line there shall be constructed on a masonry base, a woven wire fence to a total height of 5 ft. 6 in.; that a similar fence shall be erected along the easterly lot line from the rear line to the street building line of Flatlands avenue, with suitable terminating post at the building line; that planting areas shall be maintained as thereon shown, with suitable planting material, properly protected by curbing not less than 8 in. high and 6 in. wide; that where not occupied by accessory building, pumps and planting, the premises shall be paved with concrete or asphalt; that curb cuts shall be restricted to two 30 ft. in width each to Flatlands avenue and one within the first 25 ft. of the intersection of Flatlands avenue and East 105th street, not over 20 ft. in width; that no portion of any curb cut shall be nearer than 5 ft. to a lot line as prolonged; that within the intersection there shall be erected a block of concrete not less than 12 in. in height extending for 5 ft. in each direction; that signs shall be restricted to permanent signs attached to the accessory building and on the gasoline pumps, excluding all roof signs and temporary signs, but permitting the erection within the intersection of a post standard to support a sign, which may be illuminated, advertising only the brand of gasoline on sale and permitting such sign at right angles to Flatlands avenue, to extend beyond the building line for a distance of not over 4 feet; that the gasoline service station may have the usual accessory uses, but no repairing; that all curb cuts and sidewalks abutting the premises shall be constructed or repaired to the satisfaction of the borough president; that such portable fire fighting appliances shall be installed as the fire commissioner shall direct; that the existing billboards on the portion of the block front not included in the gasoline station area shall be removed and no signs constructed and that all permits required shall be obtained, including a certificate of occupancy and all work completed within the requirements of Section 22A of the Zoning Resolution.

582-54-BZ—Vol. II

APPLICANT—Samuel Rosenblum, for 156 William Street Corp., owner.

SUBJECT—Application reopened February 7, 1956 as Vol.

II—re (decision of the borough superintendent) under section 19A(j) of the zoning resolution, to permit in a retail use district, an extension of use by the erection of

a 6 story addition at the William street front of building having a frontage of 78 ft. 4 in. at street and irregular in shape, without the required loading berth.

PREMISES AFFECTED—156-162 William street and 77-83 Ann street, northeast corner and 53 Beekman street, Block 93, Lots 17, 20, 21, 22, 23, 31, 32 and 33, Borough of Manhattan.

APPEARANCES—

For Applicant: Samuel Rosenblum and Erwin S. Wolfson.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly. . . 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was reopened as Vol. II on February 7, 1956 subject to regular procedure; and

WHEREAS, a public hearing was held on this application on May 29, 1956 after due notice by publication in the Bulletin; and

WHEREAS, the district maps accompanying the zoning resolution show that the site, Ann street, William street and Beekman street are in a retail use, B area, class 2½ height district; and

WHEREAS, the decision of the borough superintendent, dated December 13, 1955 acting on Alt. Applic. 1926-55, reads:

"1. Proposed six story horizontal extension to present 12 story office building would require loading berths as per Sec. 19A Article IV Zoning Resolution and should be referred back to the Board of Stds. & Appeals under Res. Cal. No. 582-54-BZ."

and

WHEREAS, the applicant states that the premises consist of a plot, 195 ft. 65⁄8 in. frontage by 117 ft. 11¼ in. in depth, on which are located a twelve-story office building and 1 four-story and 2 five-story business buildings; that it is proposed to erect a six-story horizontal extension to the present twelve-story office building, the three small buildings to be demolished; and

WHEREAS, the applicant states that with reference to the appeal heretofore granted for the 12 story office building situated at the above premises, the building was completed in accordance with the provisions of the resolution and certificate of occupancy No. 44615 was issued; that it is desired to erect a six story addition at the William street front having a frontage of 78 ft. 4¼ in. at the street, irregular in shape; that the northerly gable walls are 64 ft. plus 45 ft. 9 in. in depth and at the east, the building is 47 ft. 10 in. and tapers off to 30 ft. in width; that the new 6 story portion is to be used above the grade floor by one tenant, Zurich Insurance Company, the present occupant of the southerly portion; that two new elevators are to be installed in the new portion; and

WHEREAS, the applicant contends that there is to be no change in the classification of the building; that the building is used for office purposes, mainly of the insurance interests; that there is to be no manufacturing, no warehousing and no conditions where trucks would drive up and load or unload merchandise, and no traffic conditions that would require a loading berth; that the new portion is small in area and only 6 stories in height and of itself the total gross area of the new portion would not require a loading berth; that in view of the limitations of the original structure as to location, size and occupancy, and as the new portion will be used by the same tenant and limited to offices for the insurance trade, an amendment of the resolution for the omission of the loading berth is requested; and

WHEREAS, the applicant states that the present owner has held title to the property since May 6, 1954 for the 12 story office building; that the assessed valuation of the land is \$519,000 and of the old building \$27,000 making a total of \$546,000; that the new building was erected in 1955, value not yet determined; and

MINUTES

WHEREAS, the Board found that this was an appropriate case in which to exercise discretion to grant under Section 19A Subdivision j of the Zoning Resolution.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 19A (j) to permit the omission of the loading berth in the six story extension as proposed and as shown on plans filed with this application marked "Received April 5, 1955" (one sheet), "December 23, 1955" (3 sheets) and "January 16, 1955" (one sheet) *on condition* that the building shall be used only for office occupancy throughout; that all loading and unloading as may be required shall be done during the night hours; and that the building in all other respects shall comply with all laws, rules and regulations applicable thereto including the resolution of the Board adopted under Volume I on November 9, 1954.

73-55-BZ

APPLICANT—Henry Nordheim, for Rubenstein and Tutnauer, owners.

SUBJECT—Application February 3, 1955—re (decision of the borough superintendent) under section 7f of the zoning resolution, to permit in a local retail use district, the erection and maintenance of a gasoline service station, lubritorium, and office and the parking of motor vehicles waiting to be serviced.

PREMISES AFFECTED—1680 Gun Hill road and 1674 Allerton avenue, intersection of Gun Hill road, Allerton avenue and Lodovick avenue, Block 4539, Lot 1, Borough of The Bronx.

APPEARANCES—

For Applicant: None.

For Opposition: Theresa M. Enright.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly ... 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on February 7, 1956 after due notice by publication in the Bulletin; laid over to March 13, 1956, for inspection and decision; hearing closed; then to April 10, 1956, at the request of the applicant to furnish revised plan, then to May 15, 1956, at request of objector; then to May 29, 1956, for decision; objections to be submitted by attorney in meantime; and

WHEREAS, the district maps accompanying the zoning resolution show that the site is in a local retail use, E-1 area, class 1/2 height district; Gun Hill road and Allerton avenue are in local retail and business use, E-1 area, class 1/2 height districts; and

WHEREAS, the decision of the borough superintendent, dated February 2, 1955 acting on amendment to N.B. Applic. 33-55, reads:

"1. Proposed erection of a gasoline station, lubricating and parking of cars waiting to be serviced on a lot located in a local retail use district is contrary to Sec. 4-C of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 109.21 ft. frontage by 71.98 ft., 64.23 ft. and 30.05 ft., irregular, presently vacant; that it is proposed to erect and maintain a gasoline service station of class 3 construction, 28 ft. front, 30 ft. in depth, 13 ft. in height; and

WHEREAS, the applicant contends that the site on which it is proposed to construct a gas station is a small triangle consisting of the entire block and has three street frontages; that Gun Hill road and Lodovick avenue are both open to traffic but Allerton avenue, while being a mapped street, has not been opened so far, due to the required fill now being put in place; that likewise, the

site is at present a woodland and will also require some fill to bring it to the level of the three streets; that primarily, the Gun Hill road frontage will be the most important, being an east-west highway leading to the White-stone bridge to Long Island; that as it may be quite some time before Allerton avenue is opened, activities will be limited on that side; that there will be no entrance to the station on Lodovick avenue; that the building proposed will be 30 ft. by 40 ft. with stock room for small parts, two toilet rooms, an office, and the balance of space will house two hydraulic lifts for car greasing; that on the vacant portion of the site, four gasoline pumps, ten gasoline tanks and two electric signs are proposed, with curb cuts as shown; that the Allerton avenue and Gun Hill road wall surfaces will have enameled steel covering; that the site is too small for any other type of development and fronting on a road with such heavy east-west traffic as occurs on Gun Hill road, this proposal should prove an asset to this junction; and

WHEREAS, the applicant states that the present owner has held title to the property since August 18, 1954 and that the assessed valuation of land is \$2,500; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and consideration given to the revised plans; the committee recommended that the application should not be granted; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivision f of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on amendment to N.B. 33/55, objection No. 1, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

187-55-BZ

APPLICANT—Leonard F. Rothkrug, for Anthony D'Angelo, owner.

SUBJECT—Application February 25, 1955—(decision of the borough superintendent) under section 21 of the zoning resolution, to permit in a business use, C area district, the maintenance of existing extension using more than the area permitted.

PREMISES AFFECTED—356 Evergreen avenue and 29-35 Harmon street, northwest corner, Block 3274, Lot 33, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: C. N. Valentine, Henry Hager, Carolyn Lambert, Helen Hudencki, Catherine Lombardo, John Schifferdecker, A. Demelli and Emma Eissler.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert,

Commissioner Keating and Deputy Chief Connolly... 4

Negative: 0

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 8, 1956 after due notice by publication in the Bulletin; laid over to May 29, 1956, for inspection and further hearing that may be necessary; applicant to obtain a new decision from the borough superintendent as to coverage based on the amended provision; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Evergreen avenue are in a business use, C area, class 1½ height district; Harmon street is in business and residence use, C area, class 1½ height district; and

WHEREAS, the decision of the borough superintendent, dated January 26, 1955 acting on amendment to Alt. Applic. 1629-49, reads:

"1. The extension exceeds the allowable area as permitted under Art. IV Sec. 13 of the Zoning Resolution."

MINUTES

and

WHEREAS, the applicant states that the premises consist of a plot, 20 ft. frontage by 88 ft. in depth, on which is located a 3 story building of class 4 construction; that it is proposed to maintain an existing extension to a building, using more than the area permitted; and

WHEREAS, the applicant states that the building was erected about 1899, set back 7 ft. 4 in. from Evergreen avenue, being 20 ft. front by 48 ft. 5 in. in depth, and extended on the first floor by the addition of a steel building under N.B. 101173-22 and occupied under certificate of occupancy No. 17343 issued January 11, 1923 as a 3-car private garage; that Alt. Applic. 1629-49 was approved June 21, 1949 for an extension to replace the steel structure used as a 3 car private garage; that the size of the extension was shown on the plan to be 20 ft. by 30 ft. 4 in. and an 8 ft. front yard was mistakenly shown on the Evergreen avenue frontage; that front yard is only 7 ft. 4 in.; that a survey made March 12, 1954 showed a 7 ft. 4 in. front yard and showed the new extension and the building to occupy the balance of the lot; that the area of lot is 1760 sq. ft.; area of legal structure, 968.4 sq. ft.; excess vacant land area as per sec. 19c, 791.6 sq. ft.; permitted 75% extension 593.7 sq. ft.; size of illegal extension, 606.6 sq. ft.; unauthorized excess, 12.9 sq. ft.; that the existing illegal coverage is therefore only 12.9 sq. ft.; and

WHEREAS, the applicant contends that it would now be impractical to demolish the rear wall to leave an 8 in. vacant space to avoid the 12.9 sq. ft. of excess area; that the site is unique in that it is of small size being 12 ft. under the size of the usual tax lot and it would be hardship to the owner to move his wall 8 in.; that the creation of an 8 in. pocket between the subject building and the building adjoining on lot 35 would not be in the public interest nor in the interest of any surrounding property owners; and

WHEREAS, the applicant states that the present owner has held title to the property since June 13, 1949; that the assessed valuation of land is \$6,000 and of the building \$8,000 making a total of \$14,000; that the building was erected in 1899; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and the circumstances have been studied by the Board and the committee recommends that the application be granted under certain conditions; and

WHEREAS, the Board found that the applicant had substantiated a basis to warrant exercise of discretion to grant under Section 21 of the Zoning Resolution, and is therefore entitled to relief as to area on the grounds of practical difficulty and unnecessary hardship.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the application of the area district regulations of the zoning resolution and that the application be and it hereby is *granted* under Section 21, to permit the extension of the building as proposed and existing and as indicated on plans filed with this application, marked "Received February 25, 1955", 6 sheets, *on condition* that the building and extension shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable to the building and occupancy other than as modified this day by resolution adopted by the Board under Cal. 188-55-A; and that all permits, including a new certificate of occupancy shall be obtained, and that all work completed within six months from the date of this resolution.

188-55-A

APPLICANT—Leonard F. Rothkrug, for Anthony D'Angelo, owner.

SUBJECT—Application February 25, 1955—Appeal from a decision of the borough superintendent—re use of frame building as factory, exits, etc.

PREMISES AFFECTED—356 Evergreen avenue and 29-35 Harmon street, northwest corner, Block 3274, Lot 33, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent, dated January 25, 1955, on Alt. App. 1629/49 reads:

"2. Proposed factory use within a frame building is contrary to Section 270 of the Labor Law.

3. Provide two means of exit from cellar in conformity with Section 270 of the Labor Law."

and

WHEREAS, the applicant states the building is 3 stories, 37 ft. in height, 20 ft. by 78 ft. 9 in. in area at street level, 20 ft. by 48 ft. 5 in. in area at typical floor, Class 4 construction, erected in 1899 on a lot 20 ft. front by 88 ft. deep, now in a business use, C area, Class 1½ height district; used and occupied since 1949: cellar—storage for dress manufacturing, 0 persons; 1st floor—dress manufacturing and light needlework, 22 persons; 2nd and 3d floors—1 family each; no change in use or occupancy is now proposed; the building is provided with one interior 2 ft. 10 in. wide wood stairs, enclosed in partitions of wood stud, lath and plaster, equipped with wood doors which are not self-closing; that stairhall leads to street and is provided with ladder and scuttle to roof; that there is a fire escape on rear extending to roof by stair and to yard by ladder; and

WHEREAS, the applicant states the building was erected about 1899, set back 7 ft. 4 in. from Evergreen avenue and extended on the first floor by addition of a steel building under NB 101173/22 and occupied under Certificate of Occupancy 17343 issued January 11, 1923 as a 3-car private garage; that Alt. Applic. 1629/49 was approved for an extension to replace the steel structure used as a 3-car private garage; the extension was shown to be 20 ft. by 30 ft. 4 in. in area and an 8 ft. front yard was mistakenly shown on the Evergreen Avenue front; that the front yard is only 7 ft. 4 in.; and

WHEREAS, the applicant contends that since the building was erected prior to October 1, 1913, if it had been occupied as a factory prior to 1947, the Department of Buildings would not have raised the objection subject to this appeal as to construction; that although the original structure is of Class 4 construction, the new extension is of Class 3 construction with masonry exterior walls with windows glazed with wire glass and fixed ¾ hour fire test sash; that the cellar is used only for storage of accessories to the 1st floor factory and this use is not proposed to be changed; that the cellar ceiling is covered with ½ in. plaster boards except for the portion over the boilerroom which is covered with plaster board and 26 gauge metal; that the first floor ceiling is covered with ½ in. plaster boards and 26 gauge metal; that the stairhall partition on the 1st floor is covered with wire lath and P.C. mortar both sides and on the soffits of the stairs; that an ordinary interior 3 ft. wide wood stairs serves the two apartments on the 2nd and 3d floors, occupied by one family each and access to the roof is by means of scuttle and ladder within the stairhall enclosure which leads directly to Harmon street; that in addition there is a regulation fire escape at rear of upper floors; that from the cellar is a masonry enclosed stairway equipped with 1-hour fire test self-closing door permitting access to first floor area from the cellar and also an outside cellar stair to sidewalk with flush metal doors which will be made openable from inside without lock and key; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

MINUTES

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the borough superintendent, acting on Alt. App. 1629/49, Objection Nos. 2 and 3 and that the appeal be and it hereby is *granted on condition* that the building shall be maintained as required by resolution adopted by the Board this day under Cal. No. 187-55-BZ; that the exits from the cellar shall be maintained as shown on plans filed with Cal. 187-55-BZ; that there shall be no manufacturing in the cellar and the cellar shall be used only as proposed for the storage of accessories in connection with the first floor occupancy; that the fire protection proposed shall be maintained and such fire-fighting equipment maintained as the fire commissioner shall direct.

850-55-BZ

APPLICANT—Burke, Green and Groh, for Samuel Rosenberg, owner.

SUBJECT—Application October 28, 1955—(decision of the borough superintendent) under sections 7f, 7i, 7e and 7A of the zoning resolution, to permit in a retail and residence use district, the erection and maintenance of a gasoline service station, auto washing, lubrication, office and accessory sales, minor repairs (hand tools only), with proposed signs, show windows, and curb cuts within 75 ft. of the residence use district.

PREMISES AFFECTED—4401-4411 Church avenue, northeast corner of Troy avenue, Block 4881, Lots 38, 40 and 41, Borough of Brooklyn.

APPEARANCES—

For Applicant: Robert T. Groh.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application denied.

THE VOTE TO GRANT—

Affirmative 0

Negative: Chairman Murdock, Commissioner Kleinert,

Commissioner Keating and Deputy Chief Connolly... 4

THE RESOLUTION—

WHEREAS, a public hearing was held on this application on May 8, 1956 after due notice by publication in the Bulletin; laid over to May 29, 1956, for inspection and decision; hearing closed; and

WHEREAS, the district maps accompanying the zoning resolution show that the site and Troy avenue are in retail and residence use, D area, class 1 height districts; Church avenue is in a retail use, D area, class 1 height district; and

WHEREAS, the decision of the borough superintendent, dated October 4, 1955 acting on N.B. Applic. 2203-55, reads:

"1. Proposed building and premises, partly in a Retail and partly in a Residence zone, to be used for gas service station, auto washing, lubrication, office and accessory sales, minor repairs with hand tools only is contrary to Article II, PP. 4-A and Article II, PP. 3 of the Zoning Resolution.

2. Proposed signs, show window and business entrances (curb cuts) within 75' of a Residence zone is contrary to Article II, PP. 7-A of the Zoning Resolution."

and

WHEREAS, the applicant states that the premises consist of a plot, 100 ft. frontage by 114.8 ft. in depth, irregular, now vacant; that it is proposed to construct a modern gasoline service station, entirely within the retail use portion of a site which is partly within a retail and partly within a residence use district; that the portion within the residence use district, approximately 13 ft. 6 in. deep, will be devoted to shrubbery and landscaping and similar shubbery will be provided along the east lot line in front of the building; that the building will have a face brick facade and will be set well back from both streets; that a 3 ft. 6 in. high steel picket fence on a 2 ft. high brick base will be provided along all interior lot lines and will return along the Troy avenue building line for a distance of approximately 18 ft.; that gasoline pumps will be set back 15 ft. from the building lines, two 30 ft. curb cuts will be provided along the Church

avenue frontage and two 25 ft. curb cuts will be provided along Troy avenue; that the entire site, where not devoted to the building or shubbery, will be paved with concrete or bituminous paving; and

WHEREAS, the applicant states that the property referred to is presently zoned as a class 1 height district and a D area district; that the portion of the property within 100 ft. of Church avenue is presently zoned as a retail district and the remainder as residence; that as of July 25, 1916 the portion of the property within 100 ft. of Church avenue was zoned as a business district and the remainder was zoned as residence; that on March 25, 1954 the business portion of the property was changed to its present retail designation; that the height and area designations have not been changed since July 25, 1916 and no zoning amendment relating to this property is pending at the present time; and

WHEREAS, the applicant contends that since gasoline pumps are provided along the Troy avenue frontage it is mandatory to provide ingress and egress from said pumps and therefore two curb cuts are shown along Troy avenue; that neither of these curb cuts comply with section 7A but it is to be noted that the curb cuts have been kept within the retail use district portion of the building; that this site is at the intersection of two of the busiest avenues in Brooklyn; that along Church avenue within the 400 ft. radius there are many business uses for storage of materials, store fronts, etc.; that immediately adjoining this property on the east is vacant land with billboards; that located one block west of this site is a lumber yard and shed and diagonally across the street from this site on Church avenue, midway between 43rd street and Troy avenue, are two parking lots for a gas station; and

WHEREAS, the applicant states that the present owner has held title to the property since January 13, 1955 and that the assessed valuation of land is \$16,000; and

WHEREAS, the premises and surrounding area were inspected by a committee of the Board and careful consideration given to the premises and the surrounding area; and

WHEREAS, the Board found that there was no justification for the exercise of discretion to grant a zoning variance under Section 7, Subdivisions f, i and e of the zoning resolution.

Resolved, that the decision of the borough superintendent, acting on N.B. Applic. 2203/55, Objection Nos. 1 and 2, be and it hereby is *affirmed* and that the application be and it hereby is *denied*.

MINUTES

THE RESOLUTION—

WHEREAS, the report of a Committee on Test reads:

REPORT OF COMMITTEE ON TEST

Re: Cal. 500-50-SA

Subject: Amendment to resolution as to additional models; Models 75-329, 95-329, 125-329, 160-329, 195-329 and 225-329.

Bryant Heaters Division of Affiliated Gas Equipment, Inc., requested by letter dated September 30, 1954 that the resolution adopted January 16, 1951 and amended through February 24, 1954 under Cal. No. 500-50-SA be amended so as to include the model 329 series. The application was reopened by a vote of the Board October 19, 1954.

Purpose

The appliance is a gas fired unit intended for domestic and commercial heating and also for use in garages.

Description

The Model 329 series is similar to the model 327 series approved by the Board April 22, 1952 under Cal. No. 500-50-SA except that the 329 series does not have a fan. The 329 series utilizes the blower of the air conditioning equipment.

Recommendation

The Committee on Test recommends that the resolution adopted January 16, 1951 and amended through February 24, 1954 under Cal. No. 500-50-SA to include the Models 75-329, 95-329, 125-329, 160-329, 195-329 and 225-329 on condition that the requirements of the resolution adopted January 16, 1951 under Cal. No. 500-50-SA be complied with including 40-40 mesh screen as required in original approval January 16, 1951 and blue vent as required by article XII of Chapter 26, Administrative Code.

(Sgd.) HARRIS H. MURDOCK,
Chairman,
JOHN A. DARTS,
Assistant Engineer,
GEORGE F. SKLENARIK,
Assistant Engineer,
Committee on Test.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolutions of January 16, 1951 through February 24, 1954 in accordance with the above report.

APPLICANT—Leonard F. Rothkrug, for I. J. Stein Co., Inc., owner.

SUBJECT—Application February 9, 1955—re Appeal from a decision of the borough superintendent—frame building—factory.

PREMISES AFFECTED—137 Manhattan avenue, west side, 75 ft. north of Montrose avenue, Block 3051, Lot 20, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the borough superintendent, dated February 9 1955, on Alt. App. 5198/53 reads:

"1. Proposed factory within a bldg. partially of frame construction violates Sec. 270 of the Labor Law."

and
WHEREAS, the applicant states the building is one and three stories, 34 ft. in height, 25 ft. front by 100 ft. in depth at 1st floor; 25 ft. front by 40 ft. 6 in. in depth at typical floor, Class 4 construction, erected in 1889, in a business use, B area, Class 1½ height district, used and occupied since 1947 without a certificate of occupancy as follows: Cellar—household storage; 1st floor—printing shop, 8 persons; 2nd floor—dwelling, 1 family; 3d floor—dwelling, 1 family. No change in use or occupancy is proposed. The building is provided with one 3 ft. wide interior wood stairs, enclosed in partitions of wood lath and plaster, equipped with wood doors, not self-closing. Stairway does not lead to roof and is provided with a ladder and scuttle; and

WHEREAS, the applicant states premises consist of a lot 25 ft. front by 100 ft. in depth on which is located a 3-story and cellar building of Class 3 construction, 25 ft. in width by 40 ft. 6 in. deep, with one and two-story frame extensions, substantially as indicated on plans approved by the Borough Superintendent under Slip Applic. #8592-1909 and used and occupied at that time as a store on the first floor and as dwelling for one family on each of the two upper floors, and used and occupied prior to 1948 by the present owner as follows: Cellar—ordinary household storage; 1st floor—printing shop, 8 employees; 2nd and 3d floors—dwelling, 1 family per floor; and

WHEREAS, the applicant contends that in accordance with the practice and existing provisions of the Labor Law, there would have been no objection to the change of store to factory had the application been made to the Department of Buildings prior to July 1, 1948, since the provisions of Section 271 of the Labor Law would have applied; that however, even at present, if the number of employees were limited to five persons, there would be no objection by the Borough Superintendent; and

WHEREAS, the applicant states that the printing shop which has operated on the premises since prior to July 1, 1948, employs a maximum of 8 persons; that it is proposed that the stair enclosure to 2nd floor dwelling will have no openings to the factory and which leads directly to the street will be made 1-hour fire test; that the boiler room

in cellar will be enclosed in 8 in. masonry walls with ceiling of 26 gauge metal on ½ in. plaster boards protected with a one-hour fireproof self-closing door; that there is no factory in the cellar; that it is proposed to provide a second exit from the factory by erecting a passage 34 ft. in depth, enclosed with new wood stud partitions, surfaced with rock lath and ¾ in. p.c. plaster; the ceiling of passageway and of cellar below will also be fire-retarded; that the storage balcony on rear of 1st floor will be strengthened to sustain a liveload of 120 lbs. per square foot; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. App. 5198/53, Objection No. 1 and that the appeal be and it hereby is *granted*, for a term of five years, to permit the continuance of the use proposed on the first floor, as indicated on plans filed with this appeal, marked "Received February 9, 1955," (9 sheets), *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto; that the number of persons occupying the first floor as proposed shall not be increased; that the stair enclosure to the 2nd floor shall be fire-retarded as proposed; that the boiler room shall be enclosed in 8 in. masonry walls with ceiling of 26 gauge metal on plaster boards and shall have a 1-hour fireproof, self-closing door thereto; that there shall be no factory work carried on in the cellar; that the proposed second means of exit from the factory through a passage as proposed shall be constructed and maintained; that the storage balcony on the rear of the first floor shall be strengthened to sustain a liveload of 120 lbs. per superficial foot.

244-55-A—Vol. II

APPLICANT—Leonard F. Rothkrug, for Beth Sholom Peoples Temple, Inc., owner.

SUBJECT—Application reopened January 17, 1956 as Vol. II—re Appeal from a decision of the borough superintendent—exits and protection of fire wall openings.

PREMISES AFFECTED—8686-8696 Bay parkway and 2164-2180 Benson avenue, southwest corner, Block 6414, Lot 42, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug and Aaron Zanger.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated November 30, 1955, on Alt. App. 833/54 reads:

"1. Stair capacities inadequate for combined synagogue and school and violates Sect. 6.9.1.1(2) of the Code.

2. Openings in fire wall to be protected as in 10.8.1 of the Code.

3. All stairs to extend to roof as in 6.4.1.11 of the Code.

4. Width of passageway from rear stairs to comply with Sect. 6.3.1 of the Code."

and

WHEREAS, the applicant states the building is 2 stories and basement, 38 ft. in height, 71 ft. front by 80 ft. 4 in. in depth, of Class 3 construction, erected in 1922, in a residence use, C area, Class 1 height district, on a lot 100 ft. front by 96 ft. 8 in. in depth, used and occupied since erection: Cellar—boiler room; basement—classrooms and kitchens, 370 persons; 1st floor—Synagogue, 580 persons; Balcany—Synagogue, 180 persons; proposed to be increased in area to 90 ft. 4 in. front by 94 ft. 8 in. in depth, of

MINUTES

Class 3 construction and to be used and occupied without change in the existing portion and in the new extension as follows: Basement—Classrooms, 65 persons; 1st floor—classrooms, 86 persons; 2nd floor—classrooms, 86 persons. The building is provided with three 44 in. wide steel stairs, masonry enclosed, equipped with 3/4 hr. test fireproof, self-closing doors extending from roof bulkhead direct to street; and

WHEREAS, the applicant states it is proposed to erect a Class I fireproof extension along south wall 20 ft. 8 in. front on Bay Parkway by 96 ft. in depth, two stories and basement in height, having four classrooms for a total occupancy of 86 persons on each of the 1st and 2nd floors and three classrooms in basement with an occupancy of 65 persons; and

WHEREAS, the applicant contends the proposed extension will permit elimination of present makeshift classrooms in basement which are formed by wood sliding partitions, subdividing the basement area; that the Synagogue is used for the worship of Reformed Judaism and services are only on Friday nights, Saturday mornings and religious holidays; that the religious school is supplemental to the education of children of the Congregation and is therefore conducted on Sunday mornings and short sessions on weekday afternoons; that at no time are services conducted in the Synagogue portion while the school is in session or are any social activities conducted when religious services or school sessions are in progress; and

WHEREAS, the applicant contends as to Objection 1, that at no time will there be a combined use of the Synagogue and school; that the two 3 ft. 8 in. wide fireproof stairways remotely located and leading to Bay Parkway and Benson avenue are adequate for the small occasional occupancy of proposed extension; and

WHEREAS, applicant contends as to Objection 2, that all openings in the firewall will be protected by 3-hour firetest self-closing doors; and as to Objection 3, that the new stairway to be located at the southwest corner of structure will be extended through a bulkhead to the roof of the new extension; and as to Objection 4, that in accordance with Sec. 6.3.1 of the Building Code a minimum width of 3 ft. 8 in. passageway is required for the new 3 ft. 8 in. wide stairway. However, the Board is requested to accept the 3 ft. passageway to serve this purpose; that the present chimney obstructing the passageway will be removed to a height of at least 10 feet above grade; and

WHEREAS, the applicant contends it is not proposed to further increase the occupancy of the structure, since the number of children attending the school will remain the same; the proposed extension is to provide more comfortable classrooms; that the 2nd story of existing building consists of a balcony providing additional seating space for religious services and a choir loft. It is not proposed to increase the seating capacity of this balcony, since it is only used on two or three occasions during the year when the Synagogue attendance exceeds the first floor capacity; and

WHEREAS, Vol. I of this appeal was withdrawn on September 20, 1955, at the request of the applicant in order to acquire more property for the extension of the Synagogue; that the applicant reported that the effort to acquire the adjoining property was unsuccessful; and

WHEREAS, the premises was inspected by a committee of the Board.

Resolved, that the decision of the Borough Superintendent, dated November 30, 1955, acting on Alt. App. 833/54, Objections 1, 2, 3 and 4, be and it hereby is *modified* and that the appeal be and it hereby is *granted*, to permit the proposed extension to the building on the west side, *on condition* that the windows shall be 3/4 hour, automatically self-closing; that the operation of the school will be at different times than the operation of the auditorium and on that basis to permit the exits as proposed and shown on plans marked "Received March 30, 1955" (8 sheets), and "July 18, 1955", (1 sheet); that the openings in the fire walls shall be protected as shown, with 3-hour fire doors on one side; that at least one stair shall continue to the roof; that

the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; that this variance may continue only so long as the premises are used as proposed and in accordance with the requirements of this resolution.

APPLICANT—Leonard F. Rothkrug, for Mario Bencivenza, owner (Veterans of Foreign Wars, Lessee of 1st floor.)

SUBJECT—Application May 25, 1955—re Appeal from a decision of the borough superintendent—frame building—business use.

PREMISES AFFECTED—639 Lorimer street, east side, 25 ft. south of Jackson street, Block 2747, Lot 7, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative: 0

Negative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated April 27, 1955 on Alt. App. 550/55 reads:

"1. Proposed change of occupancy in a Class 4 (masonry walls on 1st fl.) structure 3 stories & 34 ft. in height on 1st floor from store to meeting room is contrary to 4.2.1 of the Bldg. Code.—Note—Dep't. records on permit 5272/1911 indicates a meeting room on 2nd fl. & was superseded by C.O. 122615 designating 1st fl. store, 2nd floor 1 family & dental office, conjunctively occupied & 3rd fl. for 1 family."

and

WHEREAS, the applicant states the building is 36 ft. 6 in. in height, 25 ft. by 100 ft. in area at first floor, 25 ft. by 40 ft. in area at typical floor level, of class 4 construction, erected 1911, now located in a business use, B area, Class one height district and used and occupied since 1948 as follows: cellar—ordinary, no persons; 1st floor—store; 2nd floor—dental office and dwelling; 3rd floor—dwelling, one family, for which Certificate of Occupancy #122615 was issued February 1, 1949 against Alt. App. 3188/48; and

WHEREAS, the applicant states the building is now proposed to be used and occupied as follows: cellar—ordinary, no persons; 1st floor—meeting room—catering, 140 persons; 2nd floor—dwelling, one family and dental office; 3rd floor—dwelling, one family; the building is provided with one 3 ft. wide wood stairs enclosed in partitions of wood lath and plaster equipped with wood doors which are not self-closing, stair hall leads direct to street and is provided with a ladder and scuttle to roof, in addition there is one fire escape on the front of the structure extending to roof by stair and to street by ladder; window and door openings on the course of the fire escape are not fireproof self-closing; and

WHEREAS, the applicant stated that a two story frame building 25 ft. front by 49 ft. in depth was erected under N.B. App. 58 of 1878, frame construction and altered under All. 2786/1909 and alt. App. 5272/1911 by raising the two story frame structure one story and creating new masonry walls on the first story and by adding a class 3 constructed extension two stories, 25 ft. in height, and upon completion of the alteration the first floor and cellar were occupied as a bake shop with bake ovens in the rear of the first floor, and for the sale of bakery products on the remainder; that the second floor was occupied as a meeting room and the third floor as a dwelling for one family; that this use continued until 1949, when Alt. App. 3188/48 was completed and Certificate of Occupancy #122615 was issued February 1, 1949, permitting the following use and occupancy—Cellar—ordinary use; 1st floor—store; 2nd floor

MINUTES

—one family dwelling and dental office, conjunctively occupied; 3rd floor—one family; and

WHEREAS, the applicant states that the store has been vacant for several months and it is now proposed to occupy the building as follows: cellar—ordinary use; 1st floor—catering and meeting room, 140 persons; 2nd floor—dwelling, one family; 3rd floor—dwelling, one family; and

WHEREAS, the applicant contends that although the building is of class 4 construction, the entire first floor is of masonry construction; that the cellar ceiling is covered with half inch plasterboard and there is an existing 3 ft. 8 in. wide passageway protected by one-hour test fireproof self-closing doors, 89 ft. 9 in. in depth providing emergency exit from the rear of the first floor through a 6 ft. by 10 ft. open court; that the building which was formerly occupied as a meeting room on the second floor is now equipped with a kitchen at the rear of the first floor; that there will be only occasional occupancy as it is usual with this type of use; that the second and third floors are occupied as dwellings and there is an existing regulation fire escape complying with Section 53 of the Multiple Dwelling Law located on the street front and a direct egress by an interior stairway to Lorimer Street with access to roof by means of a scuttle and ladder within the stair enclosure; and

WHEREAS, the premises was inspected by a committee of the Board and the committee recommends that the appeal should not be granted, mainly because of the large public occupancy proposed for the first floor of the building, which is of frame.

Resolved, that the decision of the Borough Superintendent, acting on Alt. Appl. 550/55, Objection 1, be and it hereby is *affirmed* and that the appeal be and it hereby is *denied*.

431-55-A

APPLICANT—Leonard F. Rothkrug, for Irving M. Young and Jack Jacobson, owner (d/b/a I. D. J. Decorators Co.).

SUBJECT—Application May 19, 1955—re Appeal from a decision of the borough superintendent—exits, live load, etc.

PREMISES AFFECTED—783-785 Coney Island avenue, east side, 299 ft. 8½ in. north of Dorchester road, Block 5153, Lots 55 and 56, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated March 7, 1955, on Alt. App. 1794/55 reads:

"1. Exits from cellar storage area by means of two outside stairs to street with flush iron doors and one exterior stair and also exits from 2nd and 3rd floor areas by way of two non-fireproof stairways violate sec. 270 Labor Law.

"2. Proposed live load capacity of 75 lbs per sq. ft. for 2nd and 3rd floors violate sec. 7.3.2.3. Bldg. code."

and

WHEREAS, the applicant states the building is 3 stories, 35 ft. in height, 40 ft. 1¼ in. front by 56 ft. in depth, of class 3 construction, erected 1915, located on a lot 40 ft. 1¼ in. front by 76 ft. irregular in depth, in a business use, C area, class one height district, and used and occupied since 1954 as follows: cellar—boiler room and ordinary storage, no persons; 1st floor—manufacturing and sales (interior decorator) 15 persons; 2nd floor, No. 783, dwelling, No. 785, manufacturing in conjunction with first floor, 2 persons; 3rd floor—dwelling in No. 783 and storage in No. 785, no persons; no change in use or occupancy is proposed for the first floor, or cellar; the 2nd floor is proposed to be used throughout for manufacturing and storage in conjunction

with the first floor, with an occupancy of five persons and the 3rd floor to be used throughout for storage in conjunction with the first floor with an occupancy of no persons; there are two 3 ft. wide interior wood stairs enclosed in partitions of wood studs and plaster equipped with wood doors which are not self-closing; stair hall does not lead to street but is provided with a ladder and scuttle to roof; there is one fire escape upon the rear extending to roof by ladder and to yard by ladder, window and door openings on the course of the fire escape are not fireproof self-closing; and

WHEREAS, Certificate of Occupancy #113333 issued November 23, 1945 against Alt. App. 1190/1906 for premises 783 Coney Island Avenue permits the following use and occupancy: Cellar—ordinary use; 1st floor—store-manufacturing auto slip covers, 9 persons, 120 lb. live load; 2nd floor—one family; 3rd floor—one family, 40 lbs. live load on 2nd and 3rd floors; and

WHEREAS, Violation #809 issued February 18, 1955 by the Borough Superintendent against premises 783 to 785 Coney Island Avenue state that alterations have been made to No. 785 by removing partitions on second and third floors without approval of plans or permits and occupancy is contrary to Certificate of Occupancy #120811 which gives the following occupancy: 1st floor—783-5: factory; 2nd and 3rd floors—vacant, and that actually the first floor is used as a factory, the second floor, factory use and the third floor for storage of stock; that alteration 135 of 1948 shows 2nd and 3rd floor of No. 785 arranged for but not occupied as one family dwelling on each floor; and Violation #810 issued by the Borough Superintendent Feb. 18, 1955 for 783 Coney Island Avenue in that the windows of 3rd floor apartment are defective having broken sash cords, broken sash and door knob of door to street at first floor is broken making it difficult to open the door from inside the building; and

WHEREAS, the applicant states the premises consist of an irregular plot 40 ft. 1¼ in. front on Coney Island Avenue by 76 ft. and 73 ft. in depth, upon which there is located two three-story and cellar buildings of class three construction erected in 1906 having a total frontage of 40 ft. 1¼ in. by 56 ft. and 54 ft. 6¾ in. in depth; 36 ft. in height, originally used as one retail store and dwelling for two families in each of the two buildings and now used and occupied since 1948 in accordance with Certificate of Occupancy No. 113334 issued July 8, 1948 against Alt. App. 155/48 as follows: Cellar—boiler room and ordinary storage; 1st floor—auto seat cover factory, both buildings used conjunctively; 2nd floor, 783 Coney Island Avenue—one family; 3rd floor, one family; second floor, 785 Coney Island Avenue, vacant; 3rd floor—vacant; and

WHEREAS, the applicant states that the present owner doing business as I. D. J. Decorators Company took title in 1954 and occupies the buildings as follows: Cellar and 1st floor conjunctively for both buildings: Cellar—boiler room and ordinary storage; 1st floor—manufacturing, sales (interior decorator); 2nd floor, 783 Coney Island Avenue, dwelling one family; 3rd floor—dwelling, one family; 2nd floor—785 Coney Island Avenue, factory in conjunction with the first floor occupancy, 2 persons; 3rd floor—785 Coney Island Avenue, storage in conjunction with the first floor occupancy, no persons; and

WHEREAS, the applicant states that it is now proposed to use all floors of both buildings solely for the manufacture and sale (interior decorator) as follows: Cellar—boiler room and ordinary storage, no persons; 1st floor—manufacturing and sales, 15 persons; 2nd floor—manufacturing and storage in conjunction with the 1st floor, 5 persons; 3rd floor—storage in conjunction with the first floor, no persons; and

WHEREAS, the applicant contends that the cellar and 1st floor may be occupied as existing and as proposed under the existing Certificate of Occupancy; that the present owner is principally engaged in the retail sale of custom made furniture, furniture covers, drapes and similar interior decorations; that in addition to the retail sales the owner

MINUTES

manufactures and sells such interior decoration to other decorators; that such sales consist principally of draperies and furniture covers, there are no power saws used in the building; it is proposed to limit the manufacturing on the first floor to 1000 sq. ft., where draperies, furniture covers and similar soft goods will be prepared; that on the second floor 1000 sq. ft. will be used for the purpose of manufacturing and repair of bulky items of furniture by hand tools only; it is proposed to strengthen the live load capacity to 75 lbs per sq. ft.; that in addition to the existing fire escape at the rear of the two structures, it is proposed to fire retard the two stairways with half inch plasterboard and gypsum plaster on wire lath and $\frac{3}{4}$ in. portland cement mortar throughout and to provide $\frac{3}{4}$ -hour fireproof self-closing doors throughout; and

WHEREAS, the applicant contends that the number of persons employed at manufacturing will be limited to five on the second floor and none on the third and as there will be two separate and independent means of egress from the upper floors and also from the cellar area it is requested that this application be granted; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on Alt. App. 1794/55, Objections No. 1 and 2, and that the appeal be and it hereby is *granted*, to permit the use of the premises as proposed and indicated on plans filed with this appeal, marked "Received March 13, 1956", (3 sheets), *on condition* that the building shall not be increased in height or area and in all other respects shall comply with the requirements therefor; that the cellar ceiling shall be fire-retarded and the cellar stairs enclosed; there shall be no manufacturing in the cellar; that the live load of 75 lbs per superficial foot may be permitted if posted to this effect and if the floors are at no time overloaded in any part beyond this permitted loading; that this variance may continue only so long as present type of occupancy continues.

661-55-A

APPLICANT—Leonard F. Rothkrug, for Ida Shiffman, owner.

SUBJECT—Application August 10, 1955—re Appeal from a decision of the borough superintendent—frame extension, exits, stairs.

PREMISES AFFECTED—266 Ainslie street, south side, 150 ft. east of Graham avenue, Block 2777, Lot 13, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Administration: Samuel L. Becker, Dept of Building.

ACTION OF BOARD—Appeal denied.

THE VOTE TO GRANT—

Affirmative: 0
Negative: Chairman Murdock, Commissioner Kleintert, Commissioner Keating and Deputy Chief Connolly 4

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated July 13, 1955, acting on Alt. App. 1145 and 1146/55 reads:

"1. Frame extension shown violates Sect. 4.1.2 of the Code.

2. Provide 2 means of exit as required under Sect. 271 of the Labor Law.

3. Stairs shown beyond bldg. line violate Sect. 2.4.1.4.2 of the Code."

and

WHEREAS, the applicant states the building is 1 and 2 stories, 11 ft. and 18 ft. in height, respectively, 25 and 22 ft. front by 46 ft. 4 in. and 30 ft. in depth at street level, 25 ft. front by 46 ft. 4 in. in depth at 2nd floor level, Class 4 construction, erected in 1902 on a lot 25 ft. by 100 ft. in area, in a business use, B area, Class 1½

height district; used and occupied since 1916 as follows: Cellar—ordinary storage; 1st floor—manufacturing needlework at the rear in rear building and front building used for total of two families on the 1st and 2nd floor, total occupancy, 15 persons. No change in use or occupancy is now proposed; and

WHEREAS, Violation #3129 was issued by the Borough Superintendent October 20, 1954, for violation of Sec. 271 of the Labor Law in that 12 persons were employed at factory work without two legal means of egress; and

WHEREAS, the applicant states the premises consist of a plot 25 ft. front on Ainslie street and 100 ft. in depth, upon which there exists a two-story and cellar building, of Class 3 construction, 25 ft. front by 46 ft. 4 in. in depth, 24 ft. in height, located on front of lot, erected prior to 1902 and used since erection till present as a two-family dwelling; that on rear of lot exists a one-story and cellar building, 22 ft. wide by 30 ft. in depth, Class 3 construction, erected in 1902 under Permit 1931/02 for use as a "tailor shop" and subsequently altered under Permit 3124/16 for light manufacturing with occupancy of 18 persons; that this light manufacturing use by needle-trades has continued to the present. It is now proposed to continue the existing uses, to construct a 3 ft. 8 in. wide cellar passage from rear building to Ainslie street, such passageway to have 4 in. cinder block walls plastered on both sides and with all doors thereto to be one-hour self-closing door and ceiling of passageway will be 4 in. gypsum tile hung on steel tees 30 in. on centers; that the passageway will terminate at an existing 3 ft. wide stair leading to street level; that although these stairs project a maximum of 4 ft. beyond the building line, they were in existence prior to 1938 and conform to Sec. C26-226 and C26-233 of the Administrative Code; and

WHEREAS, the applicant contends that the proposed passageway is in addition to existing exit through the westerly half of cellar, which likewise leads to street through a stair beyond the building line, and the applicant requests the granting of this appeal based on the foregoing facts; and

WHEREAS, the owner was convicted and fined in Magistrate's Court July 29, 1955 on charge of violation of Sec. C26-643a of the Administrative Code and Section 271 of the Labor Law for failure to provide two legal means of egress; and

WHEREAS, the Board is in receipt of a certificate dated September 6, 1955, issued by the Borough Superintendent, pursuant to Section 668 subdiv. c of the New York City Charter, that a stay in the pending proceeding would in his opinion cause imminent peril to life by reason of the facts stated in such certificate; and

WHEREAS, the premises was inspected by a committee of the Board. In the opinion of the committee the present and proposed arrangement would not furnish a safe condition for the existing and proposed occupancies.

Resolved, that the decision of the Borough Superintendent, acting on Alt. App. 1145 and 1146/55, Objections 1, 2 and 3, be and it hereby is *affirmed* and that the appeal be and it hereby is *denied*.

680-55-A

APPLICANT—Julius Schwan, for Minority Housing Development Corp., owner.

SUBJECT—Application August 30, 1955—filed pursuant to Section 36, General City Law re premises not facing a legal street—168th street.

PREMISES AFFECTED—167-16 Brinkerhoff avenue, south side, 64.09 ft. west of 168th street, Block 10195, Lot 8, Jamaica, Borough of Queens.

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent, dated August 2, 1955, on N.B. 2418/55, reads:

"1. Proposed bldg. does not face a legal street and must be approved by Bd. of Standards & Appeals as per General City Law, Sec. 36."

and

WHEREAS, the applicant states the premises consist of a lot 17.82 feet front by 100 feet in depth, in a residence use, D area, Class 1 height district upon which it is proposed to erect a two-story and basement, 20 feet, 2½ in. high, Class 3 constructed 1-family dwelling and accessory 1-car garage 17.82 ft. by 38 ft. in depth at street level, 17.82 ft. front by 30 ft. in depth at 2nd floor level; and

WHEREAS, applicant states the proposed dwelling is part of a development consisting of nineteen 1-family dwellings, fronting on the north and south sides of Brinkerhoff avenue and the land on the south side was purchased as one parcel, known as Parcel 2 in the title search and was subdivided into plots facing legal streets except for the interior plots in question; and

WHEREAS, the applicant requests the Board to grant a variance to permit the erection of the proposed dwelling, as the small plot of land separating this interior lot from the street is no small that at no time can it be used for building purposes and on the grounds that the easement for ingress and egress as noted in the Title Search filed with this appeal precludes any building on that portion of the land; and

WHEREAS, a public hearing was held on this appeal by the Board on January 18, 1956, and the matter was adjourned to permit further study by the Board; and

WHEREAS, the Board has been advised by the Corporation Counsel that the owner of lots 8 and 9 has an easement of passage over Morris Place in common with the adjoining owners fronting on that street and thus has access across Morris Place to Brinkerhoff avenue; and that the installation of a private sewer, plumbing, gas and electric power connections across Morris Place may be made in the usual manner under the surface of Morris place.

Resolved, that the decision of the Borough Superintendent, acting on N.B. App. 2418/55, Objection No. One be and it hereby is *modified* under the powers vested in the Board by Section 36 of the General City Law, and that the appeal be and it hereby is *granted* to permit the building as proposed and as shown on plans filed with this appeal marked "Received August 30, 1955" (3 sheets) *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

App. 2419/55, Objection No. One be and it hereby is *modified* under the powers vested in the Board by Section 36 of the General City Law, and that the appeal be and it hereby is *granted*, to permit the building as proposed and as shown on plans filed with this appeal marked "Received August 30, 1955" (3 sheets) *on condition* that in all other respects the building and occupancy shall comply with all laws, rules and regulations applicable thereto.

1014-55-A

APPLICANT—Lama, Proskauer and Prober, for 260 West Street Corp., owner.

SUBJECT—Application December 23, 1955—re Appeal from a decision of the borough superintendent—egress.

PREMISES AFFECTED—67-73 Vestry street and 260-262 West street, southeast corner, Block 218, Lot 24, Borough of Manhattan.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Appeal granted on condition.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, the decision of the Borough Superintendent dated October 19, 1955, on B.N. 3392/55 and redened December 9, 1955, reads:

"1. Provide a second means of egress from cellar Section 271 LL.

"2. Fire escape as a 2nd means of egress in a factory building over five stories in height is contrary to Section 271 of the LL."

and

WHEREAS, the applicant states the building is 9 stories, 117 ft. in height, 101 ft. front by 75 ft. 9¼ in. in depth, of fireproof construction, erected 1895, located in an unrestricted use, A area, Class 2 height district, and used and occupied since 1949 as follows: Cellar: boiler room and storage of freight, one person; 1st floor—storage, receiving and shipping of freight, 8 persons; 2nd floor—manu-

MINUTES

facturing cosmetics, 20 persons; 3rd floor—manufacturing chairs and citrus juices, 8 persons; 4th floor—manufacturing leather products, 40 persons; 5th floor—manufacturing jewelry, 40 persons; 6th floor—machine shop, 26 persons; 7th floor—manufacturing cardboard boxes, 11 persons; 8th floor—machine shop, 19 persons; 9th floor—manufacturing crayon, 21 persons; no change in use or occupancy is now proposed; the building is provided with an approved standpipe system and approved interior fire alarm system and regular monthly fire drills are maintained; that there is one 3 ft. wide interior concrete stairs, fireproof enclosed leading from roof bulkhead direct to street, and one fire escape on the West Street front leading to street by stair, window and door openings on the course of the fire escape are fireproof, self-closing; and

WHEREAS, Violation No. 7065 was issued September 14, 1953, for failing to maintain proper egress as required by Section 271, Para. 2 of the Labor Law; and

WHEREAS, the applicant states that the records of the Department of Buildings show that the original building, erected under N.B. App. 2069/1895 was 7 stories in height, for use as a warehouse, and that it was altered under Alt. App. 125/1897 and the use changed to tea and coffee warehouse, and again altered under Alt. App. 1386/1910 by the addition of 2 stories of fireproof construction making a total of 9 stories and the use changed to light storage and warehouse and again altered under Alt. App. 3510/13 to enlarge the elevators and the use was changed to lofts, and again altered under Alt. App. 1145/16 to erect a balcony and fire escape on the West Street side of the building and use was changed to the following: Basement—storage, 1st floor—office, and storage; 2nd to 9th floors—factory, and no certificate of occupancy has been issued; and

WHEREAS, the applicant states that the storage and shipping of freight in the cellar and the first floor are used conjunctively; and

WHEREAS, the applicant contends as to Objection One issued by the Borough Superintendent, that the cellar has one 3 ft. wide fireproof stairs direct to the street and as a secondary means of egress there is a 6 ft. wide concrete stair leading direct to the West street side of the building and it is proposed that a flush iron door over this stair be made easily openable from the underside, and as a third means of egress from the cellar, it is further proposed to provide an engineer's ladder and scuttle to the Vestry street side of the building; that in addition to the three egresses described the cellar is provided with a fire alarm box and standpipe; that inasmuch as the cellar is used only for storage with one occupant, the exits are ample; and

WHEREAS, the applicant contends as to Objection 2, that the building has one 3 ft. wide stairway, fireproof construction, from roof to the first floor, with egress direct to the street, and as a second means of egress it is provided with a Labor Law fire escape from the ninth floor to the second floor, with a counter-balanced stair leading to street, and a third and fourth means of egress is provided by the two fireproof enclosed elevators; that the present 3 ft. wide stair has a capacity of 45 persons, and the greatest occupancy on any floor does not exceed 40; and as a secondary means of egress is provided and as the building is fireproof and the public stairhall is provided with a standpipe and fire alarm on each floor, the exits are ample; and

WHEREAS, the applicant states that such portable fire extinguishing appliances will be installed as the Fire Commissioner may direct; and

WHEREAS, the premises were inspected by a committee of the Board, which recommended that the appeal be granted under certain conditions.

Resolved, that the Board of Standards and Appeals does hereby *make a variation* in the requirements of the Labor Law, as cited in a decision of the Borough Superintendent, acting on B.N. 3392/55, Objection Nos. 1 and 2 and that the appeal be and it hereby is *granted*, to permit the continuation of the exterior fire escape, as proposed, on the

front of the building, to be used as a secondary means of exit, as shown on plans filed with this appeal, marked "Received April 12, 1956", (24 sheets), *on condition* that there shall be no factory occupancy in the cellar; that the occupancy per floor shall be limited to the capacity of the primary means of exit; that the building shall not be increased in height or area and in all other respects shall comply with all laws, rules and regulations applicable thereto; that the standpipe system, interior fire alarm and fire drills shall be maintained in accordance with the requirements therefor.

APPLICANT—Leonard F. Rothkrug and Louis Lieberman, for Leon Siev, doing business as Siev's Nursing Home, owner.

SUBJECT—Application reopened May 8, 1956 as Vol. II—re Appeal from a decision of the borough superintendent—live load and construction.

PREMISES AFFECTED—1020 Ocean parkway, west side, 130 ft. south of Avenue J, Block 5495, Lot 904, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Opposition: Hannibal F. Zumbo, David Berman, H. A. Mackler, Grace E. Martin, Helena Jioia, J. W. Martin, Paul Di Figlia, Florence Mackler, Kathryn Sullivan, Philip S. Garozzo and Morris Rubin.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to June 12, 1956, at 2 P.M. for inspection, if necessary, and for decision; hearing closed.

821-54-A

APPLICANT—Consolidated Cork Corp., lessee, for Bush Terminal Buildings Co., owner.

SUBJECT—Application October 22, 1954—Appeal from an order of the fire commissioner—re smoking in factory.

PREMISES AFFECTED—4012 2nd avenue, block from 39th to 41st streets, Bush Building No. 20, Block 706, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: E. J. Sten.

For Administration: Lieut. John P. Manfredi, Fire Dep't.

ACTION OF BOARD—Laid over to June 5, 1956, at 2 P.M. at request of the applicant, to amend the appeal and file revised plans.

132-55-A

APPLICANT—Leonard F. Rothkrug, for Max Forman, owner (Gibraltar Fabrics, lessee).

SUBJECT—Application February 16, 1955—re Appeal from a decision of the borough superintendent—exits.

PREMISES AFFECTED—2236-2238 Pitkin avenue, south side, 75 ft. west of Hendrix street, Block 4010, Lots 21 and 23, Borough of Brooklyn.

APPEARANCES—

For Applicant: Leonard F. Rothkrug.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to June 5, 1956, at 2 P.M. for applicant to furnish a sectional drawing showing

MINUTES

the exterior exit from the 3rd floor to grade leading to street.

12-56-A

APPLICANT—Herman Kron, for Aeonitt Realty Corp., owner.

SUBJECT—Application January 11, 1956—Appeal from a decision of the borough superintendent, re non-fireproof construction, live load, egress, etc.

PREMISES AFFECTED—38 West 53rd street, south side, 345 ft. east of Avenue of The Americas (6th), Block 1268, Lot 60, Borough of Manhattan.

APPEARANCES—

For Applicant: Herman Kron.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Laid over to June 19, 1956, at 2 P.M. for inspection and decision.

89-56-A

APPLICANT—Hexagon Laboratories, Inc., owner.

SUBJECT—Application November 30, 1955—Appeal from a decision re an order of the fire commissioner re sprinkler system.

PREMISES AFFECTED—3536 Peartree avenue, north side, 145 ft. east of Boston road, Block 5282, Lot 48, Borough of The Bronx.

APPEARANCES—

For Applicant: Montrose H. Massler, Seymour Cooperberg and Irving Frome.

For Administration: Lieut. John P. Manfredi, Fire Dep't.

ACTION OF BOARD—Laid over to July 17, 1956, at 2 P.M. at the request of the applicant to file revised plans showing buried tanks in the adjacent property to the south recently acquired by the applicant.

85-36-BZ—Vol. III

APPLICANT—Lama, Proskauer and Prober, for Socony Vacuum Oil Co., Inc., owner.

SUBJECT—Application for consideration—reopening as to amendment to resolution—re Application (decision of the borough superintendent); previously granted on condition, under sections 7f and 7i of the zoning resolution, permitting in a business use district, the change of use from shelter, outdoor garage, parking of more than five cars and display of used cars, to gasoline service station, lubricatorium, auto repairs (hand tools only), car washing, utility room, work area, store, parking and storage of motor vehicles.

PREMISES AFFECTED—2235-2247 Flatbush avenue, and 1832-1850 East 48th street, northeast corner, Block 8487, Lot 1, 3 and 5, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board as Vol. III, on November 29, 1955, on certain conditions; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on November 29, 1955 only so far as it refers to the requirement of the finish of the walls so that as *amended* this portion of the resolution shall read:

"That the north wall of the building may be constructed of concrete block with white cement wash in place of face brick as now proposed and as indicated on plans filed with this request for amendment marked "Received May 9, 1956" (one sheet) on condition that

in all other respects the resolution above cited shall be complied with." (N.B. 245/55)

18-37-BZ—Vol. III

APPLICANT—Carl H. Salminen, for Kinney Motors, Inc., owner.

SUBJECT—Application for consideration—reopening as to extension of time to complete—re Application (decision of the borough superintendent), previously granted on condition, under sections 7e, 7h and 7i of the zoning resolution, permitting in a residence and business use, C and D area district, the reconstruction and extension of existing building (presently used as an auto service station, auto laundry, body shop, paint spraying shop, brake inspection and adjustment, lubrication and grease pits, auto accessories and parts, with an office on 2nd floor), using more than the area permitted, and proposed to be used as a show room and a service station for new and old cars, auto laundry, body shop, tool room, parts department and accessories, garage for more than five motor vehicles, gasoline pump for owner's use, unloading area, locker rooms and office on 1st floor; with offices, new car conditioning and accessory room on 2nd floor; and to permit the parking and storage of cars on roof and also to permit the parking of customers' cars and trucks on open portion of plot (previously denied, a gasoline service station and garage for more than five motor vehicles) and later granted the rearrangement of existing premises and additional premises as to parking, and motor vehicle repairs, brake testing, greasing and oxyacetylene torch for welding, and painting.

PREMISES AFFECTED—2166-2190 Coney Island avenue, west side, 100 ft. 4 3/8 in. south of First Court (Block 6685B, Lots 34, 37 and 40), Borough of Brooklyn.

APPEARANCES—

For Applicant: Carl H. Salminen.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and time to complete work extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleiner, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was amended by the Board as Vol. III on May 26, 1953, on certain conditions; and

WHEREAS, time to obtain permits and complete the work was extended on May 24, 1955; and

WHEREAS, the applicant requested a further extension of time to obtain permits and complete the work.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted under Vol. III on May 26, 1953 as thereafter *amended* by resolution adopted through May 24, 1955 only as to the time within which to obtain permits and complete the work, so that as *amended* this portion of the resolution shall read:

"that in view of the statement by the applicant that plans have been approved by the Department of Buildings, that all permits required shall be obtained and all work completed within the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution." (Alt. App. 3209/51.)

1012-39-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Abraham J. Stern, owner. (Socony Vacuum Oil Company, Inc., lessee).

SUBJECT—Application for consideration—reopening as to amendment of resolution—re Application (decision of the borough superintendent); previously granted on condition, under section 7c of the zoning resolution, permitting in a residence use district, the reconstruction and extension of an existing gasoline service station to include lubricatorium, car wash, motor vehicle repairs, storage and sale of accessories and office and permitting the parking and

MINUTES

storage of motor vehicles on unbuilt upon portion of plot.

PREMISES AFFECTED—4902-4910 Kings highway and 1161-1163 East 49th street, southeast corner and 4901-4909 Avenue H, Block 7733, Lots 7 and 8, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and resolution amended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Conolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board as Vol. II, on April 26, 1955, on certain conditions; and

WHEREAS, the resolution was amended on September 13, 1955; and

WHEREAS, time to obtain permits and complete the work was extended on April 24, 1956; and

WHEREAS, the applicant requested an amendment of the resolution.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on April 26, 1955, April 24, 1956, by adding thereto:

"that the easterly wall of the accessory building may be constructed of concrete block with white cement wash in place of face brick as now proposed and as indicated on plans filed with this application marked "Received May 9, 1956" (one sheet) *on condition* that the resolution above cited shall be complied with." (N.B. 1221/54)

775-41-BZ

APPLICANT—Harold J. Hughes, for Kerbel Associates, owner. (Phil Schoenberg, lessee).

SUBJECT—Application for consideration—reopening as to extension of term of variance—re Application (decision of the borough superintendent); previously granted on condition, under section 7h of the zoning resolution, permitting in a residence use district, for a term of years, the parking and storage of motor vehicles.

PREMISES AFFECTED—80-01 41st avenue, north side, from 80th street, to 81st street; 40-43 80th street and 40-42 81st street, Block 1491, Lots 21 and 24, Elmhurst, Borough of Queens.

APPEARANCES—

For Applicant: Irving Schoenberg and Charles I. Goldman.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Conolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board on November 18, 1941, on certain conditions; and

WHEREAS, the term of variance was extended from time to time and last extended on April 6, 1954; and

WHEREAS, the applicant requested a further extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on November 18, 1941, as thereafter *amended* by resolution adopted through April 6, 1954 only so far as it refers to the term of the variance, so that as *amended* this portion of the resolution shall read:

"... granted under Section 7, subdivision h for a term of two years from the date of this *amended* resolution, to permit.....; that other than as herein

amended the resolution above cited shall be complied with in all respects; and that all permits, including a new certificate of occupancy, shall be obtained and all work completed with the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution." (Misc. Apps. 187/44 and 862/44)

273-43-BZ—Vol. II

APPLICANT—Lama, Proskauer and Prober, for Nursery-type Products, owner.

SUBJECT—Application for consideration—reopening as to extension of term of variance—re Application (decision of the borough superintendent) previously granted on condition, under section 7e of the zoning resolution, permitting in a residence use district, for a term of years, the conversion of occupancy from marble factory to manufacturing of mattresses.

PREMISES AFFECTED—965-967 Hopkinson avenue, west side, 260 ft. south of Lott avenue and 576-578 Bristol street, Block 3623, Lot 19, Borough of Brooklyn.

APPEARANCES—

For Applicant: Alfred A. Lama.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Application reopened and term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Conolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application was granted by the Board as Vol. II, on March 7, 1944, on certain conditions; and

WHEREAS, the term of variance was extended from time to time and last extended on June 2, 1954; and

WHEREAS, the applicant requested a further extension of the term of variance.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on March 7, 1944 as thereafter amended by resolution adopted through June 2, 1954 only so far as it refers to the term of the variance, so that as *amended* this portion of the resolution shall read:

"... granted under Section 7, subdivision e for a term of two years from the date of this *amended* resolution, to permit.....; that other than as herein *amended* the resolution above cited shall be complied with in all respects; and that all permits, including a new certificate of occupancy, shall be obtained and all work completed within three months the requirements of Section 22A of the Zoning Resolution from the date of this *amended* resolution." (Alt. 3572/43)

Remaining Minutes of the Meeting of May 29, 1956, will appear in the issue of June 12, 1956.

SPECIAL MEETING

FRIDAY AFTERNOON, JUNE 1, 1956, 2 P.M.

Present: Chairman Murdock.

835-38-SR

SUBJECT—Proposed Amendments to the Rules Relative to Submerged Inlets and Protective Methods to be Applied to Prevent Contamination of Water Supply.

APPEARANCES—James P. Finnerty and George A. Hauser, Department of Water Supply, Gas and Electricity; George Samber and Morris S. Appelboom, Department of Health; and Samuel L. Becker, Department of Buildings.

ACTION OF BOARD—Laid over due to lack of quorum to Monday, June 4, 1956, at 10 A.M., for decision; hearing previously closed.

MINUTES

784-41-SR

SUBJECT—Proposed Amendments to the Rules for Erection, Alteration, Repair, Excavation for and Demolition of Buildings.

APPEARANCES—Peter W. Eller, J. G. Fink, C. E. Youngdahl, P. L. Moccia and F. E. Schilling, B.T.E.A.; A. T. Glassett, N. Y. Building Congress; Walter J. Stubbs and Alonzo C. Dickinson, Travelers Insurance Co.; William Eipel, Patent Scaffold; Joseph Goldstein and Max B. Schreiber, N.Y.C. Housing Authority; David J. Daddario, Bankers Trust Co.; Henry Propper, B.C.E.A.; John P. Jones; W. Winston Warner, Safeway Steel Scaffolds; Joseph Lorenz and A. R. Shobaken, Acrow, Inc.; and Samuel L. Becker, Department of Buildings.

ACTION OF BOARD—Laid over due to lack of quorum to Monday, June 4, 1956, at 10 A.M., for decision; Hearing previously closed.

Adjourned: 2:30 P.M.

JOSEPH J. DOYLE, *Chief Clerk.*

SPECIAL MEETING

MONDAY MORNING, JUNE 4, 1956, 10 A.M.

Present: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly.

835-38-SR

SUBJECT—Amendments to the Rules Relative to Submerged Inlets and Protective Methods To be Applied to Prevent Contamination of Water Supply.

APPEARANCES—James P. Finnerty and George Hauser, Department of Water Supply, Gas and Electricity; George Samber and Morris S. Appelboom, Department of Health; Max B. Schreiber, N.Y.C. Housing Authority; and Samuel L. Becker, Department of Buildings.

ACTION OF BOARD—Rules amended as published in the Bulletin, dated May 29, 1956, and corrected as to Rule 1 as printed in this Bulletin dated June 5, 1956.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

SUBJECT—Amendments to the Rules for Erection, Alteration, Repair, Excavation For and Demolition of Buildings.

APPEARANCES—Max B. Schreiber, N.Y.C. Housing Authority; and Samuel L. Becker, Department of Buildings.

ACTION OF BOARD—Rules amended as published in the Bulletin dated May 29, 1956 and in this Bulletin dated June 5, 1956.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4
Negative: 0

Adjourned; 10:35 A.M.

JOSEPH J. DOYLE, *Chief Clerk.*

RULES

AMENDMENTS TO THE RULES FOR ERECTION, ALTERATION, REPAIR, EXCAVATION FOR AND DEMOLITION OF BUILDINGS

Adopted by The Board of Standards and Appeals, October 26, 1943, Effective December 13, 1943; Amended Oct. 14, 1955, Effective Nov. 10, 1955; and Amended June 4, 1956, effective July 2, 1956.
(Cal. No. 784-41-SR)

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, (3) and (4) of The New York City Charter; Sections C26-189.0, C26-191.0, C26-504.0(a), and C26-689.0 of the Administrative Code.

7.8.1 **Design and Construction of Forms.** The design and construction of forms shall conform to the following requirements:

7.8.1.1 **Forms** shall conform to the shape, lines, and dimensions of the member as called for on the plans. Forms shall be substantial and sufficiently tight to prevent leakage of mortar; and shall be properly braced or tied together so as to maintain position and shape and insure safety to workmen and passerby. Temporary openings shall be provided where necessary to facilitate cleaning and inspection immediately before depositing concrete.

7.8.1.2 Where the height of the shores exceeds ten feet, adequate diagonal bracing shall be provided in both longitudinal and transverse directions. In addition, adequate diagonal braces shall be provided at the ends of the framework. Diagonal bracing shall extend from the top to bottom of shores.

7.8.1.3 The unbraced length of wood shores supporting forms shall not exceed fifty times the least dimension. Metal shores or frames shall be approved by the Board of Standards and Appeals and shall be installed in accordance with the approval of the board. Shores shall be adequately secured at the top and shall be properly wedged at top or bottom, if required.

7.8.1.4 Where shores rest upon the ground, adequate mud sills, or other bases, shall be provided to support the shores adequately.

7.8.1.5 Qualified workmen shall be detailed constantly during the placing of concrete to insure that there is no movement of shores, braces or other supports. The name of the foreman in charge of the formwork shall be posted in the field office of the contractor.

7.8.1.6 The individual, firm or corporation who does the concrete work shall be responsible for the adequate design and construction of all forms used in the construction of the building. Wherever the shore height exceeds fourteen feet, or the load on the forms exceeds one hundred fifty pounds per square foot, or power buggies are used, or two stage shores are used, the individual, firm or corporation who does the concrete work shall certify to the department that the form design has been checked and approved as adequate by a licensed professional engineer who has had at least five years of experience as a structural engineer, and that the forms have been constructed in conformance with the design which was checked and approved by the said engineer.

RULES

AMENDMENTS TO THE RULES RELATIVE TO SUBMERGED INLETS AND PROTECTIVE METHODS TO BE APPLIED TO PREVENT CONTAMINATION OF WATER SUPPLY

Adopted by the Board of Standards and Appeals February 3, 1939, effective in accordance with Section 666, Paragraph 2, of the New York City Charter, February 27, 1939; amended December 4, 1942, effective December 28, 1942; amended September 10, 1946, effective October 7, 1946; amended on February 10, 1948, effective March 8, 1948; and amended June 4, 1956, effective July 2, 1956.

(Cal. No. 835-38-SR)

Authority:

Pursuant to the authority vested in the Board of Standards and Appeals by Section 666, paragraph 2 of the New York City Charter pertaining to Sections C-26-1268.0,c,4 and C26-1277.0h. of the Administrative Building Code.

Rule 1. Vacuum Breakers.

All vacuum breakers prescribed under these rules shall be set at least four inches above the flood level rim of fixtures or as otherwise specifically provided for in these rules. Each fixture with submerged inlets shall be independently controlled by an approved vacuum breaker or breakers the full size of supply pipe, as set forth in these rules. All hose coupling outlets and serrated tip outlets for hose connections within buildings are deemed to be submerged inlets, and shall be independently protected with an approved vacuum breaker. Outside hose coupling outlets for garden or sidewalk use, drain cocks for hot water and steam boilers and hose connections on fire fighting equipment are excepted. Every underground lawn and/or garden watering system shall be protected by an approved vacuum breaker placed at least 12 inches above the highest elevation of the sprinkling and/or spraying discharge point.

Rule 2. Submerged Inlets.

Water supply inlets to fixtures shall be located at least one inch above the flood level rim of the fixture, except when submerged inlets are absolutely essential for the proper functioning of a fixture, or as otherwise provided for in these rules.

Water supply lines to water preheating apparatus utilizing waste water shall be equipped with an approved vacuum breaker located at least four feet above the highest elevation of the preheating apparatus or coil with a check valve between the vacuum breaker and the preheating apparatus. Any hot water boiler supplied through such preheating device and having an independent cold water supply line shall have the cold water supply line equipped with a vacuum breaker and check valve located at least four inches above the highest elevation of the boiler.

Rule 3. Flush-Valve Fixtures.

Flush-valve controlled fixtures, with submerged inlets supplied directly or indirectly from the City Water Supply System, shall be equipped with an approved vacuum breaker in the supply line not less than four inches above the flood level rim of the fixture.

Rule 4. Ballcocks.

All flush tanks operated by ballcocks shall have an approved vacuum breaker located not less than three-quarter inch above the overflow outlet of the flush tank.

Ballcocks controlling water supply to suction, roof or other intermediate tanks shall be located at least one inch above the flood level rim of the tank excepting that in roof tanks equipped with an overflow of a size at least one commercial diameter larger than the water supply pipe, the ballcock may be located two inches above the highest elevation of the overflow pipe. The overflow and emptying pipes of roof, suction and intermediate tanks shall not be directly connected to a drainage system, notwithstanding the permissive provisions of Section C26-1273.0,d of the Administrative Building Code for connection to a leader.

Rule 5. Sterilizers.

Direct water supply connections to all sterilizers are prohibited, except such equipment as is approved by the Board. When approved sterilizers are used, the waste piping from sterilizers shall not connect directly with any drainage system.

Rule 6. Aspirators—Water Siphons.

Direct water supply connections to aspirators, water siphons or similar apparatus is prohibited except when approved by the Board. The waste pipe for this type of apparatus shall not connect directly with any drainage system.

Rule 7. Bidets—Bed Pan Washers.

Direct water supply connections to a bidet is prohibited. Water supply connection to bed pan washers or similar apparatus shall be equipped with an approved vacuum breaker and check valve, the latter located between the fixture and the vacuum breaker. Water supply to bed pan washers equipped with an approved flush valve shall be governed by Rule 3.

Bed pan washers may be equipped with steam connections only when such equipment has been approved by the Board.

Rule 8. Sump or Well Pumps.

Direct water supply connections for priming purposes to sump, well or similar type pumps when permitted by the Department of Water Supply, Gas and Electricity shall be connected to the inlet side of the pump and be equipped with an approved vacuum breaker and check valve, the check valve to be located between the pump and the vacuum breaker.

Rule 9. Condensers.

Direct water connections to refrigeration unit for cooling purposes shall be equipped with an approved check valve to prevent possible back flow of ammonia or other refrigerant from defective condenser coils or jackets, except in such installations where the water supply piping is entirely outside of the piping or tank containing the refrigerant and two independent wall thicknesses of metal separate the refrigerant from the city water supply. Refrigeration units containing more than twenty pounds of refrigerant shall be provided with an additional safeguard in the form of an approved relief valve installed at the outlet side of the check valve, such relief valve being set at five pounds above the maximum water pressure at the point of installation. Direct water connection is prohibited under Section C26-1223.0 Administrative Building Code.

University of Illinois Library
Serials Dept.
Urbana, Ill.

RULES

Rule 10. Mortuary, Dissection, Operating and Embalming Tables or Equipment.

Mortuary, dissection, operating and embalming tables or equipment shall have no direct water supply connection. Hose used with such equipment shall terminate at least 12 inches at any point from the table or attachments.

Rule 11. Dishwashing and Laundry Machines.

Direct water supply to dishwashing and laundry machines shall be equipped with an approved vacuum breaker and a check valve located between the vacuum breaker, and the fixture. The vacuum breaker shall be located at least 4" above the highest elevation of the machine.

Rule 12. Chemical Solution Tanks or Apparatus

Direct water supply connections, when permitted by the Department of Water Supply, Gas and Electricity,

to any tank or apparatus containing any chemical shall be equipped with an approved vacuum breaker and a check valve located between the vacuum breaker and the tank or apparatus. All hose, piping or portable equipment when used for the application of chemicals or other solutions shall be equipped with an approved vacuum breaker.

Rule 13. Steam Tables.

Steam tables used exclusively for the warming of food stuffs and provided with a water supply inlet elevation at least one inch above the overflow outlet, the area of which is at least four times that of the water supply piping, shall be equipped with an approved horizontal swing check valve in the water supply piping.

Where elevation of the water supply piping inlet is less than one inch above the overflow outlet, or when the area of the overflow outlet is less than four times that of water supply piping, the water supply piping shall be equipped with an approved vacuum breaker located at least four inches above the maximum overflow level of the fixture.

NOTICE

WARNING

Notice is hereby given to all appellants and applicants, and to all lawyers, architects and engineers representing owners or lessees in proceedings before the Board—

First, That if they do not appear in person or by representative at the hearing of their case, dismissal for lack of prosecution is likely to result.

Second, That due and ample notice of the date set for hearing is provided in the publication in this BULLETIN of the calendars of the Board, each case being set down by Calendar Number and the premises under the date of the hearing.

Third, That no plea of ignorance of the date of the hearing can be entertained in view of this publication and of the posting of the calendars on the bulletin board in the offices of the Board and of the further publication of the calendars in the daily press.

Fourth, That no one is entitled to written notice of the date for the hearing in his case, and that the plea of failure

to receive such notice is no excuse for neglect to appear.

Fifth, That the business of the Board is to dispose of all cases promptly; therefore, no appeal or application will be held in abeyance by reason of failure of the appellant or applicant to file necessary data, or by any other method of delay.

Sixth, That no appeal or application will be accepted for filing unless, at the time of filing, all papers, plans and data required by law are supplied, as specified on the blank appeal or application forms.

Applicants, under the building zone resolution, are entitled to one copy of Form 7NO.

If they desire additional copies, for their own convenience in notifying proper owners, they may obtain such copies at the office of the Board of Standards and Appeals, Room 1014, Municipal Building, Manhattan, at five cents each—postage to be added if the forms are forwarded by mail.

PUBLIC HEARINGS

Tuesdays at 10 a.m. to 2 p.m.

Special meetings as published in this Bulletin.

All hearings are held in Room 1013, Municipal Building,
Borough of Manhattan.

HOURS OF CONSULTATION

10 A.M. to 1 P.M.

Any person desiring to consult the chairman or the engi-
neers, pertaining to the work of the board, will be seen only
between the hours of ten in the morning and one in the
afternoon—Saturdays excepted.

NOTICE TO APPELLANTS AND APPLICANTS

No appeal or application will be entertained in connection
with which court proceedings are pending or in progress,
unless exception is granted by the chairman, nor accepted
which is not filed within thirty days from the date of the
action of the Administrative Official.

Any communication purporting to be an appeal or appli-
cation shall be regarded as a mere notice of intention to seek
relief until it is filed on the form required by the rules of
this board.

Upon receipt of any such communication the writer will
be supplied with the official forms for presenting his appeal
or application.

At the time of filing an appeal or application, the appel-
lant or applicant shall forward a signed notice of appeal
addressed to the administrative official either borough super-
intendent of buildings or fire commissioner and file with
this board a duplicate of said notice.

Appellants and applicants are advised that their plans must
indicate the points of the compass so as to establish the true
location and position of the property, the subject of the
appeal or application.

Appeals and applications will be simplified and disposition
of same expedited by conforming to these directions.

HARRIS H. MURDOCK, *Chairman.*

SUBJECT—Application reopened May 8, 1956 for consideration of extension of term of variance expired February 24, 1954—re (decision of the borough superintendent) previously granted on condition, under sections 7c, 7i, 7A and 7h of the zoning resolution, permitting in a residence and business use district, the reconstruction and extension of existing gasoline service station to include boiler room, lubritorium, auto laundry, motor vehicle repair shop, sale of accessories and office and also the parking and storage of more than five motor vehicles and with curb cuts more than the permitted distance from the intersection.

PREMISES AFFECTED—1701-1725 Bedford avenue and 109-131 Sullivan place, northeast corner, Block 1304, Lot 1, Borough of Brooklyn.

APPEARANCES—

For Applicant: Adolph Friedel.

For Opposition: None.

For Administration: Samuel L. Becker, Dep't of Buildings.

ACTION OF BOARD—Term of variance extended.

THE VOTE—

Affirmative: Chairman Murdock, Commissioner Kleinert, Commissioner Keating and Deputy Chief Connolly 4

Negative: 0

THE RESOLUTION—

WHEREAS, this application (Vol. I) under sections 7c and 7e of the zoning resolution, to permit in a residence and business use district, the proposed changed of use from existing office, gasoline service station and lubritorium, to include the parking and storage of more than five motor vehicles, affecting premises 1701-1725 Bedford avenue and 109-131 Sullivan place (street), northeast corner, Block 1304, Lot 1, Borough of Brooklyn, was withdrawn without prejudice on December 7, 1948; and

WHEREAS, on September 27, 1949 the Board reopened this application as Vol. II, subject to the usual procedure, to consider a new decision of the borough superintendent; and

WHEREAS, on February 7, 1950 this application was granted on condition under section 7c to permit gasoline service station to be reconstructed and to permit the parking and storage of motor vehicles under section 7h for a term of two years within the residence use portion of the plot; and

WHEREAS, on April 11, 1950 this application was reopened and resolution amended to read—"that there shall be erected along the rear lot line to the east a substantial masonry wall—"; and

WHEREAS, on October 17, 1950 this application was reopened and resolution amended and time to complete extended; and

WHEREAS, on June 5, 1951 the Board reopened this application and amended the resolution as to curb cuts; and

WHEREAS, on February 5, 1952 and February 24, 1954 the term of variance was extended under section 7h for a term of two years; and

WHEREAS, on July 27, 1954 the Board reopened the application and amended resolution to read—"that in event the owner desires to maintain a diner on the premises as proposed, such extension of use may be permitted"; and

WHEREAS, the resolution was further amended on June 1, 1955; and

WHEREAS, the applicant requested reopening of this application and extension of the term of variance, which had expired by time limitation; and

WHEREAS, this application was reopened on May 8, 1956 and set for hearing on June 5, 1956, at 10 A.M., subject to the regular procedure, waiving all requirements except a new decision of the borough superintendent and two publications in the Bulletin.

Resolved, that the Board of Standards and Appeals does hereby *amend* the resolution adopted on February 7, 1950, as thereafter amended by resolution adopted through June 1, 1955, only so far as it refers to the extension of the term of the variance so that as amended this portion of the resolution shall read:

"that the premises may be occupied for a term of two years from the date of this amended resolution, under Section 7h, for the parking and sale of cars as previously permitted *on condition* that in all other respects the resolution above cited shall be complied with and a new certificate of occupancy shall be obtained."
